

## **Community Services Advisory Commission Items of Interest 2012**

### Items of Interest

1. **Sustainability Plan:** Review components of the City's Sustainability Plan(s) as they are being developed.

Status: Development of Dublin's Comprehensive Sustainability Plan was reviewed May, 2010

**2012 Request:** CSAC would like this assignment carried over into 2012. The Commission would plan to review a final draft of the City's Green Fleet Policy once completed, as well as any other sustainable plans/projects Staff would request input for.

City's Green Fleet Policy – Assigned to Fleet  
**CSAC Review Date: March 12, 2013**

2. **Retention/Detention Basins:** Follow-up regarding retention/detention basins (previous review and recommendations from CSAC).

Status: This assignment was not completed in 2011.

2012 Request: CSAC would like this assignment carried over into 2012.

Assigned to Engineering  
**CSAC Review Date: February 12, 2013**

3. **BATF Recommendations:** As deemed appropriate and as assigned by Council, work on recommendations made by the Bicycle Advisory Task Force.

Status: A BATF Informational Update was provided in March, 2010. No assignments have been forwarded related to this topic.

2012 Request: CSAC would like this assignment carried over into 2012 in case an opportunity should arise related to the BATF recommendations.

4. **Urban Tree Care Survival Plan:** Creating and implementing a plan that specifically addresses the plant, planting media selection and short/long term care and maintenance of trees within urban areas in the city. Include landscape specifications and details on installations of trees within street areas to help ensure survival.

Status: This assignment was not completed in 2011.

2012 Request: CSAC would like this assignment carried over into 2012.

Assigned to Parks & Open Space/Forestry  
**CSAC Review Date: June 12, 2012**

Presentations – Information Only

1. **City Bridges** – Informational Update on the Structures and Maintenance of City bridges

Assigned to Engineering

**CSAC Review Date:** (March 13, 2012 lack of quorum) - **October 9, 2012**

2. **O’Shaughnessy Dam** – Informational Update on the Structure, Maintenance and Use of the Dam.

Presentation by Columbus Power & Water

CSAC Review Date: Was scheduled for Feb. 14; however, Columbus was unable to discuss this topic in a public forum due to Homeland Security issues and cancelled.
