# PERSONNEL HIGHLIGHTS 2012

## New Personnel

Employee	Hire Date
▪ Tammy Vigh, Office Assistant	4/23/2012
▪ Sara Wyen, Communications Technician	7/2/2012
▪ Scott Brown, Police Officer	8/6/2012
▪ Marc Fencil, Police Officer	8/22/2012
▪ Rigoberto Quintanilla, Police Officer	12/24/2012

## Selection/Promotional Process

Employee	Appointment	Date
▪ Robert Davis	Detective	1/1/2012
▪ Erik Gilleland	Detective	1/1/2012
▪ Jeff Hall	School Resource Officer	1/1/2012
▪ Charles Rudy	School Resource Officer	1/1/2012

## Resignation, Retirement, Reassignment or Termination

Employee	Date	Reason
▪ William Dunn	7/6/2012	Retired
▪ Lynn Dugger	9/17/2012	Resigned
▪ Sara Wyen	9/20/2012	Resigned
▪ Thomas Seeling	10/9/2012	Terminated

## Internal Affairs Investigations

In 2012, one (1) internal affairs investigation was conducted by our agency. Compared to 2011, there were two (2) internal affairs investigations. The 2012 investigation was initiated due to a citizen complaint of conduct unbecoming a city employee. A thorough investigation was conducted and the complaint was found to be valid. The investigation was closed and the employee terminated.

### Internal Affairs Investigations by Employee Status:

*January – December 2012*  
Sworn: 1 Civilian: 0

### *Analysis and Conclusions:*

An analysis of internal affairs investigations could not be conducted for 2012 as there was only one investigation. However, comparing the types of investigations conducted in 2011 to those in 2012, there was no identifiable pattern of employee or type of misconduct identified.

## Formal Complaints

In 2012 there were six (6) formal complaints filed involving personnel of the division of police. In comparison to the previous year, there were zero (0) complaints filed against employees.

### Complaints by Employee Status:

**Formal Complaints**  
*January – December 2012*  
Sworn: 6 Civilian: 0

### *Analysis and Conclusions:*

A review of the complaints in 2012 indicated one employee named in two of the complaints, although the nature of the two complaints were not similar. There were no other identifiable pattern of employee or misconduct identified. No analysis could be conducted between 2012 and 2011 as no formal complaints were filed against employees in 2011.

## Grievances

In 2012 one (1) grievance was filed by an employee. The nature of this grievance was in regards to discipline. In 2011, there were zero (0) grievances filed by employees. This grievance was resolved at step one and is closed.

### *Grievances by Employee Status:*

*January – December 2012*

Sworn: 1 Civilian: 0

### *Analysis and Conclusions:*

No analysis could be conducted as there were no other grievances filed by employees in 2012 nor were there any grievances filed in 2011 for comparison.

## Use of Force

Use of force reports are used to document bodily force by means of a defensive tactic or technique or any other bodily force to overcome resistive tension. Minor hand to hand control techniques, such as handcuffing, physically touching, or gripping to overcome minor resistive tension, shall be reported on an incident report or narrative of the arrest form. Use of force reports are also used to document the use of a less lethal and/or lethal weapon (in the course of a use of force). Any bodily force, use of a less lethal weapon, or use of a lethal weapon resulting in an injury must be reported on a use of force report.

### *Use of Force Incidents*

	<b>2012</b>
Use of Force	
Use of Force Incidents	5
Use of Force Reports	5

In 2012, five (5) use of force incidents occurred that resulted in five (5) use of force reports being filed. It should be noted that in some years, more reports were filed than total number of incidents due to more than one officer using force out of a single incident in some, but not all cases. The number of use of force incidents has decreased over the past three years.

### *Reasons for the Use of Force*

	<b>2011</b>
Reasons for Use of Force	
Necessary to Effect Arrest	2
Necessary to Defend Officer	1
Other	2

In 2012, the most common reasons for the use of force were: 1) Necessary to Effect an Arrest, 2) Other, and 3) Necessary to Defend the Officer. In some cases, the numbers may not match up due to some reports having more than one description for the suspect or none being marked on the report.

*Officer's Response – Use of Force Incidents*

Officer's Response	2012
Firearm/Other Deadly Force	0
Baton/Flashlight Techniques	1
Kicking/Striking Structural Area	0
Kicking/Striking Motor Point Areas	0
Chemical Agent (O.C.)	0
Taser	0
Baton Restraints	0
Takedowns	5
Joint Manipulation	1
Balance Displacement	2
Escort Position	2
Assistance from Other Officers	0
Verbal or Physical Commands	4
Officer Presence	5

In 2012, the most common officer responses to use of force incidents included: 1) Officer Presence, 2) Takedowns, and 3) Verbal or Physical Commands. Officer Presence, Takedowns, and Verbal or Physical Commands have been in the top five officer's responses to use of force incidents over the past three years, although the order may have been slightly different. In some cases, the numbers may not match up due to some reports having more than one description for the suspect or none being marked on the report. The ASP baton usage was to break a vehicle window.

***Analysis and Conclusions:***

In reviewing the five (5) use of force incidents that occurred in 2012, it was clear that all policies regarding the use of force were followed. All five (5) use of force incidents were correctly reported, investigated, and reviewed by the chain of command. All five (5) use of force incidents were classified as force reasonable and consistent with policy. It appeared that the level of suspect resistance actions has decreased over the past three years. This information should be noted by the defensive tactics training staff for future training cycles. Use of force training was conducted with all sworn personnel in 2012 as part of the police division's annual mandatory training cycle. Based on this analysis, use of force training will continue to be a part of the police division's annual mandatory in-service training for sworn personnel. Based on this analysis of use of force, no patterns or trends were identified that would require any further training needs or policy modifications. It is recommended that the police division continue its mandatory use of force training as part of the annual mandatory in-service training cycle.

# DIVISION ACTIVITY

## Goals & Objectives Update January – December 2012

<b>1</b>	<i>Reduce thefts from vehicles throughout the city (202 or below).</i>
----------	--

### OPERATIONS BUREAU OBJECTIVES

#### PATROL

##### Focus Points for Patrol Section:

- Hot Spot Patrol (Data analysis, focused patrol assignments, bike patrol, bait car ops, 36's, 913's, 60/60A)
- Traffic Stops as a crime prevention/apprehension tool
- Interacting and educating the community to reduce thefts
- Use of available technology (GPS equipment, portable cameras, surveillance vehicles, etc.)
- Conducting quality preliminary investigations (Protection of crime scene, identify and interview witnesses, preserve and collect evidence, canvass)

**2012-101** Reduce thefts from vehicles throughout the city (202 or below).

1<sup>st</sup> Shift Patrol Objective: 52 or less reported theft from vehicles.

	Jan	Feb	Mar	Apr	May	June	July	Aug	Sept	Oct	Nov	Dec
Outcome	10.1	4.4	3.0	4.4	5.4	3.8	6.3	7.3	4.7	7.9	4.9	1.2
YTD	10.1	14.5	17.5	21.9	27.3	31.1	37.4	44.7	49.4	57.3	62.2	63.4
Standard	2.2	4.4	7.9	14.5	17.5	24.4	30.3	32.4	34.1	38.6	45.9	51.4

2<sup>nd</sup> Shift Patrol Objective: 93 or less reported theft from vehicles.

	Jan	Feb	Mar	Apr	May	June	July	Aug	Sept	Oct	Nov	Dec
Outcome	5.6	3.1	9.5	12.0	3.5	11.3	4.7	11.4	10.0	9.9	4.5	0.6

**COMMUNITY EDUCATION UNIT**

**Focus Points for CEU:**

- "Hot Spot" patrol (focused attention to problem areas, 36c's, posters, etc)
- Maximize presence and visibility
- Be proactive and responsive
- Utilize team resources
- Conduct quality preliminary investigations

**2012-103** Reduce thefts in schools for 2012 below the number occurring in 2011 (21).

	Jan	Feb	Mar	Apr	May	June	July	Aug	Sept	Oct	Nov	Dec
Outcome												
YTD												
Standard	2.1	4.2	6.3	8.4	10.5	12.6	-	-	14.7	16.8	18.9	21.0

- SROs continued high visibility patrols of select areas toward prevention and detection of crime.
- Thefts remained below levels for previous 2 years.
- SROs actively investigated reported thefts and solved 3 cases immediately.
- SROs delivered student, staff and parent presentations on theft prevention.
- SROs developed PSAs on theft prevention and worked with student groups on safety messages.
- SROs provided guidance and counsel to school staff and administration on theft related issues.

**2012-104** Employ prevention, education, and enforcement strategies to reduce thefts in the City and in the schools

	Jan	Feb	Mar	Apr	May	June	July	Aug	Sept	Oct	Nov	Dec
Effort												
Standard	Doc. work	→										

(\*\*\*\* Doc. Work=Documented work product reasonably aimed at achieving objective)

- SROs delivered theft prevention programs to parents, staff and students.
- Theft prevention messages delivered as part of DARE Program at select grade levels.
- CEU teams conducted several enforcement focused theft prevention details throughout the city.
- CEU teams conducted theft prevention details at city pools focused on bike registration/safety.
- CEU members conducted related investigations and directly supported others with intelligence.

**TECHNICAL SERVICES BUREAU OBJECTIVES**

**RECORDS/PROPERTY**

**2012-105** Complete all crime related data entry by no later than the fifth business day of each month.

**SERVICES BUREAU OBJECTIVES****COMMUNITY EDUCATION UNIT****Focus Points for CEU:**

- Participate in Kiwanis "Teen Driver Rodeo."
- Continue delivery of Street Safe Program.
- Conduct traffic enforcement IVO schools.
- Increase driver safety campaigns in schools, i.e., distracted driving, OVI prevention, etc.
- Conduct unit traffic enforcement details in summer in cooperation with patrol and targeted at known problem locations. Be a focused "force multiplier."
- Increase "bookend" enforcement efforts during course of normal SRO workday.
- Amplify meaning of new ordinances and current messages at community events and meetings.
- Increase engagement of student and parent groups on topics related to driver safety.

**2012-403** 3<sup>rd</sup> Shift Patrol Objective: Enhance our readiness and demonstrate our ability to successfully resolve critical incidents, major crimes, and/or issues of significant community concern.

	Jan	Feb	Mar	Apr	May	June	July	Aug	Sept	Oct	Nov	Dec
Outcome												
Effort												

The Operations Bureau enhanced readiness by conducting numerous roll call training scenario reviews as well as tactical equipment inspections and deployments. Additionally, personnel have been very busy with various incidents that have occurred throughout the city. The most notable being the homicide occurring at the Sunoco gas station and severe storm which caused damage and power outages throughout the city. Our responses to these particular situations were efficient and effective.

**SERVICES BUREAU OBJECTIVES**

**DETECTIVE SECTION**

**Focus Points for Detective Section:**

- Focus on tactical readiness
- Enhance EOP readiness
- Identify resources needed for emergency operations/critical incidents
- Review and critique actual critical incidents/major crimes, etc.
- Improve proficiency with emergency resources

**2012-404** Demonstrate readiness and ability to successfully resolve critical incidents, major crimes, and/or issues of significant community concern through the successful resolution of related incidents as determined through after action evaluation.

- Improve proficiency with emergency resources

# DIVISION ACTIVITY

## CALLS FOR SERVICE

### District 1

Includes all areas within the city limits that are south and east of Interstate 270 and west of the Scioto River. Also includes I270 northbound from US 33 westbound ramp up to Sawmill Road.

### District 2

Includes all areas within the city limits that are east of the Scioto River, west of Sawmill Road, south of the Delaware County Line and north of Martin Road. Also includes I270 westbound from Sawmill Road to US 33 and the ramp from I270 southbound to US 33 westbound.

### District 3

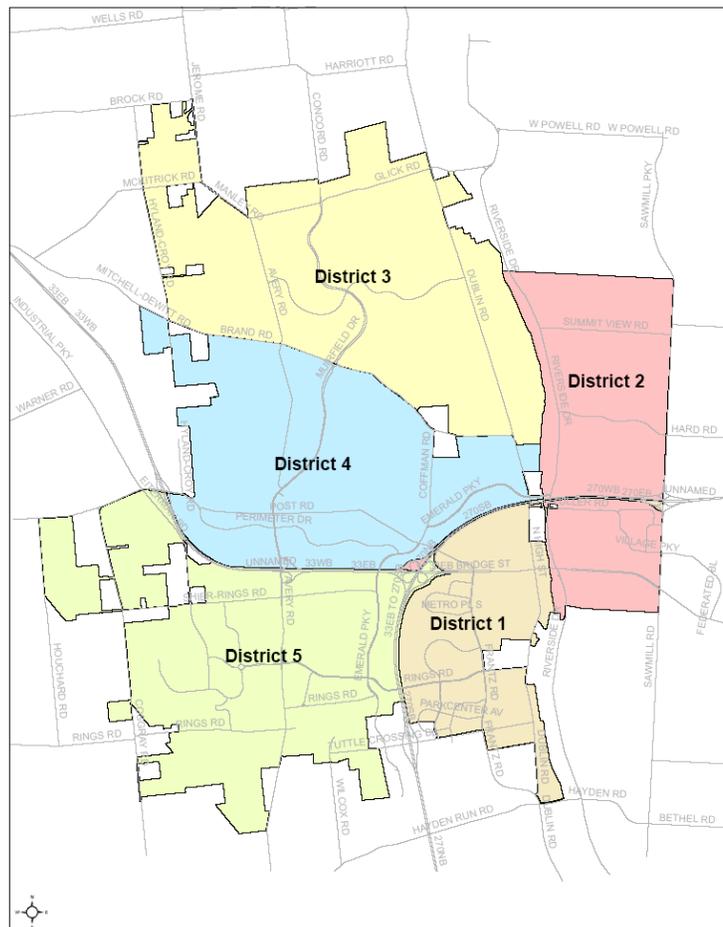

Includes all areas within the city limits that are north of Brand Road and west of the Scioto River. All addresses that are within the city limits on Brand Road including the intersections of Brand Road/Muirfield Drive and Brand Road/Dublin Road are covered by this district.

### District 4

This district includes all areas within the city limits that are south of Brand Road, north of US 33 and west of Interstate I270, Browning Court and Dublin Road. Addresses that are south of Brand Road to the I270 overpass that are within the city limits are part of District 4.

### District 5

This area includes all areas within the city limits that are south of the north edge of US 33 and west of I270. This area also covers both northbound and southbound lanes of I270 between Tuttle Crossing and US 33 and all ramps to and from I270 south of US 33.

**NOTE:** The following is a breakdown of calls for service. They represent initial reports. The number of actual offenses may be different after officer's investigation.

# WORKLOAD ANALYSIS REPORT

## January - December 2012

The January through December 2012 Workload Analysis reflects a total of 24,393 calls for service. This figure does not include traffic stops, foot patrols or courtesy cards initiated by officers or activity occurring in District 0 (calls outside city limits/mutual aid). The average response time for calls was five (5) minutes from the time the call was received by our communications technician until the first responding officer arrived on the scene. The average time to reach a disposition and clear the call was twenty-two (22) minutes.

The Workload Analysis also allows us to track activity levels by hour by day. We analyze this data to determine our staffing levels for patrol shifts. By reviewing our Workload Analysis Graph on the following page, you can see that our busiest hour of activity was between 9AM and 10AM. Two thousand five hundred fifty-nine (2,559) calls for service were received during this time frame. The next busiest hour was between 10AM and 11AM when 1,987 calls for service were received. The ability to obtain this type of data is critical to effectively staff our patrol shifts.

While reviewing this report it is important to note that various factors can influence average response times. "Stacking" of calls where lower priority calls are held so that calls of a more urgent nature can be dispatched and responded to commonly occurs. "Cross dispatching" where an officer is dispatched out of district to a call will also increase response time. Low priority calls that are received during roll call/shift change negate an immediate response from patrol officers thus increasing response times.

As a matter of practice, we like to keep our average response time for all calls occurring inside the City under ten (10) minutes. As previously stated, there are certain incidents where that becomes impossible. However, our goal is realistic and as demonstrated by the January through December 2012 report, was met. The following is a breakdown of calls for service by district with the overall total calls, average response time and average time to resolve the call:

### District 1 Totals

4,272 Calls for Service  
5 minute average response time  
21 minute average time to resolve call

### District 4 Totals

6,351 Calls for Service  
5 minute average response time  
23 minute average time to resolve call

### District 2 Totals

4,584 Calls for Service  
5 minute average response time  
25 minute average time to resolve call

### District 5 Totals

4,180 Calls for Service  
5 minute average response time  
24 minute average time to resolve call

### District 3 Totals

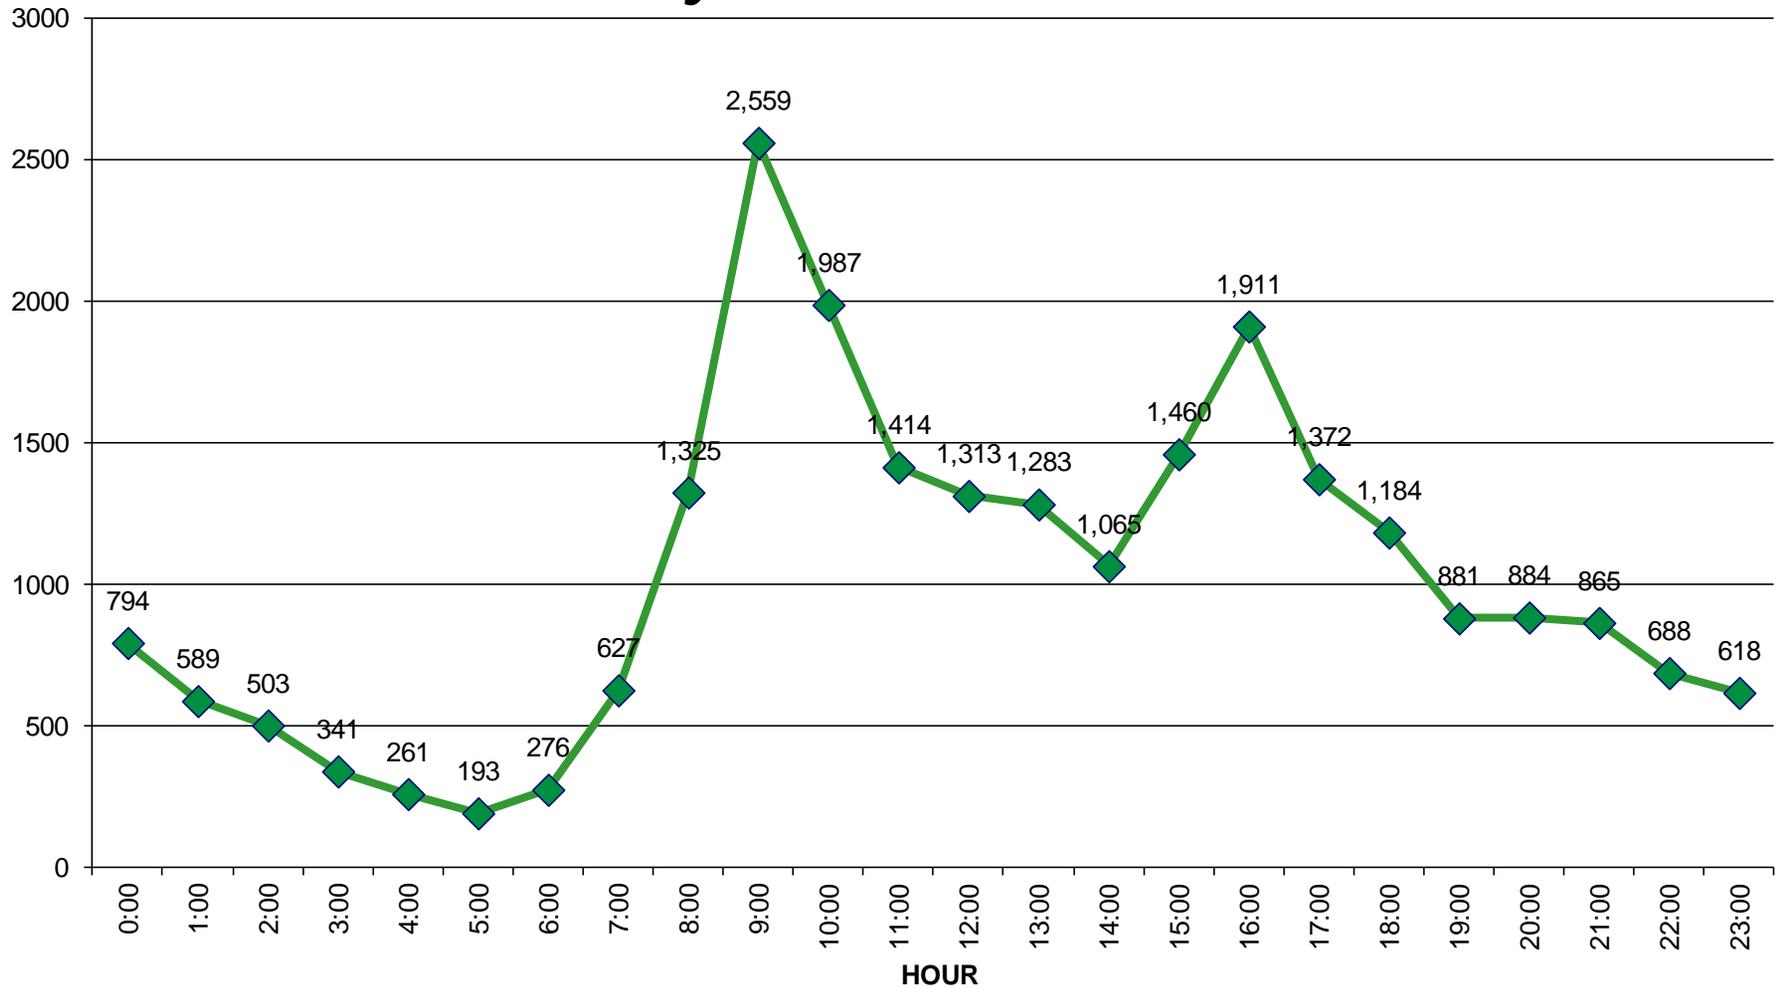

5,006 Calls for Service  
6 minute average response time  
16 minute average time to resolve call

### Total Calls for Service

24,393 Calls for Service  
5 minute average response time  
22 minute average time to resolve call

# ***Calls for Service by Time of Day***

## ***January - December 2012***

# WORKLOAD ANALYSIS REPORT

## October - December 2012

The October through December 2012 Workload Analysis Report reflects a total of 5,430 calls for service. This figure does not include traffic stops, foot patrols or courtesy cards initiated by officers or activity occurring in District 0 (calls outside city limits/mutual aid). The average response time for calls was five (5) minutes from the time the call was received by our communications technician until the first responding officer arrived on the scene. The average time to reach a disposition and clear the call was twenty-two (22) minutes.

The Workload Analysis Report also allows us to track activity levels by hour by day. We analyze this data to determine our staffing levels for patrol shifts. By reviewing our Workload Analysis Chart on the following page, you can see that our busiest hour of activity was between 9AM and 10AM. Six hundred sixteen (616) calls for service were received during this time frame. The next busiest hour was between 10AM and 11AM when 436 calls for service were received. The ability to obtain this type of data is critical to effectively staff our patrol shifts.

While reviewing this report it is important to note that various factors can influence average response times. "Stacking" of calls where lower priority calls are held so that calls of a more urgent nature can be dispatched and responded to commonly occurs. "Cross dispatching" where an officer is dispatched out of district to a call will also increase response time. Low priority calls that are received during roll call/shift change negate an immediate response from patrol officers thus increasing response times.

As a matter of practice, we like to keep our average response time for all calls occurring inside the City under ten (10) minutes. As previously stated, there are certain incidents where that becomes impossible. However, our goal is realistic and as demonstrated by the October through December 2012 report was met. In an effort to assist the reader in reviewing the Workload Analysis Report the following is a list of some relevant interpretations for review.

### District 1 Totals

979	Calls for Service
4	Minute average response time
20	minute average time to resolve call

### District 4 Totals

1,312	Calls for Service
4	minute average response time
24	minute average time to resolve call

### District 2 Totals

1,023	Calls for Service
5	minute average response time
26	minute average time to resolve call

### District 5 Totals

1,004	Calls for Service
4	minute average response time
25	minute average time to resolve call

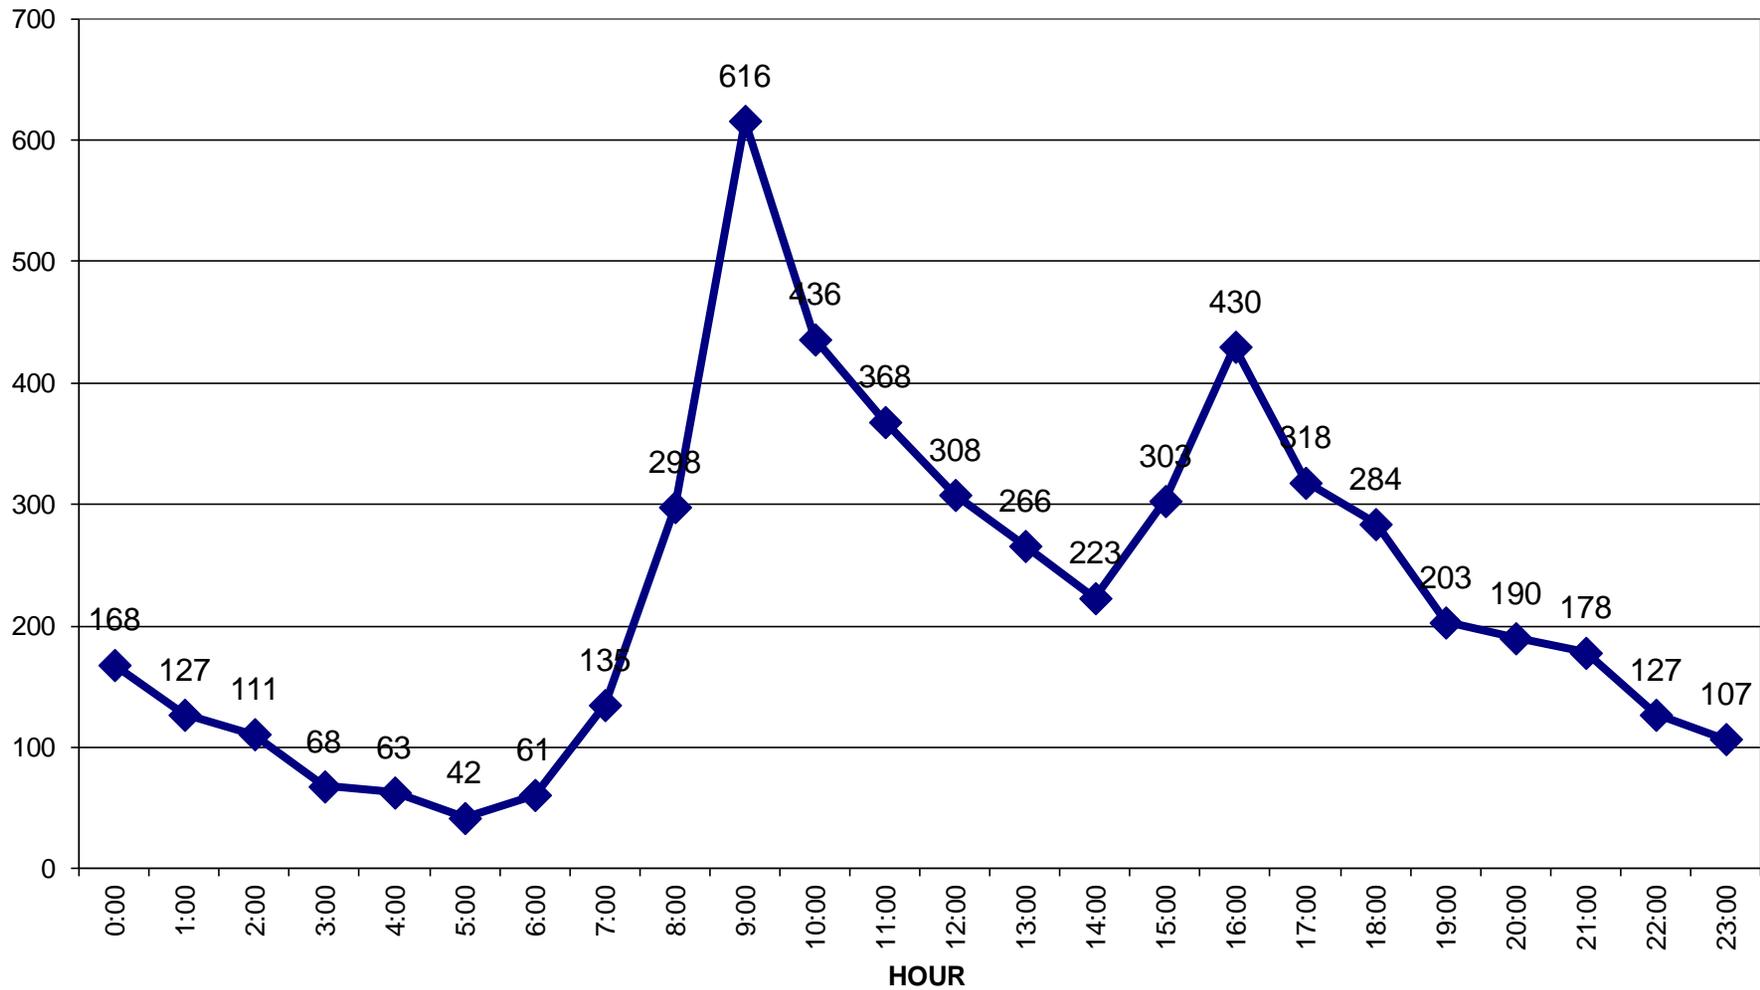

### District 3 Totals

1,112	Calls for Service
6	minute average response time
16	minute average time to resolve call

### Total Calls for Service

5,430	Calls for Service
5	minute average response time
22	minute average time to resolve call

## ACCIDENT ANALYSIS January - December 2012

January 1, 2012 through December 31, 2012 there were 901 reported traffic accidents, resulting in an average 2.47 accidents/day. Compared to 2011, accidents increased 0.2% (2012 = 901 ; 2011 = 899).

Personal injury accidents (232) accounted for 25.8% of the total (1 fatality). Property damage accidents accounted for the majority of our activity with 557 reports being filed (61.8%). Private property collisions accounted for 112 (12.4%) reports being filed.

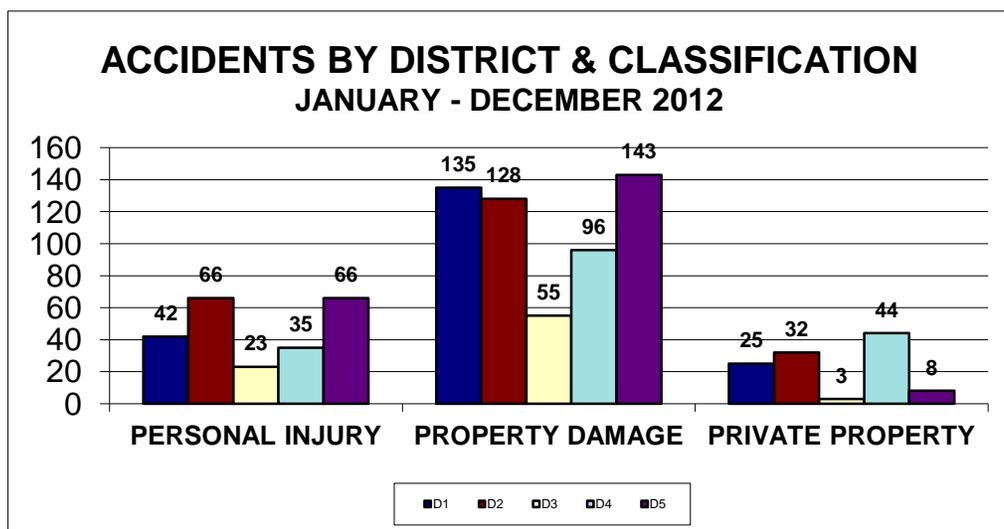

District 2 experienced the majority of accidents (226 or 25.1%) followed by District 5 with 217 accidents (24.1%). There were 202 collisions in District 1 (22.4%), 81 collisions in District 3 (9.0%) and in District 4, 175 accidents (19.4%). The busiest day of the week for accident activity for the reporting period was Friday with 163 accidents (18.1%) reported. The next busiest day was Wednesday with 157 accidents (17.4%) reported. Accident activity for the remaining days of the week were as follows: Sunday = 76 (8.4%); Monday = 138 (15.3%); Tuesday = 130 (14.4%); Thursday = 154 (17.1%); and Saturday = 83 (9.2%).

The most frequent contributing factor was Following Too Closely, which accounted for 305 or 33.9% of the accidents. The next most recurrent contributing factor was Failure To Control accounting for 129 or 14.3% of the accidents for the reporting period. The busiest time of day for accident activity was between 5PM-6PM with 128 (14.2%) accidents.

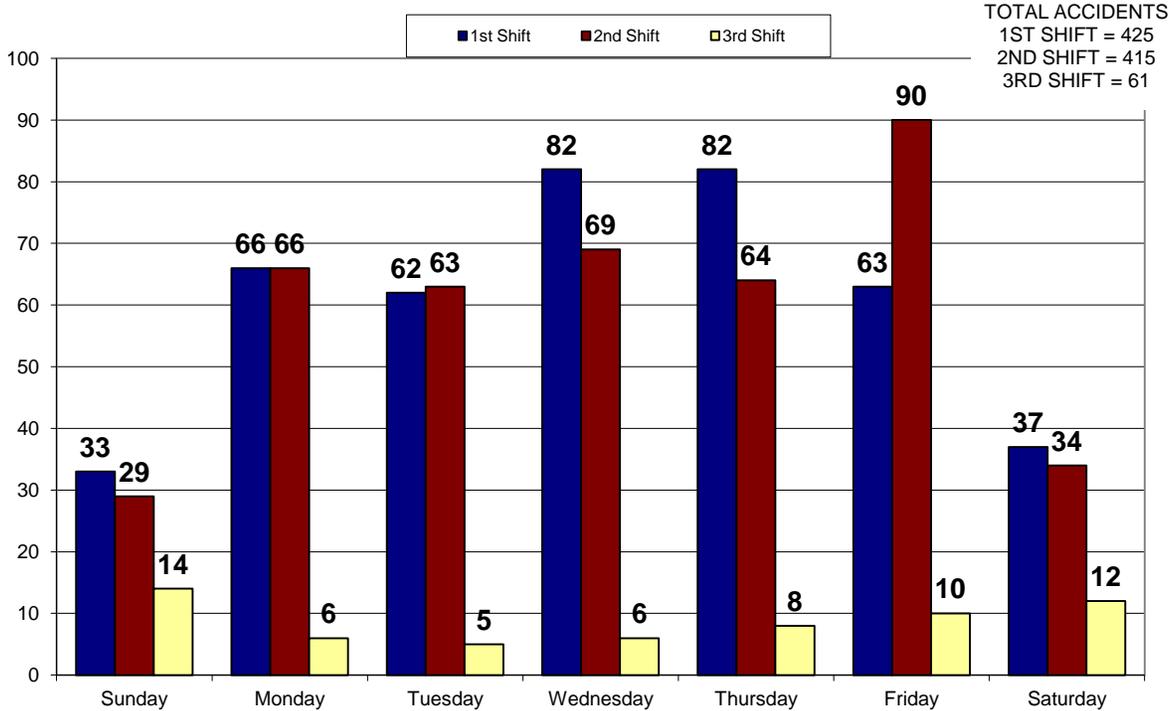

Twenty-four (24 ) crashes were identified as having been alcohol related (2.7%). The drivers in these accidents were arrested and charged with OVI. Six hundred sixty-five (665) citations were issued to at fault drivers as a result of their accidents (73.8%).

### ACCIDENTS & CITATIONS BY HOUR JANUARY 1 - DECEMBER 31, 2012

## ACCIDENT ANALYSIS October - December 2012

October 1, 2012 through December 31, 2012 there were 268 reported traffic accidents, resulting in an average 2.91 accidents/day. Compared to 2011, accidents increased 15.5% (2012 = 268; 2011 = 232).

Personal injury accidents (74) accounted for 27.6% of the total. Property damage accidents accounted for the majority of our activity with 167 reports being filed (62.3%). Private property collisions accounted for 27 (10.1%) reports being filed.

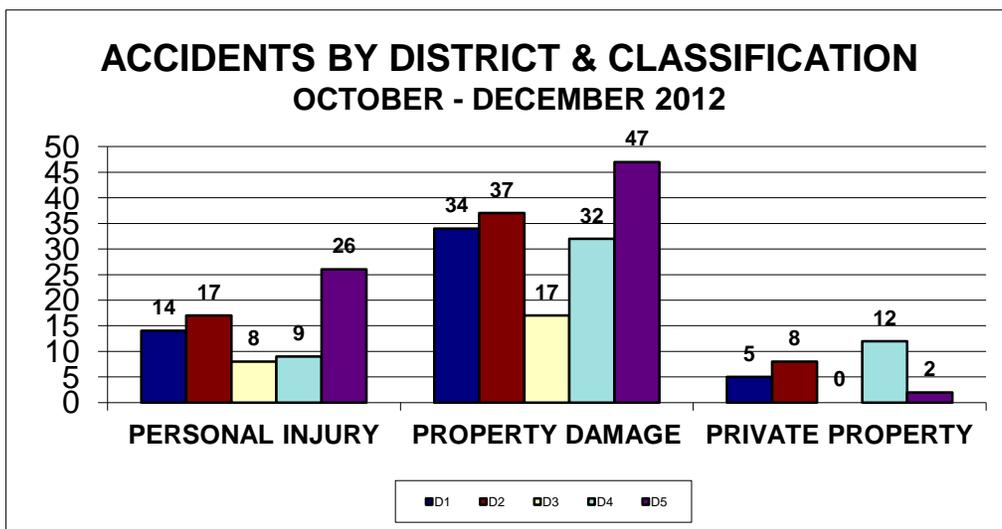

District 5 experienced the majority of accidents (75 or 28.0%) followed by District 2 with 62 accidents (23.1%). There were 53 collisions each in District 1 and District 4 (19.8% each), and 25 collisions in District 3 (9.3%). The busiest day of the week for accident activity for the reporting period was Friday with 65 accidents (24.3%) reported. The second busiest day was Thursday with 48 accidents (17.9%) reported. Accident activity for the remaining days of the week were as follows: Sunday = 21 (7.8%); Monday = 41 (15.3%); Tuesday = 32 (11.9%); Wednesday = 43 (16.0%); and Saturday = 18 (6.7%).

The most frequent contributing factor was Following Too Closely, which accounted for 89 or 33.2% of the accidents. The next most recurrent contributing factor was Failure To Control accounting for 40 or 14.9% of the accidents for the reporting period. The busiest time of day for accident activity was between 5PM-6PM with 39 (14.6%) accidents.

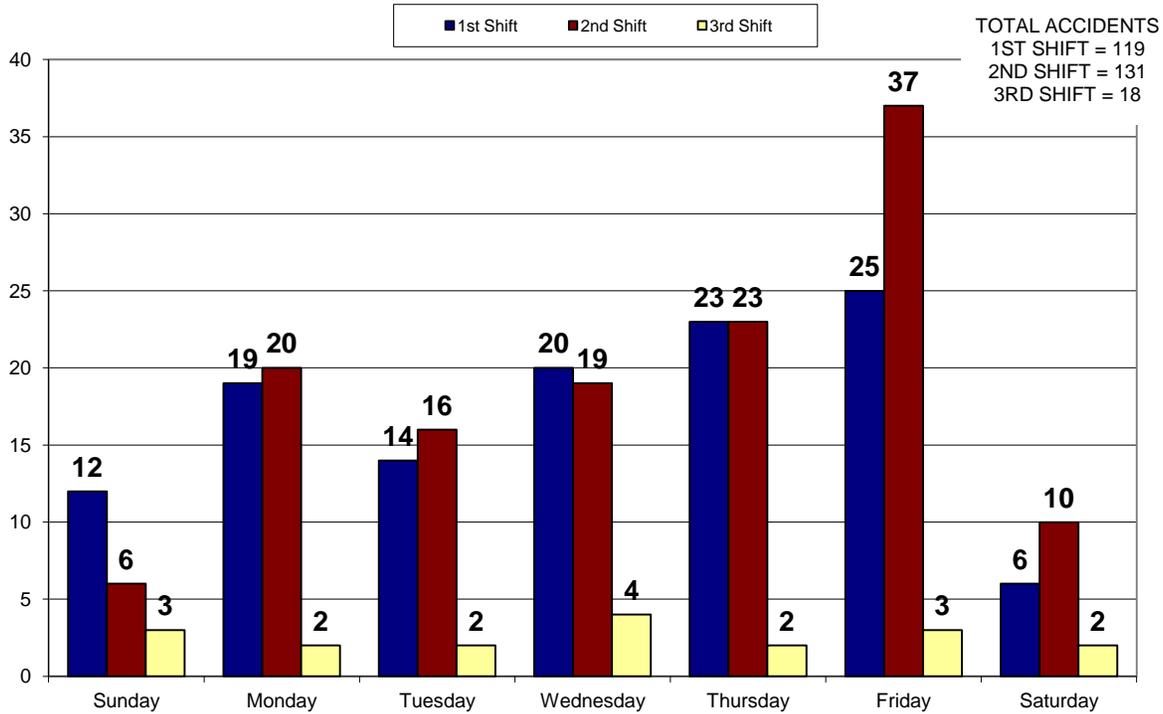

Six (6) crashes were identified as having been alcohol related (2.2%). The drivers in these accidents were arrested and charged with OVI. One hundred ninety-one (191) citations were issued to at fault drivers as a result of their accidents (71.3%).

5. Missing Persons/Runaways:	4

# TRAINING

## 2012 TRAINING OVERVIEW

This year our agency conducted over 1,510 hours of in-service training, which is approximately a 12% increase from 2011. In 2012 the in-service training was mostly comprised of training mandated by our Division Policy, Accreditation standards, and topics identified by the training committee as necessary to stay current on Law Enforcement trends. Some of the major topics included were Firearms/Taser proficiency, Defensive Tactics, Use of Force policy review, QUAD, Legal update, Domestic Violence update, General Orders update, CPR/AED recertification. In 2012, the Division transitioned to new software (Power DMS) to administer several in-service training modules online including Emergency Operation Planning, Traffic Crash reports (OH-1 revision), Motor Vehicle Pursuit policy, Non-Biased Based Policing, and Ohio Ethics. The Division continues to provide numerous firearms training opportunities for police personnel and the Crowd Control Unit also conducted less-lethal qualifications.

Agency Personnel attended a total of 3,899 hours of outside training (3,396 sworn, 503 non-sworn). Training hours for the Division this year totaled 5,409 compared to 2,892 in 2011 and 2,757 in 2010. The increase is explained by the Division's commitment to several large training initiatives in 2012 including; 26 patrol officers attending Pursuit Termination Techniques training, the CALEA Accreditation conference, certifications and training for appointed assignments (Firearms instructors, Traffic Crash Investigators, Police Chaplains), and career development training (FBI National Academy, Supervisor Training and Education Program). In 2012, the Division transitioned to Power DMS to more efficiently administer and effectively track in-service and external training hours.

To address the Division goal of enhancing preparedness to respond to critical incidents, the Crowd Control Unit conducted several mini-team trainings throughout the year and participated in training with the Ohio State Patrol's Mobile Field Force Unit. The range team provided critical incident firearms training for the division including QUAD training and the agency participated in two preparedness drills.

We continue to use our training room for a variety of purposes. Our facility hosted training including Leadership Dublin, BAC Datamaster testing, IAVSA certification, PTO Executive, PDP community, OACP public records, Crisis in Progress dispatching, and How to Enhance a Citizen's Police Academy, and Taser Instructor training.

In 2012, the Division offered the inaugural session of the Citizen's Police Academy. The CPA included a 12-week program designed to give participants insight into the profession of law enforcement and the operations of the Dublin Division of Police.

In 2013, we plan to continue our commitment to the professional development of the Division and its employees through the identification and administration of exceptional, meaningful, and contemporary training for both sworn and non-sworn personnel.

# COMMUNITY EDUCATION UNIT

## October – December 2012

### **Community Concerns:**

The Dublin Division of Police continues to address concerns identified in the community survey. This survey revealed the “Top Five Policing Issues” as identified by Dublin residents.

The division collects information from a variety of sources in order to garner feedback to ensure that resources continue to be allocated toward the main concerns of the community. Several of the main concerns voiced by the community in this survey are listed below.

1. Reduce Property Crimes
2. Readiness to deal with major crimes and emergencies
3. Solving crimes
4. OVI Enforcement
5. Responding to an addressing school crime

The survey also revealed the “Top Five Most Important Police Programs” as identified by Dublin residents.

1. Crime Reduction Programs
2. Neighborhood Watch
3. Traffic Enforcement Unit
4. School Resource Officers
5. DARE

A survey of Dublin Division of Police personnel also revealed what are believed to be among the “Top 5 Community Issues” that the division should focus efforts toward addressing.

1. Reduce property crimes
2. Traffic enforcement
3. Reduce traffic crashes
4. Readiness to respond to critical incidents
5. Substance abuse issues

The Dublin Division of Police collects information about community concerns and crime from other sources including;

1. Internet sources such as; City of Dublin website, and social media.
2. City Council and other meetings attended by police personnel.
3. Direct feedback to officers on patrol and in the schools.
4. Quarterly surveying of public contacted by police on traffic stop or call for service.

As part of the Dublin Division of Police’s continuing efforts to better understand community and residents’ concerns, the Dublin Police sent an e-mail to select civic and homeowner association leaders and asked them to take a few minutes to complete an online survey. This survey process takes place every 90 days. Each survey will sample different civic, homeowner, and/or business association leaders and ask them to complete this survey. This survey is administered by the division’s Law Enforcement

Planner Mr. Tom Hirschy and is completed periodically throughout the year. This information is retained in this report as it contains relevant factors affecting police activity for all of 2012. Sections of this survey are included herein, which amplify concerns of the community and how our division has addressed them.

On December 5<sup>th</sup>, 2012, the Dublin Police sent an e-mail to the following civic, homeowner, and business association leaders with a survey link and requested that they complete the survey by no later than December 15<sup>th</sup>, 2012.

- Lowell Trace Civic Association
- Meadows at Wyndham Village
- Old Dublin Woods Civic Association
- Tartan West
- Village of Scioto Condo Association
- The Mews at Tuttle Crossing
- Baronscourt Way Group
- Carrowmoor Condo Association
- Cramer's Crossing Village Condo Association
- Manor at Craughwell Village
- O'Shaughnessy Hills North HOA
- Southwest Area Resident Association

Of those surveys sent, the following association(s) responded: Carrowmoor Condo Association

The primary collective concerns articulated in this survey were:

1. Traffic Concerns – Speeding on Corbins Mill.
2. Crime Concerns – Burglaries in the Corbins Mill area.
3. Disorder Concerns – N/A
4. Police Service Concerns – N/A

#### **Law Enforcement Concerns:**

Law enforcement concerns during this period were focused on crime trends within the community. Law enforcement concerns were developed by collecting and assessing information from the community, and application of division goals and objectives.

Significant law enforcement concerns for this period:

1. Burglary - Of the reported burglary reports some indicated no visible force was used while others showed some type of force to enter the dwelling. This type of crime has trended down and continues to occur at a low level overall. The primary targets of the burglaries have been residential dwellings. Common items taken are; cash, electronics, jewelry.

2. Theft from vehicles - This type of crime continues to be a challenge and demands division attention and resources. This crime is affecting the greater central Ohio region. Specifically, the division is focused on reducing theft from unattended vehicles. The majority of these thefts occur in large parking lots and in residential areas overnight. Crime analysis has led to significant patrol efforts being focused on these "hot spot" theft environments.

3. Traffic related problems and crashes on roadways - Traffic crashes continue to be demanding on division efforts and resources. Division strategies are very effective at managing daily traffic flow and occasional traffic problems such as inoperative traffic signals, weather related issues, and road construction.

Reduction of traffic crashes is a main goal of the division. Significant resources are dedicated to this effort. Most crashes thus far in 2012 have occurred in areas of high traffic volume and tend to occur within or near the locations below.

**Common Crash Locations in 2012 thru December**

US 33 Corridor (SR 745 to Avery Road)
SR 257 Corridor (SR 161 to Hard)
I270 Corridor (Sawmill Road to US 33)
Avery-Muirfield Drive Corridor (Shier Rings to Post)
Frantz Road Corridor (US 33 to Rings)

In November 2012 the crash totals reflected these high crash volume areas.

1. US 33 (Post to Frantz) = 10 traffic crashes.
2. I-270 (Sawmill to US 33) = 10 traffic crashes.
3. SR 161 (Frantz to Riverside) = 7 traffic crashes.
4. Avery-Muirfield (Shier Rings to Post) = 5 traffic crashes.
5. SR 257 (Tuller to Summitview) = 4 traffic crashes.

4. Preparation for emergencies, critical incidents, and issues of significant community concern.

The issues identified by the survey of selected homeowner and civic association leaders are consistently the same or similar to those targeted by Dublin Police.

The top 4 concerns generally fall into the categories listed below.

Dublin Division of Police continues to focus efforts on 2012 goals of;

1. Reduce thefts throughout the city.
2. Reduce burglaries/breaking and entering throughout the city.
3. Reduce traffic crashes occurring in the city.
4. Readiness for critical incidents, major crimes, and issues of significant community concern.

The most common crime issue during this period continued to be theft related crimes.

**Recommended Actions:**

**Burglary and Theft from vehicles**

The division continues the "Like It – Lock It" campaign.

The prevention and reduction of thefts and burglary continues to be a division-wide effort.

Prevention and enforcement actions are recommended to include;

1. Conducting extra patrols in high theft areas as identified by crime analysis
2. Conducting surveillance operations to deter and detect crime
3. Aggressively investigating related cases

4. Increase liaison with the business and civic leadership in Dublin to promote stronger relationships toward enhance prevention efforts.
5. Share information with other local police agencies and cooperate toward identifying and apprehending suspects.

### **Traffic related problems and traffic crashes**

The division continues all efforts to make the roadways safer in Dublin. Although crashes continued to occur the number has been maintained at or near the shift goals.

Detailed analysis of crash data allows shifts to track activity and intelligently apply resources. An example of this type of tracking and analysis is given below.

This analysis is conducted by the division's crime analysis function and shared with shift leaders toward focusing efforts in the right locations.

"As of reports filed by December 4<sup>th</sup>, 2012 at 1200 hours - In November 2012, sixty-seven (67) traffic crash reports were filed. The peak time for traffic crashes varied: 1700 to 1900 hours and 0700 to 0800 hours. The primary contributing factors to the crashes included, but were not limited to: following too closely/ACDA, failure to control, failure to yield, improper lane change, and driver inattention. Year to date, 691 traffic crash reports have been filed from January 1<sup>st</sup>, 2012 to November 30<sup>th</sup>, 2012."

The following strategies should continue;

1. Complete traffic education, prevention and targeted enforcement efforts focusing on the stated top accident corridors.

2. Continue prevention and enforcement efforts with a focus on factors most likely to cause crashed.

The primary causative factors for traffic crashes included:

- Following Too Closely
- Failure to Control
- Failure to Yield
- Improper Lane Change
- Driver Inattention

### **Preparation for emergencies, critical incidents, and issues of significant community concern.**

The division continues preparation for emergencies, critical incidents, and issues of significant community concern. These preparations ensure the division's readiness for incidents which may occur unexpectedly, and for the number of special events the city hosts.

The division has sent officers to training courses aimed at strengthening core competency in areas related to this division goal.

The division has conducted internal training focused on preparing units to effectively respond and support related occurrences. This includes training, exercises, and drills conducted at the shift level, and intra-agency activity involving multiple units.

### **Progress made towards addressing previously identified concerns and problems:**

There has been positive progress made toward the reduction of theft from vehicles. Significant division resources have been used to target this crime in a variety of ways from extra patrol in high theft areas to conducting special surveillance. Shift leadership working with their officers continue to try new and creative strategies toward reducing this type of theft.

Theft from vehicles and theft in general has been held close to or below 2011 levels.

Numerous crime alerts were distributed to the community to educate about theft issues, and promote cooperation toward identifying and apprehending offenders.

Cooperative prevention efforts continue with residents, corporate partners, and the school community. An example of this communication is given below where the "Like It-Lock It" brochure was shared with area businesses.

*"CAPITAL Partners,*

*Theft from vehicles continues to be the number one type of theft committed in Dublin as well as the number one property crime reported in Dublin. With the upcoming holidays and shopping season, criminals will be looking to steal valuables from cars even more.*

*Attached is an image of our "Like It Lock It" card. We have these cards available. If you're interested in providing one of these cards to your employees or making a stack available to your employees, let us know and we will have an officer drop some off at your business.*

*Only by working together will we continue to make Dublin a safe place to live, work, and visit."*

The rate of theft in the schools has been significantly decreased over the past 2 years. The 2011 rate of theft was low and the rate thus far in 2012 is tracking low too.

Theft in the schools has gone down significantly over the past 2 years, and remains low overall. The majority of thefts are spread among the 7 school buildings serviced by School Resource Officers. The thefts are almost without exception the result of property left in the open, unlocked lockers, or probably lost and reported stolen. Preventing the conditions that facilitate thefts of opportunity is the greatest challenge in the school environment.

The division has sustained the CAPITAL networking group. CAPITAL (Corporate and Police Information Teamwork and Liaison) meets every other month and provides a venue for police and corporate and civic organizations to share resources and discuss crime and safety related issues.

This group continues to be a point of cooperation and leverage toward reducing crime in the city and preparing resources for solving mutual issues.

The overall crime rate has generally remained lower than comparable 2011 levels.

The division maintained focused efforts toward traffic safety and the reduction of crashes. Patrol shifts increased enforcement efforts and division leaders regularly discussed problem areas and possible solutions. An awareness of and focus on the top 5 crash locations was maintained in order to reduce crashes and enhance overall safety on the roadways.

The top crash locations continue to be a focus area for enforcement by patrol officers, and other traffic safety initiatives.

Overall traffic crashes have been kept close to 2011 levels. Weather and other factors sometimes cause temporary increases in the volume of crashes. Traffic safety efforts have continued to contribute to safety with the completion of infrastructure enhancements such as crosswalks and additional enforcement activities.

School Resource Officers have access to and educate the most at risk driver population in our community. The division directly contributes to driver safety by the delivery of D.A.R.E. and related classroom lessons presented upon demand. The education of young drivers and creation of a safe driving atmosphere on school campuses supports the overall accomplishment of this objective. During

this reporting period these officers complete planning and training for the new school year starting in September.

Below are the areas where School Resource Officers contribute the most toward achieving this objective.

1. Delivery of the High School D.A.R.E. Program
2. Delivery of multiple classes related to safe driving in support of teacher lessons.
3. Completed planning and partnered with local civic groups and business to deliver to Kiwanis Teen Driver Rodeo in September.
4. Delivered the final class of Street Safe and facilitated the transition to refer youth offenders to "Alive at 25."
5. Conducted traffic enforcement details in the vicinity of schools.
6. Officers participated in the creation of school service announcements focused on driver safety issues.
7. Officers participated in discussion and driver safety efforts by local organizations, i.e. ACT, PERC, MADD.
8. School Resource Officers contributed to holiday safe driving campaigns within their schools.

The division conducted training events and exercises to enhance readiness for critical incidents and events of significant community concern. The division conducted several internal training events.

Examples of supporting accomplishments are given below.

1. Sworn division personnel completed firearms, tactics, and other professional training.
2. Shifts completed drills, exercises and inspections in support of readiness.
3. Members of the Community Education Unit completed emergency plans updates, drills, planning with Dublin City Schools in support of increased readiness.
4. Personal Defense Program (PDP) was delivered.
5. Division members attended meetings with school officials toward planning enhanced school safety measures.

The division is actively engaged with the school district in updating emergency plans, devising enhanced safety protocols, and planning new safety related training for school staff and students.

#### **Other Significant Law Enforcement Issues:**

Division personnel supported several other activities during this period that required law enforcement planning and resources.

1. Direct support to and from other agencies in support of investigations and law enforcement.
2. Planning for and execution of law enforcement and security operations at several community events including; Spooktacular, Veteran's Day events, Presidential race security support, and election day security presence.

#### **Community Relations Activity and Crime Prevention Events:**

Officers completed station tours and visits to schools and youth groups as requested.

Civic and homeowner association meetings attended by officers.

Continued the "Meet the Chief of Police" events.

Continued distribution of "Anti-Theft Stickers" to local hotels

Conducted the Personal Defense Program (PDP) for community groups and schools.

Attended other community events and supported related requests.

**Neighborhood Watch Program and Civic Associations:**

Attended Neighborhood Watch meetings and distributed information to local groups. This program is being evaluated and re-tooled for re-introduction to the community. Division representatives attended civic association meetings to share crime and safety related information and to collect community concerns and recommendations.

**Operation KidPrint and Block Parent Programs:**

Provided "Kid Facts Kits" directly to residents and at community events.

**Personal Defense Program:**

This popular program is delivered to the schools and community groups on demand when resources permit. Programs were delivered to Dublin High Schools during this reporting period.

**Police Interns:**

None during this period.

**Citizen Police Academy:**

The inaugural Dublin Citizen Police Academy was completed in November 2012 with the graduation of 24 participants. This program was very successful and will lead the way toward the establishment of the Community Service Officer Program. Plans are underway for the delivery of the 2013 academy.

**D.A.R.E. and School Resource Officer Programs**

These programs continue to make direct contributions to improving the safety and security of the educational environments in which school resource officers are assigned.

The D.A.R.E. Program continues to be a keystone educational platform for projecting a police officer into the educational setting to share important lessons on drug and alcohol abuse, and related prevention behaviors. Dublin Police School Resource Officers deliver this program to over 1000 students each year in the various grade levels. A new drug use prevention program was implemented during this period in the middle schools, which is a product of local demand and design, but draws heavily on the core lessons of Dare.

Community Education Officers are tasked with contributing to the overall safety of their assigned school campuses. Maintaining this condition of safety and security directly contributes to the division's efforts toward achieving this goal. School Resource Officers are the division's liaisons with this important component of the community, and ensure that these buildings and their student and staff populations receive quality law enforcement and related services.

Below are the areas where officers have most contributed to this objective.

1. Conducted school security and safety assessments and make recommendations for change and/or improvement.
2. Attended safety meetings and function as key members of school safety teams.
3. Conducted safety related meetings and training classes. i.e., Personal Defense Program, Safe Escape.
4. Shared information within the division on suspects and crimes in support of on-going investigations.
5. Worked in cooperation with detective bureau to conduct surveillance operations and support related details.

**Quality of Service Survey:**

This survey program gleans information from randomly selected recipients and gives the division useful feedback on the quality of service provided. Although not statistically significant in quantity, the surveys do provide useful information to division leadership on how officers are performing and perceptions within the community about the division. The survey is limited in scope as it only reaches people that have called police for some reason or been contacted via a traffic stop. Respondent survey return rates vary greatly throughout reporting periods. Data from adjoining reporting periods is sometimes combined to provide enough returns to report meaningful results.

**QUALITY OF SERVICE SURVEY  
OCT - DEC 2012 (Data included from July – Dec)**

# CANINE UNIT

## Canine Unit Year End Summary 2012

The Division utilizes a highly specialized and trained canine component consisting of Officer Eric Cochrun and K9 Bairre. The team is trained to search for suspects as well as narcotics. The canine unit is assigned to 2000hrs-0300hrs performing "normal" patrol officer duties as well as conducting searches for narcotics, suspects and evidence. The

team may also be accessed by a duty supervisor during normal off-duty hours as the need arises.

The Canine team attended the North American Police Work Dog association national conference in Lancaster, PA. Officer Eric Cochrun became a state evaluator under the Ohio Peace Officer Training Academy. Officer Cochrun is now able to certify and re-certify canine teams for the State of Ohio.

The Canine team continued building positive community relationships by conducting public demonstrations for community organizations. The Canine team participated in 20 public demonstrations during 2012. The Canine team also participated in Safety City program during 2012.

The canine unit participated in various training venues throughout the year. The K9 team has continued to building a positive reputation with area departments. The K9 Team has attended or hosted training with the following departments: US Secret Service, Marysville PD, UCSO, DCSO, Morrow County SO, Genoa Township PD, Franklin County SO, Bellefontaine PD, Ohio State Patrol, ATF, Port Columbus Airport, Pickaway County SO, and Columbus PD.
