IV. Review 2011 Tax Increment Financing (TIF) Status Report

Ms. Mumma summarized the report on existing TIF districts. Copies of the report and map of the TIF areas were distributed. Ms. Mumma stated that the City of Dublin saw a .6% decrease in TIF property values from 2010 to 2011. A brief report was provided which explained notable valuation fluctuations including the Upper Metro Place TIF with a 24%

reduction due to the reappraisal of the Cooker site and Embassy Suites; the Woerner-Temple TIF with an increase of 44.1%; and the Historic Dublin TIF with a nearly 25% increase in valuation, largely due to one of the Town Centers showing a 73% increase over 2010.

The most notable change for Dublin was the reappraisal of the Wendy's property in the Shamrock Boulevard TIF, which resulted in a reduction of nearly 90% in valuation. The TIRC was notified during its 2011 meeting that a complaint had been filed. Since that time, a decision was rendered by the Board of Revision granting the request.

A summary of Dublin TIF Districts was distributed which indicated the private investment value as well as the public investment that has been made in each one of the TIF areas. Ms. Mumma stated that the City did its best to determine the status, but recognizes new construction or remodeling could change a complete status to a continued improvement or under construction status as time goes on.

Dublin has filed all of the annual TIF status reports with Ohio Department of Development (ODOD), and all of the TIFs are in compliance. A copy of the status reports were sent to each TIRC member showing the filing of each TIF, the private investments, the public investments as well as the job creation in each one of the TIF areas.

Mr. Katz asked if there were any questions or discussions on the report.

Ms. King questioned the City's creation of the Tartan West TIF, stating it's in a residential area and asking why the City of Dublin would grant any kind of residential TIF.

Ms. Mumma stated when the City of Dublin establishes TIFs it's done for the purpose of paying for public infrastructure in the area. TIF dollars are captured to repay the City for these investments, whether it's a roadway network or other infrastructure.

Ms. King stated that her point is a matter of policy. She does not think that it is a good investment of TIF dollars to encourage residential development. The City of Dublin does not receive enough back from residential development in order to cover the cost for the public improvements.

Ms. Mumma stated the decision to TIF residential development was made years ago but she would be willing to obtain some background information on the decisions that were made regarding the Tartan West TIF, which is the City's only residential TIF.

Ms. King stated that this TIF stood out to her because it is residential. When Dublin did a study years ago on how much tax revenue was

generated from various types of properties, residential did not come out at the top.

Ms. Mumma stated she will obtain some information on this matter and share this with Ms. King.

Ms. King stated that it was her hope that the City would not do another residential TIF.

Mr. Katz asked if there are any further questions or discussion on the report.

Hearing none, Mr. Katz moved to accept the report.

Ms. Chinnici-Zuercher seconded the motion.

The motion to accept the report as submitted passed.

Mr. Katz asked if there was any further business.

Ms. May asked when the Lees Inn and Upper Metro TIF expired.

Ms. Mumma will obtain this information for Ms. May.

Mr. Katz asked that next year's meeting time be moved to 4:00 p.m.

All agreed on changing the time for next year.

Ms. Chinnici-Zuercher asked if the meeting could be a scheduled conference call.

Ms. Mumma asked that Mr. Katz check to see what the options are for setting up a conference call meeting for next year.

Mr. Katz said that he would look into this.

V. Adjourn

There being no further business, Mr. Katz moved to adjourn.

Ms. Chinnici-Zuercher seconded the motion.

The motion passed.

Respectfully submitted by:
JoAnna Clark, Administrative Assistant of Finance

Re: Res. 55-05 Designating the Economic Development Director as a Member of the Tax Incentive Review Council

SUMMARY:

Similar to the situation with Community Reinvestment Area Housing Officer and Housing Council, it is necessary to appoint another position within the organization to take the place of the Director of Development on the Tax Incentive Review Council (TIRC). TIRC, as required by state statute, reviews all properties abated from property taxes through community reinvestment areas and tax increment financing districts.

This appointment allows for the Economic Development Director to represent the City for issues related to monitoring compliance tax incentives and to participate in formulating recommendations of TIRC to City Council.

RECOMMENDATION:

Staff recommends appointing the Director of Economic Development to the TIRC.

Thomas/Kohler-per Income Tax Revenue Sharing Agreement the service payments are limited to \$3 million or 10 years with no revenue sharing of income tax revenues. The district becomes a "non-school" TIF after service payments in the amount of \$3 million are received or 10 years, whichever occurs first. This occurred in 2003.
- (2) Included performance standards for Cardinal Health, The Alter Group, and New Par(Verizon). The district becomes a "non-school" TIF after original improvements are reimbursed. A "non-school" TIF became effective in tax year 2003 for the Phase 1 and it is projected that a "non-school" TIF will become effective tax year 2010 for Phase 2.
- (3) Per Income Tax Revenue Sharing Agreement, service payments are limited to \$1.5 million or 10 years with no sharing of income tax revenues. The district became a "non-school" TIF in tax year 2004 to fund additional public improvements.
