**III. MINOR PROJECT REVIEW CRITERIA:** The Administrative Review Team shall review the application for a Minor Project and approve, deny, or approve with conditions, based on the criteria of §153.066(F)(5) applicable to Site Plan Reviews. The decision on the Minor Project shall be provided not more than 14 days from the filing of the Minor Project Review application, unless otherwise agreed to in writing by the City and the applicant.

Review Criteria for Minor Projects (Site Plans)	
(a)	The Site Plan shall be substantially similar to the approved Basic Plan;
(b)	If a Development Plan has been approved that includes the property, the application is consistent with the Development Plan;
(c)	The application meets all applicable requirements of §153.059 and §§153.062 through 153.065 except as may be authorized by Administrative Departure(s) pursuant to §153.066(H);
(d)	The internal circulation system and driveways provide safe and efficient access for residents, occupants, visitors, emergency vehicles, bicycles, and pedestrians;
(e)	The relationship of buildings and structures to each other and to other facilities provides for the coordination and integration of the development within the surrounding area and the larger community and maintains the image of Dublin as a high quality community;
(f)	The application is consistent with the requirements for types, distribution, and suitability of open space in §153.064 and the site design incorporates natural features and site topography to the maximum extent practicable;
(g)	The scale and design of the proposed development allows the adequate provision of services currently furnished by or that may be required by the City or other public agency including, but not limited to, fire and police protection, public water and sanitary sewage services, recreational activities, traffic control, waste management, and administrative services;
(h)	Stormwater management systems and facilities will not cause alterations that could increase flooding or water pollution on or off the site, and removal of surface waters will not adversely affect neighboring properties;
(i)	If the development is to be implemented in phases, each phase is able to be considered independently, without the need for further phased improvements; and
(j)	The application demonstrates consistency with the BSC Vision Report, Community Plan and other related policy documents adopted by the City.

Application to place a Walk Up Cash Dispense ATM Unit  
12 Darby St. Dublin, Ohio 43017  
Northwest Corner of Bridge Street Building within  
Bri-Hi Square Development

Advantage Bank is respectfully seeking approval to install a walk up cash dispense Automated Teller Machine (ATM) in the newly constructed Stonehenge's Bri-Hi Square development on the corner of West Bridge St. and North High St. in downtown Dublin, Ohio. This ATM being proposed would reside in the northwest corner of the Bridge Street building within Bri-Hi Square. A proposed photograph of this site is included with this attachment as Exhibit C. This ATM would be accessible 24 hours a day and would provide convenient access to cash to visitors in the area.

Additionally, the proposed sign above the ATM fits with the approved signage plan for the development. Our intention would be to install the ATM as quickly as possible after all appropriate approvals have been granted.
