Memo

To: Members of Dublin City Council

From: Marsha I. Grigsby, City Manager *mb*

Date: October 31, 2013

Initiated By: Angel L. Mumma, Director of Finance

Re: Ordinance No. 85-13- Adopting the Annual Operating Budget for 2014

Summary

Ordinance No. 85-13 authorizes the adoption of the 2014 Annual Operating Budget. City Council workshops to review the proposed 2014 budget are scheduled for Wednesday, November 6 and Wednesday, November 20 at 6:30 p.m. The complete schedule for all workshops is attached.

If you have any questions, please do not hesitate to contact Angel Mumma.

City Council Review of the Proposed Operating Budget for 2014
Agenda
November 6, 2013
(Meeting to begin at 6:30 pm)

RECORD OF ORDINANCES

Dayton Legal Blank, Inc.

Form No. 30043

Ordinance No. 85-13

Passed _____, 20____

**AN ORDINANCE ADOPTING THE ANNUAL OPERATING BUDGET
FOR THE FISCAL YEAR ENDING DECEMBER 31, 2014,
AND DECLARING AN EMERGENCY**

WHEREAS, Section 8.02(a) of the Revised Charter requires the City Manager to prepare and submit the annual operating budget to City Council; and

WHEREAS, City Council has received and reviewed the annual operating budget for 2014; and

WHEREAS, the Administration has incorporated in the attached 2014 Operating Budget the modifications requested by City Council as a result of the budget review workshops.

NOW, THEREFORE, BE IT ORDAINED by the Council of the City of Dublin, State of Ohio, _____ of its elected members concurring, that:

Section 1. The 2014 Annual Operating Budget attached as an Exhibit be, and hereby is, approved.

Section 2. This ordinance is declared to be an emergency necessary to protect the health, safety and welfare of the residents of the City, and for the further reason that the annual operating budget must be in effect by January 1, 2014. This ordinance shall therefore be effective on January 1, 2014.

Passed this _____ day of _____, 2013.

Mayor - Presiding Officer

ATTEST:

Clerk of Council

November 5, 2013

Dear Members of City Council and Citizens of the City of Dublin,

I am pleased to present to you the Administration's 2014 Operating Budget for review and consideration. This budget was developed in accordance with the City Charter, the annual budget calendar, the stated financial management policies and guidelines of the City, and City Council's adopted goals. This budget, like preceding year's budgets, continues to recognize the external economic conditions that demand conservative approaches to managing expenses while continuing to deliver high quality services to residents and corporate citizens.

A key indicator of the City's financial strength is the General Fund balance. Each year, a primary focus of the budget process has been to ensure that sufficient fund balances are available to provide necessary funding for unanticipated needs or opportunities and to ensure satisfactory cash flow. As a result, the City has implemented a practice of targeting a General Fund year-end balance of at least 50 percent of the General Fund expenditures, including operating transfers.

The General Fund balance, as a percentage of expenditures and operating transfers, has increased over the past five years from 59.8% in 2008 to 92.5% in 2012. As a result of an increase in income tax revenues in 2013, the fund balance is projected to be 87.46% or \$50.60 million at year-end 2013. This level of reserve is looked upon extremely favorably by the rating agencies and has been highlighted by both Moody's Investors Service and Fitch Ratings as a rationale for the City's Aaa/AAA bond rating, the highest rating available from both agencies.

With income tax collections representing the City's most significant revenue source, the financial health of the City is reflective of the health of the City's corporate residents, as employee withholding taxes generally represent over 80% of the total income tax receipts. Through the third quarter 2013, total income tax collections were up 8.52% as compared to collections through the third quarter 2012. This increase is a result of growth in all three segments of the City's collections – withholding, net profit, and individual taxes. Continuing with our conservative approach to budgeting, the Administration has projected the total income tax revenues for 2013 will be up 4% as compared to the total income tax revenues for 2012. In 2014, it is estimated that income tax revenues will increase 2.14% from 2013 projected income tax revenues.

The City of Dublin operates from and administers several different types of funds, including the General Fund, special revenue funds, debt service funds, capital project funds, capital construction funds, enterprise funds, internal service funds, and fiduciary funds. While the General Fund is the City's most prevalent, in order to provide our stakeholders with a concise depiction of operating revenues and expenditures, staff has combined revenue and expenditures from a number of funds to reflect total operating revenues and expenditures. The following funds are included:

- General
- Street Highway and Repair
- State Highway
- Cemetery
- Recreation
- Safety
- Pool
- Hotel/Motel Tax
- Enforcement and Education
- Law Enforcement
- Mandatory Drug Fine
- Mayor's Court Computer
- Wireless 911

The philosophy of conservatively estimating revenues has been followed over the years because of the limited control the City has over revenues as evidenced by the 2009 decline in income tax revenues. Operating revenues other than income taxes have continued to exceed the amount budgeted. In 2013, the estimated operating revenues are projected to be \$75.86 million, which represents a 9.79% increase over 2013 budgeted revenues. In addition to the increase in income tax revenue, this increase is attributable to an increase in revenue from estate taxes, grants, licenses and permits, parks and recreation, and special event revenue. In 2014, operating revenues are projected to be \$71.70 million, which represents a 3.77% increase over 2013 budgeted operating revenues.

Operating Revenues (in millions)

	2009	2010	2011	2012	2013 Projected	2014 Proposed
Budgeted Revenues	\$67.69	\$60.75	\$62.84	\$65.87	\$69.10	\$71.70
Actual Revenues	\$66.57	\$68.32	\$71.30	\$75.67	\$75.86	

The 2014 Operating Budget reflects funding requests totaling \$74.01 million in operating expenditures. This represents a 3.90% increase compared to the 2013 Operating Budget. However, a major initiative of which funding is included in the Operating Budget is providing emergency dispatching services to the Norwich Township Fire Department and the City of Hilliard Police Department. Excluding the funding to support that initiative, operating expenditures would reflect a 3.20% increase compared to the 2013 Operating Budget.

Operating Expenditures (in millions)

	2009	2010	2011	2012	2013 Projected	2014 Proposed
Budgeted Expenditures¹	\$71.54	\$65.10	\$66.68	\$68.10	\$71.23	\$74.01
Actual Expenditures	\$65.30	\$63.60	\$64.67	\$65.88	\$68.59 ²	
Actual Encumbrances	\$3.06	\$3.07	\$4.69	\$3.52		

¹ Does not include encumbrances carried forward.

² Includes anticipated encumbrances.

The City's strong tax base and conservative budget philosophy have resulted in operating revenues exceeding operating expenditures for many years. While the 2014 estimated operating expenditures exceed the 2014 estimated operating

revenue, it is anticipated the difference or the “gap” at the end of the year will likely be less than projected or what typically has occurred, with the exception of 2009, is the operating expenditures will actually be less than the operating revenue. In 2013, the actual operating revenues are expected to exceed the budgeted operating revenues by approximately \$7.27 million.

From the standpoint of maintaining a sufficient level of reserves, if the operating revenues and operating expenditures in 2014 are consistent with the budgeted amounts, the 2014 General Fund year-end balance is projected to be approximately 80.57% of the 2014 General Fund expenditures and operating transfers, exceeding the 50% target balance by approximately \$18.84 million.

High quality services are a community hallmark of Dublin. To provide those services to our residents in the most efficient and effective manner, it is essential for the Administration to maintain appropriate staffing levels given the changing needs of the community. With a number of staffing changes proposed, the 2014 Operating Budget reflects funding for 378 full-time employees – an increase of 10 employees over the 2013 authorization level.

The most notable staffing change proposed is within the Division of Police with the addition of five Communication Technicians and one Communication Supervisor. In keeping with a prior year’s goal to work with other jurisdictions to identify shared service opportunities, the City agreed to provide emergency dispatching services for the Norwich Township Fire Department, beginning in October 2013, and the Hilliard Division of Police, beginning in January 2014. In order to provide the services to these two entities, the hiring of these staff members is necessary.

This budget reflects a continued emphasis on employee development with funding of citywide and specialized learning opportunities. In order to lead these efforts, a Talent Development Manager is proposed within the Division of Human Resources. This individual will be responsible for establishing a comprehensive training, coaching and professional development program for supervisors and staff. Training programs for all employees include technology training as well as the continuation of Dublin-specific customer service training to employees that interact with the public frequently.

Additionally, under the direction of the Director of Human Resources, the budget incorporates funding for a full-time Benefits Administrator. This position will expand upon existing wellness programs, including Healthy Dublin, and work with our health partners to implement plan design changes and incentives that will result in a healthier workforce and community. If approved, this position will be charged 25% to the General Fund (Human Resources) and 75% to the Employee Benefits Self-Insurance Fund.

To enhance quality event programming and service to our residents and guests that attend the City's special events, it is proposed that an Events Assistant be reclassified from a part-time position to a full-time Events Coordinator position.

In order to more properly staff multiple projects such as asphalt repairs, concrete work, the chipper program, leaf pick-up, snow/ice operations, and traffic control support, two Maintenance Worker positions have been added to Streets & Utilities.

The Administration closely examines full-time staffing levels, especially when vacancies occur. While the number of employees within a given department or division are important, more important are the types of positions needed to efficiently and effectively carry out the responsibilities of the work unit for the foreseeable future. As a result of these ongoing analyses, positions are occasionally reclassified and/or changed from full-time to part-time.

Given upcoming retirements within the Land Use & Long Range Planning division, staff is proposing the downgrade of an Administrative Assistant to an Office Assistant 2 position as well as the upgrade of an Office Assistant 1 to an Office Assistant 2 position. Additionally, it is recommended that the vacant position of Landscape Architect be replaced by a Planner position. These changes will provide the level of staffing necessary to properly serve residents, businesses and internal staff at this time.

Within Court Services/Records Management, one vacant Court Clerk 2 position has been changed to a part-time position.

Within the Finance Department, one full-time Accountant has been changed to a part-time position. While the responsibilities have not changed for that individual, it has been determined that the work can be accomplished on a part-time basis. Additionally, beginning with the 2014 Operating Budget, the Division of Accounting & Auditing has been incorporated within the Office of the Director of Finance budget. Procurement and Taxation remain stand-alone divisions within the Department of Finance.

Similarly, the positions classified under the Director of Administrative Services have been redistributed to other work units for 2014. The Director of Administrative Services has been reclassified as the Assistant City Manager and will be incorporated with the Office of the City Manager's budget. The Administrative Specialist will report to the Director of Public Service, and will be incorporated in that Department's budget.

The 2014 Operating Budget reflects funding for 236 full-time equivalent (FTE) part-time and seasonal positions. In addition to the changes noted above, a GIS intern position has been included while a Court Liaison position has been removed from the Division of Police. Finally, in adding a full-time Benefits Administrator position, the wellness intern position has been removed. These changes result in the net increase of four FTE part-time and seasonal positions in the organization.

The budget provides for an overall adjustment of up to 3% for non-bargaining unit salaries. Additionally, it incorporates the negotiated wage increase for employees covered by the Fraternal Order of Police – Ohio Labor Council (Communications Technicians) contract. With the previous contract expiring September 1, 2013, the new contract with the United Steelworkers of America was recently ratified by its' members and awaits City Council approval. If approved, employees within this bargaining unit will receive an increase in 2014 up to 2% based on their job classification. Bargaining with the Fraternal Order of Police – City Lodge #9 (Police Officers, Corporals, and Sergeants) will be underway soon for their contract which expires December 31, 2013.

The 2014 Operating Budget also appropriates funds to implement the first year of the five-year Capital Improvements Program (CIP), funds to implement a phase of a major, multi-year project, and funds for non-major capital expenditures, which include those of a continuing nature. Capital improvements funded from the Capital Improvements Tax Fund include design and engineering for the Riverside Drive realignment, the roundabout at Riverside Drive and S.R. 161, Riverside Park, and the Scioto River pedestrian bridge. Additionally, funding is included for improvements to Amberleigh Community Park, construction of shared-use paths along Dublin Road South, and Glick Road, as well as the installation of bike lanes on Muirfield Drive.

The maintenance of the City's existing infrastructure is equally important. For this reason, significant funding has been programmed in the 2014 Operating Budget to ensure that City facilities, roadways, pedestrian tunnels, guardrails, waterlines and sewer lines remain in excellent condition. Details of the 2014 capital improvements are included under the 'Capital Project Funds' tab of the budget.

The goals of City Council continue to guide the actions of the Administration. The budget development was driven by the five strategic focus areas and goal statements adopted by City Council in 2013.

Focus Areas

- Fiscal Health & Economic Vitality
- Livable, Sustainable and Safe
- Civic Engagement
- Public Services and Infrastructure
- Smart, Customer-focused Government

Programs that will be undertaken in 2014 to support the goal statements include the following:

- *Engaging leaders of business, government and education systems to better understand business needs, challenges and opportunities to optimize Dublin's business climate* – The Administration continues to actively engage Dublin businesses to develop relationships, understand needs and gain insights on future plans. Many venues have been created to accomplish this to include: one-on-one visits; leveraging relationships and activities of the Chambers of Commerce (Dublin and Columbus); Business Appreciation Week; Memorial Tournament and Villa; evening at the Irish Festival; co-sponsoring and hosting events; economic development forums (i.e. DEC, TechDEC, JASCO, ICF.); real estate/developer engagements; Columbus2020 events; TechColumbus events; new business ground breakings/openings; and workforce engagements. In addition, the Administration will continue pursuing "business neighborhood engagements". Participants for the Business industry cluster discussion groups have been identified and Battelle

has been retained to help establish and facilitate the creation of these venues. Funding has been programmed in 2014 to facilitate these activities.

- *Identify, nurture and build upon the qualities of Dublin that attract, retain, create a sense of pride and bond residents and businesses to the community* – Building relationships and engaging Dublin’s companies are the key to success in bonding businesses to the community. The City’s marketing efforts focus on creating a sense of place and belonging by recognizing companies and requesting that they provide testimony as to why they located in and are staying in Dublin. This enables companies to tell the story of their company while articulating what is important to them in Dublin. Social interaction and the relationships that are built at events such as the Memorial Tournament and Irish Festival are effective ways to promote our community and its amenities. Staff also encourages Dublin companies to seek membership in the Dublin Chamber of Commerce, participate in volunteer activities and local service organizations as a way to help root the company, its leaders, and employees to the Dublin community.

The Administration facilitates year-round efforts to engage our residents. Events held with the Homeowner Association, the Dublin Convention and Visitors Bureau, Experience Columbus, the Dublin Arts Council and Dublin City schools have provided Dublin with a renewed sense of pride, which generates enthusiasm and harnesses the talents of our residents.

- *21 Century Learning Environment* – At the direction of City Council, the Administration continues working with community partners, including the library system, private non-profit institutions, and higher education institutions to focus on meeting future workforce development needs within Dublin. As the Administration proceeds with the redevelopment of the Bridge Street District, the location of the library will become a pivotal point of discussion.
- *Bridge Street District* – The Administration is proud of the developments in the Bridge Street District that have occurred over the past few years. Between the City of Dublin and private developers, key parcels have been acquired which allow for the transformation of the District. As part of the five-year CIP, catalytic public infrastructure improvements have been programmed, including the riverside park, the iconic pedestrian bridge, the relocation of Riverside Drive, and the construction of a roundabout at Riverside Drive and S.R. 161.
- *Brand recognition* – In 2014, staff will continue building upon the momentum generated by our third party validation campaigns, which positions Dublin as a leader with national and international recognition and takes our brand alignment to a next level with our employees through key messaging and aligned service standards. Examples include *Where Champions Reside*, a campaign which will continue to feature more recognizable Dublin residents and corporate citizens and will expand from print to other mediums as well as *Our Brands Speak for Themselves*, a video series featuring prominent and interesting leaders of Dublin businesses whose brands are recognized worldwide. We are proud that this particular campaign was awarded the Excellence in Economic Development Marketing Award by the Ohio Economic Development Association at its 2013 Annual Summit held here in Dublin in late October.

The Administration is committed to meeting the goals established by City Council and to ensure that high quality services remain a community hallmark. The 2014 Operating Budget allocates resources recognizing these commitments while exercising strong fiscal responsibility demanded, and deserved, by the community.

Respectfully submitted,

NOTES:

- (1) - Reclassification of the Director of Administrative Services to the Assistant City Manager and movement of position to the Office of the City Manager, and removed the Administrative Services Work Unit.
- (2) - Addition of a Talent Development Manager.
- (3) - Combined Accounting and Auditing into Finance; full-time Accountant reclassified as part-time.
- (4) - Reduced one full-time Court Clerk position to a part-time position.
- (5) - Addition of two Maintenance Worker positions.
- (6) - Addition of five Dispatcher positions and one Supervisory position for other agency dispatch service.
- (7) - Move one part-time Events Assistant position to a full-time Events Coordinator position.
- (8) - Addition of a Benefits Administrator position.

the 1990s, the number of people in the world who are under 15 years of age is expected to increase from 1.1 billion to 1.5 billion (United Nations 1998).

There are a number of reasons why the number of children in the world is increasing. One of the main reasons is that the number of children who are surviving to the age of 5 has increased significantly in the last few decades. This is due to a number of factors, including improved medical care, better nutrition, and a decrease in the number of children who are dying from preventable diseases.

Another reason why the number of children in the world is increasing is that the number of children who are being born is increasing. This is due to a number of factors, including a decrease in the number of children who are being aborted, and an increase in the number of children who are being born to women who are younger than in the past.

There are a number of challenges that are associated with the increasing number of children in the world. One of the main challenges is that there are not enough resources to care for all of the children. This is particularly true in developing countries, where there is a high level of poverty and a lack of access to basic services such as education and health care.

Another challenge is that there are not enough people to care for all of the children. This is particularly true in developing countries, where there is a high level of unemployment and a lack of access to basic services such as education and health care.

There are a number of ways that we can address these challenges. One way is to increase the number of resources that are available to care for children. This can be done by increasing the number of people who are working in the education and health care sectors, and by increasing the number of people who are providing social services to children.

Another way to address these challenges is to increase the number of people who are caring for children. This can be done by increasing the number of people who are working in the education and health care sectors, and by increasing the number of people who are providing social services to children.

There are a number of other ways that we can address these challenges. One way is to increase the number of resources that are available to care for children. This can be done by increasing the number of people who are working in the education and health care sectors, and by increasing the number of people who are providing social services to children.

Another way to address these challenges is to increase the number of people who are caring for children. This can be done by increasing the number of people who are working in the education and health care sectors, and by increasing the number of people who are providing social services to children.

There are a number of other ways that we can address these challenges. One way is to increase the number of resources that are available to care for children. This can be done by increasing the number of people who are working in the education and health care sectors, and by increasing the number of people who are providing social services to children.

Another way to address these challenges is to increase the number of people who are caring for children. This can be done by increasing the number of people who are working in the education and health care sectors, and by increasing the number of people who are providing social services to children.

2014 OPERATING BUDGET – CITY OF DUBLIN, OHIO

FINANCIAL MANAGEMENT POLICIES

OPERATING BUDGET POLICIES

- The City will pay for all current expenditures with current revenues and fund balances. The City will avoid budgetary procedures that balance current expenditures at the expense of future years, such as postponing expenditures, underestimating expenditures, overestimating revenues, or utilizing short-term borrowing to balance the budget.
- The budget will provide for adequate maintenance and repair of capital assets and for their orderly replacement.
- The City will protect against catastrophic losses through a combination of insurance and self-insurance funded programs.
- The City will maintain a budgetary control system to help it adhere to the budget.
- Financial reports, which compare actual performance with the budget, are available on-line for budgetary review by the departments/divisions.

RESERVE POLICIES

- The City will appropriate \$150,000 to a contingency account in the General Fund to provide for non-recurring and unanticipated expenditures.
- The City will prepare the operating budget with the goal of maintaining an actual year-end General Fund balance equal to 50 percent of the actual General Fund expenditures.

CAPITAL IMPROVEMENT PROGRAM POLICIES

- The City will develop a five-year Capital Improvements Program on an annual basis.
- The City will enact an annual capital improvement budget based on the multi-year Capital Improvements Program.
- The City will coordinate development of the capital improvement budget with development of the operating budget.

2014 OPERATING BUDGET – CITY OF DUBLIN, OHIO

DEBT MANAGEMENT POLICIES

- The City will confine long-term borrowing to capital improvement projects.
- When the City finances capital projects by issuing debt, it will repay the debt within a period not to exceed the expected useful life of the project.
- The City will evaluate issuing debt and pay-as-you-go financing to maintain flexibility for the future.
- The City will continually seek to maintain and improve our current bond rating to minimize borrowing costs and to ensure that access to credit is preserved.
- The City will follow a policy of full disclosure on financial reports and official statements.

REVENUE POLICIES

- The City will estimate its annual revenues by a conservative, objective, and analytical process.
- Non-recurring revenues will be used only to fund non-recurring expenditures.
- The City will encourage a diversified and stable local economy to avoid excessive reliance on any one industry or business for income tax revenues.
- The City will update the Cost of Services Study on an annual basis to calculate the costs of providing services and consider such information when establishing user charges.

PURCHASING POLICIES

- Purchases will be made in accordance with federal, state, and municipal requirements.
- Purchases will be made in an impartial, economical, competitive, and efficient manner.
- Purchases will be made from the lowest priced and most responsive vendor. Qualitative factors such as vendor reputation and financial condition will be considered, as well as price.

2014 OPERATING BUDGET - CITY OF DUBLIN, OHIO

City Council

STATEMENT OF FUNCTIONS

All powers of the City permitted by the Revised Charter, the Constitution and the laws of the State of Ohio are vested in Council. Council provides for the exercise of all City powers and for the performance of all duties and obligations imposed on the City by law, through the adoption of legislation. City Council's responsibilities include reviewing, deliberating, and approving legislation as prescribed by the Revised Charter and the laws of the State of Ohio applicable to municipalities. City Council establishes goals and long-range policies for the City.

Council is composed of seven members who serve four-year terms. Three are nominated and elected by the electors of the City at large and four are nominated and elected by the electors of each of the four Council wards. All candidates for City Council must be residents of Dublin for one year prior to filing a petition of candidacy. Council members must be residents of the City of Dublin throughout their term of office.

City Council elects a Mayor and Vice Mayor to serve two-year terms. The Mayor presides over all City Council meetings. The Vice Mayor performs these duties in the absence of the Mayor.

The Clerk of Council is appointed by the City Council and serves at its pleasure. The Clerk of Council is an officer of the City and provides notice of Council meetings to its members and the public, keeps the minutes of Council's proceedings and performs other duties as provided by the Revised Charter or by Council.

OBJECTIVES AND ACTIVITIES

- To establish goals for the community to be implemented by staff and/or City Council.
 - To set policy in a clear and consistent manner in order to provide a framework for administrative implementation.
 - To continue to be responsive to the needs and expectations of the citizens of Dublin.
-

City Council Boards and Commissions

BUDGET SUMMARY

101-1510

- Accounts 2110 and 2111 provide funding for the salaries/wages of Council Members and staff reflected under Personnel Data.
- Account 2120 includes funding for health insurance contributions for City Council Members, the Clerk of Council and Deputy Clerk of Council.
- Account 2201 includes funding for travel and training for Council Members and certification-related training for the Clerk of Council and Deputy Clerk of Council.
- Account 2212 provides funding for long-term strategic planning workshops, and Council retreat(s).
- Account 2240 includes funds for reimbursable business expenses and for citywide ceremonial functions, which are reviewed and approved by the Mayor and the City Manager. These include the annual board and commission member recognition event hosted by City Council; Memorial Tournament badges for Council Members; flowers, memorial donations, and special occasion recognition.
- Account 2349 provides funding for codification services.
- Account 2370 provides funds for advertising expenses related to local newspaper publication of the annual meeting schedule, public hearing notices for re-zonings and Council candidate campaign finance reports during municipal election years. This account also includes funding to record annexation documents with the county and state.

101-1520

- Account 2110 provides funding for salaries/wages of seven Planning and Zoning Commission members.
- Account 2201 provides funding, as authorized by Council, of up to \$2,500 per Planning & Zoning Commission member for relevant travel and training, and funding for board and commission member orientation.
- Account 2211 provides funding for expenses related to meetings sponsored by various City advisory boards, commissions, committees and task forces.
- Account 2391 provides funding for American Planning Association (APA) memberships.

2014 OPERATING BUDGET - CITY OF DUBLIN, OHIO

Office of the City Manager

STATEMENT OF FUNCTIONS:

The City Manager is the Chief Administrative and Law Enforcement Officer of the City and is charged with the responsibility for the administration of all municipal affairs as empowered by the Revised Charter of the City of Dublin, City Ordinances or Resolutions, and State laws. Some of the City Manager's primary responsibilities include: directing and supervising the administration of all departments and functions of the City; attending all Council meetings; ensuring that all laws, Revised Charter provisions, and ordinances and resolutions of Council are faithfully executed; preparing the annual budget and capital improvement program; publishing an annual report of the financial and administrative activities of the City; and executing, on behalf of the City, all contracts and agreements.

OBJECTIVES AND ACTIVITIES:

- To implement goals established by City Council.
 - To provide leadership and direction for staff.
 - To be responsive to needs of the community and to advise citizenry regarding the structure and activities of the City organization.
 - To facilitate citizen involvement and requests for service.
 - To provide leadership in sustainable municipal services.
-

2014 OPERATING BUDGET - CITY OF DUBLIN, OHIO

Miscellaneous Accounts/Contingencies

BUDGET SUMMARY:

101-1119

- Account 2349 provides funding for federal and state lobbying efforts.
- Account 2362 provides funding for the City's self-insured workers' compensation program. This amount reflects the City's program costs including claims, third party administration and excess loss coverage.
- Account 2391 includes funds for memberships/subscriptions to the Ohio Municipal League, the National League of Cities, dues to the Mid-Ohio Regional Planning Commission, and any other citywide memberships/subscriptions.
- Account 2392 provides funding to the Franklin County Emergency Management Agency for the countywide disaster services program.
- Account 2821 provides funding for the Dublin Counseling Center, the Beautify Your Neighborhood Grant Program and the Historic Dublin parking lot lease at the Dublin Community Church. The amount for the Dublin Counseling Center is \$125,000. The Beautify Your Neighborhood Grant Program Funding remains at the same funding level (\$32,000) as last year. Funding for the Historic Dublin parking lot lease will likely increase as the lease agreement is renewed with the Dublin Community Church, therefore amount is estimated to be a maximum of \$18,150.
- Account 2823 provides funding for Leadership Dublin.
- Account 2990 provides funding for unanticipated expenditures that may occur throughout the year.

2014 OPERATING BUDGET - CITY OF DUBLIN, OHIO

Human Resources

STATEMENT OF FUNCTIONS:

Human Resources is an engaged team of professionals who work in partnership with managers, their teams, and individual employees to sustain a talented, diverse workforce, foster a culture of health, safety, and productivity and provide innovative, collaborative business solutions that contribute to the strategic goals of the City. Human Resources provides leadership and direction to the organization in all functional areas of Human Resources Management including recruitment & selection; classification & compensation; performance management; wage & salary administration; benefits administration; labor/employee relations; policy analysis/development; and organizational analysis/development. Human Resources also provide leadership and direction to the organization in Risk Management and Occupational Safety & Health.

OBJECTIVES & ACTIVITIES:

- To develop and administer recruitment/selection processes based on a competency-based strategy; partnering with all work units in the selection of high quality candidates.
- To provide leadership in developing and implementing new benefit and health management strategies (i.e. Health Savings Accounts, Health Reimbursement Accounts, Healthy by Choice Plus Program); evaluate medical benefits and HBC Plus program effectiveness for future potential plan design modifications.
- To provide leadership and direction in the administration of classification & compensation systems, ensuring that managers are effectively trained in administration of systems.
- **To provide leadership and direction in administration** of performance management system; ensure managers are trained in administration of system; provide direction to managers in the development of meaningful performance objectives for their employees.
- To develop, implement, and administer professional development programs that focus on skill/competency development and reinforce the Dublin Brand.
- To develop, implement, and administer a staff technology program that focuses on technical skills and addresses the needs of staff to effectively use the City provided technology tools that are pertinent to their job.
- To implement a City-wide customer service training program that reinforces the Dublin Brand and promotes excellence in customer service.
- To administer labor relations functions, including collective bargaining, contract administration, and grievance arbitration processes; conduct negotiations for successor collective bargaining agreements with the United Steelworkers bargaining unit (Maintenance Workers, Auto Mechanics, Custodial Workers) and the Fraternal Order of Police, Capital City Lodge No. 9 bargaining units (Police Officers, Corporals, Sergeants).
- To lead the organization in workforce planning and succession/talent management efforts to help ensure the sustained success of the organization in the future.
- To administer the City's property & casualty insurance, risk management, and occupational safety & health programs.
- To administer the City's self-insured workers compensation program.

2014 OPERATING BUDGET - CITY OF DUBLIN, OHIO

Community Relations

STATEMENT OF FUNCTIONS

Community Relations' three work units are communications/public affairs, digital media and multi-media production. Community Relations serves as the in-house creative agency for 25+ city departments/divisions as well as citywide initiatives including City of Dublin Brand Management, Emergency Preparedness, 270/33 Interchange Improvement Project, Bridge Street District, Storm Water Management, Historic Dublin and Memorial Tournament. Community Relations works to protect and enhance the image of the City of Dublin through strategic communications with the City's stakeholders: employees, residents, corporate citizens, visitors, investors, influencers and the media.

OBJECTIVES/ACTIVITIES

- Produce the City's websites including City of Dublin, DubNet 410, Dublin Irish Festival and 270-33 Interchange.
- Manage citywide social media efforts including streaming video, blogging, social networking, application development and podcasts. Manage the City's bulletin board.
- Develop and administer the City's employee communications engagement and recognition programs.
- Support Dublin and Washington Township Public Safety efforts and initiatives through emergency and critical incident response as well as media and public information management; NIMS certified.
- Conduct, analyze and promote public opinion, citizen satisfaction and benchmarking surveys.
- Research and prepare columns, speeches and talking points for City Council members, City Manager, Directors and other key officials.
- Coordinate community recognition activities including State of the City Address, Memorial Day and Veterans Day.
- Manage and produce the City's cable station including Council meetings, a bi-weekly news magazine show, public service announcements and special features. Work with organizations including Dublin Schools to incorporate community programming.
- Implement the Civic Association Initiative via engagement with homeowner association leaders, regular correspondence, bi-annual meetings, block party package.
- Coordinate citywide Memorial Tournament activities to enhance relationships with local, regional and statewide elected officials, community leaders and VIPs for economic development, relationship building and international recognition.
- Serve as a liaison to Historic Dublin and the Historic Dublin Business Association to market the District, promote their events and special projects and facilitate the banner program.

2014 OPERATING BUDGET - CITY OF DUBLIN, OHIO

Legal Services

STATEMENT OF FUNCTIONS:

The Law Director provides legal representation to City Council, the City Manager, the administrative departments, and various Boards and Commissions. The Law Director is appointed by the City Manager with the approval of City Council. Currently this position is filled on a contractual basis.

Periodically, other legal counsel is retained for specialized problems or legal work. The Director of Law prepares ordinances, resolutions, legal opinions, contracts, agreements and legal documents. The Director also advises City Officials of pending legislation affecting municipal operations. In addition, either the Director or one of the Director's assistants prosecutes all criminal cases which come before the Dublin Mayor's Court.

OBJECTIVES AND ACTIVITIES:

- To provide legal counsel in accordance with the contract.

<u>PERSONNEL DATA</u> <u>POSITION TITLE</u>	<u>2013</u> <u>CURRENT NUMBER</u>	<u>2014</u> <u>PROPOSED</u>
Director of Law *	1	1
Assistant Director of Law *	<u>2</u>	<u>2</u>
TOTAL	3	3

NOTES AND ADJUSTMENTS:

* These positions are contracted and not considered employees of the City. Numerous associates within the firm of Frost Brown Todd LLC work under the direction of the Director of Law to provide legal counsel for the City.

2014 OPERATING BUDGET - CITY OF DUBLIN, OHIO
Finance / Office of the Director

STATEMENT OF FUNCTIONS:

The Deputy City Manager/Director of Finance assists the City Manager in the preparation and administration of the operating budget, the capital improvements program, and is responsible for the administration of the City's debt and the various economic development and tax increment financing agreements. Accounting & Auditing is responsible for maintaining the financial records of the City including: recording all receipts and expenditures; processing the City's payroll, maintaining capital asset records, internally examining and auditing accounts of the various departments and preparation of the City's Comprehensive Annual Financial Report (CAFR).

The Deputy City Manager/Director of Finance also has administrative authority over Taxation, Procurement, and Accounting and Auditing.

OBJECTIVES AND ACTIVITIES:

- To help maintain a fiscally sound government and to conform to regulations by improving methods for financial planning and capital improvement planning.
- To provide assistance to the City Manager in the preparation and administration of the City's operating and capital budgets.
- To update, on an annual basis, the costs of all services provided by the City and to compare and evaluate the service cost with the service revenue.
- To maintain the financial records, ensure compliance with economic development commitments, and allocate funds in accordance with the applicable agreements for the City's various Tax Increment Financing Districts.
- To administer the City's debt financing function with the goal of maintaining the AAA rating from Fitch Ratings and Aaa rating from Moody's Investors Service.
- To receive the Distinguished Budget Presentation Award for the 2013 Operating Budget.
- To develop, implement and administer the City's procurement functions, including competitive bid processes and utilization of cooperative purchasing and reverse auction alternatives.
- To receive the Certificate of Achievement for Excellence in Financial Reporting for the City's CAFR. To safe-keep and invest City monies in a manner consistent with the Ohio Revised Code and the City's investment policy. To maintain accountability for the City's capital assets.

2014 OPERATING BUDGET - CITY OF DUBLIN, OHIO

Finance / Transfers / Advances

STATEMENT OF FUNCTIONS:

The General Fund is the general operating fund of the City; money can be transferred from the General Fund to any other fund with approval of City Council. A transfer is the permanent movement of money from one fund to another.

Operating transfers are made to the Street Maintenance and Repair Fund, the Recreation Fund, the Safety Fund, the Cemetery Fund and the Swimming Pool Fund to supplement revenues directly credited to those funds. Funds are transferred when their fund balance drops below the average monthly expenditures anticipated.

Transfers to the Capital Improvements Tax Fund and other capital project funds are based on projects identified in the City's Five-Year Capital Improvements Program (CIP). To the extent that cash reserves become available in the General Fund, additional capital projects are programmed in the CIP.

An advance is a temporary movement of money from one fund to another. The City has utilized advances, for the most part, to provide initial funding for capital projects associated with the tax increment financing districts.

NOTES AND ADJUSTMENTS:

2014 OPERATING BUDGET - CITY OF DUBLIN, OHIO

Finance / Taxation

STATEMENT OF FUNCTIONS:

Taxation is responsible for the collection of all tax revenues including hotel/motel tax, audits, delinquency collections, compliance projects, refunds, coordination of hotel/motel tax grants, and other duties as assigned. The City of Dublin continues to grow and, as a mandatory filing community, the City is always striving to reduce the number of forms printed to become "greener" and to use more innovative means for tax filings to achieve a higher level of distinction in Central Ohio. Preliminary and final audits are conducted to insure that all tax obligations have been fulfilled.

The Director of Taxation works closely with businesses to ensure proper and timely filing, paying and processing of all tax forms.

OBJECTIVES AND ACTIVITIES:

- To operate an efficient, organized and cooperative tax office.
- To reduce the number of withholding forms printed by sending a letter with a Personal URL to each non-payroll service withholder to allow them to access their own forms and to print them as needed (reduction in cost of printing and postage).
- Work with City of Columbus to develop a uniform method to allow payroll service providers to file using ACH Credit.
- To accept payments via credit/debit cards and electronic checks through a third party provider at no cost to the City (increase customer service and reduce delinquencies).
- To allow all Dublin residents to file electronically to reduce amount of paper received.
- To allow tax practitioners to file clients' returns and pay any tax due electronically.
- To maintain prompt processing time frames on all returns and refunds.
- To review withholding frequencies on all accounts and make necessary adjustments.
- To closely monitor progress of collection efforts through formally established delinquency procedures.
- To monitor income tax legislation and update income tax ordinance as necessary.
- To accept payments processed through the Ohio Business Gateway and the Online Tax Tool and to accept W-2's via magnetic tape or diskette.
- To implement electronic filing and electronic funds transfer for withholding accounts.
- To provide assistance in the administration of tax increment financing and economic development agreements.
- To scan all tax documents to enable records to be accessed quickly and efficiently at each work-station and to cross-train Taxation staff.

<u>PERSONNEL DATA</u>	<u>2013</u>	<u>2014</u>
<u>POSITION TITLE</u>	<u>CURRENT NUMBER</u>	<u>PROPOSED</u>
Director, Taxation	1	1

2014 OPERATING BUDGET - CITY OF DUBLIN, OHIO

Finance / Taxation

BUDGET SUMMARY:

101-1230

- Account 2110 provides funding for the staffing reflected in the Personnel Data.
- Account 2320 provides funding for costs related to the distribution of tax forms (i.e. postage, labels).
- Account 2349 provides funding for the online tax tool (including withholding) and electronic filing for both individuals and tax practitioners as well as the cost for the State of Ohio tape which is used to ensure compliance.
- Account 2390 includes funding to utilize a collection agency for collection of delinquent accounts.
- Account 2414 funds letters with Personal URLs that are sent to filers to direct them to their own site via the online tax tool to reduce the number of paper returns received; thus reducing the manpower necessary to ensure the returns are truly "Dublin" returns. Non-payroll service provider withholding accounts will receive a letter with a Personal URL instead of a booklet that will allow them to print forms with their Dublin identification as needed and will identify them as "active" accounts thereby reducing the City's accepting dollars for accounts with Dublin mailing address but not physically located in Dublin.
- Account 2910 provides funding for income tax refunds. The budget reflects a calculation based on 3.0% of total collections.

2014 OPERATING BUDGET - CITY OF DUBLIN, OHIO

Public Service / Office of the Director

STATEMENT OF FUNCTIONS:

The Department of Public Services provides direction and oversight to the Divisions of Streets & Utilities, Parks & Open Space and Engineering.

OBJECTIVES AND ACTIVITIES:

- To provide leadership and direction to the staff within Streets & Utilities, Parks & Open Space and Engineering including setting of departmental goals, clear customer service standards and accountability for achieving these goals and standards.
 - Development and management of the City-wide infrastructure assets, maintenance of those assets, and the management of the day-to-day service delivery.
 - To manage all departmental functions and to develop and recommend policies, procedures and program improvements.
 - To ensure the City's goals and strategic objectives are reached in each of the functional areas in an efficient, effective and responsive manner.
 - To provide appropriate learning and development opportunities to employees and employee teams.
 - To provide citywide special project support as needed.
-

THIS PAGE LEFT BLANK INTENTIONALLY

2014 OPERATING BUDGET - CITY OF DUBLIN, OHIO

Public Service / Solid Waste Management

STATEMENT OF FUNCTIONS:

The City of Dublin seeks recognition in the field of local government as being environmentally sensitive. To this end the City will provide a comprehensive solid waste management program. This program will provide services to Dublin residents with an emphasis on reduction, reuse, recycling, and beautification. This program will ensure the City's compliance with all solid waste management rules and regulations. All related services will be performed with the emphasis on providing the highest level of customer satisfaction.

OBJECTIVES AND ACTIVITIES:

- To deliver one of the highest quality curbside chipper/leaf pickup service in the central Ohio area.
 - To continue to ensure our contracted refuse services are of the highest quality.
 - To maintain good customer relations by providing quality service pickup.
 - To keep storm systems free of leaf debris.
 - To keep the City's right-of-way free of unsightly and unsafe vegetative debris piles.
 - To perform chipper/leaf pickups in an economical efficient manner.
 - To continue to inform and educate the public on the City's solid waste programs.
 - To continue to increase the diversion rate from landfills by encouraging both business and residential recycling.
-

<u>PERSONNEL DATA</u>	<u>2013</u>	<u>2014</u>

2014 OPERATING BUDGET - CITY OF DUBLIN, OHIO

Public Service / Solid Waste Management

BUDGET SUMMARY:

101-1311

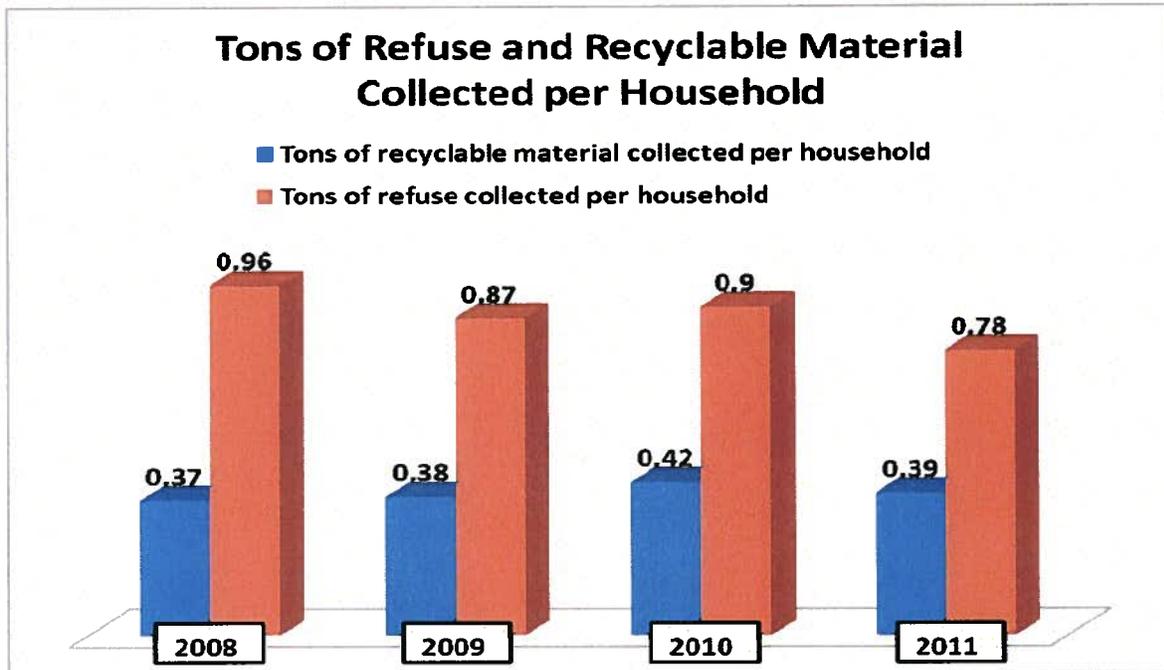

- Account 2110 provides funding for the staffing reflected in the Personnel Data and the Notes and Adjustments.
- Account 2201 provides funding for Commercial Driver's License renewals, professional development training, and the LTAP Road Scholar training.
- Account 2330 provides contingency funding for equipment rental that may be required in the event of detrimental weather.
- Account 2349 provides funding for professional services to remove City facility hazardous waste and street sweeper waste disposal.
- Account 2420 provides funding for operation supplies including waste hauler permits, paint, nuts/bolts, and other consumable items.
- Account 2811 provides funding for the City's refuse/recycling contract with Rumpke, which was renewed in 2009 for the 2010–2014 time period. In addition, this account provides funds for small facility recycling containers, tipping fees for dumpsters/special events, recycling containers for events, and funds to repair or replace existing residential recycling containers.
- Account 2813 provides funding for Earthweek, and Household Hazardous Waste.
- Account 2520 provides funding to replace small equipment such as a roll-away locking toolbox and a two piece stackable toolbox.

2014 OPERATING BUDGET - CITY OF DUBLIN, OHIO

Public Service / Solid Waste Management

PERFORMANCE MEASURES:

- 1) Tons of Recyclable Material Collected per Household
- 2) Tons of Refuse Collected per Household

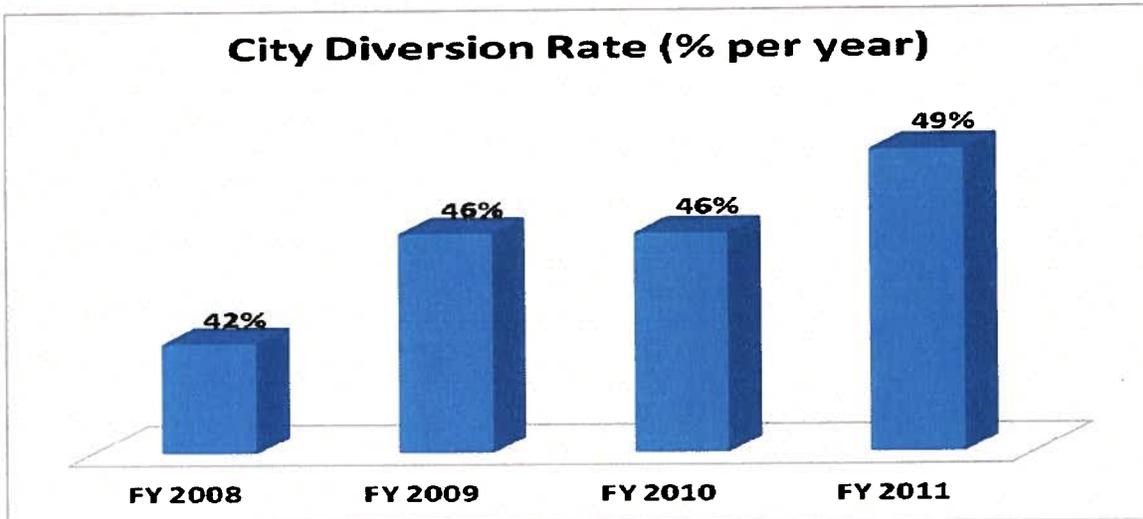

The Streets and Utilities Division uses both measurements above (tons of refuse/recycling collected per household) to calculate an average rate of tons collected per solid waste customer in Dublin. The division is able to compare the data for recycling and refuse collection to better understand the effect of new programs and the effect of the economy on quantities of solid waste material collected. This enables the City to focus on continuous innovative improvement therefore helping to increase the City's overall diversion rate.

2014 OPERATING BUDGET - CITY OF DUBLIN, OHIO

Public Service / Solid Waste Management

PERFORMANCE MEASURES: CONTINUED

3) City Diversion Rate (% per Year)

The City of Dublin measures diversion rate as the amount of waste directed away from the landfill through reuse, recycling, and composting of materials. There are economic, environmental and social benefits to increasing the City's diversion and recycling rates including: decreased tipping fees, increased landfill life span, and the conservation of resources.

4) Percent of Citizens Rating Yard Waste, Leaf Collection, Recycling Collection and Chipper Service as Good or Excellent (Dublin Citizen Satisfaction Survey)

Residents value the aesthetic qualities of Dublin and appreciate services such as recycling, leaf collection, yard waste collection and chipper service. The quality of the services offered along with the commitment of City staff to providing excellent customer service to Dublin residents has attributed to the high satisfaction rates shown above.

THIS PAGE LEFT BLANK INTENTIONALLY

2014 OPERATING BUDGET - CITY OF DUBLIN, OHIO

Administrative Services / Fleet Management

STATEMENT OF FUNCTIONS:

The Fleet Management Division provides City staff with safe, well-maintained transportation, enabling them to perform tasks with highly maintained vehicles that reflect a positive image for the City. Goals include ensuring all vehicles and equipment are well maintained and repairs are made in a timely and effective manner. Staff will continue to pursue alternative fuel and other options in an effort to reduce emissions of the City fleet and equipment.

OBJECTIVES AND ACTIVITIES:

- Provide the highest vehicle maintenance standards.
 - Properly maintain fleet to ensure all City equipment is safe for use.
 - Add/replace vehicles and equipment as needed to ensure the correct equipment is available to complete tasks safely and economically while delivering services to residents at expected levels.
 - Implement consistent preventative maintenance procedures to ensure maximum usage of equipment.
 - Provide support for the online auction to dispose of older vehicles and equipment from the fleet.
 - Analyze alternative fuel and hybrid fleet options and incorporate those options when appropriate.
 - Oversee the City's fueling station.
 - Monitor and analyze vehicle and equipment usage to ensure proper size of fleet.

2014 OPERATING BUDGET - CITY OF DUBLIN, OHIO

Administrative Services / Fleet Management

BUDGET SUMMARY:

101-1321

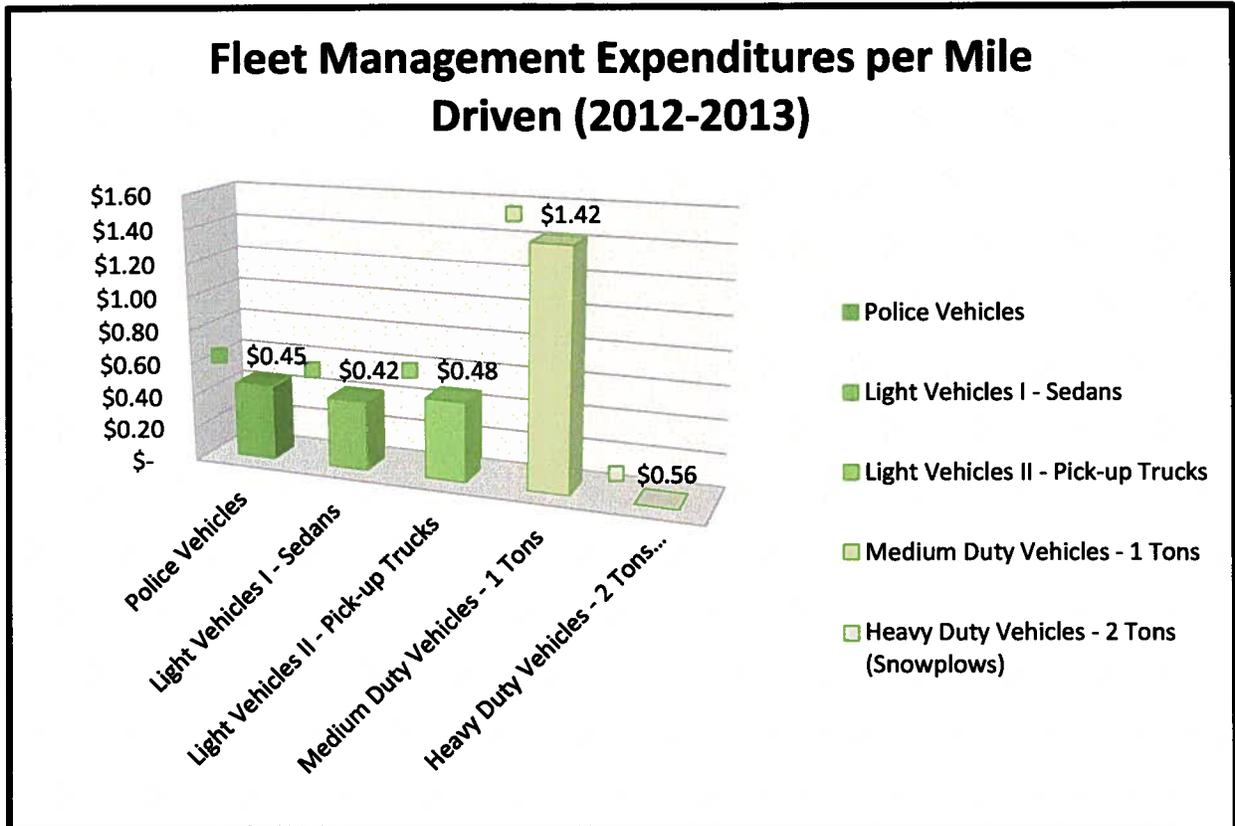

- Account 2110 provides funding for the staffing reflected in the Personnel Data.
- Account 2140 provides funding for rental uniforms, boots and gloves, and safety glasses.
- Account 2201 provides funding for ASE certifications, welding certifications (for two technicians), and other specialized training.
- Account 2330 provides funding for rental of welding tanks.
- Account 2349 includes funds for required fuel tank registrations and fuel tank cleanings; service on the parts cleaner; vehicle registration, titles, plates and all towing of vehicles; and removal of used tires.
- Account 2351 provides funding for maintenance and various equipment inspections. This would include maintenance & lift inspections, fuel system maintenance and repairs, bucket truck inspections (OSHA required), and bulk oil delivery system.
- Account 2390 provides funds for car washes as needed. This account also provides funding for Integrated Business Solutions (IBS - NAPA) which is the City's parts provider and assists with inventory and warranties. It is a three year contract and provides for a NAPA employee to be on-site during regular business hours.
- Account 2391 provides funds for subscriptions and employee membership dues in the National Association of Fleet Administrators (NAFA).
- Account 2420 includes funding for soaps, hand cleaners and other operating supplies.
- Account 2421 provides funding for fuel (unleaded, diesel, CNG) and other petroleum products. Over 50% of the fuel purchased by the City is consumed by the Dublin City School District and Washington Township. Those costs are recovered through reimbursement to the City based on actual usage plus a surcharge.
- Account 2431 provides funding for the repair and maintenance of all City-owned vehicles and equipment (tires, parts, curb shoes, blades, plows, cutting edges).
- Account 2440 provides funding for hand tools and special tools due to model year changes.
- Account 2520 provides funding for a mig welder and miscellaneous office furniture.

2014 OPERATING BUDGET - CITY OF DUBLIN, OHIO

Administrative Services / Fleet Management

PERFORMANCE MEASURES:

Total Maintenance/Repairs and Fuel Expenditures cost per Mile Driven (by Vehicle Type)

Fleet Management tracks this measurement to assess the overall cost per mile by vehicle type to determine the operating cost to the City. Various management decisions can be based on the results. For example, increased maintenance costs for a particular vehicle or vehicle type factors into decisions regarding replacement and replacement cycles.

2014 OPERATING BUDGET - CITY OF DUBLIN, OHIO

Public Service / Engineering

STATEMENT OF FUNCTIONS:

Engineering provides services such as design review, pavement management, operation and maintenance of traffic signals, street lights, the outdoor warning system, school zone flashers, traffic sign and pavement marking maintenance, surveying, construction inspection, design, operation and maintenance of water distribution, storm and sanitary sewers, flood plain, retention and detention basins, management of capital improvement projects and consultation on proposed projects to various City departments. The City Engineer is responsible for ensuring engineering standards and guidelines are followed for all work in the public rights-of-way and easements. This function reviews the engineering aspects of all development projects and provides significant support to Streets and Utilities, and Parks and Open Space regarding the maintenance of City infrastructure. The City Engineer provides advice and information to City Council, the Planning and Zoning Commission, and Task Forces when convened for special initiatives/projects.

OBJECTIVES AND ACTIVITIES:

- To maintain City infrastructure by establishing maintenance programs for sanitary and storm sewers, water lines, manholes, streets, curb and gutters, sidewalks, shared-use paths, traffic signals, signage, pavement markings, flood plain and ponds.
- To manage timely completion of assigned City capital improvement projects.
- To ensure comprehensive, timely review of engineering plans and reports for capital improvement projects, subdivisions and development related projects.
- To coordinate with other governmental agencies in regards to pursuing federal and state grants, storm and sanitary sewer, water distribution and other applicable issues.
- To manage the comprehensive stormwater maintenance and improvement program.

2014 OPERATING BUDGET - CITY OF DUBLIN, OHIO

Public Service / Building Standards

STATEMENT OF FUNCTIONS:

Building Standards is under the administrative direction of the Director of Building Standards (Chief Building Official) who reports to the Deputy City Manager/Director of Economic Development. The primary responsibility of Building Standards is to ensure that all new construction, both commercial and residential, complies with all applicable state, local, and national building codes.

OBJECTIVES AND ACTIVITIES:

- To ensure that all new construction complies with all applicable state, local, and national building codes.
 - To perform plan reviews on applications, perform inspections, issue permits and issue certificates of occupancy.
 - To provide direction and communicate with the construction applicants and the public.
 - To provide timely information regarding levels and types of construction activity within the City to City departments, applicants, and the public.
 - To provide drafting and architectural support to City projects.
-

2013 OPERATING BUDGET - CITY OF DUBLIN, OHIO

Public Service / Building Standards

BUDGET SUMMARY:

101-1340

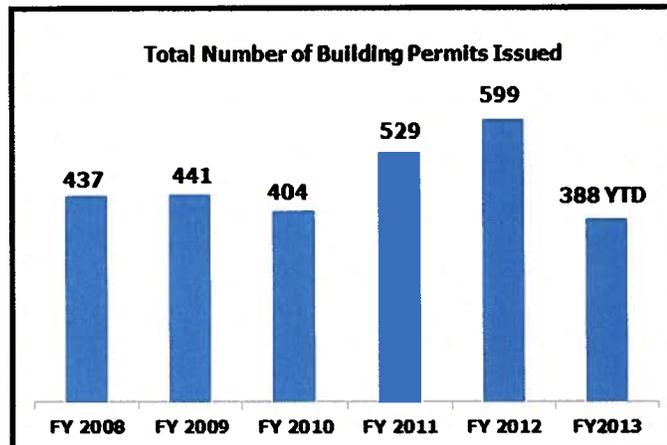

- Account 2110 provides funding for staffing reflected in the Personnel Data.
- Account 2140 includes shirts, boots and cold weather wear for Inspectors.
- Account 2201 provides funding for training, attendance at regional conferences and required State certifications.
- Account 2347 includes funding for plumbing inspection services from the Franklin County Board of Health. The budget for this account fluctuates with the level of building activity; however fees collected directly offset this expense.
- Account 2348 funds contract services needed to complement the plan review which is completed in-house.
- Account 2390 provides funding for credit card machine transaction fees.
- Account 2420 provides funding for supplies such as technical equipment, code reference materials for Inspectors and Plan Review staff.
- Account 2910 provides funding for unanticipated refunds.

2014 OPERATING BUDGET - CITY OF DUBLIN, OHIO

Public Service / Building Standards

PERFORMANCE MEASURES:

1) Total Number of Building Permits Issued (Commercial and Residential)

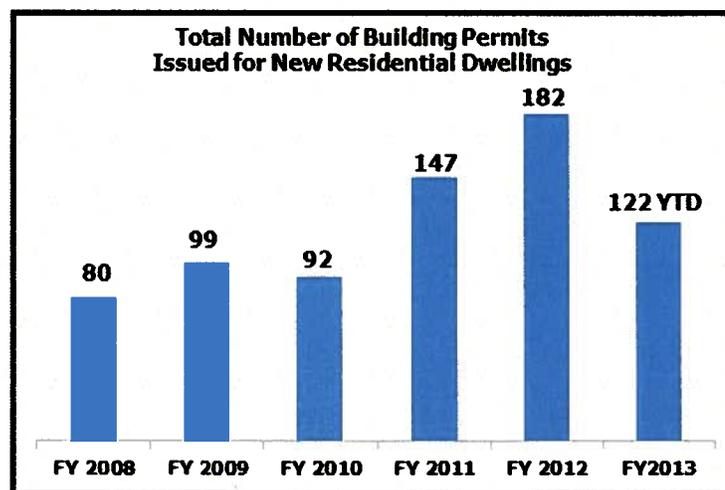

**2013 figure represents data collected as of August 31, 2013*

The total number of building permits increased from 2008 to 2012 approximately 37%. The lowest numbers of permits were issued in 2010. However, Building Standards saw a 13% increase compared to 2011 and 48% increase compared to 2010. The volume of permit activity is continuing an upward trend.

Based on the numbers activity in the construction sector of Dublin's economy appears to be making and sustaining solid gains. Based on this trend Building Standards must continue to examine its resources, both fiscally and in personnel, to continue to keep up with those indicators.

2) Total Number of Building Permits Issued for New Residential Dwellings Units (Incl. Single Family and Multi-Family)

**2013 figure represents data collected as of August 31, 2013*

2014 OPERATING BUDGET - CITY OF DUBLIN, OHIO

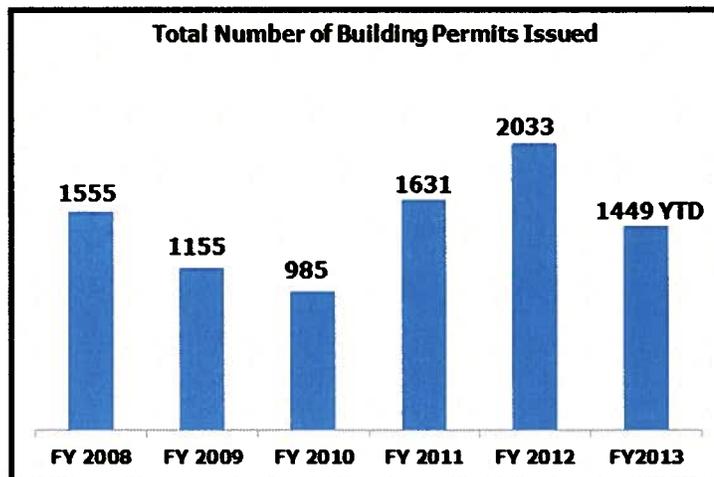

Public Service / Building Standards

PERFORMANCE MEASURES: CONTINUED

The total number of new residential building permits increased from 2008 to 2012 approximately 127%. The lowest numbers of permits were issued in 2008. This was a drastic decrease from the 2007 high of 154 new residential dwelling permits issued. It appears that we are on track to match or exceed the 2007 permits issued for 2013.

A good indicator of construction growth is in residential sector construction. While we have seen a drastic decrease from 2007 numbers, the City has seen a marked trend upward since the low 2008. This bodes well for the amount of permit activity that Building Standards will continue to see for the near term. Generally speaking, after construction of these residential units, there generally is also a trend of remodeling that occurs, mostly in basements of these buildings. Those basement finishes tend to continue to place a demand on our staff resources in the form of permit processing, plan review and inspections in the building, electrical and mechanical trades.

3) Building Permits Issued: Total Square Feet x 1,000 (Commercial and Residential)

**2013 figure represents data collected as of August 31, 2013*

The total number of square feet of construction increased from 2008 to 2012 approximately 31%. The lowest square feet of construction came in 2010. However, between 2010 and 2012, there was an increase of 106%.

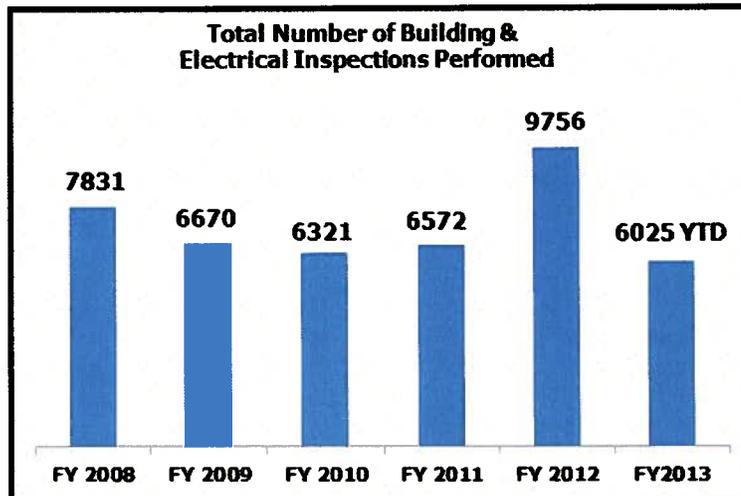

Building permit fees are primarily based on the square feet of construction space. As a result, when square foot activity increases, our building permit revenues also increase. Also, as building permit activity increases, "over-the-counter" permit activity also increases because of the need for new associated electrical, mechanical and plumbing permits.

2014 OPERATING BUDGET - CITY OF DUBLIN, OHIO

Public Service / Building Standards

PERFORMANCE MEASURES: CONTINUED

4) Total Number of Building and Electrical Inspections Performed

**2013 figure represents data collected as of August 31, 2013*

The total number of building and electrical inspections decreased from 2008 to 2012 approximately 25%. Compared to a low of 6,321 inspections in 2010, there was an increase of 54% between 2010 and 2012. While building and electrical inspections usually lag behind the numbers for building permits issued, it appears that the volume of inspections will continue the upward trend compared to a few years ago.

2014 OPERATING BUDGET - CITY OF DUBLIN, OHIO

Land Use and Long Range Planning

STATEMENT OF FUNCTIONS

The division is responsible for the City's land use planning, zoning reviews, code enforcement, and oversight of several boards and commissions. More importantly, the division is responsible for analyzing the changing needs of the city and identifying and implementing long range planning objectives that address these needs. This includes identifying trends that need to be addressed (changes in demographics, attracting and retaining a stable business community, aging infrastructure, etc). Once the objectives of the project are established, a strategic work plan is created to oversee and implement recommendations that will be forwarded to various public entities including the Dublin City Council.

All of these activities relate to the following functional areas: review of development proposals; preparing/updating and implementing the Community Plan; project analysis; area studies; code enforcement; zoning compliance inspections; land use modeling and impact analysis; capital improvement programming and economic development support; code amendment preparation; and customer service operations. The mission statement is as follows:

Mission Statement

The Mission of the Land Use and Long Range Planning work unit is to provide professional and technical expertise to guide the land use decisions of public officials, residents, and the development community. We engage our citizens to establish and realize a long range vision for Dublin's land use and development character. We facilitate the zoning process through the implementation of the Community Plan and the administration and enforcement of the City's land use codes.

OBJECTIVES AND ACTIVITIES

- To be responsive to citizens on planning issues and facilitate a citizen participation process.
- To plan the orderly, high quality growth of the city by implementing the Community Plan.
- To assist economic development activities by providing land use/site design support.
- To assist in the coordination and the implementation of the capital improvement program.
- To manage development proposals through the public hearing process.
- To administer development regulations.
- To be responsive to City Council goals.
- To ensure compliance with all orders of City Council, Planning Commission, Administrative Review Team, Board of Zoning Appeals, Architectural Review Board, and various special subcommittees, task forces, and other groups.

2014 OPERATING BUDGET - CITY OF DUBLIN, OHIO

Land Use and Long Range Planning

BUDGET SUMMARY:

101-1410

- Accounts 2110 provides funding for the staffing reflected in the Personnel Data.
- Account 2112 provides wages for the Planning Assistants.
- Account 2201 includes funding for participating in the HTE Users Group conference, planners attending the national and state planning conferences, consultants for City Council and Planning and Zoning Commission joint training sessions, training and certification requirements of the Landscape Architect and Landscape Inspectors, and training and certification requirements for our Code Enforcement Officers.
- Account 2211 provides funding for group meetings sponsored by the City and includes resources for food, beverages, and associated supplies.
- Account 2320 provides funding for postage for all work units located within the 5800 Building.
- Account 2344 provides funding for planning area studies. Funding has been included for continued studies related to the Next Dublin project (a long-term study reviewing inter-generational shifts), modifications to the Community Plan, and various Bridge Street District consulting services.
- Account 2349 provides funding for architectural consulting services for the Administrative Review Team, supporting the Historic District and the rest of the Bridge Street District, and the West Innovation District. The services will also be used to provide recommendations for general graphics design for other division projects.
- Account 2391 provides funding for membership fees such as the APA (state and national) and ASLA.
- Account 2420 includes funding for office supplies and supplies for specialized presentations.
- Account 2830 provides funding for mowing services and landscape projects under the supervision of the City's Zoning Inspectors and Code Enforcement Officers. The majority of these costs are recovered through assessments.

2014 OPERATING BUDGET - CITY OF DUBLIN, OHIO

Development / Office of the Director

STATEMENT OF FUNCTION:

Director of Development oversees the Divisions of Economic Development, LU&LRP, Engineering, Building Standards, and a team of consultants. The 2014 budget provides for continued emphasis on the key components of the City's economic development program to include: business retention and expansion; business attraction; business creation; workforce development; marketing and advocacy (website, marketing, and communications to Dublin businesses); and managing the City's broadband infrastructure. Significant changes in the 2014 budget include a new workforce training program, increased international business programming and the implementation of a 100-gig backbone fiber project. Economic development efforts will continue to include activities with various private and public organizations/agencies involved in local, regional and state-wide economic development; the integration of local economic development objectives with broader community planning policies and goals; pro-actively engage the development/real estate community; maintain involvement with community organizations; administer City's incentive programs; and serve as a local business liaison to assist with development issues.

OBJECTIVES AND ACTIVITIES:

- Retain, grow, attract & create industry-focused jobs to ensure financial security of the City.
- Implement and promote development of 7 key business districts: Bridge Street, West Innovation, Shier Rings Tech Flex, Blazer Research, Metro Center, Perimeter Commerce and Emerald Corporate as a result of updated zoning, marketing, processes and infrastructure.
- Implement & leverage expertise of industry-specific advisory committees organized in 2014.
- Provide a business retention and expansion program that effectively and pro-actively communicates to, engages with and involves Dublin businesses in the community & region.
- Expand and promote Dublin Entrepreneurial Center programming and partnerships.
- Implement specific Battelle Study strategies to strengthen the four targeted industry sectors. Continuously leverage the expertise and efforts of Columbus 2020 for business attraction and leverage the talent of City staff to respond to leads.
- Effectively communicate with Dublin businesses and the education/training community to understand access to, availability of and needs regarding a qualified workforce.
- Continually strengthen and improve relations with the commercial development and corporate real estate community.
- Implement strategies to expand wider use of publicly-owned bandwidth in the Wi-Fi and Dublink fiber optic systems.
- Assess and adjust organizational functions and processes in order to be development/re-development friendly while promoting and upholding high-quality growth standards.
- Positively and cooperatively interact with other government agencies and entities.

2014 OPERATING BUDGET - CITY OF DUBLIN, OHIO

Development / Office of the Director

BUDGET SUMMARY:

101-1710

- Account 2110 provides funding for staffing reflected in the Personnel Data.
- Account 2210 includes funds for business meeting expenses for luncheons with developers, business leaders, prospective industries, etc.
- Account 2211 provides funding for group meetings sponsored by the City and includes funding for one international mission with Columbus 2020.
- Account 2330 provides funding for the City's contribution to office, conference and training spaces at the Dublin Entrepreneurial Center.
- Account 2349 includes funding for consultation related to economic development, continued Wi-Fi and fiber expansions, telecommunications engineering and wireless consulting, marketing and workforce development consulting.
- Account 2370 includes funds for marketing and advertising focused on targeted industry attraction efforts including print and web advertising.
- Account 2380 funds printed projects, site selection materials, business retention packets and event invitations for economic development.
- Account 2391 provides funding for such memberships as with the Dublin Chamber of Commerce, TiE Ohio, Mid-Ohio Development Exchange, Columbus 2020, TechColumbus, Xceligent, etc.
- Account 2822 includes funds to support economic development programs including regional outreach, business appreciation, economic outlook, business attraction, retention and expansion; along with regional and joint partnerships, including TechColumbus. This account also includes expenses associated with DubLink operations, maintenance and right-of-way acquisition.
- Account 2825 reflects funding for economic development incentives in accordance with executed Economic Development Agreements.

2014 OPERATING BUDGET - CITY OF DUBLIN, OHIO

Development / Office of the Director

PERFORMANCE MEASURES:

1) Total Number of Jobs Retained through Economic Development Agreements

This measure shows that through the execution of Retention/Expansion Economic Development Agreements (EDAs), the City is successful at retaining employers at risk of moving from Dublin. This does not include companies renew leases without requesting incentives from the City to do so.

2) Total Number of Jobs Created through Economic Development Agreements

This measure shows that through the execution of Attraction EDAs, the City is successful at recruiting new employers to Dublin.

Year	EDAs	Jobs Retained	New Jobs
2012	5	711	299
2011	12	638	970
2010	7	917	249
2009	7	541	372
2008	10	902	440
2007	9	110	937
2006	11	1097	610
2005	11	804	1,756
2004	9	478	530
	81	6,198	6,163

3) City of Dublin (43017) Unemployment Rate – Civilian Labor Force data

July 2013	5.1%
------------------	------

A high rate of unemployment indicates limited employment opportunities in a labor market that is in a situation of oversupply. A low rate of unemployment indicates a tight labor market, potential scarcity of skilled labor, and future cost pressures from wage demands from workers. Ideally, 5.5% is an acceptable percentage. Anything above 8% or below 5% is challenging.

4) City of Dublin Commercial Office Vacancy Rate

June 2013	14.9%
------------------	-------

Vacancy Stabilization is considered 12.5%. Dipping below 10% indicates the need for more office product/new development, and rental rates typically begin to rise and get increasingly competitive. Getting above 13% indicates it's a renter's market, and rates are typically competitive. Anything consistently about 17% requires deeper analysis to understand if there is a great overall issue driving the high rate (a spike in new buildings added to inventory, aging buildings going empty, crime, unrealistic pricing, surrounding infrastructure problems, recent change in building values or taxes, recent and proximate new inventory competition, etc).

5) Annual Number of Retention Visits Conducted

FY 2012*	837
-----------------	-----

The goal is to have meaningful interactions with as many companies as possible annually. This is accomplished through 1-on-1 meetings, tours, conversations to discuss and solve issues, and recognitions. The Economic Development Division's annual goal is 500 visits.

2014 OPERATING BUDGET - CITY OF DUBLIN, OHIO

Administrative Services / Office of the Director

STATEMENT OF FUNCTIONS:

Administrative Services provides direction and oversight to Court Services, Records Management, Information Technology, Facilities Management and Fleet Management.

OBJECTIVES AND ACTIVITIES:

- To provide leadership and direction to the staff within Information Technology, Fleet Management, Court Services and Facilities Management.
- To ensure the City's goals and strategic objectives are reached in each of the functional areas in an efficient, effective and responsive manner.
- To provide appropriate learning and development opportunities to employees and employee teams.
- To provide citywide special project support as needed.

<u>PERSONNEL DATA</u>	<u>2013</u>	<u>2014</u>
<u>POSITION TITLE</u>	<u>CURRENT NUMBER</u>	<u>PROPOSED</u>

2014 OPERATING BUDGET - CITY OF DUBLIN, OHIO

Administrative Services / Information Technology

STATEMENT OF FUNCTIONS:

Mission Statement: Enabling our customers to meet the needs and desires of the community by optimizing the use of appropriate and forward thinking technology solutions that are aligned with citywide goals and objectives.

The administration of the City's information technology is the responsibility of the Director of Information Technology (IT). This involves planning, maintaining, developing, overseeing and managing the City's local area and wide area networks, wireless access, the IBM iSeries Systems, all personal computers, printers, copiers, the citywide telephone system, mobile phones, mobile devices, and any other technology related issue. IT must also enhance and promote the utilization of technology so that city operations realize the benefits of using technology as a tool. On a citywide basis technology is analyzed to determine how it could affect improvements in productivity and decision-making, increase staff and citizen safety, and enhancements to all City services. This function continues to grow with the expectation of efficiencies and innovation that technology can provide to meet city needs. The ultimate goal of the Information Technology Division is to continually strive towards improving our quality of service and value to the organization and to be viewed as a business partner with the other City Divisions.

OBJECTIVES AND ACTIVITIES:

- Provide vision, leadership and direction for evaluating and re-evaluating current and emerging technologies and implementing cost-effective technology solutions.
- Enhance services to the entire Dublin community through the appropriate and proactive use of technology.
- Provide a reliable infrastructure/network to effectively and efficiently use technologies.
- Provide timely and efficient technical support to all work units.
- Become a business enabler and partner with work units by assisting them in operational improvements, through an understanding of their business processes and needs and managing the implementation of technology solutions to meet those needs.
- Provide comprehensive project management services for implementing technology solutions, including procurement, contract negotiations, professional services, software integration and project status reporting
- To provide technology solutions that meet overall City objectives.
- Develop and retain motivated, competent staff to meet these business objectives.

THIS PAGE LEFT BLANK INTENTIONALLY

2014 OPERATING BUDGET - CITY OF DUBLIN, OHIO

Administrative Services / Court Services

STATEMENT OF FUNCTIONS:

Court Services serves as the judicial branch of the City. Court Services is responsible for monitoring all court operations including the collection of fines, preparing the court docket, and processing all parking, traffic, and criminal citations. As a sentencing alternative, Adult Probation, Adult and Juvenile Diversion, Adult and Juvenile Traffic Diversion, and Provided No Conviction programs are offered. Court Services is also responsible for implementing and operating the City's Records Management Program, which includes both on and off-site central storage, destruction of records in accordance with the City of Dublin's retention schedule and document imaging services.

OBJECTIVES AND ACTIVITIES:

- To provide the highest level of quality service to our customers, both internal and external.
 - To enforce court orders.
 - To maintain high levels of accuracy on all court records.
 - To effectively administer the adult probation, adult and juvenile diversion, juvenile traffic diversion, and the provided no convictions programs.
 - To eliminate unnecessary time delays in scheduling adult probation cases, diversion cases and in processing court documents.
 - To effectively monitor all sentencing alternatives cases for compliance with court orders.
 - To maintain harmonious relations between the Magistrates, the prosecutors, the Police and the court staff in order to better serve the public.
 - To maintain secure and orderly courtroom operations.
 - To provide information and outreach about the criminal justice system to the public.
-

<u>PERSONNEL DATA</u>	2013	2014

2014 OPERATING BUDGET - CITY OF DUBLIN, OHIO

Administrative Services / Court Services

BUDGET SUMMARY:

101-1930

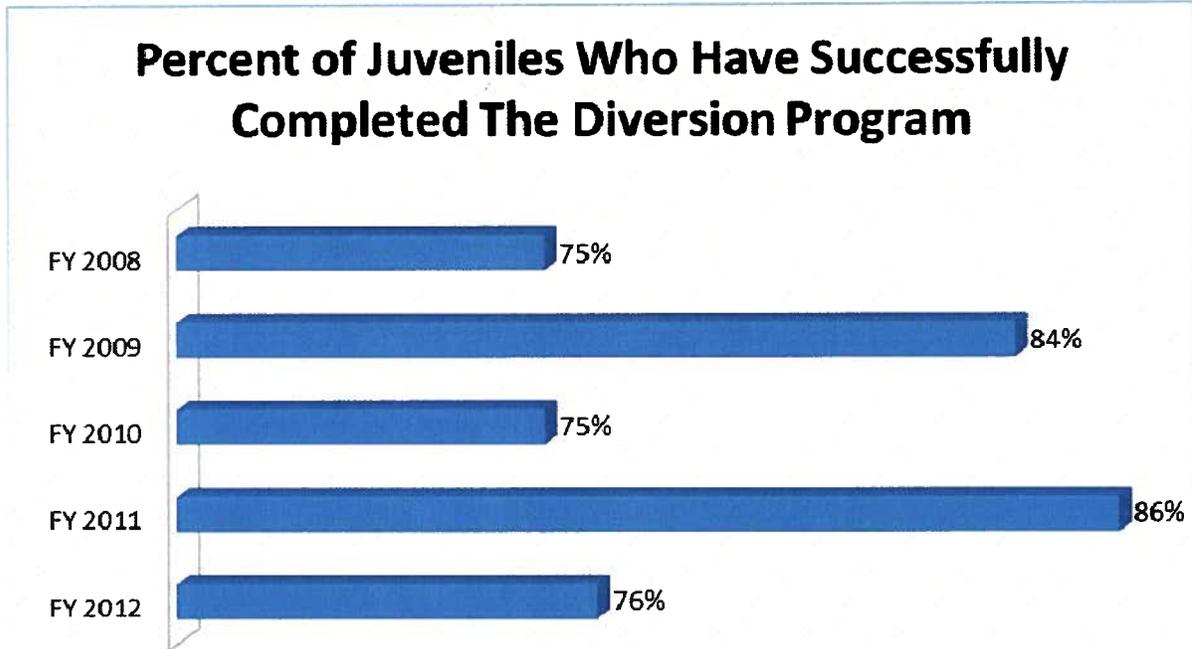

- Account 2110 provides funding for the staffing reflected under Personnel Data.
- Account 2111 provides funding for overtime at special events only. Staff flexes their hours to eliminate overtime as a result of Mayor's Court on Tuesday evenings.
- Account 2201 provides funding for staff training and conferences.
- Account 2345 provides funding for services provided by the Delaware County Prosecutor's Office, the Franklin County Public Defender's Office and Union County Public Defender's Office.
- Account 2349 includes funds for prisoner boarding and medical services at the Franklin County Jail, the City's share of the Franklin County Municipal Court's operational costs, interpreter's fees, and fees for use of a full time magistrate.
- Account 2390 provides funding for witness fees and bank fees for accepting credit cards.
- Account 2420 provides funding for specific supplies that are necessary to court operations such as court pockets, citations and criminal complaint forms.
- Account 2520 provides funding for a digital recording system to replace the current one in the Justice Center Courtroom.

2014 OPERATING BUDGET - CITY OF DUBLIN, OHIO

Administrative Services / Court Services

PERFORMANCE MEASURES:

1) Percent of Juveniles Successfully Completing Diversion Program

This measurement is reflective of the percentage of juveniles who completed all of the required conditions of the diversion program and did not re-offend during the 6 months the case remained open. It is also used as a benchmark to ensure that the City is providing the appropriate level of client-service.

2014 OPERATING BUDGET - CITY OF DUBLIN, OHIO

Administrative Services / Records Management

STATEMENT OF FUNCTIONS:

Records Management was established to maintain efficient methods for storage and retrieval of documents and to eliminate the unnecessary retention of obsolete records. As part of Records Management, a central storage facility was created to reduce the amount of prime office space being utilized by active and inactive records. Operated by Court Services, the central storage facility allows for active and inactive records to be examined, archived and/or scheduled for destruction in accordance with the procedures established in the Ohio Revised Code and standards accepted by the City of Dublin Records Commission. Records Management also supervises document imaging services.

OBJECTIVES AND ACTIVITIES:

Records Management

- To provide the highest level of quality service to our customers, both internal and external.
 - To continue to develop and implement Records Management policies to provide consistency in maintaining records for the City of Dublin.
 - To continue to micro-image permanent documents for archival and historical purposes.
 - To effectively administer a central storage facility for archival of active and inactive records and the scheduled destruction of obsolete records.
 - To assist all City work units in maintaining records in accordance with Ohio Revised Code and standards accepted by the City of Dublin Records Commission.
 - To assist with the City of Dublin's eco-friendly day by providing a company to shred residents' documents.

2014 OPERATING BUDGET - CITY OF DUBLIN, OHIO

Administrative Services / Records Management

BUDGET SUMMARY:

101-1931

- Account 2110 provides funding for staffing allocations as provided under the Personnel Data - Notes and Adjustments section.
- Account 2349 provides funding for the scanning of permanent records and frequently accessed records.
- Account 2351 provides funding for maintenance contracts for software and two microfilm readers.
- Account 2390 provides funding for off-site records storage for microfilmed originals and historical paper documents, and on-site records destruction.

2014 OPERATING BUDGET - CITY OF DUBLIN, OHIO

Administrative Services / Records Management

PERFORMANCE MEASURES:

1) Percent of Records Stored in City Storage Facility Destroyed as Scheduled

FY 2013*	100%
-----------------	------

**Only includes records stored in Justice Center, not those held by individual employees.*

This measurement reflects the percentage of cubic foot boxes in storage at the Justice Center that are destroyed each year according to the City's retention schedule. Retaining records beyond their retention date can create unnecessary storage issues as well as potential liability issues.

2014 OPERATING BUDGET - CITY OF DUBLIN, OHIO

Administrative Services/Facilities

STATEMENT OF FUNCTIONS:

The Facilities Work Unit is charged with protecting the City's investment in public buildings by insuring that both the appearance and functions are preserved. This is accomplished by adhering to proper preventive maintenance programs, performing repairs in a professional manner and as quickly as possible, maintaining a safe and clean environment for building occupants and visitors, and by seeking the most efficient utilization of space and energy resources.

OBJECTIVES AND ACTIVITIES:

- To establish and implement a proactive preventive maintenance program.
 - To perform regular inspections of City facilities and equipment.
 - To provide custodial services in City facilities, utilizing green cleaning practices as much as possible.
 - To perform repairs to equipment and facility components.
 - To provide oversight for facility construction and renovation projects.
 - To perform citywide space needs evaluation, planning and design.
 - To reduce energy consumption in City facilities by introducing best practices in conservation and installing efficient mechanical and electrical systems.
-

2014 OPERATING BUDGET - CITY OF DUBLIN, OHIO

Administrative Services/Facilities

BUDGET SUMMARY:

101-1940

- Account 2110 provides funding for full-time staffing reflected in the Personnel Data.
- Account 2111 provides funding for overtime wages to provide staff coverage for maintenance projects, emergency call-ins and special events.
- Account 2112 provides funding for Seasonal Maintenance Workers who maintain restrooms and shelters in the parks during the spring and summer.
- Account 2201 provides funding for staff training and professional development. Increase in funds to train additional staff on maintaining the Compressed Natural Gas fuel site.
- Account 2310 provides funding for electricity, natural gas and water and sewer charges for City facilities with the exception of the Community Recreation Center (charged to the DCRC facility account).
- Account 2320 provides funding for postage for the Service Center mail meter and funds for express mail and courier services.
- Account 2350 includes funding for ongoing general maintenance of City-owned facilities except for the Community Recreation Center and outdoor pools, which have their own funding source. Additional funding reflects transfer of responsibility for maintaining security cameras and door access system from the Information Technology Division.
- Account 2390 includes funding for preventive maintenance contracts for mechanical systems throughout City-owned facilities and cleaning services for carpet, resilient flooring and windows.
- Account 2420 includes funding for custodial and maintenance supplies.
- Account 2440 includes funding for maintenance tools and small custodial equipment.

Volunteer Resources

STATEMENT OF FUNCTIONS:

Volunteer Resources supports the achievement of meaningful, inclusive community engagement through innovative service opportunities that support and enhance City services and Dublin's quality of life.

OBJECTIVES AND ACTIVITIES:

- To provide a comprehensive, citywide volunteer program, to allow citizens an opportunity for service within their community.
- To continue to be recognized as a national model for engaging citizens in a effective community and government involvement with committed passionate community members and staff leadership.
- To operate under the following values:
 - Belonging** - Fostering a sense of community belonging.
 - Engaging** - Engaging residents in city government to build relationships and leadership.
 - Enriching** - Enriching people's lives through service.
 - Outstanding** - Innovation and recognition.
 - Learning** - Emphasis on learn-and-serve programming, focusing on local government learning.
 - Developing** - Building special connections with youth.
 - Supporting** - Developing fiscally responsible opportunities for enhancing City services and the community's quality of life.
 - Connecting** - In partnership with Economic Development and Events sponsorships, help to connect Dublin businesses to the community increasing their role of corporate citizenship/resident and potential long term commitment to Dublin.

2014 OPERATING BUDGET - CITY OF DUBLIN, OHIO

Volunteer Resources

PERFORMANCE MEASURES:

1) Dollar Value of a Volunteer Hour

City of Dublin	Known City of Dublin volunteer hours per year average 43,000
National value: \$22.14 per hr*	\$952,000 (\$22.14 x 43,000 hrs) for Dublin, OH
State value: \$19.23 per hr*	\$826,890 (\$19.23 x 43,000 hrs) for Dublin, OH

**2013 figures from The Independent Sector/Bureau of Labor Statistics*

Industry standard figures are used in the above table. Customarily, the field of volunteer administration utilizes the national figure of \$22.14 per volunteer hour. The Independent Sector/Bureau of Labor Statistics updates the figures regularly based on national labor statistic research.

2) Percent of City Programs Utilizing Volunteer Services

Of the 27 departments/divisions that make up the City of Dublin (based on the 2011 organization chart) there are currently 18 departments/divisions utilizing City volunteers. This represents 66% of the entire organization.

3) Percent of Volunteers Very Satisfied or Satisfied with their Overall Volunteer Experience who, based on their current experience, will continue to volunteer

2013 Volunteer Resources Survey Responses*	99%
--	-----

** Survey results as of September 2013*

2014 OPERATING BUDGET - CITY OF DUBLIN, OHIO

Public Service / Streets and Utilities

STATEMENT OF FUNCTIONS:

Streets and Utilities is the direct responsibility of the Director of Streets & Utilities, who reports to the Deputy City Manager/Director of Economic Development. Minor repairs and maintenance to the City's streets are charged to this program as is snow plowing and street salting. Programs include mosquito control and guardrail repair/replacement (as a result of accidents) and support to special events.

OBJECTIVES AND ACTIVITIES:

- Actively pursue cost comparisons between in-house staff and outsourcing.
 - Provide well-maintained streets and rights-of-way ensuring safe travel and enhancing the beauty of the City.
 - Clean all City streets four times per year to enhance the neighborhoods and construction areas.
 - Plan, coordinate, and execute all special events activities in a professional and economical manner.
 - Continued development of a comprehensive inspection procedure for catch basins, manholes, guardrails, vegetation control, trash pick-up and pavement conditions.
-

2014 OPERATING BUDGET - CITY OF DUBLIN, OHIO

Parks and Recreation / Recreation Services

BUDGET SUMMARY:

213-1630

- Account 2110 provides funding for full-time staffing reflected in the Personnel Data and the Notes and Adjustments.
- Account 2112 provides funding for seasonal staff wages, and includes a funding increase to accommodate an additional week of Wyandott summer camp – adjusted to accommodate 2014 Dublin City Schools’ schedule.
- Account 2320 provides funding for paper and ink for plotter, senior newsletter, and postage.
- Account 2330 provides funding for rental of camp facilities from Dublin City Schools, passenger bus rentals for senior programs, and mail and copy machine rentals.
- Account 2349 includes an increase for additional preschool sports programs, and anticipated increase in costs for planned field trips for summer camp. All additional costs will be offset by additional revenue through fees collected.
- Account 2380 includes funding for the Healthy (Recreation Services Activities and Programs) Brochure (split between this budget and the Community Recreation Center budget) and will include additional pages for the Dublin Schools community education programs.
- Account 2390 provides funding for fees to accept credit cards (allocated 50/50 split between this budget and the DCRC budget).
- Account 2420 provides funding for supplies for programs for summer camps, special needs programs, teens programs, adult and youth programs, and linens for special events at the DCRC.
- Account 2842 includes funding for league officials, and for the revenue split with Dublin City Schools for use of tennis courts for tennis league.
- Account 2520 includes funding for replacements of senior lounge and teen lounge furniture.

2014 OPERATING BUDGET - CITY OF DUBLIN, OHIO

Parks and Recreation / Community Recreation Center

STATEMENT OF FUNCTIONS:

The Dublin Community Recreation Center (DCRC) is a well managed, efficiently operated, state of the art facility providing the highest standards of organized and open leisure activities to the residents of Dublin and the Dublin School District. Through well-planned facility management and programming, the DCRC is committed to the highest level of service for our internal and external customers.

OBJECTIVES AND ACTIVITIES:

- To provide excellent customer service and maximize operational efficiency.
- To provide safe, quality leisure activities and services.
- To provide a combination of open recreation and structured program opportunities.
- Maximize recreational and leisure activities and promote a healthy community.
- To provide a facility, which meets or exceeds all state and local health and safety requirements, and support environmentally sound practices where reasonably possible.

2014 OPERATING BUDGET - CITY OF DUBLIN, OHIO

Parks and Recreation / Community Recreation Center

BUDGET SUMMARY:

213-1631

- Account 2110 provides funding for full-time staffing as reflected in the Personnel Data and the Notes and Adjustments.
- Account 2112 includes adjustments (reduction) to the funding for lifeguards based on trend spending analysis conducted this year. Reduction to the DCRC Manager on Duty position due to adjustments made to coverage between the Pool Manager (morning shift) and MOD schedule. Funding also included for additional hours for the reservation assistant to implement the proposed athletic field use policy.
- Account 2201 includes an increase to fund full lifeguard certification (required every other year) for existing staff and additional swim team coach travel for anticipated swim meets. All additional swim coach travel costs will be recovered through increased revenue for swim team participation fees.
- Account 2330 includes funding for rental of a postage machine and copier and reflects an increase for the rental of a 50 meter pool for the Community Swim Team.
- Account 2380 includes a decrease in funding due to anticipated better pricing for the printing of the Healthy Brochure printing costs are shared 50/50 with this budget and the Recreation budget.
- Account 2349 includes additional funding for payment for USA Swimming fees and all meet fees paid by participants in the indoor swim team program. Additional funding will be offset by fees collected by participants.
- Account 2330 includes funding for rental of a postage machine and copier and rental of a 50 meter pool for the Community Swim Team.
- Account 2380 includes funding for the Healthy (Recreation Services Activities and Programs) Brochure (split between this budget and the Community Recreation Center budget) and will include additional pages for the Dublin Schools community education programs.
- Account 2390 provides funding for cable for the DCRC and fees for accepting credit cards (allocated 50/50 split between this budget and the DCRC budget).
- Account 2420 provides funding for operating supplies such as pool chlorine, first aid supplies, and theater operating supplies.
- Account 2426 provides funding for program supplies such as arts and crafts supplies, aquatic participant certificates, birthday party package supplies, and various training manuals. Funding reflects a decrease in program supplies due to investments in re-usable training textbooks in 2013.
- Account 2442 provides funding to replace heavily used fitness equipment, per the rotation schedule of equipment. All equipment being replaced will be placed into service at other employee fitness rooms and/or posted online for resale through GovDeals.
- Account 2520 includes funding to replace theater lighting, leisure pool deck furniture, provide an oven for the Amberleigh Pavilion, and replace the Community Hall chairs and tables, which are 13 years old and are failing.

2014 OPERATING BUDGET - CITY OF DUBLIN, OHIO

Administrative Services/Community Recreation Center – Facilities

STATEMENT OF FUNCTIONS:

The Facilities Work Unit is charged with protecting the City’s investment in the Recreation Center by ensuring that both the appearance and functions are preserved. This is accomplished by adhering to proper preventive maintenance programs, performing repairs in a professional manner and as quickly as possible, maintaining a safe and clean environment for building occupants and visitors, and by seeking the most efficient utilization of space and energy resources.

OBJECTIVES AND ACTIVITIES:

- To establish and implement a proactive preventive maintenance program.
 - To perform regular inspections of facilities and equipment.
 - To provide custodial services, utilizing green cleaning practices as much as possible.
 - To perform repairs to equipment and facility components.
 - To provide oversight for certain recreation construction and renovation projects.
 - To reduce energy consumption at the Recreation Center by introducing best practices in conservation and installing efficient mechanical and electrical systems.

2014 OPERATING BUDGET - CITY OF DUBLIN, OHIO

Safety / Police

STATEMENT OF FUNCTIONS:

Police, under the direction of the Chief of Police, is comprised of three work units: Operations, Support Services, and Technical Services. Operations consist of the following: patrol, accident investigations, community impact unit, bicycle and motorcycle patrol, and the K-9 and reserve officer programs. The primary responsibility of the Operations Bureau is the maintenance of public order, involving the protection of constitutional guarantees, the enforcement of the law and the provision of services necessary to respond to other needs of the community. Support Services include the detective section, internal affairs, the Community Education Unit (including the DARE and school resource office programs), neighborhood watch, field training, and special events. Technical Services includes the communications center, records, property room, accreditation and training, court liaison, technology support and accounting budgeting and clerical support. The primary responsibilities of the Support Services and Technical Services bureaus are to provide the required support for all of the Division of Police.

Mission Statement: The Dublin Division of Police will provide the highest level of service through the enforcement of laws and the protection of life, property and the constitutional rights of all. We will meet the present and future needs of the public through a continued partnership with our community. We will remain dedicated to service and committed to excellence, focusing on the following core values:

- *Integrity - we hold ourselves accountable to the highest level of honesty, truthfulness, and ethical conduct.*
- *Pride - we take pride in ourselves as individuals, our Division as a team and our citizens as a Community.*
- *Respect - we will ensure that all persons are treated with equality, dignity and courtesy.*
- *Professionalism - we are committed to the highest level of professional standards through development of highly trained and motivated employees.*

OBJECTIVES AND ACTIVITIES

- To solve crimes and reduce the incidence of crime
- To provide a high level of customer service to the community
- To enhance the quality of life in the community
- To provide a high level of leadership and advanced training for staff
- To increase proactive policing methods in an effort to reduce the incidence of crime
- To reduce the community's traffic crash rate
- To develop further partnerships with the community entities in furtherance of our efforts to reduce crime
- To respond effectively to neighborhood traffic and crime concerns

2014 OPERATING BUDGET - CITY OF DUBLIN, OHIO

Safety/ Police

BUDGET SUMMARY:

214-1820

- Account 2110 provides funding for the staffing reflected in the Personnel Data and the Notes and Adjustments (excluding Communications Technicians and Communication Supervisors).
- Account 2111 provides funding for overtime for authorized sworn personnel and for support services for City special events.
- Account 2140 provides funding for uniform allowances and dry cleaning as provided for in the negotiated FOP contract; also includes funds for uniform replacements, uniforms for new personnel, replacement ballistic vests and first responder kits, uniform needs for the community impact unit.
- Account 2201 includes funding for career development mandatory and optional training, and advanced training opportunities for police personnel.
- Account 2211 includes funds for awards presentation expenses, team meetings, CALEA meeting expenses, as well as funds for a citizen police academy.
- Account 2320 provides funding for walkie/mobile parts and accessories, and COIRS annual fees.
- Account 2330 provides funding for a storage unit for an undercover surveillance van.
- Account 2349 provides funding for hospitalization/medical expenses for arrestees; lab fees/physicals/handwriting analysis and web check fees for law enforcement applicants only.
- Account 2351 provides funding for maintenance agreements for all departmental equipment including but not limited to the radio system radios and consoles in the Communication Center, radar and laser repair, and cruiser video system maintenance and repair.
- Account 2390 provides funding for services pertaining to the K-9 and other miscellaneous contractual services including private security for magnetometers (car washes, towing, leads online).
- Account 2391 includes funds for various professional memberships/subscriptions for law enforcement personnel.
- Account 24-10 includes funding for miscellaneous office supplies, accreditation and recruiting supplies.
- Account 2420 includes funding for equipment, ammunition, jail supplies, range supplies, canine food and supplies, and other miscellaneous operating supplies that are needed.
- Account 2851 includes funding for all DARE related supplies and activities.
- Account 2520 includes funding for equipment for motorcycles, equipment for the emergency operations center and miscellaneous equipment for the community impact unit and community service officers and miscellaneous furniture replacement.

214-1821

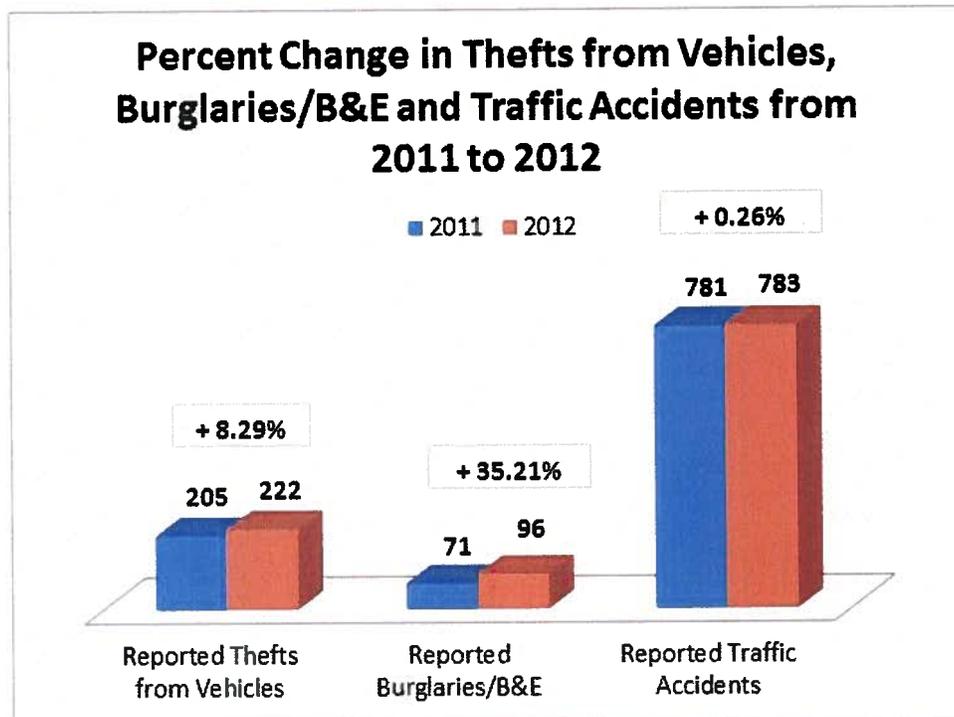

- Account 2110 provides funding for the staffing reflected in the Personnel Data and the Notes and Adjustments for Communications Technicians and Communication Supervisors only.
- Account 2111 provides funding for overtime for Communications staff.
- Account 2140 provides funding for uniforms and dry cleaning as provided for in the negotiated contract and also includes funds for uniform replacements and uniforms for new personnel.
- Account 2201 includes funding for career development and training.
- Account 2351 provides for funding maintenance of E911 equipment, CAD multi-jurisdictional maintenance, and LEADS service agreement.
- Account 2391 provides funding for professional memberships and a language line subscription.

2014 OPERATING BUDGET - CITY OF DUBLIN, OHIO

Safety/ Police

PERFORMANCE MEASURES:

- 1) **Percent Change in the Number of Reported Thefts from Vehicles (2011 to 2012)**
- 2) **Percent Change in the Number of Reported Burglaries/B&E (2011 to 2012)**
- 3) **Percent Change in the Number of Reported Traffic Accidents (2011 to 2012)**

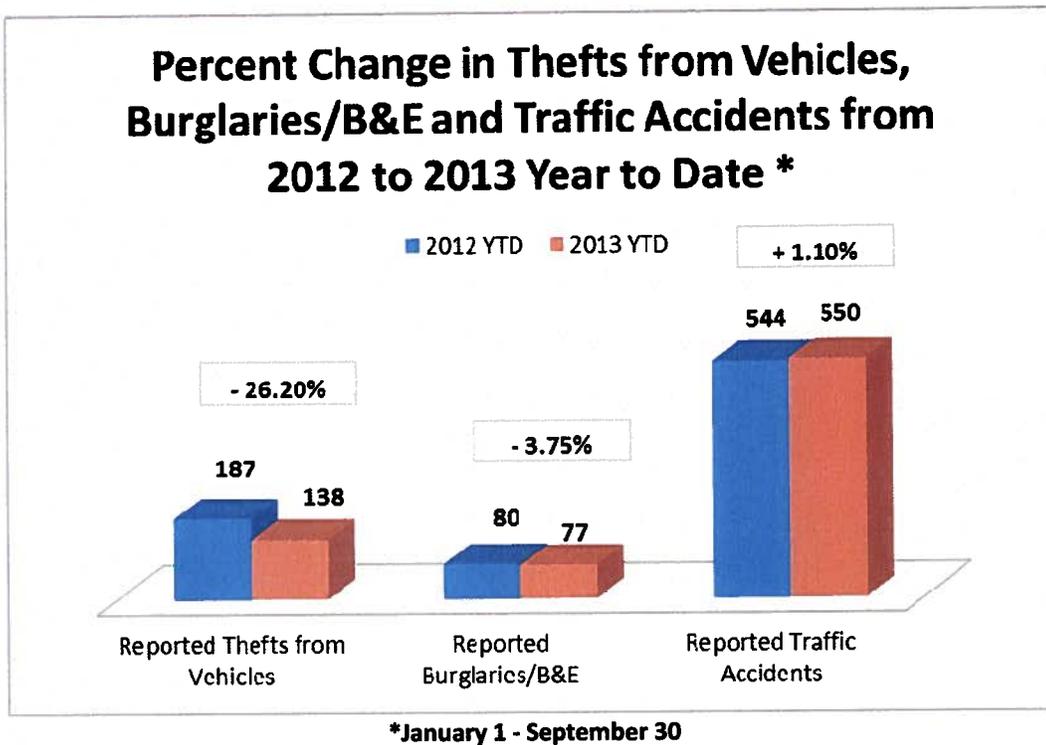

The Division of Police collects statistical data on burglaries/breaking & entering, thefts from vehicles, and traffic crashes as part of its annual division goals. The goal measurement is to reduce these categories of crime and disorder. These goals and categories were identified as a result of an extensive goal setting process that involved: citizen survey data from residents, internal staff feedback from police supervisors, executive command staff professional judgment, and those crimes with a higher frequency of occurrence and being the type of crime/disorder where the police can partner with the community to address and reduce. The ultimate goal is to continue to make Dublin a safe place to live, work, and visit.

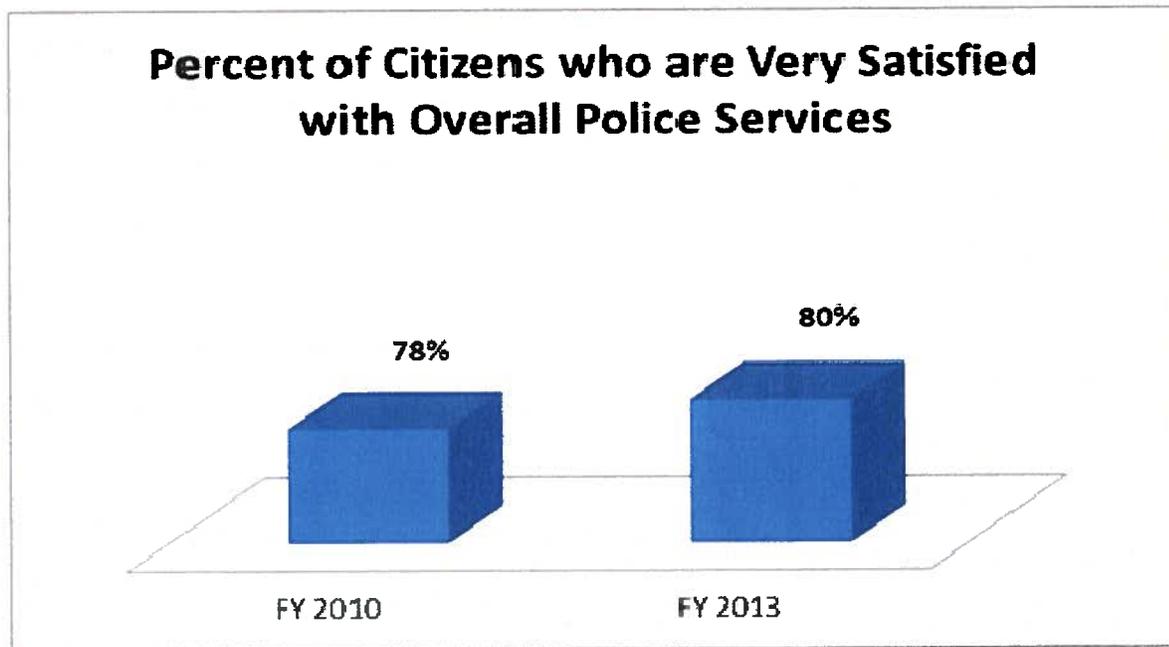

- 4) **Percent Change in the Number of Reported Thefts from Vehicles (2012 to 2013 year to date)**
- 5) **Percent Change in the Number of Reported Burglaries/B&E (2012 to 2013 year to date)**
- 6) **Percent Change in the Number of Reported Traffic Accidents (2012 to 2013 year to date)**

2014 OPERATING BUDGET - CITY OF DUBLIN, OHIO

Safety/ Police

7) **Percent of Citizens who are Very Satisfied with Overall Police Services (2013 Dublin Police Citizen Satisfaction Survey)**

This measure reflects the perceptions of citizens regarding the services provided by the City of Dublin Division of Police. The division uses this information in various ways such as annual goal setting.

2014 OPERATING BUDGET - CITY OF DUBLIN, OHIO

Parks and Recreation / Dublin Municipal Pools

STATEMENT OF FUNCTIONS:

The Dublin North and South Community Pools are seasonal operations which provide the community diverse aquatic related recreation opportunities. Pool facilities include a lap pool, leisure play pool, tot pool, waterslides, diving boards and well, concession stand, and a water play/spray area. The operation of the Ballantrae Spray Park was added to the Dublin Municipal Pool Budget in 2012.

OBJECTIVES AND ACTIVITIES:

- To offer open recreational swim times for general public use.
 - To offer a comprehensive outdoor aquatics program including swim lessons for all ages, a local recreational swim team program for school age youth, and water exercise classes.
 - To provide continuing education and extensive safety training for all pool staff.
 - To increase open recreation opportunities and incorporate community based activities.
 - To operate swimming facilities that meet, or exceed all state health and safety requirements.
-

2014 OPERATING BUDGET - CITY OF DUBLIN, OHIO

Parks and Recreation / Dublin Municipal Pools

BUDGET SUMMARY:

215-1630

- Account 2110 provides funding for full-time staff allocated to this budget as reflected in the Notes and Adjustments.
- Account 2112 provides funding for seasonal staff wages. Increase in funding is based on the additional hours of operations anticipated for 2014. Additional funding is also included for the Dolphin Swim Team program, to be offset by additional revenue collected by participation fees.
- Account 2310 provides for utilities for the outdoor municipal pool facilities.
- Account 2391 includes additional funding for new N.E.W. Swim League fees for the Dolphins Swim Team program.
- Account 2423 provides funding for supplies to stock the concession stands at the pool facilities. Expenses for supplies are offset by revenues generated.
- Account 2424 provides funding for chlorine and CO2 and reflects a decrease in funding due to spending trend analyses.
- Account 2430 includes an increase in funding for North Pool slide tower and diving board tower painting.
- Account 2520 includes reduction adjustment due to one-time purchase of new chaise lounge chairs purchased in 2013. Additional funding is included for new pool chair lift as required by the American Disabilities Act (ADA.)

2014 OPERATING BUDGET - CITY OF DUBLIN, OHIO

Permissive Tax Fund

STATEMENT OF FUNCTIONS:

Funds are received from the County \$5.00 Motor Vehicle License Tax Fund as individual projects are approved by the Franklin County Engineer's Office and Franklin County Commissioners. Projects must be for roadway construction or improvements. Funds are also received from legislation approved by Franklin and Delaware Counties to increase license registration fees in two \$5.00 increments. The City receives 50% of the "first \$5.00 increment". The revenue received can only be spent on roads and bridges.

Permissive Tax Fund

BUDGET SUMMARY:

216-1330

- Account 2550 provides funding to make the third of six payments of \$167,000 to the Franklin County Engineer for the Tuttle Crossing Boulevard project.

THIS PAGE LEFT BLANK INTENTIONALLY

2014 OPERATING BUDGET - CITY OF DUBLIN, OHIO

Events Administration

STATEMENT OF FUNCTIONS:

Hotel/Motel Tax Fund 75% of the hotel/motel tax revenues are credited to Hotel/Motel Tax Fund in accordance with City Ordinance No. 133-87 and the Ohio Revised Code. The remaining 25% is distributed to the Dublin Convention and Visitors Bureau (DCVB). From the Hotel/Motel Tax Fund, the City allocates approximately 25% of the total revenue to the Dublin Arts Council (DAC), up to a maximum as specified in a lease agreement executed for the DAC's use of a City-owned facility. Funds may be distributed to other organizations through City Council review of submitted hotel/motel tax grant applications.

Events Administration City-sponsored events are approved through the regular budget process. For 2014, these include the St. Patrick's Day Parade, Independence Day Celebration, Dublin Irish Festival (DIF) and Spooktacular. Events Administration plans, implements, and manages special events that enhance the City's international image, build community, provide fundraising opportunities for community organizations, and support the mission of the DCVB by attracting overnight visitors to Dublin hotels.

OBJECTIVES AND ACTIVITIES:

- To plan, implement, and manage City-sponsored festivals, events and parades in a professional and fiscally responsible manner.
- To help community events adhere to safety and city ordinances and policies by providing a one-stop shop for event approval
- To ensure that City Council's goals of fostering community pride and spirit by creating events and encouraging community participation are achieved.
- To establish, develop, and cultivate effective relations among the City, community organizations and schools involved in special events.
- To secure cash, media and in-kind donations for City of Dublin events by creating and maintaining mutually beneficial partnerships with local, regional and national corporations.
- To secure and build relationships with media partners to reach targeted audiences.
- To promote events to local, regional, national and international markets to increase overnight stay in Dublin hotels.
- To cultivate relationships with community organizations by providing fundraising opportunities in support of community initiatives.
- To develop and negotiate contracts in conjunction with risk management and legal counsel.
- To develop and manage a wide range of entertainment and activities targeting children, youth and adults.
- To plan and implement special event support services including transportation, accommodations, equipment rentals, electrical and sound services and hospitality.
- To implement safe events through efforts with NIMS training and a comprehensive and citywide safety plan.

2014 OPERATING BUDGET - CITY OF DUBLIN, OHIO

Events Administration

BUDGET SUMMARY:

217-1130

- Account 2110 provides funding for staffing reflected in Personnel Data and the Notes and Adjustments. Account 2111 provides funding for overtime of which approximately 95% is in July to support the two largest events.
- Account 2112 includes funding for part-time/seasonal staff.
- Account 2211 provides funding for committee and sponsorship meetings.
- Account 2320 includes funding for courier services and radio rental for Dublin Irish Festival (DIF).
- Account 2349 includes professional services for City-sponsored events including photography, marketing and public relations services and graphic design; citywide ASCAP and BMI and SEASAC music licensing; entertainment and activities including fireworks, children's games, parade floats, exhibitors, musicians and dancers. Operational services include sound and electrical professionals, cleaning services, hotels for entertainers, patron shuttle service and credit card processing fees for tickets and beverage tokens for DIF; rentals including tents, generators, ice trucks, lights, port-a-johns, stages, tables, chairs, and golf carts. Payments to beverage fundraising groups for DIF are also included. A significant amount of these expenditures are offset by revenue generated by the events.
- Account 2370 includes funds for DIF advertising.
- Account 2380 includes funds for DIF print materials including brochures, tickets and on-site guides.
- Account 2420 includes funding for float supplies, prizes, crafts, helium, table coverings, signage, wristbands and beverages to sell at DIF (which accounts for the majority of the funding in this account). Beverage sales generate significant offsetting revenue.
- Account 2812 provides funding for committee ceremonial needs, funding for the DIF scholarship. Funding is also provided to include composting and compostable supplies and cigarette recycling for the DIF.
- Account 2813 provides funding for DIF promotional activities.
- Account 2815 includes funding for DIF volunteer programs including T-shirts, printing, shuttles, food and beverage for orientation, and recognition event.

The following four accounts include budget items formerly included within other funds and division budgets that have been allocated to Events Administration for 2014. This reallocation provides a more complete reflection of the direct costs associated with Events.

217-1220 - Finance

- Account 2390 provides funding to Accounting/Auditing for armored car pick-up of cash during the DIF.

217-1320 – Streets & Utilities

- Account 2420 includes funding to Streets and Utilities for special event materials such as gravel, barrier walls, cones and freestanding fencing.

217-1620 – Parks & Open Space

- Account 2420 includes funding to Parks for mulch, trash bags and materials needed for events.

217-1820 - Police

- Account 2390 includes funding to Police for private security hired for Independence Day and DIF.

2014 OPERATING BUDGET - CITY OF DUBLIN, OHIO

Events Administration

STATEMENT OF FUNCTIONS:

Hotel/Motel Tax Fund 75% of the hotel/motel tax revenues are credited to Hotel/Motel Tax Fund in accordance with City Ordinance No. 133-87 and the Ohio Revised Code. The remaining 25% is distributed to the Dublin Convention and Visitors Bureau (DCVB). From the Hotel/Motel Tax Fund, the City allocates approximately 25% of the total revenue to the Dublin Arts Council (DAC), up to a maximum as specified in a lease agreement executed for the DAC's use of a City-owned facility. Funds may be distributed to other organizations through City Council review of submitted hotel/motel tax grant applications.

Events Administration City-sponsored events are approved through the regular budget process. For 2014, these include the St. Patrick's Day Parade, Independence Day Celebration, Dublin Irish Festival (DIF) and Spooktacular. Events Administration plans, implements, and manages special events that enhance the City's international image, build community, provide fundraising opportunities for community organizations, and support the mission of the DCVB by attracting overnight visitors to Dublin hotels.

OBJECTIVES AND ACTIVITIES:

- To plan, implement, and manage City-sponsored festivals, events and parades in a professional and fiscally responsible manner.
- To help community events adhere to safety and city ordinances and policies by providing a one-stop shop for event approval
- To ensure that City Council's goals of fostering community pride and spirit by creating events and encouraging community participation are achieved.
- To establish, develop, and cultivate effective relations among the City, community organizations and schools involved in special events.
- To secure cash, media and in-kind donations for City of Dublin events by creating and maintaining mutually beneficial partnerships with local, regional and national corporations.
- To secure and build relationships with media partners to reach targeted audiences.
- To promote events to local, regional, national and international markets to increase overnight stay in Dublin hotels.
- To cultivate relationships with community organizations by providing fundraising opportunities in support of community initiatives.
- To develop and negotiate contracts in conjunction with risk management and legal counsel.
- To develop and manage a wide range of entertainment and activities targeting children, youth and adults.
- To plan and implement special event support services including transportation, accommodations, equipment rentals, electrical and sound services and hospitality.
- To implement safe events through efforts with NIMS training and a comprehensive and citywide safety plan.

PERSONNEL DATA	2013	2014
POSITION TITLE	CURRENT NUMBER	PROPOSED
Event Manager	1	1
Event Administrator	2	2
Event Coordinator (1)	0	1
Staff Assistant	<u>2</u>	<u>2</u>

(1) Move one part-time Events Assistant position to a full-time Events Coordinator position.

2014 OPERATING BUDGET - CITY OF DUBLIN, OHIO

Events Administration

BUDGET SUMMARY:

217-1130

- Account 2110 provides funding for staffing reflected in Personnel Data and the Notes and Adjustments. Account 2111 provides funding for overtime of which approximately 95% is in July to support the two largest events.
- Account 2112 includes funding for part-time/seasonal staff.
- Account 2211 provides funding for committee and sponsorship meetings.
- Account 2320 includes funding for courier services and radio rental for Dublin Irish Festival (DIF).
- Account 2349 includes professional services for City-sponsored events including photography, marketing and public relations services and graphic design; citywide ASCAP and BMI and SEASAC music licensing; entertainment and activities including fireworks, children's games, parade floats, exhibitors, musicians and dancers. Operational services include sound and electrical professionals, cleaning services, hotels for entertainers, patron shuttle service and credit card processing fees for tickets and beverage tokens for DIF; rentals including tents, generators, ice trucks, lights, port-a-johns, stages, tables, chairs, and golf carts. Payments to beverage fundraising groups for DIF are also included. A significant amount of these expenditures are offset by revenue generated by the events.
- Account 2370 includes funds for DIF advertising.
- Account 2380 includes funds for DIF print materials including brochures, tickets and on-site guides.
- Account 2420 includes funding for float supplies, prizes, crafts, helium, table coverings, signage, wristbands and beverages to sell at DIF (which accounts for the majority of the funding in this account). Beverage sales generate significant offsetting revenue.
- Account 2812 provides funding for committee ceremonial needs, funding for the DIF scholarship. Funding is also provided to include composting and compostable supplies and cigarette recycling for the DIF.
- Account 2813 provides funding for DIF promotional activities.
- Account 2815 includes funding for DIF volunteer programs including T-shirts, printing, shuttles, food and beverage for orientation, and recognition event.

The following four accounts include budget items formerly included within other funds and division budgets that have been allocated to Events Administration for 2014. This reallocation provides a more complete reflection of the direct costs associated with Events.

217-1220 - Finance

- Account 2390 provides funding to Accounting/Auditing for armored car pick-up of cash during the DIF.

217-1320 – Streets & Utilities

- Account 2420 includes funding to Streets and Utilities for special event materials such as gravel, barrier walls, cones and freestanding fencing.

217-1620 – Parks & Open Space

- Account 2420 includes funding to Parks for mulch, trash bags and materials needed for events.

217-1820 - Police

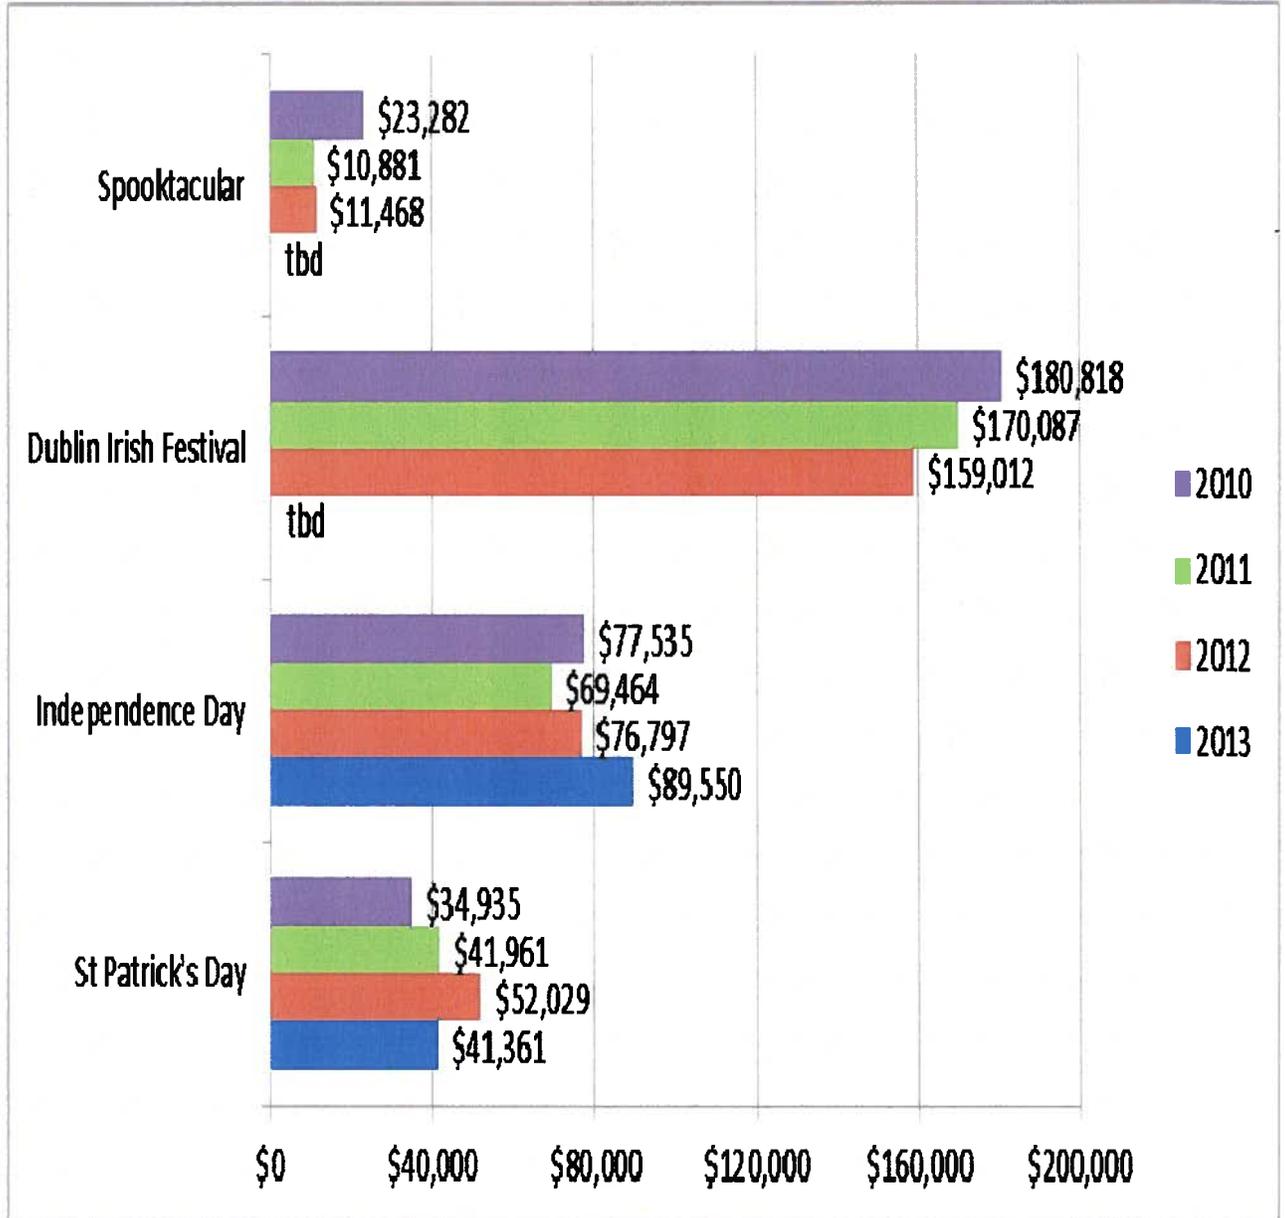

- Account 2390 includes funding to Police for private security hired for Independence Day and DIF.

2014 OPERATING BUDGET - CITY OF DUBLIN, OHIO

Events Administration

PERFORMANCE MEASURES:

- 1) Total Cost of Hours Worked at City Signature Events, all City Employees (Day of Event, Overtime Costs, including pre-event and post event costs)**

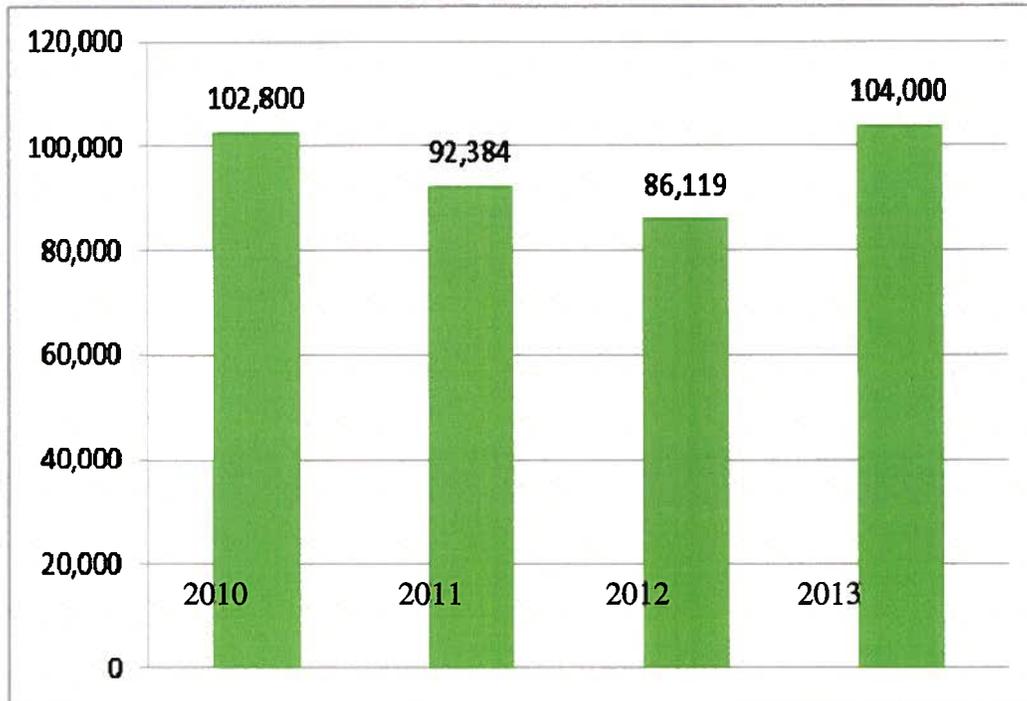

**Pre and post event costs are not calculated for DIF*

2014 OPERATING BUDGET - CITY OF DUBLIN, OHIO

Events Administration

PERFORMANCE MEASURES:

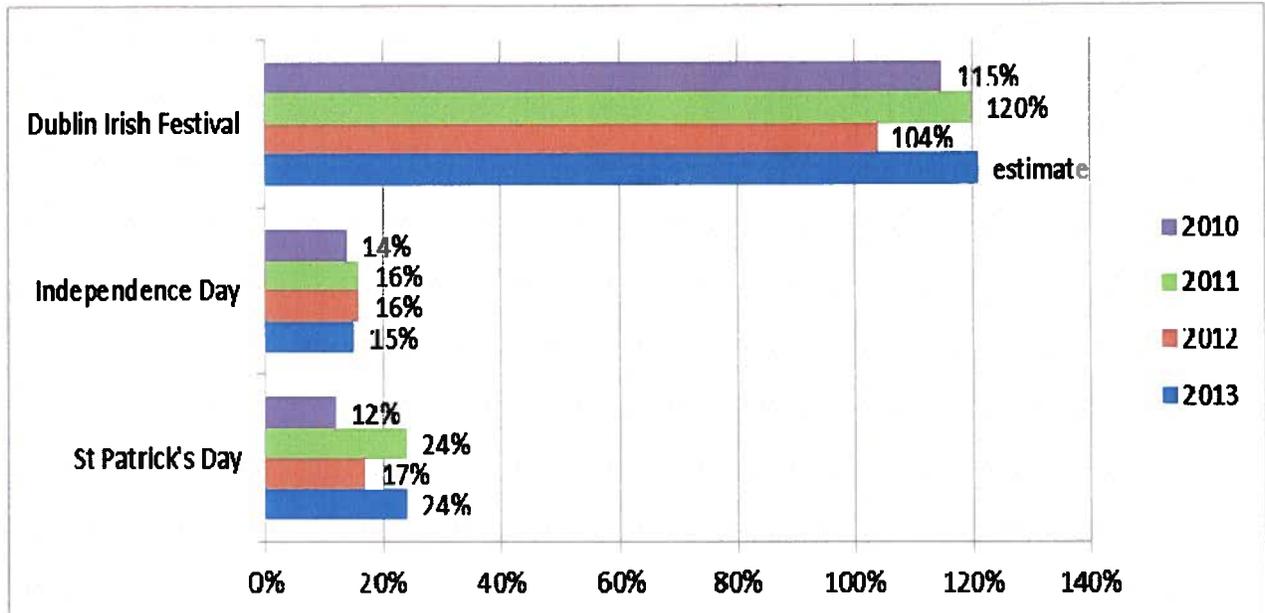

2) Attendance at Dublin Irish Festival

2013 OPERATING BUDGET - CITY OF DUBLIN, OHIO

Events Administration

3) Percent of Budgeted Expenditures Recovered per City Signature Event (Cost Recovery with Staffing)

This measurement tracks the receipts collected (example: ticket sale and sponsorship) vs. the expenditures (example: entertainment) per event. Each event has different overall goals based on projected revenue potential. Staffing costs are included, but Irish Festival only includes day of regular and overtime, not time spent preparing for event.

2014 OPERATING BUDGET - CITY OF DUBLIN, OHIO

Hotel Motel Tax Fund

STATEMENT OF FUNCTIONS:

City Council has directed tax receipts from overnight hotel stays be utilized for beautification, tourism, and community cultural opportunities. Allocations provide for the maintenance, management, programming and purchase of public art; grants to non-profit organizations that enhance visitor appeal, encourage overnight stays and visitor spending in the City, and grants for public space beautification. The Fund also provides revenue to the Dublin Convention and Visitor Bureau and the Dublin Arts Council.

2014 OPERATING BUDGET - CITY OF DUBLIN, OHIO

Finance/ Accrued Leave Reserve Fund

STATEMENT OF FUNCTIONS:

The Ohio Revised Code Section 5705.13 provides for the establishment of reserve funds for certain purposes, one of which is for the payment of accumulated sick, vacation and compensatory leave upon termination of employment or retirement. Because the City of Dublin will have a significant number of long-term employees either reach retirement age or the point of eligibility within either the Ohio Public Employees Retirement System or the Police/Fire Pension Fund System, the City's liability for payments for accrued leave balances is estimated to be substantial beginning in the next few years. These costs represent a liability accrued over a number of years. In order to prevent a disproportionate impact of these payments on any one budget year, the 2005 budget established a reserve fund and began deposits into it in anticipation of this liability.

In 2008, the City implemented changes to its leave policies for non-bargaining employees which will add to the City's potential liability for conversion of accrued leaves. Beginning in 2009, non-bargaining employees were eligible for conversion of a portion of accrued sick leave to cash at the time of any separation in good standing from City employment.

NOTES AND ADJUSTMENTS:

Contributions to this fund represent a percentage of full-time wages. Due to the existing fund balance that has accumulated over a period of time, it is not necessary to contribute to this fund in 2014.

Beginning in 2009, the expenditures budgeted in this fund also included an estimate for sick leave conversions for non-bargaining employees at separation from employment in good standing at any time. Because sick leave accruals were substantially reduced in 2009, this liability will decline over time as sick leave balances accrued under the previous, more generous accruals are either used or converted to payment at separation.

For all City bargaining units, conditions for conversions of accrued sick leave remain contingent on eligibility for retirement, minimum years of service and any minimum sick leave balance requirements.

2014 OPERATING BUDGET - CITY OF DUBLIN, OHIO

Police/ Wireless 9-1-1 Fund

STATEMENT OF FUNCTIONS:

In 2006 and as amended in 2008, House Bill 361 established a \$0.28 per month user fee on every wireless phone bill to reimburse local public safety answering points for costs associated with receiving 9 -1 -1 calls placed from wireless telephones. As directed by the bill, the Wireless 9 -1 -1 Governmental Assistance Fund is administered by the Franklin County Commissioners, with funds disbursed in accordance with the formula set by the local 9 -1 -1 Planning Committee. To facilitate disbursement, local agencies are required to enter into intergovernmental agreements. In January 2010, the City of Dublin entered into an agreement with the Franklin County Commissioners for the disbursement of these funds.

Disbursements received from the Wireless 9 -1 -1 Governmental Assistance Fund must be used in accordance with Ohio Revised Code §4931.65, which includes those costs incurred in the designing, upgrading, purchasing and maintaining equipment as well as the training of staff who answer wireless 9 -1 -1 calls. Up to fifty percent of the disbursements received may be used for personnel costs, once all equipment purchases have been completed.

General Obligation Debt Service

STATEMENT OF FUNCTIONS:

These funds reflect the cost of paying the principal and interest on various outstanding bond and note issues. Sources of funding include transfers from the Capital Improvements Tax Fund and various Tax Increment Financing Funds.

NOTES AND ADJUSTMENTS:

Budget requests for debt service payments reflect debt service obligations for both long-term and short-term debt issued by the City. The debt service payments for Water and Sewer Fund obligations are budgeted as debt service payments directly in the Water and Sewer Funds instead of transferring the money to the General Obligation Debt Service Fund and reflecting the debt payments in that Fund.

the 1990s, the number of people with a mental health problem has increased in the UK (Mental Health Act 1983, 1990).

There is a growing awareness of the need to improve the lives of people with mental health problems. The Department of Health (1999) has set out a strategy for mental health care in the UK. The strategy is based on the following principles:

• People with mental health problems should be treated as individuals, with their own needs and wishes.

• People with mental health problems should be given the opportunity to participate in decisions about their care and treatment.

• People with mental health problems should be given the opportunity to live in their own homes and communities.

• People with mental health problems should be given the opportunity to work and to contribute to society.

• People with mental health problems should be given the opportunity to lead a full and active life.

• People with mental health problems should be given the opportunity to be treated with respect and dignity.

• People with mental health problems should be given the opportunity to be treated as equal citizens.

• People with mental health problems should be given the opportunity to be treated as individuals.

• People with mental health problems should be given the opportunity to be treated with compassion and understanding.

• People with mental health problems should be given the opportunity to be treated as equal citizens.

• People with mental health problems should be given the opportunity to be treated with respect and dignity.

• People with mental health problems should be given the opportunity to be treated as equal citizens.

• People with mental health problems should be given the opportunity to be treated with compassion and understanding.

• People with mental health problems should be given the opportunity to be treated as equal citizens.

• People with mental health problems should be given the opportunity to be treated with respect and dignity.

• People with mental health problems should be given the opportunity to be treated as equal citizens.

• People with mental health problems should be given the opportunity to be treated with compassion and understanding.

• People with mental health problems should be given the opportunity to be treated as equal citizens.

• People with mental health problems should be given the opportunity to be treated with respect and dignity.

• People with mental health problems should be given the opportunity to be treated with compassion and understanding.

• People with mental health problems should be given the opportunity to be treated as equal citizens.

• People with mental health problems should be given the opportunity to be treated with respect and dignity.

• People with mental health problems should be given the opportunity to be treated as equal citizens.

2014 OPERATING BUDGET - CITY OF DUBLIN, OHIO

Capital Improvements Program (CIP)

STATEMENT OF FUNCTIONS:

This fund was created by City Council and has as its express purposes: the purchase of equipment, apparatus, property, construction of buildings, structures, roads and other public improvements as needed. City income tax collections are directly credited to this fund each year in accordance with Ordinance No. 17-87. Additional revenue is provided by real estate taxes, transfers from the General Fund, and interest income.

NOTES AND ADJUSTMENTS:

The following is a summary of the 2014 – 2018 CIP. A complete copy of the CIP can be found on the City's website. This section includes funding for the first year of the Five-Year CIP from the Capital Improvements Tax Fund and the Parkland Acquisition Fund. Capital projects are also funded from Tax Increment Financing (TIF) revenues, water and sewer revenues, debt financing and other special revenue sources. In accordance with State requirements, separate funds will be established when notes/bonds are issued for specific projects and the associated expenditures will also be assigned to that fund. Funding is based on the 2014 - 2018 CIP.

Project Prioritization

In developing prioritization of projects, several elements are taken into consideration:

- City Council's goals, both past and present;
- Findings included in the Economic Development Strategy;
- Commitments made by the City in agreements;
- Bi-Annual Community Survey results;
- Input from Citizen Committees and economic development opportunities.

Using these guidelines resulted in the list of projects to be funded that are focused towards needed infrastructure improvements such as road and utility needs.

Major Transportation Projects

Code	Project	Total Project Cost (all years)	2014 Budgeted Expenditures
ET0103	Tuttle Crossing Blvd Extension- Wilcox Road to Avery Road (TIF)	\$ 2,278,000	\$ 1,900,000

	Total Facility and Other	\$29,345,000	\$10,865,000

2014 OPERATING BUDGET - CITY OF DUBLIN, OHIO

Capital Improvements Program (CIP)

Non-Major Projects

Guidelines have been established for several key areas which the City has utilized in projecting the non-major capital needs. These guidelines, along with some of the highlighted projects for 2014, are summarized as follows:

Park renovation/improvements – Non-major

Guidelines:

- The neighborhood park development priority is based upon the timing of subdivision build-out and input from residents.
- Evaluate the adequacy of active/athletic facilities in the community and the neighborhood parks.
- Identify opportunities to develop joint neighborhood and community parks with other governmental jurisdictions (i.e. Dublin City Schools and Washington Township).
- Program adequate funding for maintenance of existing assets.

The following renovations and improvements are programmed in 2014:

Location	Description	Amount
Donegal Cliffs	Playground/basketball court	\$ 345,000
Dublin Springs	Stairway replacement	88,550
	Driveway replacement	18,600
	Walking path	13,380
Wedgewood Hills	Split rail fence replacement	4,025
Monterey and Hawks Nest	Basketball court resurfacing	19,000
Darree Fields	Musco lighting control link retro fit	30,000
Llewellyn and Donegal Cliffs	Replace drinking fountains	7,000
Skate Park	Various repairs	10,000
DCRC Green Roof	Change path from bamboo to tile	25,000
Various parks	Stone wall masonry repairs	15,000
Various parks	Fence repairs	54,000
Rounding		445
	Total Parks	\$630,000

Bikeway System Improvements – Non-major

Guidelines:

- Bikeways are included as part of the City's major public roadway projects and include shared-use paths, bike lanes and sharrows.
- Identify connections and/or additions to the bikeway system which provide an alternate transportation system linking neighborhoods, community facilities and commercial destinations.
- Coordinate local system design with other governmental jurisdictions such as the Mid-Ohio Regional Planning Commission (MORPC), the Ohio Department of Transportation (ODOT) and other appropriate regional efforts.
- Identify the connections and/or additions that can be constructed by developers as part of private development.

Staff recently completed a comprehensive review of its shared-use path connection/addition needs and has developed a comprehensive plan for completing these projects to further enhance the City's comprehensive shared-use path network. As a result, additional funds have been programmed in the Five-Year CIP to expedite the completion of these paths/additions.

2014 OPERATING BUDGET - CITY OF DUBLIN, OHIO

Capital Improvements Program (CIP)

In 2014, the following connections/additions are programmed for completion:

General Location	Amount
Hyland-Croy Road, north of Brand Road	\$ 82,500
Hard Road (Scioto High Path)	200,000
Martin Road	76,000
<i>Total Bikeway System Improvements</i>	<i>\$358,500</i>

Annual Street Maintenance Program – Non-major

Guidelines:

- Investment for street resurfacing is based on anticipated life of the asset.
- A comprehensive pavement management system has been established to ensure acceptable levels of service are maintained in a cost-effective manner.
- The City evaluates the pavement maintenance needs annually and programs improvements based on roadway conditions.

There is an annual allocation for repairing the City's roadways. The \$3,500,000 allocation for 2014 reflects an 11% increase over 2013. In 2010, the City contracted with Stantec Consulting Services, Inc. to provide a comprehensive map based pavement condition inventory to aid in planning future maintenance. The pavement analysis has been completed and will be utilized to program the timing of street maintenance work. Based on an index of 1 – 100, with an index of 100 being a new roadway, the current overall index of the City's road-miles is rated with an index of 82. The results of the pavement analysis have allowed the City to more accurately identify pavement conditions and program repairs.

Asset Maintenance – Non-major

Guidelines:

- Maintain the City's existing assets to ensure long-term viability.
- Maintain a comprehensive listing of the City's assets and identify the anticipated need for maintenance, repair or replacement.
- Evaluate and update the City's asset maintenance needs annually.

2014 OPERATING BUDGET - CITY OF DUBLIN, OHIO

Capital Improvements Program (CIP)

Building Maintenance/Renovations – Non-Major

This provides the allocations for necessary maintenance to City buildings. The amount funded for 2014 is as follows:

Location	Description	Amount
Municipal Building	Patio re-sloping and re-surfacing	\$ 24,000
	Lobby restroom renovations	15,000
	Annex offices/reception renovation	26,000
Events Administration Facility	Demolition	18,000
Justice Center	Replace boiler	45,000
	Paint common areas	20,000
	Replace carpet in Administration, elevator, hall	30,000
	Refurbish courtroom Judge's bench and tables	16,000
Outdoor Pools	Paint slides and platforms	45,000
Bristol barn	Replace roof gutters and structural supports	20,000
Conine barn	Repair floor joists and foundations	100,000
Other barns	Various repairs	15,000
Park restrooms	Hand dryers and waterless urinals	5,000
Recreation Center (DCRC)	Replace/consolidate electrical transformers	45,000
	Replace Evapco cooling towers	60,000
	Replace hot water storage tanks	40,000
	Paint gymnasium	40,000
	Install concrete deck in leisure pool	165,000
	Replace carpet in fitness area	28,000
	Replace rubber flooring – classroom C and weight room	66,000
Citywide	Replace carpet and other flooring	50,000
	HVAC and pump replacements	25,000
	Other miscellaneous in-house renovations	15,000
Rounding		2,000
Total Building Maintenance/Renovations		\$915,000

Transfers

The majority of the funding programmed for transfers is for debt service obligations on capital projects financed by long-term debt.

Advances

The advances programmed are based on projects programmed in the 2014-2018 CIP that have been identified as infrastructure projects benefiting the reflected TIFs.

2014 OPERATING BUDGET – CITY OF DUBLIN, OHIO

Parkland Acquisition Fund

STATEMENT OF FUNCTIONS:

Chapter 152 of the Codified Ordinances of Dublin provides for the payment of fees in lieu of parkland dedication. These fees are credited to the Parkland Acquisition Fund for the purpose of acquiring recreational facility sites, open space and/or parkland.

NOTES AND ADJUSTMENTS:

A longstanding goal of City Council has been to preserve parkland, open space and nature features. Beginning in 2001, City Council allocated the City's property tax revenue from its inside millage to the Parkland Acquisition Fund in order to set aside additional funding to meet their goal. In 2007, City Council adjusted the allocation from 100% (1.75 mills) of the inside millage to approximately 54% (.95 mills). The remaining 46% (.80 mills) was allocated to the Capital Improvements Tax Fund. For 2010 and 2011, the millage allocated to the Parkland Acquisition Fund was reduced to 20 percent (.35 mills).

Recognizing the benefits and flexibility of allocating more of the City's "inside millage" to the Capital Improvements Tax Fund, Council approved allocating 1.40 mills to the Capital Improvements Tax Fund and .35 mills to the Parkland Acquisition Fund begun in 2010 and has continued to do so each year since. This allocation will be reviewed during the CIP process each year and can be reallocated if Council deems it appropriate.

The funding programmed also provides for the City's annual commitment of \$385,000 to the Franklin County Metropolitan Park District to provide financial assistance for land acquisition for the Glacier Ridge Metro Park, the annual debt service payments on the debt issued to acquire the land for the expansion of Coffman Park, and to provide additional funding for the acquisition of the site identified for the future Municipal Building. The final debt service payment for the expansion of Coffman Park will be made in 2020.

Public Service/ Water Maintenance

STATEMENT OF FUNCTIONS:

This program is under the joint supervision of the Directors of Streets and Utilities and Engineering. This work unit includes planning and design of all new construction and improvements of the water distribution system which is tied to the City of Columbus system under a service contract. The Administration works in cooperation with architects, engineers, consultants, builders, and developers in planning improvements to the Dublin portion of the system. Also included is the hydrant maintenance program.

OBJECTIVES AND ACTIVITIES:

- Continue the ongoing hydrant maintenance program in-house with a significant cost savings.
 - Prepare hydrants for repainting and continue the ongoing maintenance of hydrants.
 - Locate all watch valves.
-

<u>PERSONNEL DATA</u> <u>POSITION TITLE</u>	<u>2013</u> <u>CURRENT NUMBER</u>	<u>2014</u> <u>PROPOSED</u>

2014 OPERATING BUDGET - CITY OF DUBLIN, OHIO

Public Service / Engineering / Water Maintenance

Budget Summary:

610-1330

- Accounts 2110 provides funding for twenty (20%) of one Civil Engineer's salary.
- Account 2349 provides funding to update water modeling city wide; critical infrastructure study/vulnerability assessment; utility extension data gathering with Franklin County Health.
- Account 2390 provides funding for water line locates by the City of Columbus.
- Account 2561 provides funding for water quality units, water line replacements and water tower maintenance.

2014 OPERATING BUDGET - CITY OF DUBLIN, OHIO

Public Service/ Sewer Maintenance

STATEMENT OF FUNCTIONS:

This work program is under the joint supervision of the Deputy City Manager/Director of Economic Development, and the Directors of Streets and Utilities, and Engineering. This work unit includes planning and design of all new construction, improvements and removal of infiltration and inflow sources. Streets and Utilities are responsible for the execution of maintenance on the entire sanitary sewer system, and also conduct inspection of lines and collects data on the system for use by Engineering. Engineering analyzes system data to estimate amounts of extraneous flow to be eliminated, recommends the repair and work program and new construction to be performed. The City staff works in cooperation with homeowners, engineers, consultants, builders, developers, Ohio Environmental Protection Agency, and with the City of Columbus which provides wastewater treatment and a service contract.

OBJECTIVES AND ACTIVITIES:

- To minimize infiltration and inflow in both the public and private portions of the sanitary sewer system.
 - To complete a warranty inspection on the installation and materials of the previous year's cured in place pipe (CIPP) installations.
 - To assess condition of subsurface infrastructure underlying streets which are programmed for resurfacing in order that repairs be made as part of the street resurfacing program.
 - To provide a safe work environment for all employees and ensure the safety of the public.
 - To maintain/update the computer modeling program for the sewerage system.
-

THIS PAGE LEFT BLANK INTENTIONALLY

the 1990s, the number of people in the world who are undernourished has increased from 600 million to 800 million (FAO 2001).

There are a number of reasons for this increase. One of the main reasons is the increase in the world population. The world population is expected to increase from 6 billion in 1990 to 9 billion in 2050 (FAO 2001). This increase in population will lead to an increase in the demand for food.

Another reason for the increase in undernourishment is the increase in the number of people who are living in poverty. The number of people living in poverty has increased from 1 billion in 1990 to 1.5 billion in 2000 (FAO 2001). This increase in poverty will lead to an increase in the number of people who are unable to afford enough food.

A third reason for the increase in undernourishment is the increase in the number of people who are living in rural areas. The number of people living in rural areas has increased from 3 billion in 1990 to 4 billion in 2000 (FAO 2001). This increase in rural population will lead to an increase in the demand for food.

There are a number of ways in which the world can meet the increasing demand for food. One way is to increase the production of food. This can be done by increasing the area of land used for agriculture, by increasing the yield of crops, and by increasing the number of crops that are produced.

Another way to meet the increasing demand for food is to reduce the amount of food that is wasted. This can be done by reducing the amount of food that is lost during production, by reducing the amount of food that is lost during distribution, and by reducing the amount of food that is lost during consumption.

A third way to meet the increasing demand for food is to change the way that we eat. This can be done by eating less meat, by eating more plant-based foods, and by eating less processed food.

There are a number of other ways in which the world can meet the increasing demand for food. These include: increasing the efficiency of food production, increasing the number of people who are employed in agriculture, and increasing the number of people who are employed in food processing.

It is clear that there are a number of ways in which the world can meet the increasing demand for food. However, it is important to note that these ways are not mutually exclusive. It is likely that a combination of these ways will be needed to meet the increasing demand for food.

There are a number of challenges that the world faces in meeting the increasing demand for food. These include: the need for more land, the need for more water, the need for more fertilizer, and the need for more labor.

There are a number of ways in which these challenges can be addressed. These include: increasing the efficiency of land use, increasing the efficiency of water use, increasing the efficiency of fertilizer use, and increasing the number of people who are employed in agriculture.

It is clear that there are a number of challenges that the world faces in meeting the increasing demand for food. However, it is important to note that these challenges are not insurmountable. With the right policies and investments, the world can meet the increasing demand for food.

2014 OPERATING BUDGET - CITY OF DUBLIN, OHIO

Internal Service / Employee Benefits Self-Insurance

STATEMENT OF FUNCTIONS:

The Employee Benefits Self-Insurance Fund has been established to account for monies received from other funds as payment for providing medical, dental and vision benefits. The Employee Benefits Self-Insurance Fund makes payments for services provided to employees (claims), the third party administrator(s) and for stop-loss coverage. The budgeted amounts are based on the expected dollar value of claims that would be paid under the plan, third party administrator fees, and the premium for stop-loss insurance. "Premiums" are charged to benefit accounts based on the estimated cost of coverage. In 2013 funds have been programmed for all non-union personnel and all union personnel, including the United Steelworkers of America, the Fraternal Order of Police - Capital City Lodge No. 9, and the Fraternal Order of Police – Ohio Labor Council to participate in the City-wide Consumer Driven Health Plan with Health Savings Accounts and Healthy By Choice Plus (HBC Plus) Program. 2013 will mark the first year that all City employees will be covered by the Consumer Driven Health Plan Health Savings Accounts Program. The Employee Benefits Self-Insurance Fund will continue the wellness benefit and the child care Flexible Spending Account benefit for all full-time employees who participate in HBC Plus. The City-wide health plan includes an optional Health Savings Account (HSA) or Health Reimbursement Account (HRA) and will include only two funding levels to match the two HSA employer contribution levels for an employee and family.

<u>PERSONNEL DATA</u>	<u>2013</u>	<u>2014</u>
<u>POSITION TITLE</u>	<u>CURRENT NUMBER</u>	<u>PROPOSED</u>
Benefits Administrator (1)	<u>0</u>	<u>1</u>
TOTAL	0	1
<u>PART-TIME/SEASONAL STAFF</u>		
Wellness Coordinator (2)	1	1
Wellness Intern (3)	<u>1</u>	<u>0</u>
TOTAL	2	1

NOTES AND ADJUSTMENTS:

The annual funding level for 2014 for all employee groups is as follows:

Single	\$ 6,635
Family	\$ 14,890

Funding is based on the reduced level for 2014 due to the healthy balance existing in the fund and the anticipated expenditures for 2014. Included in this fund is the third party administration for the short-term disability benefit provided to non-bargaining employees. This addition was part of the leave program that was approved by City Council in October, 2008. Also funded are the health screenings, and various educational classes and programs that are included as part of HBC Plus.

- (1) The Benefits Administrator position is funded seventy-five percent (75%) from this budget and twenty-five percent (25%) from the Human Resources budget in the General Fund.
- (2) The part-time Wellness Coordinator position is funded seventy-five percent (75%) from this budget and twenty-five percent (25%) from the Community Recreation Center account.
- (3) This position is removed for 2014.

2014 OPERATING BUDGET - CITY OF DUBLIN, OHIO

Internal Service/ Employee Benefits Self Insurance

BUDGET SUMMARY:

701-1120

- Account 2112 provides funding for seventy-five percent (75%) cost-sharing of the Wellness Coordinator part-time position and the Intern position between this budget and the Recreation Services budget.
- Account 2309 reflects funding for third-party administration fees from United Health Care (UHC), Envision Rx and EBMC, the administrator of the City's flexible spending programs and vision services benefit. Also included is third-party administration for the short-term disability program.
- Account 2361 includes funding for the all medical, dental, pharmacy and vision claims.
- Account 2364 provides funding for a stop-loss insurance policy to protect the City against catastrophic or extraordinarily high cost claims.
- Account 2366 provides funding for the employer contributions (funded at 85%) for HSA contribution. Funding projections have increased for 2013 based on the fact that more employees met health target measures in 2012 than originally projected.
- Account 2390 includes funding for the City's comprehensive wellness benefit. Funding is included for continuation of the on-site screenings and various educational classes and programs. Also funded is continuation of professional benefits consultation, continuation of return on investment analysis, and further review of plan design.

2014 OPERATING BUDGET - CITY OF DUBLIN, OHIO

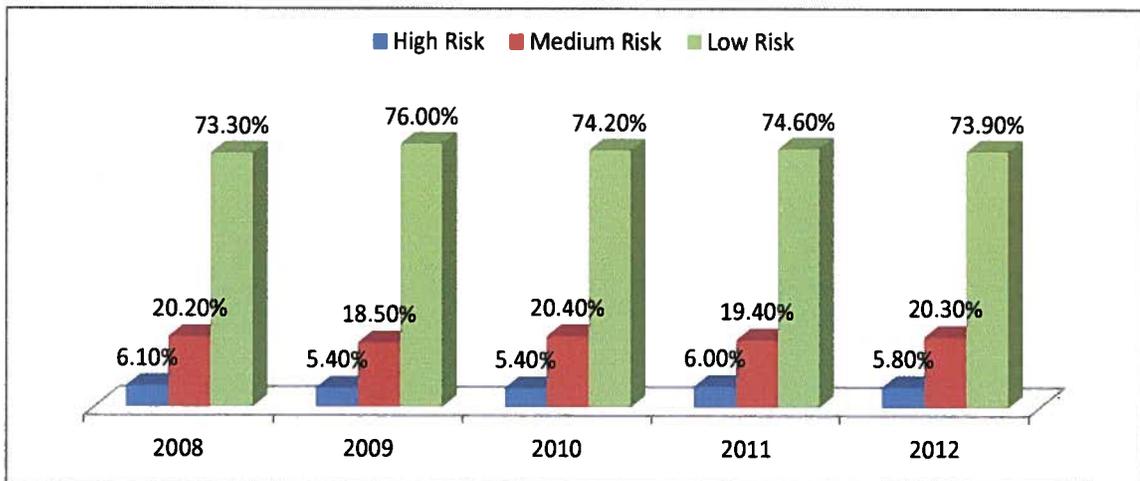

Human Resources

PERFORMANCE MEASURES: CONTINUED

1) Percent of Employee Population in the Health Low Risk, Moderate Risk, and High Risk Levels

Year	# Analyzed	High Risk	Medium Risk	Low Risk
2009	551	5.40%	18.50%	76.00%
2010	578	5.40%	20.40%	74.20%
2011	562	6.00%	19.40%	74.60%
2012	556	5.8%	20.3%	73.90%

Percent of Employee Population in High, Medium And Low Risk Levels

Health risk status is determined by risk categories: low risk is zero to two risks; medium risk is three to four risks, and high risk is five or more risks. Changes in health status correlate with changes in cost. Individuals with high risks often migrate to having disease and high costs. There is a natural flow of individuals from low risk to high risk to disease to high cost. To contain cost, the goal is to keep the health population healthy and to try to stop the unnecessary progression in the direction of more risks and disease through wellness and prevention efforts.

Based on 15 different risk categories. High risk = 5 + Health Risk. Medium Risk Factors – 3 to 4 risk factors. Low Risk Factors – 0 to 2 risk factors.

The Population goal is to reduce the number of those at high risk and increase the number those at low risk.

2014 OPERATING BUDGET - CITY OF DUBLIN, OHIO

Internal Service/ Workers' Compensation Fund

STATEMENT OF FUNCTIONS:

The Workers' Compensation Fund has been established to cover the costs associated with the City's Workers' Compensation coverage under a self-insurance plan. Funds are transferred from the General Fund to cover premiums, claims, and third party administration fees associated with the City's Workers' Compensation coverage.

NOTES AND ADJUSTMENTS:

This budget reflects estimated costs for the City's Self-Insurance Workers' Compensation coverage which includes expected medical expenses and compensation associated with work-related injuries and illnesses from January 1, 2013 - December 31, 2013. This budget also reflects estimated fees for excess workers' compensation insurance coverage and volunteer insurance coverage.

- Account 2309 includes the administrative fee for the self-funded program, independent medical evaluations of injured employees, and administrative fees for the state tail fund.
- Account 2363 funds medical and indemnity reserves for prior year claims, and estimated 2013 claims.
- Account 2364 includes the required payment to the state guarantee fund and the state fee for a self-insured plan. Also included are the excess coverage premium and volunteer coverage premium.
- Account 2390 provides funds for investigation of fraudulent claims.

2014 OPERATING BUDGET - CITY OF DUBLIN, OHIO

Human Resources

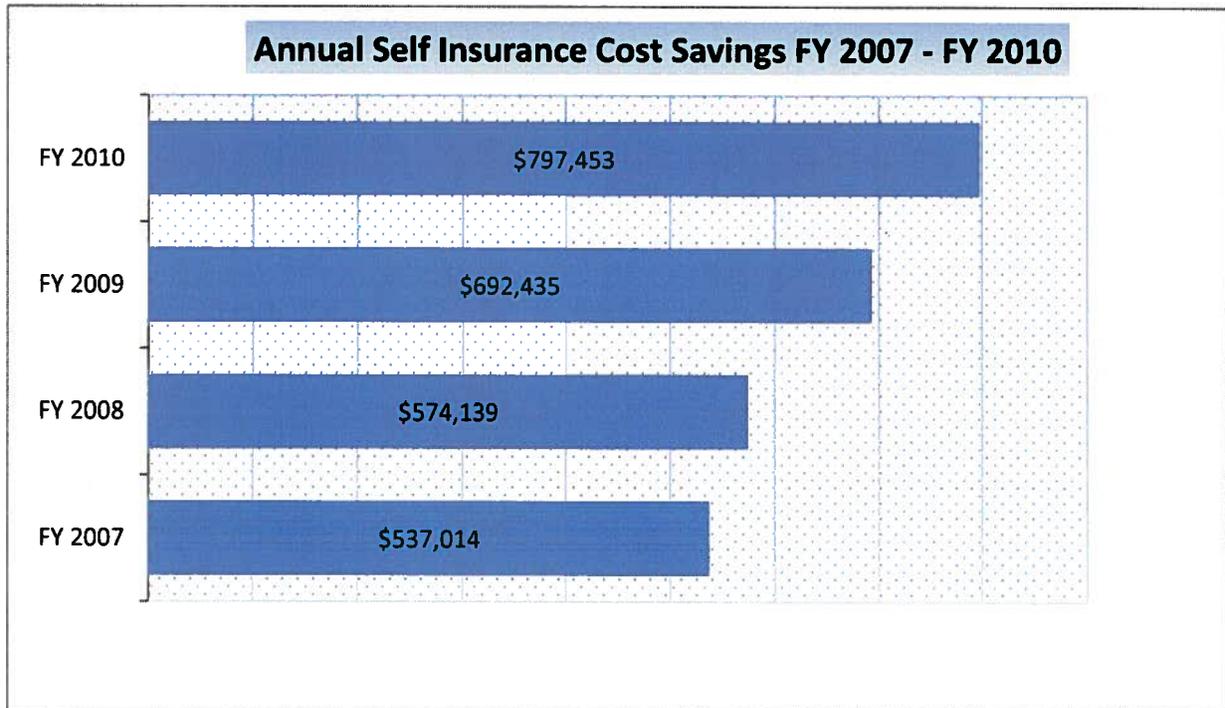

PERFORMANCE MEASURES:

1) Percent Change in the Number of Worker's Compensation Claims Filed (including annual costs)

	FY 2009	FY 2010	FY 2011	FY 2012	FY 2013*
# of Worker's Compensation Claims	35	30	31	25	21
Total Self Insured Cost	\$186,951	\$152,828	\$181,933	\$218,551	\$176,204
Percent Change in Insured Cost	(22%)	(18%)	19%	20%	(19%)

**As of 10/9/2013*

The City collects this information to perform cost comparisons of our Self Insured Workers' Compensation system vs. traditional State Funded system costs. This information is also useful in projecting future costs, benchmarking with similar Cities/Municipal operations, City Safety Committee discussion topics and identification of future safety training needs.

the 1990s, the number of people in the world who are under 15 years of age is expected to increase from 1.1 billion to 1.5 billion.

There are a number of reasons why the number of children in the world is expected to increase. One of the main reasons is the high birth rate in many developing countries. In these countries, women often have many children because they do not have access to family planning services.

Another reason is the high life expectancy in many developing countries. People are living longer, which means that there are more children in the world. This is because people are having children later in life, but they are still having them.

There are also a number of other factors that are contributing to the increase in the number of children in the world. These include the high death rate in many developing countries, which means that more children are being born than are dying.

The increase in the number of children in the world is a major challenge for many developing countries. These countries need to invest in education and health care for their children, and they need to provide them with the resources they need to grow up and become productive members of society.

There are a number of ways that we can help to reduce the number of children in the world. One way is to provide family planning services to women in developing countries. This will help them to control the size of their families and to have children when they are ready.

Another way is to invest in education and health care for children in developing countries. This will help them to grow up and become productive members of society, and it will help to reduce the death rate in these countries.

The number of children in the world is expected to increase in the 1990s, but we can take steps to reduce this increase. By providing family planning services and investing in education and health care, we can help to create a better world for all children.

The number of children in the world is expected to increase in the 1990s, but we can take steps to reduce this increase. By providing family planning services and investing in education and health care, we can help to create a better world for all children.

the 1990s, the number of people with a mental health problem has increased in the UK (Mental Health Act 1983, 1990).

There is a growing awareness of the need to address the needs of people with mental health problems in the community. This has led to the development of a range of services, including community mental health teams, crisis teams, and day care centres. These services are designed to provide support and care to people with mental health problems in their own homes and communities.

One of the key challenges in providing community mental health services is the need to ensure that services are accessible to all people who need them. This is particularly true for people who are homeless or living in poor housing. These people are often at a higher risk of mental health problems and may have difficulty accessing services.

One way to address this challenge is to provide services in the homes of people who need them. This is the approach taken by the Community Mental Health Teams in the UK. These teams provide a range of services, including assessment, diagnosis, and treatment, in the homes of people with mental health problems.

The Community Mental Health Teams in the UK have been successful in providing services to people who are homeless or living in poor housing. This has led to a reduction in the number of people who are homeless or living in poor housing and a reduction in the number of people who are admitted to hospital.

There are a number of reasons why the Community Mental Health Teams in the UK have been successful. One reason is that they provide services in the homes of people who need them. This allows them to provide a range of services, including assessment, diagnosis, and treatment, in a way that is tailored to the needs of each individual.

Another reason why the Community Mental Health Teams in the UK have been successful is that they provide services to people who are homeless or living in poor housing. This is a group of people who are often at a higher risk of mental health problems and may have difficulty accessing services.

There are a number of challenges that the Community Mental Health Teams in the UK face. One challenge is the need to ensure that services are accessible to all people who need them. This is particularly true for people who are homeless or living in poor housing.

Another challenge is the need to ensure that services are of high quality. This is particularly true for people who are homeless or living in poor housing, as they are often at a higher risk of mental health problems and may have difficulty accessing services.

There are a number of ways to address these challenges. One way is to provide services in the homes of people who need them. This is the approach taken by the Community Mental Health Teams in the UK. This allows them to provide a range of services, including assessment, diagnosis, and treatment, in a way that is tailored to the needs of each individual.

2014 OPERATING BUDGET - CITY OF DUBLIN, OHIO

Fiduciary Funds

STATEMENT OF FUNCTIONS:

These funds reflect the cost of reimbursing developers for the cost of installing certain public improvements (water & sewer reimbursement) and for refunding permit bonding fees deposited with the City to ensure completion of a project. A specific agency fund has been established for the collection of taxes on behalf of the Dublin Convention & Visitors Bureau, the tracking of unclaimed funds, the collection and distribution of a building surcharge mandated by State law, and for the agency fund to track the revenue and expenditures of the Central Ohio Interoperable Radio System (COIRS) established between the City of Dublin, the City of Worthington and Delaware County.

the 1990s, the number of people in the world who are living in poverty has increased from 1.2 billion to 1.6 billion (World Bank 2000).

There are a number of reasons for this increase in poverty. One of the main reasons is the rapid population growth in the developing countries. The population of the world is expected to reach 8 billion by the year 2025 (United Nations 2000). This rapid population growth is putting a strain on the natural resources of the world, particularly in the developing countries. The demand for food, water, and energy is increasing, and the natural resources are being depleted at an alarming rate.

Another reason for the increase in poverty is the rapid technological change in the developed countries. The developed countries are becoming more and more dependent on technology, and the demand for skilled labour is increasing. This is leading to a widening gap between the rich and the poor in the developed countries. The poor are unable to keep up with the rapid technological change, and they are being left behind.

There are a number of ways in which the world can reduce poverty. One of the most important ways is to invest in education and health care. Education and health care are essential for economic growth and development. The more educated and healthy a population is, the more productive it will be. This will lead to higher incomes and a reduction in poverty.

Another way to reduce poverty is to improve the natural resources of the world. The natural resources are the foundation of the world's economy. If the natural resources are depleted, the world's economy will collapse. It is essential to invest in the natural resources of the world, particularly in the developing countries. This will ensure that the world's economy is sustainable and that poverty is reduced.

There are a number of other ways in which the world can reduce poverty. These include improving the infrastructure, increasing trade, and promoting economic growth. All of these ways are essential for reducing poverty and improving the quality of life for all people in the world.

The world is facing a number of challenges in the 21st century. One of the most important challenges is poverty. It is essential that the world take action to reduce poverty and improve the quality of life for all people. This will require a concerted effort from all countries and all people. Only then can we hope to build a better world for ourselves and for future generations.

2014 OPERATING BUDGET – CITY OF DUBLIN, OHIO

GLOSSARY OF TERMS

While not inclusive, this glossary is provided to assist the reader with definitions of some unfamiliar terms used in the budget document.

Accrual Basis – a basis of accounting in which transactions are recognized at the time they are incurred or obligated, rather than when cash is received or spent.

Agency Fund - a type of fiduciary (trust) fund used to account for assets held by the City as an agent for individuals, other governments and/or other funds.

Appropriation – authorization from the legislative authority (City Council) to expend funds for a specific purpose or category of purposes. Appropriations are for the current fiscal year and lapse at the end of the fiscal year if not obligated for a specific purpose.

Balanced Budget – occurs when planned expenditures equal anticipated revenues.

Bond – a written promise to pay a specified sum of money, called the face value or principal amount, at a specified date or dates in the future called the maturity date(s), together with the periodic interest at a specified rate. Note: The difference between a note and a bond is that the latter runs for a longer period of time and requires greater legal formality.

Bond Rating – a measure of the City's credit-worthiness determined by established outside agencies by reviewing the City's financial viability and practices. A high bond rating results in favorable interest rates when the City borrows funding for long term capital projects.

Budget – the financial operating plan for a given time period which provides estimates of expenditures and revenues for that time period and outlines the assumptions under which those estimates were made.

Budget Amendment – a formal change of budgeted appropriations requiring legislative approval.

Budget Calendar – the schedule of key dates that are followed in the preparation and adoption of the budget.

Budgetary Basis – the basis under which the budget estimates are made.

Capital Asset (as defined by the City of Dublin) –tangible property, obtained or controlled as a result of past transactions, events or circumstances, which will benefit the City for a period of more than one (1) year and has a cost or dollar value of \$1,000 or more.

Capital Outlay – a category of expenditures that includes items greater than a certain value and/or expected to last for greater than a specified time period.

Capital Improvements Program (CIP) –issued separately on an annual basis, but in coordination with the operating budget document, the CIP is the five-year plan for infrastructure and other long term investments such as roadways, technology, vehicles, parks, etc.

Capital Improvements Tax Fund - represents the 25% of the local income tax collected for the purpose of funding capital improvements.

2014 OPERATING BUDGET – CITY OF DUBLIN, OHIO

GLOSSARY OF TERMS

Capital Projects Fund - used to account for the financial resources to be used for the acquisition or construction of major capital facilities other than those financed by Proprietary Funds and Trust Funds.

Capital Project – a major construction, acquisition, or renovation activity that adds value to or significantly increases the useful life of the government’s physical assets.

Cash basis – a basis of accounting or budgeting in which transactions are recognized only when cash is increased or decreased.

Cemetery Fund - a fund provided to account for revenue received from the sale of cemetery lots and interment fees. Expenditures are restricted to the maintenance of the City's cemeteries.

Cemetery Perpetual Care Fund - established in order to set aside funds so that when all the City’s cemetery burial lots are sold, funds remain to properly maintain all cemetery lots in perpetuity.

City Charter – a document ratified by a vote of the people that outlines the guidelines and policies under which a city will operate.

Council-Manager form of government – the form of government in which an elected City Council hires a professional city manager to serve as the chief administrative official for the City, as opposed to an elected mayor.

Contingency – a budgeted reserve set aside for emergencies or unforeseen expenditures not otherwise included within the budget.

Cost of Services Study – study conducted each year to determine the fees to be charged for various programs and

services throughout the City. This study is a comprehensive review of the allocation of City costs to all City programs to ensure that fees charged accurately reflect the costs associated with provision of that service or program.

Debt Service – payment of principal and interest on borrowed funds according to a predetermined schedule.

Debt Service Fund – used to account for resources set aside to fund debt service and actual principal and interest payments.

Dublin Convention and Visitors Bureau Fund - accounts for 25% of the tax imposed on establishments that provide sleeping accommodations for transient guests and is due to the Dublin Visitors and Convention Bureaus as required by state law.

Employee Benefits Self-Insurance Fund – includes monies received from other funds as payment for providing medical, dental and vision benefits. The Employee Benefits Self-Insurance Fund may make payments for service provided to employees, for reimbursements to employees who have paid providers, to third party administrators for claim payment or administration, for stop-loss coverage, or any other similar purposes.

Encumbrance – the commitment of appropriated funds to purchase an item or service; to encumber funds means to commit them for a specified future expenditure.

Enforcement and Education Fund - provided to account for revenue received from penalties assessed in accordance with violations involving Section 4511.19, Ohio Revised Code. Expenditures are restricted

2014 OPERATING BUDGET – CITY OF DUBLIN, OHIO

GLOSSARY OF TERMS

to educating the public of laws governing the operation of a motor vehicle while under the influence of alcohol and other information relating to the operation of a motor vehicle and the consumption of alcoholic beverages.

Enterprise Fund - used to account for operations that are financed and operated in a manner similar to private business enterprises - where the intent is the costs of providing goods or services to the public on a continuing basis be financed or recovered primarily through user charges.

Expenditure – the payment for goods or services; in a cash – based budget such as the City of Dublin's, expenditures are recognized only when the cash payment for the cost of goods received or services rendered is made.

Fiduciary Fund – any fund held in a fiduciary capacity, ordinarily as agent or trustee. Also called Trust and Agency Funds.

Fiscal Year – the twelve-month period designated as the operating year for accounting and budget purposes; in the case of the City of Dublin, January 1 – December 31, or calendar year.

Full – Time Equivalent (FTE) – represents an employee working a standard 40-hour workweek, or its equal in terms of hours comprised of more than one employee.

Fund – the basis on which the governmental accounting system is organized; an independent financial and accounting entity with a self-balancing set of accounts in which transactions relating to resources, expenditures, assets and liabilities are recorded. Funds are established to account for the use of restricted revenue sources and to carry on specific activities.

Fund Balance – amounts shown as fund balance represent monies which remain unspent after all budgeted expenditures have been made.

General Fund – the general operating fund used to fund public services used to account for all financial resources except those required to be accounted for in another fund.

General Obligation Debt – debt backed by the full faith, credit and taxing power of a government.

General Obligation Debt Service Fund – accounts for the accumulation of resources and payment of general obligation bond principal and interest from governmental resources.

Governmental Accounting Standards Board (GASB) – the independent agency established under the Financial Accounting Foundation in 1984 as the official body designated to set accounting and financial reporting standards for state and local governments.

Governmental Funds – a generic classification used by the GASB to refer to all funds other than proprietary and fiduciary funds. The General Fund, special revenue funds, capital project funds, and debt service funds are types of funds referred to as "governmental funds."

Grant – a contribution by a government or other entity to support a particular function.

Home Rule – the term used to describe the powers of municipal corporations operating under a charter which provides for or authorizes a method of procedure in the passage and publication of legislation, the making of improvements, and the

2014 OPERATING BUDGET – CITY OF DUBLIN, OHIO

GLOSSARY OF TERMS

levying of assessments differing from the method prescribed by general law, may pass and publish such legislation, make such improvements, and levy such assessments under the general law or in accordance with the procedure provided for or authorized by its charter.

Hotel Motel Tax Fund – fund into which taxes derived from hotel room stays (bed taxes) are deposited; this fund accounts for 75% of the tax imposed on establishments that provide sleeping accommodations for transient guests. Expenditures are restricted to the advancement of cultural development, beautification of public property, improvement of the historic district and any other project or expenditure which would enhance the City's appeal to visitors and tourists.

Income Tax Revenue Sharing Fund – fund into which income taxes to be shared with Dublin City Schools in conjunction with certain economic development agreements are deposited for payment to the schools.

Infrastructure – the physical assets of a government, including but not limited to public buildings, streets, curbs and traffic control devices, water and sewer facilities, and parks and public lands.

Internal Service Fund - used to account for the financing of goods or services provided by one department or agency of the City to other departments or agencies on a cost-reimbursement basis. Charges are intended only to recoup the total cost of such services.

Lapse of Appropriation – the expiration of appropriation authority at the end of the fiscal year if it is neither expended nor encumbered for a specific purpose.

Law Enforcement Trust Fund - accounts for all cash or cash proceeds that are a result of contraband property seizures and forfeitures of property.

Major Funds - Many local governments manage and account for their financial activities in a limited number of funds--designated as major funds as recommended by the GASB.

Mandatory Drug Fine Fund - includes revenue from mandatory fines imposed for drug offense convictions in accordance with Section 2925.03, Ohio Revised Code. Expenditures are restricted to law enforcement efforts pertaining to drug offenses.

Mayor's Court Computer Fund – represents an additional fee collected for computerization of the Mayor's Court in accordance with Ohio Revised Code Section 1901.261.

Merchandising Fund - fund for receipts from sales of Dublin-related merchandise and related costs.

Operating Expenditure – costs of personnel, materials, services and equipment required for a City unit to function.

Operating Revenue – income received by the government to pay for ongoing operations, including items such as taxes, fees for services, investment earnings, grant revenues, etc.

Operating Transfer – an amount moved from one fund to another to support the funding of services in the recipient fund.

Parkland Acquisition Fund – created to account for property taxes and development fees collected for the purpose of funding acquisition of recreational facility sites, open space, and/or parkland.

2014 OPERATING BUDGET – CITY OF DUBLIN, OHIO

GLOSSARY OF TERMS

Performance Measurements – any systematic attempt to learn how responsive a government's services are to the needs of the residents through use of standards, workload indicators, etc.

Permissive Tax Fund - accounts for permissive tax fees received in addition to the motor vehicle license tax. Expenditures are restricted to construction or permanent improvements of the streets and state highways within the City.

Personal Services – a category of expenditures that represents the amounts paid for all costs associated with personnel, including wages and benefits paid by the City.

Policy – a guiding principal which defines the underlying rules which will direct decision-making processes.

Program – a group of related activities intended to accomplish a specific objective.

Recreation Fund - created to account for revenues and expenditures for parks and recreation programs and activities, including the Community Recreation Center.

Reserve – funds set aside that are earmarked for a specific future use.

Revenue – sources of income received during a fiscal year, operating transfers from other funds, and other financing sources such as the proceeds derived from the sale of fixed assets.

Safety Fund - accounts for revenues and expenditures for the operations of the City's Police Department. Major revenue sources are property taxes and subsidies from the General Fund.

Service Payment – payment made in lieu of real estate taxes for purposes of retiring debt for improvements in a designated tax-increment financing (TIF) district.

Sewer Fund - provided to account for capacity charges for connecting into the sewer system and the costs associated with the maintenance and repair of the City's sewer lines.

Special Assessment Debt – debt issued for a specified purpose and based on collection of taxes levied against a pre-determined set of properties for that purpose.

Special Assessment Debt Service Fund - provided to account for the accumulation of resources and payment of special assessment bond principal and interest from special assessment levies with governmental commitment.

Special Revenue Fund - used to account for the proceeds of specific revenue sources (other than expendable trusts or major capital projects) that are legally restricted to expenditures for specified purposes.

State Highway Improvement Fund - provided to account for the allocation of revenues derived from motor vehicle license fees and gasoline taxes. Expenditures are restricted by state law to maintenance and repair of state highways within the City.

Street Maintenance and Repair Fund - provided to account for the allocation of revenues derived from motor vehicle license fees and gasoline taxes. Expenditures are restricted by state law to maintenance and repair of streets within the City.

2014 OPERATING BUDGET – CITY OF DUBLIN, OHIO

GLOSSARY OF TERMS

Swimming Pool Fund- includes revenues and expenditures for outdoor swimming pool programs and activities at both outdoor facilities, excluding the capital cost of the swimming pool.

Tax-increment financing (TIF) - A method used for funding public improvements whereby real estate tax revenue increases resulting from those improvements are directed toward paying for those improvements.

Transfers – An appropriation to or from another fund. A transfer is the movement of money from one fund to another to wholly or partially support the functions of the receiving fund.

Unencumbered Balance – the remaining balance within a fund that is not obligated for any other purpose.

User Fee (or charge) – the payment of a fee for direct receipt of a public service by the party who benefits from the service.

Water Fund - provided to account for the collection of a user surcharge, permit fees and the costs associated with the maintenance and repair of the City's water lines.

Workers' Compensation Self-Insurance Fund – fund for the accumulation of funds to provide for payment of claims and other costs associated with the City's self-insured workers compensation program.
