Conditional Use Application Statement  
7533 Sawmill Road  
Vernon Road

A. Describe the property and its intended use.

*The conditional use application is to permit a real estate brokerage office to operate within one of the vacant tenant spaces within the existing shopping center. The office will be located in a space that has 1,976 sq. ft. located along the shopping center that faces Sawmill Road. There will be a maximum of six (6) full time employees and up to four (4) part time employees. The hours of operation shall be 9:00 a.m. to 7:00 p.m. Monday thru Saturday and 11:00 a.m. to 6:00 p.m. on Sundays. There may be periods during the year where the office stays open an hour or two later during the day to deal with clients and closings. There will be some client traffic to the site but most of the meetings will be at the sales location rather than meeting in the office. The office will be equipped with typical equipment and furniture associated with a real estate office.*

B. State the necessity or desirability of the proposed use to the neighborhood or community.

*The proposed real estate brokerage office will provide a service to the citizens of the City of Dublin. Real estate services are primarily a local operation and the addition of this office to the citizens on the east side of the Scioto River provide them with a full service real estate office to provide them with representation for the sales and purchases of real estate in the Dublin community. The real estate staff would target the Dublin areas to provide an essential service the property owners, both sellers and buyers, need as a part of real property transactions. The proposed location is appropriate because it is in the center of the northeast Dublin market.*

C. State the relationship of the proposed use to adjacent properties and land uses.

*The shopping center provides a variety of different retail, restaurant and service opportunities at this time and the addition of the real estate office will help to expand the types of clients that come to the shopping center. Many Dublin residents need the service of a real estate brokerage firm for their real estate transactions so having an office in this proximity is clearly a positive for the neighborhood and the community.*

D. State how the proposed use will relate to the Dublin Community Plan and any other development standards applicable to the property.

*The shopping center was approved and constructed approximately 10 years ago and has seen a variety of different tenants within the leasable space. The proposed real estate brokerage office is a natural extension of the types of mixed uses that should be present in the shopping center. The real estate office would offer a service to the citizens of Dublin with appropriate parking and access that given the mix of uses would work in tandem with the other uses already located in the center. The real estate office use meets the aims of the Dublin Community Plan by providing a wide range of retail, and service activities within the*

*wide range of activities that serves the citizens of Dublin without negatively impacting any of the existing tenants with the inclusion of the proposed use.*
