Details		Amended Final Development Plan
Overview	The proposal includes a request to replace two existing ground sign cabinets. The existing sign locations and bases will remain.	
Existing Signs	<p>Avery-Muirfield Drive The existing monument sign is on the Avery-Muirfield frontage approximately 140 feet south of Perimeter Drive. The existing 26-square-foot internally illuminated cabinet has a black matte background with white lettering. The sign height is 5 feet, 9 inches with a 3-foot tall brick base and a 2-foot, 9-inch tall cabinet.</p> <p>Perimeter Drive A second existing monument sign is on the Perimeter Drive frontage west of the private drive that borders the east site property line. The existing 24-square-foot internally illuminated cabinet also has a black matte background with white lettering. The sign height is 4 feet, 10 inches with a 22-inch tall brick base and a 3-foot tall cabinet.</p>	

Details		Amended Final Development Plan
Text Requirements	The development text for Subarea E of the Perimeter Center PCD permits lots with frontage on two public rights-of-way to have two ground signs with a total of 66.5-square-feet. The maximum sign height is 9 feet from the adjacent curb and secondary images may be up to 20% of the sign face.	
Proposed Signs	<p>Both proposed sign cabinets will be placed on the existing brick bases and internally illuminated. The design is a black aluminum face and cabinet with push through letters. Both signs meet the location, area, height and secondary image requirements of the text.</p> <p>Avery-Muirfield Drive The proposed sign cabinet will be increased from 26 square feet to 41 square feet, and increased in height from 5 feet, 9 inches to 7 feet, 5 inches, which is within the requirements of the text. The proposed sign includes secondary images at 5% of the proposed sign face.</p> <p>Perimeter Drive The proposed sign cabinet will extend to meet the brick base removing an existing 4-inch gap between the sign cabinet and base. The square footage of the proposed sign face remains at 24-square-feet, and 4 feet, 10 inches high. The proposed sign includes secondary images and lettering at 18% of the proposed sign face.</p>

Amended Final Development Plan Review Criteria

Review Criteria

In accordance with Section 153.055(B) *Plan Approval Criteria*, the Code sets out the following criteria of approval for a final development plan:

- 1) The plan conforms in all pertinent respects to the approved preliminary development plan provided, however, that the Planning and Zoning Commission may authorize plans as specified in §153.053(E)(4);
- 2) Adequate provision is made for safe and efficient pedestrian and vehicular circulation within the site and to adjacent property;
- 3) The development has adequate public services and open spaces;
- 4) The development preserves and is sensitive to the natural characteristics of the site in a manner that complies with the applicable regulations set forth in this Code;
- 5) The development provides adequate lighting for safe and convenient use of the streets, walkways, driveways, and parking areas without unnecessarily spilling or emitting light onto adjacent properties or the general vicinity;
- 6) The proposed signs, as indicated on the submitted sign plan, will be coordinated within the Planned Unit Development and with adjacent development; are of an appropriate size, scale, and design in relationship with the principal building, site, and surroundings; and are located so as to maintain safe and orderly pedestrian and vehicular circulation;
- 7) The landscape plan will adequately enhance the principal building and site; maintain existing trees to the extent possible; buffer adjacent incompatible uses; break up large expanses of pavement with natural material; and provide appropriate plant materials for the buildings, site, and climate;
- 8) Adequate provision is made for storm drainage within and through the site which complies with the applicable regulations in this Code and any other design criteria established by the City or any other governmental entity which may have jurisdiction over such matters;
- 9) If the project is to be carried out in progressive stages, each stage shall be so planned that the foregoing conditions are complied with at the completion of each stage; and
- 10) The Commission believes the project to be in compliance with all other local, state, and federal laws and regulations.
