Development Plan Review**

Rachel Ray stated this is a request for Development Plan Review for four new blocks for development on approximately 17.28 acres, including new public rights-of-way for a future mixed-use development on the east side of Riverside Drive at approximately the intersection of Dale Drive, north of West Dublin-Granville Road.

Ms. Ray said there was a Pre-Application Review at last week's ART meeting for both applications. She explained that staff had also met with the applicant yesterday to review the updated plans and to discuss the approach to obtaining the property owners' signatures for the COTA Park and Ride site and the medical office building on Dale Drive. She stated that staff had agreed to process the application and begin the reviews, provided the property owner signatures are obtained prior to a determination on each application. She reiterated that the ART recommendations to the Planning and Zoning Commission are targeted for Thursday, July 31<sup>st</sup> for both applications.

Ms. Ray said the first application is for the Basic Development Plan and Preliminary Plat, which covers the larger area south of John Shields Parkway but does not include the land west of the Vrable site, north of John Shields Parkway. She described the Mooney Street extension south through the site, which would become private south of the new "Park Avenue" roadway in the southern portion of the site. She said the Basic Development Plan application is intended to review the street network and block framework for the site on a larger scale. She said the applicant has also filed a Preliminary Plat for the lots and future rights-of-way.

Steve Langworthy confirmed blocks A and B will be divided by a private street.

Ms. Ray explained that the proposed Zoning Code language for the BSD Scioto River Neighborhood District, which the Planning and Zoning Commission will review later this evening, includes special provisions for the measurement of block size given the unique block access circumstances near the future roundabout.

Ms. Ray said there are separate case numbers for the Basic Development Plan/Preliminary Plat and the Development Plan for Phase 1 of Bridge Park East. She stated that Phase 1 includes four blocks with the future "Park Avenue." She explained that the purpose of the Development Plan is to take a step further than the Basic Development Plan, looking at general building footprints and locations of streets, blocks, and lots, in addition to evaluating the proposal against the Neighborhood District standards that are currently being drafted.

Mr. Langworthy asked the applicant if they would like to comment further on the two applications.

Nelson Yoder, Crawford Hoying Development Partners, said the streets that will be installed above parking structures will be private. He provided an overview of the proposed public and private streets shown throughout the site.

Ms. Ray said the plans also include block dimensions, utility plans and open spaces. She reiterated that although the open space plan shows amenity decks as part of the "open space" provided on site, these spaces will not count toward the open space requirement.

Mr. Yoder described the intent of the open space distribution across the site, including larger pocket parks and pocket plazas intended to serve as larger gathering spaces, such as BriHi Square in Historic Dublin, in addition to smaller spaces along the sidewalk.

Ms. Ray said in terms of timing, she is looking at scheduling a General Staff meeting within the next week, and we will continue to meet with the applicant at the ART meetings until the recommendation scheduled for July 31<sup>st</sup>.

Mr. Langworthy instructed staff to prepare for the General Staff meeting and to review the applications from a broader perspective.

#### **ADMINISTRATIVE**

Steve Langworthy asked if there were any additional administrative issues or other items for discussion. [There were none.] The meeting was adjourned at 2:20 pm.
