Re: Ordinance 92-14 – An Ordinance to Change the Name of a Portion of Tuller Ridge Drive to Dale Drive in the City of Dublin, Ohio

Summary

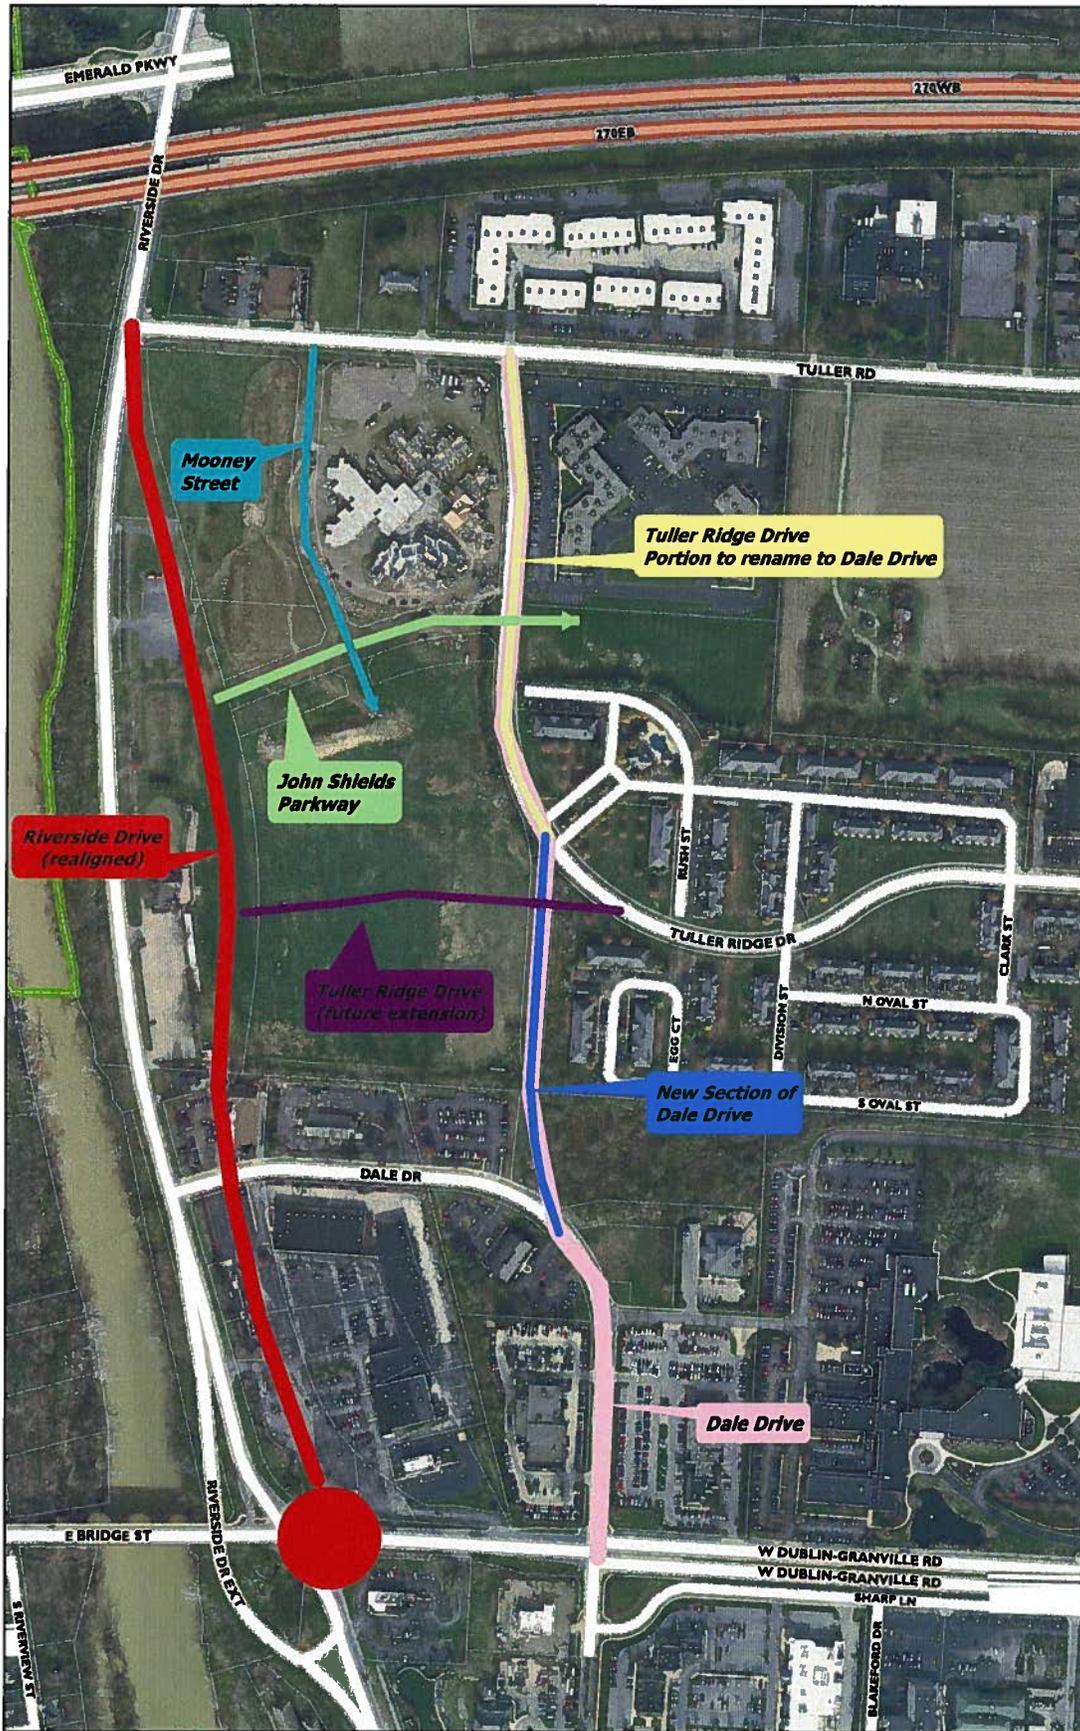

With the roadway improvements progressing in the Bridge Street District, the grid street system is beginning to take shape. The Dale–Tuller temporary connector is under construction. Once this construction is complete, vehicular traffic will be able to move north and south between West Dublin–Granville Road (SR 161) and Tuller Road. The existing roadways in this alignment are Dale Drive and Tuller Ridge Drive. This poses a challenge for way-finding and emergency services. Also, this route will be used as a detour during the construction of other public improvements in the Bridge Street District, which are planned to commence as early as March 2015.

Staff proposes to rename the northern portion of Tuller Ridge Drive from Tuller Road to Dale Drive (an approximate length of 1,400 feet). Please refer to the attached exhibit which depicts this portion of roadway. No existing structures or parcels are officially addressed from this portion of Tuller Ridge Drive.

Eventually, Tuller Ridge Drive is expected to be extended to the west to intersect with realigned Riverside Drive. The existing east/west portion of Dale Drive is expected to be vacated with the redevelopment of the Bridge Pointe shopping center. Therefore, after this future extension and vacation, the roadway names and the grid system will be established in a more typical and expected manner.

Recommendation

Staff recommends adoption of Ordinance 92-14 at the second reading/public hearing on September 22 in order to change the name of a portion of Tuller Ridge Drive to Dale Drive in the City of Dublin, Ohio.
