Re: Ordinance 106-14 – An Ordinance to Establish the Name of a New Road as University Boulevard in the City of Dublin, Ohio

Summary

In August, staff presented Resolution 74-14 to accept the lowest and best bid for the construction of Academic Drive. This road will start on the south side of the existing roundabout at the intersection of State Route 161 and Industrial Parkway. The current phase will construct approximately 650 feet of the road to the south. The construction of this first phase is underway with a scheduled completion date of May 15, 2015.

Staff recently received a request from the Ohio University Heritage College of Osteopathic Medicine (OU HCOM) to reconsider the proposed name of this roadway. This is a new roadway in the City of Dublin and the City can establish the road name. The proposed road name is "University Boulevard." Staff has reviewed this request and the proposed name is acceptable. This road name will need to be established in both Franklin and Union Counties.

The current construction is being performed under a Right of Entry Agreement with OU HCOM. OU HCOM is required to dedicate (at no cost) the right of way for this road. They are currently processing this paperwork. We will use the deed as a reference document when recording this Ordinance with the county recorder's office.

Recommendation

Staff recommends adoption of Ordinance 106-14 at the second reading/public hearing on November 3, 2014 in order to establish the name of a new road as University Boulevard in the City of Dublin, Ohio.
