

iCloud Workshop

iCloud Workshop

Gain a deeper understanding of how to use Apple's iCloud service. Greatly misunderstood, but very important, iCloud is full of great features including wireless synching, tracking a lost/stolen device, and iCloud Drive for storing files. We always have plenty of time for questions.

iCloud

iCloud Workshop Outline

- What is the cloud
- Apple's iCloud
- What it does
- How to enable it
- iCloud drive
- Wireless synching
- Tracking a lost or stolen Apple device

Meet iCloud Workshop Instructor Gregg Montgomery

Gregg Montgomery works as a technology consultant in the Columbus, OH area. A former Apple store retail employee, Gregg has been working independently running his own technology business for over three years. He's consulted with schools and businesses, but spends most of his time working with adults teaching classes or doing one-on-one training and troubleshooting related to Apple products. Gregg has a Bachelor's Degree in Fine Art from Cleveland State University and a Master's Degree in Art Education from The Ohio University.
