

# iPad Special Topic- Using Pages and iMovie

## iPad Special Topic- Using Pages and iMovie

Pages is a word processor app for creating documents much like Microsoft Word. iMovie is a very simple and fun app for stitching photos and short videos together. Join us for this demo of these two great apps and explore just how powerful and creative these devices really are! Pages and iMovie are both paid apps available on Apple's App Store.

## iPad Special Topic- Using Pages and iMovie Gregg Montgomery

Gregg Montgomery works as a technology consultant in the Columbus, OH area. A former Apple store retail employee, Gregg has been working independently running his own technology business for over three years. He's consulted with schools and businesses, but spends most of his time working with adults teaching classes or doing one-on-one training and troubleshooting related to Apple products. Gregg has a Bachelor's Degree in Fine Art from Cleveland State University and a Master's Degree in Art Education from The Ohio University.
