

Bricks4Kidz camps provide an extraordinary atmosphere for children, where **we learn, we build, we play...** with LEGO® Bricks. Programs are built around our proprietary model plans, designed by engineers and architects, with exciting themes such as space, construction, and amusement parks. Our specially designed project kits and theme-based models provide the building blocks for the Bricks4Kidz approach to educational play. We believe that kids learn best through activities that engage their curiosity and creativity.

Camps are for children 6-12yrs of age.

*Please refer to the Healthy Brochure for complete camp descriptions.*
