

2015-16 Adult Winter Men's Basketball Leagues

- Returning teams are given first priority to return to the league. New teams are added to a wait list and are contacted after the returning team registration period listed below.
- All new teams who wish to be placed on the wait list must contact Kelly Rigano (krigano@dublin.oh.us) with the following information: Name, email address, phone number, and league night preference
- Individuals who are interested in playing, but do not have a team, will be added to a "free agent" list. Your information is made available to the other teams in the league; we do not "place" free agents onto teams.
