Deer Run Estates Lot Ownerships:
Lots 1, 2 & 5 Being in the name of DEER RUN LAND, LLC as described in Official Record 483, Page 1892
Lots 3, 4, 9, 10, & 11 in the name of DEER RUN LAND, LLC as described in Official Record 483, Page 1893
Lots 6, & 7 in the name of DEER RUN LAND, LLC as described in Official Record 483, Page 1895
Lot 8 in the name of DEER RUN LAND, LLC as described in Official Record 466, Page 244

The undersigned, GEORGE H. BENNETT, JR., Vice President, authorized signor of DEER RUN LAND LLC a limited liability company, and JOHN DOE, authorized signor of DEER RUN ASSOCIATES, LLC a limited liability company by owner of the lands platted herein, duly authorized in the premises, does hereby certify that this plat correctly represents its Deer Run Subarea A & Partial Re-subdivision of Deer Run Estates, a subdivision containing lots numbered 12 to 15, both inclusive, and Reserve "A" hereby accepts this plat of same.

The undersigned further agrees that any use or improvements on this land shall be in conformity with all existing valid zoning, platting, health or other lawful rules and regulations, including applicable off-street parking and loading requirements of the City of Dublin, Ohio, for the benefit of itself and all other subsequent owners or assigns taking title from, under or through the undersigned.

Easements are hereby reserved in, over and under areas designated on this plat as "Easement", "Drainage Easement", Each of the aforementioned designated easements permit the construction, operation and maintenance of all public and quasi public utilities above, beneath, and on the surface of the ground and, where necessary, are for the construction, operation, and maintenance of service connections to all adjacent lots and lands and for storm water drainage. Within those areas designated "Drainage Easement" on this plat, an additional easement is hereby reserved for the purpose of constructing, operating and maintaining major storm water drainage swales and/or other above ground storm water drainage facilities. No above grade structures, dams or other obstructions to the flow of storm water runoff are permitted within Drainage Easement areas as delineated on this plat unless approved by the Dublin City Engineer.

Easements are hereby reserved in, over and under areas designated on this plat as "Private Utility Easement" (PUE) for the construction, operation and maintenance of storm water runoff drains, facilities and mainline waterline facilities. Such facilities shall be owned and maintained by a master association for the Deer Run development. Said facilities will not be dedicated to the City of Dublin and the City of Dublin will not be responsible for the maintenance of said facilities.

LLC, Deer Run Land, LLC, and Deer Run Associates, LLC in recording of this plat of Deer Run Subarea A & Partial Re-subdivision of Deer Run Estates has designated certain areas of land as Reserves, and are not dedicated for use by the general public but is hereby dedicated to the common use and enjoyment of the owners of the fee simple titles to the lots, units and reserve areas in the Deer Run development as more fully provided in the declaration of covenants, conditions and restrictions for the Deer Run development which will be recorded subsequent to the recordation of this plat. Said declaration of covenants, conditions and restrictions are hereby incorporated in and made a part of this plat.

NOTE "A" - Non-exclusive utility easements are platted for the construction, operation and maintenance of public and private utilities, storm water management and service connections thereto; above and beneath the surface of the ground.

NOTE "B" - For any easement shown on this plat that contains a storm sewer, culvert, over land open ditch flood route, detention basin, retention basin and/or other storm water structure (herein referred to as storm sewer), the storm sewer rights are senior to the rights of any other public or private utility or interest utilizing the easement. Any costs associated with the damage, repair, replacement or relocation of any buried or above ground facility or structure that is necessary to allow the maintenance, repair or replacement of the storm sewer shall be the responsibility of the owner of said utility, facility or structure. When maintenance, repair or replacement of a storm sewer causes the removal of any trees, plantings, landscaping, fence, driveway or any other feature located within the easement, the replacement and cost of said items shall be the responsibility of the owner of the underlying property or homeowner's association if applicable.

NOTE "C" - Within those areas of land designated "Drainage Easement" on this plat, an additional easement is hereby reserved for the purpose of constructing, operating and maintaining major storm water drainage swales and/or other storm water drainage facilities. No above grade structures, dams or other obstructions to the flow of storm water runoff are permitted within Drainage Easement areas as delineated on this plat. Easement areas shown hereon outside of the platted area are within lands owned by the undersigned and easements are hereby reserved therein for the uses and purposes expressed herein.

NOTE "D" - Drives shall not encroach into any side yard drainage easement.

NOTE "E" - BE ADVISED: A sub-surface drainage system may exist on this The system and/or outlet if located on this property must be maintained at all times.

NOTE "F" - On file with the County Engineer, Code Compliance, General Health District, and platting authorities are plans indicating the nature and location of various subdivision improvements.

NOTE "G" - Deviation in house locations and location and design of household sewage systems shown on development plans on file with the Delaware City/County General Health District may be allowed only if alternate locations and designs are submitted to, coordinated with, and approved by Code Compliance, Township Zoning and Health District authorities.

NOTE "H" - Easements are hereby reserved in, over and under areas of land designated on this plat as "Easement" or "Drainage Easement", for the construction, operation and maintenance of all public and quasi public utilities above and beneath the surface of the ground and, where necessary, for the construction, operation and maintenance of service connections to all adjacent lots and lands and for storm water drainage, excepting that, within said areas designated "Easement" and "Drainage Easement" hereon, no gas line, underground telephone, electric or television cable line or conduit or any other utility line shall be installed or placed on a course or alignment that both 1) is parallel with or approximately parallel with any existing (existing at the time of said installment or placement) sanitary sewer line in a said easement area and 2) has any point therein closer than ten feet to said sanitary sewer line unless said course or alignment is approved, in writing, by the Delaware County Sanitary Engineer. No right angle or near right angle crossing of said lines or conduits and said sewer is hereby restricted.

NOTE "I" - Where indicated, sanitary sewer easements are solely for construction, operation and maintenance of public and/or private sanitary sewers and service connections and may be crossed by other utilities.

NOTE "J" - Approval of this plat by the Delaware County Regional Planning Commission, the Delaware County Commissioners and/or any other governmental authority shall in no way constitute a dedication or acceptance of the Common Access Drive shown thereon, and all such Common Access Drive(s) shall be and remain a private access way, and the Delaware County Regional Planning Commission, the Delaware County Commissioners and every other public authority signing this plat shall have no responsibility or liability for or arising out of the construction, improvement, maintenance and/or use of any such Common Access Drive. The owners of these lots and their successors and assigns agree to and shall be bound by the foregoing provision, which provision shall be deemed to be and is a covenant running with the land.

NOTE "K" - Access to the Public Road Right of Way from the lots within the CAD shall be restricted to the Common Access Drive located within the Common Access Drive Easement.

NOTE "L" - Approval of this plat by the Delaware County Regional Planning Commission, the Delaware County Commissioners and/or any other governmental authority shall in no way constitute a dedication or acceptance of the private street(s) shown thereon, and all such private street(s) shall be and remain a private access way, and the Delaware County Regional Planning Commission, the Delaware County Commissioners and every other public authority signing this plat shall have no responsibility or liability for or arising out of the construction, improvement, maintenance and/or use of any such private street(s). The owners of these lots and their successors and assigns agree to and shall be bound by the foregoing provision, which provision shall be deemed to be and is a covenant running with the land.

NOTE "M" - Signature by the Delaware County Engineer's Office on this plat does not convey approval of the stormwater management, erosion and sedimentation control, site access points, or any work within the right-of-way for any lot shown on this plat.

NOTE "N" - Tree Preservation/No build Zone:
Within those areas designated hereon as "Tree Preservation/No Build Zone", No accessory buildings, fences, walks, steps, patios, decks, porches or improvements of any kind shall be constructed, except underground utility lines that may be necessary to serve a lot or other uses in the area. Reasonable efforts shall be used to ensure that minimal vegetation disturbances or minimal topography alterations occur in these areas. No trees over 4 inch in diameter shall be removed in these designated areas excepting where utilities cross these designated areas. Dead plant material may be removed. Said zones shall be maintained by the owners of the lots upon which zones are lots which such zones are located. Said zones shall also be for the purpose of constructing, operating and maintaining major storm water drainage swales and/or other storm water facilities. A tree preservation zone marker shall be placed every 50 feet along tree preservation line

Note "O" - Minimum Setbacks: Zoning regulations for Deer Run Subarea A & Re-subdivision of Deer Run Estates in effect at the time of platting specify the following dimensions for the minimum front, side and rear yard setbacks for each lot:

Front: 25 feet from private street easement
Side: 25 feet
Rear: The minimum rear-yard setback shall be either the 100-year flood line, or 30 feet from the property line, whichever is greater.

Said zoning regulations and any amendments thereto passed subsequent to the acceptance of this plat, should be reviewed to determine the then current requirements. This notice is solely for the purpose of notifying the public of the existence, at the time of platting, of certain zoning regulations applicable to this property. This notice should not be interpreted as creating plat or subdivision restrictions, private use restrictions covenants running with the land or title encumbrances of any nature, and is for informational purposes only.
