**Re:** Resolution 06-16 - Authorization to Enter into an Optical Fiber Use Agreement with Cardinal Health

## Summary

Staff recommends Council pass Resolution 06-16, authorizing the City Manager to enter into an Optical Fiber Use Agreement between the City of Dublin and the Cardinal Health.

Cardinal Health, one of Dublin's largest employers, is requesting the use of two (2) optical fiber pairs (or four (4) strands) to support its information technology, big data management, and global consumer technology operations. It plans to link its headquarters and existing local operations to its facilities across the globe. It will help better support the company's global reach as one of the largest pharmaceutical wholesalers as it continues its expansion into international markets.

With more than 36,000 employees worldwide, Cardinal Health helps pharmacies, hospitals, surgery centers, clinical labs and physician offices focus on patient care with reducing cost, enhancing efficiency and improving quality. A move onto the Dublin fiber system will allow Cardinal to connect and compete in today's dynamic healthcare environment.

The City possesses the additional capacity within its Dublin fiber optic bundle to accommodate this request. The fiber that would be provided from Dublin's unallocated reserve of optical fibers. The Optical Fiber Use Agreement is attached.

## Recommendation

Staff recommends approval of Resolution 06-16. Cardinal Health continues to exceed expectations in regards to its operations and continued job growth in Dublin. The anticipated growth globally will have a positive influence on the continued growth of its global headquarters operation located in Dublin. The allocation of optical fiber to Cardinal Health will help to facilitate this growth through technology. Please contact Colleen Gilger with any questions.

- b. Shall provide each other a twenty-four (24) hour a day, three hundred sixty-five (365) days per year, coordination telephone number.

## 8. MAINTENANCE.

8.1 All maintenance and repair functions on the User System and all facilities through which the User System passes, including, but not limited to, conduit, innerduct, poles, and equipment, but specifically excluding all User owned and controlled opto-electronics, shall be performed by or at the direction of Owner or Owner's appointed agent with reasonable notice to User. Except as otherwise may be agreed to by the parties, User is prohibited from performing any maintenance or repair on the Fiber System or User System. User shall have the right to have an employee or representative available to assist Owner in any maintenance or repair of the User System. Owner shall maintain

User System in accordance with the technical specifications (hereinafter referred to as the "Specifications") attached hereto in Exhibit B.

- a. Regular Maintenance: Owner may from time to time undertake and provide for Regular Maintenance activities in an attempt to keep the Fiber System and/or User System in good working order and repair so that it performs to a standard equal to that which is then commonly believed to be acceptable for systems of similar construction, location, use and type. Such Regular Maintenance shall be performed at Owner's sole cost, and
- b. Scheduled Maintenance: Owner from time to time may schedule and perform specific periodic maintenance to protect the integrity of the Fiber System and/or User System and perform changes or modifications to the Fiber System and/or User System (including but not limited to fiber slicing, etc.) at User's request. Such User requested Scheduled Maintenance shall be performed at User's sole cost and expense. User may request such Scheduled Maintenance by delivering to Owner a Statement of Work detailing the service User desires to be performed, including the time schedule for such services. Upon receipt of such a Statement of Work, Owner will provide an estimate of the price and timing of such Scheduled Maintenance. Following User's acceptance of such estimate, Owner will schedule and have such Scheduled Maintenance performed. Owner will have such Scheduled Maintenance performed on a time-and-materials basis at the standard rates in then effect at the time services are performed. Rates in effect will be those identified in Exhibit C with the understanding that such rates are subject to change at any time.
- c. Emergency Maintenance: Owner may undertake and provide for Emergency Maintenance and repair activities for the Fiber System and/or User System. Where necessary, Owner shall attempt to respond to any failure, interruption or impairment in the operation of the User System within Twenty-Four (24) hours after receiving a report of any such failure, interruption or impairment. Owner shall use its best efforts to perform maintenance and repair to correct any failure, interruption or impairment in the operation of the User System when reported by User in accordance with the procedures set forth in this Agreement. User shall be responsible for the costs and expenses associated with such Emergency Maintenance as it relates to User's actual use of the User System and/or Fiber System requiring such Emergency Maintenance. Owner will have such Emergency Maintenance performed on a time-and-materials basis at the emergency maintenance rates in then effect at the time services are performed

8.2 In the event Owner, or others acting in Owner's behalf, at any time during the Term of this Agreement, discontinues maintenance and/or repair of the User Systems, User, or others acting in User's behalf, shall have the right, but not the obligation, to thereafter provide for the previously Owner provided maintenance and repair of the User System, at User's sole cost and expense. Any such discontinuance shall be upon not less than six (6) months prior written notice to User. In the event of such discontinuance, Owner shall obtain for User, or others acting in User's behalf, approval for adequate

access to the Rights of Way in, on, across, along or through which the User System is located, for the purpose of permitting User, or others acting in User's behalf, to undertake such maintenance and repair of the User System. As an alternate remedy, User may elect to terminate this Agreement, as well as the above referenced Lease Agreement should Owner discontinue maintenance and/or repair of the User System.

8.3 In the event any failure, interruption or impairment adversely affects both Owner's Fiber System and User System, restoration of the User System shall at all times be subordinate to restoration of Owner's Fiber System with special priority for Owner's public safety and municipal infrastructure functions carried over the Fiber System, unless otherwise agreed to in advance by the parties hereto. In such event or in the event Owner is unable to provide timely repair service to the User System, Owner may, following written request, permit User to make repairs to restore the User System as long as such restoration efforts do not interfere with Owner's restoration activities.

8.4 Any User subcontractors or employees who undertake repair or maintenance work on the User System shall first be approved by Owner to work on Owner's Fiber System. Currently, Columbus Fibernet, LLC is the only company authorized to perform such repair or maintenance work on the Fiber System, although Owner may authorize other entities to perform such work on the Fiber System from time to time. Prior to User's undertaking Emergency Maintenance or entering an Owner's facility for repair, User shall first notify Owner of the contemplated action and receive Owner's concurrence decision, a decision that Owner shall provide to User no later than twelve (12) hours from User's notification to Owner of contemplated action. When User undertakes Emergency Maintenance of the User System, User shall have an Owner employee or representative available to assist User in any repair of the User System.

## 9. USE OF USER SYSTEM.

9.1 User shall have exclusive control over its provision of telecommunications, video, data, and/or information services.

9.2 User hereby certifies that it is authorized or will be authorized, where required, on the effective date this Agreement to provide telecommunications, video, data, and/or information services within the State of Ohio, the City of Dublin, Ohio and in such other jurisdictions as the User System may exist, and that such services can be provided on the Fiber optic cable systems such as the Fiber System owned and operated by Owner.

9.3 User understands and acknowledges that its use of the Fiber System and the User System are subject to all applicable local, state and federal laws, rules and regulations, as enacted, either currently or in the future, in the jurisdictions in which the Fiber System and the User System are located. User represents and warrants that it shall operate on the Fiber System and the User System subject to, and in accordance with, all laws, rules and regulations and shall secure all permits, approvals, and authorizations from all such jurisdictional entities as may be necessary.

10. INDEMNIFICATION.

10.1 User undertakes and agrees to protect, indemnify, defend, and hold harmless Owner and all of its elected officials, officers and employees, agents and volunteers from and against any and all suits and causes of action, claims, charges, damages, demands, judgments, civil fines, penalties, costs, attorneys' fees and costs, expenses or losses of any kind or nature whatsoever, for death, bodily injury or personal injury to any person, including User's employees and agents, or damage or destruction to any property of either party hereto, or third persons in any manner arising by reason of the negligent acts, errors, omissions or willful misconduct incident to the performance of this Agreement or use of the Fiber System on the part of User, or User's officers, agents, employees, or subcontractors, except for the active negligence or willful misconduct of Owner, and its elected officials, officers, employees, agents and volunteers. Users' indemnity requirements herein shall also specifically include all claims of intellectual property, copyright or trademark infringement made by third parties against Owner.

Such insurance shall be maintained by User at User's sole cost and expense.

11.3 To the extent that Cardinal Health is not self-insured for Commercial General Liability, Products and Completed Operations Liability, Owner will be named as an additional insured in such insurance policies and such additional insured coverage will only apply to Owner's liability for damages caused by the acts or omissions of Cardinal Health in the performance of this Agreement. Such additional insured status will end one (1) year after the termination or expiration of this Agreement. The policy cannot be canceled or reduced in coverage or amount without first giving thirty (30) calendar-days written notice thereof by registered mail to Owner at the following address:

City of Dublin  
Law Director  
5200 Emerald Parkway  
Dublin, Ohio 43017-1006

11.4 Such insurance shall not limit or qualify the obligations User assumed under the Agreement. Owner shall not by reason of its inclusion under these policies incur liability to the insurance carrier for payment of the premium for these policies.

11.5 Any insurance or other liability protection carried or possessed by Owner, which may be applicable, shall be deemed to be excess insurance and User's insurance is primary for all purposes despite any conflicting provision in User's policies to the contrary.

11.6 User shall be responsible for all User contractors' or subcontractors' compliance with the insurance requirements.

11.7 Failure of User to maintain such insurance shall be an event of default under the provisions of this Agreement.

11.8 User shall obtain and maintain:

(a) Commercial General Liability Insurance, including the following coverages: premises/operations (including explosion, collapse and underground coverages); independent contractors; blanket contractual liability (covering the liability assumed in this Agreement); personal injury (including death); and broad form property damage; and (b) products and completed operations liability insurance, which will be maintained for one (1) year. Umbrella or Excess Liability coverages may be used to supplement primary coverages to meet the required limits.

11.9 User shall provide Workers' Compensation insurance covering all of User's employees in accordance with the laws of the state of Ohio.

11.10 User may use an Umbrella or Excess Liability coverage to net coverage limits specified in the Agreement.
