</tbody>
</table>
4 inch LED recessed medium beam downlight with 50° cut off specially designed for LED technology. Two-stage reflector system produces smooth distribution with excellent light control and low aperture brightness. Lumen packages include 900, 1300, 1800 and 2800 lumens with color temperatures of 2700K, 3000K, 3500K, 4000K.

**Specifications and Features**

- **Lower Shielding Reflector**
  - Self-flanged, spun .050” thick aluminum lower reflector in combination with a lensed upper optical chamber provides superior lumen output with minimal source brightness. Available in all Portfolio Alzak® finishes.

- **Trim Retention**
  - Lower reflector is retained with two torsion springs holding the flange tightly to the finished ceiling surface.

- **Plaster Frame / Collar**
  - New Construction Housing: Die cast aluminum 1-1/2” deep collar accommodates ceiling materials up to 2”.

- **Universal Mounting Bracket**
  - Accepts 1/2” EMT, C channel and bar hangers and adjusts 5” vertically from above and below the ceiling.

- **Junction Box**
  - (4) 1/2” and (2) 3/4” trade size pry outs positioned to allow straight conduit runs. Listed for (8) #12 AWG (four in, four out) 90°C conductors and feed thru branch wiring.

- **Thermal**
  - Extruded aluminum heat sink conducts heat away from the LED module for optimal performance and long life.

- **LED**
  - LED system contains a plurality of high brightness white LED’s combined with a high reflectance upper reflector and convex transitional lens producing even distribution with no pixilation. Rated for 50,000 hours at 70% lumen maintenance. Auto resetting, thermally protected, LED’s are turned off when safe operating temperatures are exceeded. Color variation within 3-step MacAdam ellipses. Flexible disconnect allows for tool-less replacement of LED engine from below ceiling. Available in 80 or 90 CRI.

- **Driver**
  - Combination 120-277V 0-10V or 120V trailing edge phase cut driver provides flicker free dimming from 100% to 10%. Optional 1% 0-10V, Fifth Light, DMX or Lutron® Ecosystem. Driver can be serviced from above or through the aperture.

- **Code Compliance**
  - Thermally protected and cULus listed for protected wet locations. IP66 rated when used with IP66 gasket kit accessory. Optional City of Chicago environmental air (CCEA) marking for plenum applications. EMI/RFI emissions per FCC 47CFR Part 18 Class B consumer limits. Non-IC rated - Insulation must be kept 3” from top and sides of housing. RoHS Compliant. Photometric testing completed in accordance with IES LM 79 standards. LED life testing completed in accordance with LM 80 standards.

- **Warranty**
  - 5 year warranty.

WARNINGs:
- This frame is ONLY to be used on a flat non-sloped ceiling.
- Heater must face straight down.
- Frame and Heater cannot be installed on a pitched angle.

NOTES:
- Heater suspends (Gravity) by resting on adjustable tabs in flush mount fixture.
- Mounting holes on Surface Flange to be determined and drilled by Contractor/Installer.
- Supplied with Hi-Temp Fixture Whip and Hi-Temp Wire Nuts.
- Cut excess flex into heater cavity.
- Use Licensed Electrician ONLY

Notes
1. Fixture ambient temperature not to exceed 100°F
3. Lamps provided by others. Recommended Lamps to be 120 volt incandescent. Medium base lamp type and wattage as per order. Warning, risk of fire. Do not exceed maximum recommended wattage.
4. Fixtures provided with Ø 0.875" knockouts for power feed.
5. Milering, mounting and bending options available. Consult factory for details.
6. Socket spacing as specified. For custom spacing, consult factory for lamp compatibility.
7. For multiple circuit wiring consult factory.

The one-of-a-kind Hunter Original® has been around for a long time yet it still brings superior performance for years of endurance. This powerful motor features a cast-iron housing and a unique oil bath system that constantly lubricates bearings, virtually eliminating noise and wear. Many patrons have proudly hung their Hunter Originals for decades, and it’s never too late for you to join the fun. This product remains a classic that will elevate your home and amaze you with its performance.

- One-of-a-kind Hunter Original® motor promises years of quiet, trouble-free operation. This powerful motor features a cast-iron housing and a unique oil bath lubrication system that constantly lubricates bearings, virtually eliminating noise and wear.
- Original Canopy
- 2.5" downrod included to ensure proper distance from the ceiling and optimize air movement
- Limited Lifetime Motor Warranty is backed by the only company with over 125 years in the fan business
