This is a Corporate co-ed, recreational league. Company teams will play a 7-week regular season, followed by a post-season tournament. Only the top 4 teams will make the post-season tournament. The league will follow the same Co-Rec rules as laid out in the Softball Rules.

### FAQ for co-rec specific rules:

1. Teams must alternate male female in the batting order. All leagues will use 12" softballs. Women will bat with an 11" softball.
2. Teams may play with eight, but teams must take an out for the 9th and 10th batter if you have an uneven number of males and females (if a team has 4 males and 4 females, then no outs will be taken). Teams cannot have two women or two men bat in a row without an out in between.  
Ex: If a team has 5 men and 3 women, they must take an out in the 8th and 10th spots of the order.
3. Players may position themselves anywhere in the field. If there are 10 players in the field, then teams must have an equal number of men and women (5 men, 5 women). If you have less than 10 players, then any ratio of men to women is acceptable as long as it doesn't exceed 5 of one gender. They can play anywhere in the field.
4. Teams with more than 10 players can bat everyone, provided they alternate male-female in the batting order. Any 10 players may go into the field, as long as it doesn't exceed 5 of one gender.
