Re: 2023 Hotel/Motel Tax Grant Applications

The 2023 Hotel/Motel Bed Tax applications will be presented to the Finance Committee by a representative from each organization on Tuesday, November 8, 2022.

Background

The City of Dublin Hotel/Motel Tax Fund was established to improve the quality of life for our residents, corporate citizens and visitors. Home to 19 hotels/motels, Dublin generates funds from a six-percent tax on overnight stays. These funds are invested back into the community through designated projects and events that enhance visitor appeal and encourage overnight stays.

An event is defined as a planned social function, occurring either one-time, on an annual basis or as part of a series. Events that celebrate a community, neighborhood, local heritage, and/or cultural experiences through the presence of live performances, food and merchandise, and/or interactive exhibits are eligible for funding if they are held in public spaces and are open to the public.

Support from the Bed Tax Grant process is contingent on the approval of the City's annual budget funded by the Hotel/Motel Tax. Event organizers must complete all required documentation and follow-up reporting to receive funds. Prior success in receiving an award is no assurance that an organization will be awarded funding in the future. Even though an event may qualify, limited funds may not allow all events to receive financial support from the City.

Criteria

The City welcomes grant requests from federally recognized, tax-exempt, not-for-profit organizations (i.e. 501(c) (3)). Grants are made in the areas of:

- Beautification of public property
- Improvement of Dublin's historic district
- Projects/events that appeal to Dublin visitors/tourists
- Special events
- Other projects that will enhance Dublin
- Cultural arts

Priority

The City is interested in funding organizations that demonstrate they have planned their projects with respect to the community's goals and values. Priority is given to projects that:

- Generate overnight stays in Dublin hotels
- Encourage support of Dublin businesses, restaurants and attractions
- Attract positive coverage in local, regional and national media
- Reach a broad segment of the community
- Request seed money for inventive programs related to the aforementioned criteria
- Seek multiple sources of support rather than rely on the City as a single funding source
- Yield benefits to the community for the resources invested
- Promote cooperation among event organizers to reduce costs
- Enhance or improve the community

Limitations

Because the City cannot fund every worthwhile endeavor, resources are directed to those areas where public support will have the greatest impact. The following are not eligible for funding:

- Individuals
- Organizations that support political candidates or political philosophies
- Organizations whose primary purpose is to influence, promote or attempt to initiate legislation
- Organizations in need of funding for travel outside of Dublin
- For-profit ventures
- Budget deficits incurred prior to application
- Endowments
- Race events that require public road closures

Administrative Approval/Denial

Beginning in 2012, the Finance Committee implemented an administrative approval process which allows the administration to approve routine funding requests under certain circumstances. The established process is as follows:

- Any request for City services in which approval has been granted within the previous five years and the dollar amount requested does not exceed the amount granted in any one year of the previous five years (or if there is a slight increase within reason) can be administratively approved. The organization must have fulfilled all grant requirements in previous year(s) in order to qualify for administrative approval.
- Administrative approvals can be granted for requests of up to \$10,000, provided the nature of the services requested is not changing from previous requests in terms of similar services and similar costs (added 6/9/2020).
- Any request from an organization that has not received funding within the previous five years, whether for City services or other funding, will be forwarded to the Finance Committee for review and recommendation.
- Any request for funding beyond the cost of City services will be forwarded to the

Finance Committee for review and recommendation.

- Any request that was administratively approved, the Finance Committee would continue to make a formal recommendation to City Council for approval.
- Allows for administrative denial of grants under certain circumstances (ex. see "Limitations" above).
- The Finance Committee would continue to reserve the right to hear any applicant requesting a hotel/motel grant, including those that had been administratively approved or denied. Staff would provide a listing of the administrative recommendations to the Committee in advance of the Finance Committee meeting so that there is sufficient time to review.

We fully expect this event to continue to be one of Dublin's favorite places to be every Saturday morning, increasing the numbers of many Dublin business establishments. In year one we doubled the size of the former market and then doubled it in size again the following season. This event is something we have taken a lot of pride in and love doing for the community, however the cost of the market has exceeded our original expectations and we foresee this number continuing to grow as the event continues to be a big part of the community.

JAPAN-AMERICA SOCIETY OF CENTRAL OHIO OBON FESTIVAL - \$3,600

Organization: Japan-America Society of Central Ohio

Event/Project Name: Obon Festival

Grant Amount Requested: \$3,600

Administratively Approved: No

Contact Name: Benjamin Pachter

Purpose: The goal of the JASCO Obon Festival is to create a space that brings together Central Ohio's Japanese and American communities. By generating a Japanese matsuri (festival) environment in Dublin, we will create a cultural experience that not only educates Americans about Japanese festivals, but also enables Japanese families to feel connected to their native country while living in Ohio.

We will also highlight Japan-related community organizations and performing arts groups in the region, demonstrating the depth of Japanese cultural activities being practiced in Central Ohio while also allowing them to promote their own activities and thus increase regional awareness for the various organizations.

The Obon Festival will create a space for those interested in the Japan-America relationship. By working with local Japan-related organizations and student groups, this event will directly engage with those already invested in promoting the US-Japan relationship in Central Ohio. By offering activities that appeal to children and adults alike, we will promote life-long interest in and learning about Japanese cultural practices. Offering a stage for musical performances, meanwhile, will help to promote Japanese musical practitioners in the region.

The event will be held in Dublin not only because that is where our office is located, but also because that is where the most Japanese residents in Ohio live. It is our goal, however, that people from across the region will travel to Dublin to attend the festival, in turn promoting Dublin itself to the broader community.

Most of these events, including this one, are held at public High Schools, which act as a large fundraiser for the High School programs which work alongside the OAC for events. For co-hosting our tournaments HS programs can make anywhere from 5,000 to 15,000 dollars towards there programs.

Divisional State is an OAC State Tournament held on February 12th in Central Ohio. The tournament splits the field up by both Age Division and Class (Feeder School Size Large and Small). This Tournament works as a multi-divisional state tournament for Grade School and Junior High wrestlers. The Divisional State Tournament has grown since its inception 4 years ago, and this year being held at Dublin Jerome, we are hoping for it to be the most successful year to date. First four years had participation of, 567 (2019), 749 (2020), 768 (2021) and 670 (2022). As all of the participants are under 16 years of age, in the past it has been easy to assume most come with coaches or parents. It has been a reasonable estimate to assume 1.5 additional attendants per participant. If this holds true, that would be somewhere between 1200-1800 people over the course of the Divisional Tournament.

Expected Attendance: 1,500

Previous Room Night Average (according to DCVB): 0

2023 Expected Room Nights (provided by org): 100

Itemized Costs Bed Tax Grant will be used for: The OAC has a presence on many social media platforms. Our primary forms are Instagram, Twitter, Youtube with the largest number of interactions coming from Facebook. As a result it is necessary for the OAC to be an active member of the Facebook community. While our standard Facebook posts provide a solid foundation of communication to mostly parents and coaches (11,528 interactions in the month of June) the Boosted Facebook posts give our posts a much larger reach. In 2019, The OAC Facebook page boosted Facebook Posts for The Ohio Youth Football State Championship and in 2020 we did not. When Facebook Posts are boosted, the OAC see a significant increase in participation. Especially when these posts are boosted several months in advance of the event. Boosting

specifically targeted location, such as area over 60 miles away from Dublin Jerome High School, will help increase participation, as well as increase hotel stays in the area.

As we highlight in the chart above, the ability to Boost Facebook posts increases our reach within the Ohio Community. In addition to the overall volume of traffic our post sees, the boosted posts can be specifically targeted towards areas where the OAC wants to gain a larger foothold. The areas will include: Dayton, Cincinnati, Columbus, Toledo, Akron and Cleveland which will assist us in reaching a broader base of participation.

We are asking for \$1000 for boosting Social Media Posts and using mass email sites to increase participation

We are asking for \$1000 to pay for Tournament Coverage and Interviews. The OAC has partnered in the past with GOhio Cast. This is a wrestling-based media You Tube Channel that covers wrestling events from youth OAC level up to the International Senior World Championships. This coverage, as well as the interviews are useful in continued success of events. With Lake Erie Shore and Islands Visitors Bureau, the OAC and Gohio Cast have found a relationship where GOhio Cast, interviews a LESI member during the event to highlight and talk about the area and its relationship with events. This is a great marketing tool not only for the OAC, but as well as the City of Dublin.

We are asking for 1,000 dollars to help with Costs for GOhio Cast to cover the OAC Divisional Tournament.

Applicant is a 501 (c) 6 organization with the following mission statement:

The Historic Dublin Business Association is a not-for-profit organization comprised of business and property owners, working together to promote business prosperity and to preserve and enhance the integrity of Historic Dublin.
www.HistoricDublin.org

Brief History and Goals

The Historic Dublin Business Association (HDBA) incorporated on March 28, 2006 and has been granted exempt status by the Internal Revenue Service as a Business League, a 501(c) 6 organization. The mission of the HDBA related to this application is to encourage business growth and development by promoting programs designed to strengthen business, civic, social and cultural nature to increase the value of Historic Dublin.

HDBA works closely with the City of Dublin, Dublin Schools and many locally based non-profits organizations in planning and executing community events in Historic Dublin. HDBA is primarily made up of small privately owned businesses, but its membership extends beyond the borders of the Historic District's geographic boundaries. HDBA's objective is to generate awareness of and bring visitors to the Historic District. In addition to the goals detailed in HDBA's mission statement, HDBA plans to continue to grow in both membership and financial health. The HDBA's overall goals and focus lie primarily in two areas: special events and improving commerce through improvement of Dublin's Historic District.

The Historic District experienced an incredible increase in turn out of pedestrian traffic and resident participation during 2022. The Summer Music Series brought a new element of varied musical acts Saturday evenings and was a welcomed success for our patrons and member businesses. In collaboration with the City the Pop-up store is creating great interest and increasing mid-week visitors. These new and creative programs are bringing more visitors to the District especially more families and children. The HDBA made a concentrated effort toward creating more family-oriented programs in 2022 and the results have been fantastic. This year marked the first annual Founders Day Festival on October 2, 2022. The event celebrated the 35th anniversary of Dublin

becoming a city with a 1980's theme. HDBA continues to aggressively enhance its media promotion through a broader scale impact-oriented print and social media platform campaign. Our businesses reported increases in patronage and revenue as well. Our events saw an equal increase in participation. Our focus in 2023 will be to continue to expand our reach by creating more innovative and exciting events and themes. Our "TIME TREK" collaboration with the Dublin Historic Society has been a favorite point of interest for all visitors as they explore the history of Member businesses and learn more about the area buildings. HDBA plans include more businesses and buildings in 2023. Also, continued participation with the Downtown Dublin Strategic Alliance ("Alliance") has significantly contributed to greater awareness of and visitation to the area. Our relationship with the Alliance and its members remains incredibly productive and positive. In summary, we strongly believe 2023 will hold many exciting developments and activities for Downtown Dublin!

B. Project/Events

HDBA will actively pursue its Community Engagement Campaign by collaborating with the Alliance, our Bridge Park partners and continuation of our aggressive print and social media initiatives. As always, the purpose of the 2023 Historic Dublin Community Engagement Campaign is to further the common goals of the HDBA and the City of Dublin's Hotel/Motel Tax objectives. Namely, this application will provide for creative activities that are of interest to the Dublin community and beyond, as well as work towards long-term improvements of Dublin's Historic District that will be needed to sustain its long-term viability and appeal. HDBA had built strong relationships with other community organizations that enhance the education, awareness and experience of the Historic District. The components of the 2023 campaign as outlined in this application will continue to build on that foundation.

The total requested under this Hotel/Motel Tax Grant Application is \$55,000. A detailed budget is listed later in this document. These requested funds will be used to subsidize the HDBA 2023 Community Event Activities detailed below. HDBA is proud of its success during 2022 and is most appreciative of the community's support.

The requested funds will also be used to build an awareness campaign for the Historic District and its members to remain relevant during the opening of new projects surrounding the district and employ professional services to assist with all aspects relative to these initiatives.

Spring – April Bunny Hop – Designed to open the season with an Easter theme highlighting the Historic District's businesses.

June Family Event (name to be determined) – A family event with live entertainment, artists and fun activities for families and children.

Summer Music Series: Each Saturday HDBA will host a variety of outdoor musical performances designed to create a fun and relaxing environment in the District. These performances will generally start around 4pm and continue through the early dinner hours.

Founders Day Festival: The Founders Day Festival was created to embrace the City's past highlighting a segment of its history. The objective is to bring where yesterday meets tomorrow by honoring the City motto and encouraging awareness and community participation and District support. Each year a different part of our history will be on display aimed to bring a day of fun historical facts tied to the District's surroundings. Although the theme for 2023 has yet to be determined the plan is to again host a one-day event centering on family-oriented activities at the start of the day leading to more adult centric toward the close of the event. Vendors, exhibits and a variety of performances will be on the schedule.

Candy Trial– Several businesses in the historic district collaborate to provide an offering of entertainment, activities, and crafts for local families to enjoy during the Halloween season. This event gives an opportunity for all types of HDBA businesses to get involved, including retail shops, restaurants and a variety of professional service providers, all of which promotes greater awareness of and an increase in attendance of patrons in the District.

Holly Days – As the District's official kick off to the Holiday season, occurring the Saturday after the tree lighting ceremony, HDBA hosts an afternoon full of holiday-focused activities including strolling carolers, kid crafts, photos with Mr. and Mrs. Claus, Touch-a-Truck with the Washington Township Fire Department, and Firefighters for Kids Toy Drive donation collection. The local businesses reveal their outdoor holiday decorations for the event. In addition, HDBA coordinates and communicates the special

events and promotions at member businesses. During Holly Days, families are encouraged to visit the retailers in order to complete the Twelve Elves of Dublin hunt.

Marketing and Awareness Campaign – In addition to the monthly events, HDBA will continue to invest in a social media awareness campaign targeting residents at the offerings Historic Dublin members offer. The goal of this campaign is to boost foot traffic on non-event days. The common feedback from event attendees is they ‘didn’t know (you) were here.’ HDBA will focus on boosting our social media reach with a message of reminding the public of the highlights of the District with its Time Trek and other promotion campaigns.

Other Events – HDBA intends to create other events designed around promoting our businesses. These events will include highlighting woman owned businesses, welcoming and introducing new businesses to the District and theme-based activities such as workshops and artwork displays.

SUMMARY

The target audience for HDBA’s 2023 Historic Dublin Community Engagement Plan will continue to be adults and families looking for interesting and engaging community-based activities, great food and shopping. Keeping with years past key components for 2023 will include live music, artistic experiences, collaborative presentations, and Signature Events. HDBA is planning 2023’s campaign to continue expanding our audience beyond Dublin, as Historic Dublin continues to be one of the top destinations for Dublin visitors. HDBA looks to grow these visits and to ramp up awareness of Historic District through its continued working relationship with the Dublin Convention and Visitors Bureau to inform local hotels of event details. In 2023, HDBA will continue to focus on engaging the Dublin community at large through the events and marketing effort.

With an eye to the changing demographic of the surrounding residents, HDBA will continue to focus on activities that are engaging to all residents such as families, empty nesters and young professionals. The HDBA 2023 Community Engagement Campaign will continue those programs and events which have proven successful in the past, while adding new events that will have a broader community appeal.

The District’s goal is to become the primary destination for residents year-round for shopping, dining, relaxing and engaging with the community.

BUDGET

HDBA is requesting an amount not to exceed \$55,000 of Hotel/Motel Tax funds for the execution of the components of this application. The use of these funds is budgeted as follows:

Event Management: **\$ 25,000**

- Live entertainment
- Design for all artwork
- Media Partnerships
- Sponsorships
- Event Decorations
- Brochures for the Historic District
- Social Media Campaigns
- Event Collateral - Signage, Flyers, Posters, etc.
- Event Management, Logistics
- Advertising for key events in Dublin News and in Dublin Life

Operations/Administration: **\$ 22,500**

- Public Relations and Event Coordinator
- Official Photography
- Community Partnerships
- Membership engagement
- Website administration & maintenance
- Graphic design and website updates
- Resources – Adobe Creative Suite, Dropbox

Promotion/Awareness: **\$ 7,500**

- Brand Marketing
- Downtown Dublin Strategic Alliance Ad Campaign
- DCVB Visitors Guide full page ad
- Print materials (calendar of events, rack cards, brochure, fliers, posters, membership markers, etc.)
- Social media advertising

TOTAL 2023 Budget: **\$ 55,000**

This budget is preliminary and expense items could change as the various events are continually reevaluated and further developed. Approval of this application is considered an approval of the overall amount of \$55,000 for Special Events not to be exceeded and approval does not imply a limit by individual budgeted expense category, but rather the overall limit of all expense categories combined.

TOTAL APPLICATION REQUEST **\$ 55,000**

It is important to note that the requested \$55,000 is only a portion of the overall investment HDBA and its membership will apply to the above components of this

application. HDBA routinely funds to the extent possible, its own marketing, advertising and programs and its members routinely provide their own funds, over and above their membership fees, to execute events, promotions etc.

Goals

The HDBA Community Engagement Campaign has three specific goals:

- 1) Continue to build upon a cultural identity for the District as a welcoming environment for all ages, and work with the Alliance to expand programs and initiatives toward this end.
- 2) Increase both awareness of and visitors to the District and our collaboration with the Alliance. HDBA wants to attract visitors to the area and leverage our efforts to create a greater economic impact.
- 3) Continue to utilize Hotel/Motel Tax funds to establish a comprehensive and collaborative event program that will have significant long term economic impact and benefit for the area

The City of Dublin, its residents, and businesses will benefit through the approval of this application as it continues the revitalization effort of Historic Dublin and establishment of the surrounding areas.

Evaluation & Follow Up

For Special Events, evaluation will be based primarily on the incremental business that accrues to the businesses in the District and increased foot traffic in the area. HDBA will survey its membership routinely as to the impact of this campaign on their business. Measuring the increase of sales and traffic both during events and non-event times, will be crucial in determining effectiveness of our event execution and promotion versus the general awareness campaign. Increased business in the District indicates that the community is viewing the District favorably as well as visiting the District. HDBA will follow up by year end 2023.

C. HDBA Financial Position

HDBA's current cash position is a balance of \$9,495.63 as of October 13, 2022. These funds are earmarked for support of businesses located in the Historic District. Besides our annual Bed-Tax Grant from the City of Dublin, HDBA anticipates receiving \$4,000 in membership dues in 2023. HDBA has no other material assets than cash and no liabilities. HDBA's total annual income is not yet sufficient to cover all HDBA's desired activities.

Approval of this Hotel/Motel Tax Grant will significantly assist HDBA in its growth and future endeavors to strengthen Historic Dublin and support the quality of life in the City of Dublin.

The Historic Dublin Business Association thanks you for your consideration.

* Have you received a Hotel/Motel Bed tax grant in the past?

Yes

*** Purpose of Event**

The Dublin Market is a large community event that occurs every Saturday throughout the entirety of the summer, bringing farmers, craftsman, artisans, bakers and makers to the Dublin community. The event started out with just 45 vendors bringing around 3,000 visitors per weekend. Since then, the market has expanded each year and brought more people per weekend to Dublin. In 2022, the event expanded to 130 vendors and brought 7,000 people per weekend to Dublin.

In 2023, we hope to expand the market even further based on the progress and expansion of the district as a whole.

The volume of people is expected to grow again in 2023 based upon development progress in the area and expansion of the event as a whole. We fully expect this event to continue to be one of Dublin's favorite places to be every Saturday morning, increasing the numbers of many Dublin business establishments. In year one we doubled the size of the former market and then doubled it in size again the following season. This event is something we have taken a lot of pride in and love doing for the community, however the cost of the market has exceeded our original expectations and we foresee this number continuing to grow as the event continues to be a big part of the community.

*** What other sources of financial support are committed or are being sought for the project?**

Participation fees of vendors and sponsorships from Crawford Hoying Foundation, Crawford Hoying, Bridge Park, Address and other local and central Ohio businesses.

This event is intended to target the entire Dublin community and the Central-Ohio region, the tournament crowd and their targeted demographic, as well as thousands of visitors in town for the Memorial Tournament. After very successful events in 2018, 2019 and 2022 resulting in thousands of visitors, we plan on expanding in 2023 - potentially to three days or in further partnership with the City (potentially a third day/location in Riverside Crossing Park). In 2019 and 2022, the AC Hotel by Marriott Dublin sold out all week during these festivities, as did many other hotels in the area. We fully expect the event will draw a significant increase of visitors, residents and golf patrons alike, increasing Dublin business sales and hotel stays, including our newest hotel in the district, SpringHill Suites.

DISCOVER DUBLIN ART

(a cultural tourism initiative in collaboration of Dublin Arts Council and Visit Dublin Ohio)

BACKGROUND:

Visit Dublin Ohio is currently undergoing strategic planning and branding discussions to inform 2023 marketing plans. At this time, Dublin's public art falls into two of the four categories that are heavily promoted: Outdoors, Downtown, Events and Family Fun. Dublin's art will continue as an attraction that Visit Dublin Ohio will promote. Arts visitors spent an average of 140 percent more time on the Visit Dublin Ohio's geocaching landing page than on other site pages this spring, indicating strong interest and intent.

Depending on the program, Dublin Arts Council continues to draw approximately 60 to 90 percent of program participants from outside of ZIP codes 43016 and 43017. The average cultural tourist spends \$68 per person per day in Dublin, exceeding the nationwide average of \$49 per person. One in six geocachers stayed in a Dublin hotel during their visit in April of 2022.

MOTIVATIONS:

- Based on visitor demand, hoteliers are asking for more information about Dublin's art offerings
- A Dublin City Council member has repeatedly requested greater Riverboxes visibility in Dublin's Visitor Center

* Have you received a Hotel/Motel Bed tax grant in the past?

Yes

* Purpose of Event

The goal of the JASCO Obon Festival is to create a space that brings together Central Ohio's Japanese and American communities. By generating a Japanese matsuri (festival) environment in Dublin, we will create a cultural experience that not only educates Americans about Japanese festivals, but also enables Japanese families to feel connected to their native country while living in Ohio.

We will also highlight Japan-related community organizations and performing arts groups in the region, demonstrating the depth of Japanese cultural activities being practiced in Central Ohio while also allowing them to promote their own activities and thus increase regional awareness for the various organizations.

The Obon Festival will create a space for those interested in the Japan-America relationship. By working with local Japan-related organizations and student groups, this event will directly engage with those already invested in promoting the US-Japan relationship in Central Ohio. By offering activities that appeal to children and adults alike, we will promote life-long interest in and learning about Japanese cultural practices. Offering a stage for musical performances, meanwhile, will help to promote Japanese musical practitioners in the region.

The event will be held in Dublin not only because that is where our office is located, but also because that is where the most Japanese residents in Ohio live. It is our goal, however, that people from across the region will travel to Dublin to attend the festival, in turn promoting Dublin itself to the broader community.

The present estimate for these costs is \$3,613.50, based on our 2022 festival costs and extrapolated accordingly for the anticipated 2023 needs:

15 Tents at \$ 120.00 per tent= \$ 1,800.00
\$10 per water barrel x 4 Water Barrels per tent x 15 tents = \$ 600.00
30 tables at \$ 7.00 per table= \$ 210.00
30 chairs Chairs at \$ 1.65 per chair = \$ 49.50
8
8'x8' Stage section at \$ 96.00 per section 9 sections (for a total stage size of 24'x24') = \$ 864.00
Rear stage railing at \$ 20.00 per 8' section x 3 sections = \$ 60.00
Stage Stairs at \$ 15.00 per stairs x 2stairs = \$ 30.00

Total \$ 3,613.50

*** What other sources of financial support are committed or are being sought for the project?**

We will be applying for a Dublin Arts Council Community Arts Grant to help support performer fees (currently anticipated to be \$4,000).

We will be local Japanese community-oriented companies for sponsorship donations to help support advertising fees (\$674), game supply costs (\$1,028), and volunteer materials (\$1,006.47). Other expenses will be supported by donations in the form of ticket sales (which in 2022 totaled \$7,132.24 after online credit card transaction fees).

Yes, No

*** Purpose of Event**

The Ohio Athletic Committee, (OAC) is a Sandusky based 501(c) (3) Non- Profit Organization with the purpose is of providing opportunities for student- athletes across the state of Ohio, to develop their skills and foster lifelong values through participation in premier events and programs. Since its inception the OAC has awarded more than \$100,000 in scholarship and annually up to 100 organizations raise funds for their programs through OAC Events. These events are mostly wrestling based, such as the divisional tournament. Most of these events, including this one, are held at public High Schools, which act as a large fundraiser for the High School programs which work alongside the OAC for events. For co-hosting our tournaments HS programs can make anywhere from 5,000 to 15,000 dollars towards there programs.

Divisional State is an OAC State Tournament held on February 12th in Central Ohio. The tournament splits the field up by both Age Division and Class (Feeder School Size Large and Small). This Tournament works as a multi-divisional state tournament for Grade School and Junior High wrestlers. The Divisional State Tournament has grown since its inception 4 years ago, and this year being held at Dublin Jerome, we are hoping for it to be the most successful year to date. First four years had participation of, 567- (2019), 749-(2020), 768-(2021) and 670 (2022). As all of the participants are under 16 years of age, in the past it has been easy to assume most come with coaches or parents. It has been a reasonable estimate to assume 1.5 additional attendants per participant. If this holds true, that would be somewhere between 1200-1800 people over the course of the Divisional Tournament.

The OAC has a presence on many social media platforms. Our primary forms are Instagram, Twitter, Youtube with the largest number of interactions coming from Facebook. As a result it is necessary for the OAC to be an active member of the Facebook community. While our standard Facebook posts provide a solid foundation of communication to mostly parents and coaches (11,528 interactions in the month of June) the Boosted Facebook posts give our posts a much larger reach. In 2019, The OAC Facebook page boosted Facebook Posts for The Ohio Youth Football State Championship and in 2020 we did not. When Facebook Posts are boosted, the OAC see a significant increase in participation. Especially when these posts are boosted several months in advance of the event. Boosting specifically targeted location, such as area over 60 miles away from Dublin Jerome High School, will help increase participation, as well as increase hotel stays in the area.

As we highlight in the chart above, the ability to Boost Facebook posts increases our reach within the Ohio Community. In addition to the overall volume of traffic our post sees, the boosted posts can be specifically targeted towards areas where the OAC wants to gain a larger foothold. The areas will include: Dayton, Cincinnati, Columbus, Toledo, Akron and Cleveland which will assist us in reaching a broader base of participation.

We are asking for 1000 Dollars for boosting Social Media Posts and using mass email sites to increase participation

We are asking for 1000 dollars to pay for Tournament Coverage and Interviews. The OAC has partnered in the past with GOHio Cast. This is a wrestling-based media You Tube Channel that covers wrestling events from youth OAC level up to the International Senior World Championships. This coverage, as well as the interviews are useful in continued success of events. With Lake Erie Shore and Islands Visitors Bureau, the OAC and Gohio Cast have found a relationship where GOHio Cast, interviews a LESI member during the event to highlight and talk about the area and its relationship with events. This is a great marketing tool not only for the OAC, but as well as the City of Dublin.

We are asking for 1,000 dollars to help with Costs for GOHio Cast to cover the OAC Divisional Tournament.

*** What other sources of financial support are committed or are being sought for the project?**

*** Purpose of Event**

Wine Fest is an annual event held by North Market, which took place at the downtown location in previous years. With the expansion to Bridge Park, we wanted to bring the local and international event to the Dublin and Bridge Park community. At Wine Fest, we bring several local and international wineries and distributors to the streets of Bridge Park, along with a few local market vendors and live entertainment. This is a family-friendly event that anyone can enjoy.

In 2022, we hosted our first Wine Fest at Bridge Park, which was a two day event that brought 6,000-8,000 visitors to Bridge Park. There were 20+ wineries and distributors coming from out of town or out of state that participated in the two-day event and we are planning to expand and make the event even bigger in 2023.

Wine Fest is one of the annual fundraising events hosted by North Market that goes back to the nonprofit, Ohio Public Market Authority.

Special events

* Have you received a Hotel/Motel Bed tax grant in the past?

No

*** Purpose of Event**

Our event is an all-star rugby tournament for select sides from all over the country. We think that Columbus, and Dublin more specifically, are great locations where we can show outsiders all that we have to offer. Dublin is a great host city, with every possible amenity close at hand. Last year was our first edition event. Darree Fields were just right and we look forward to expanding our teams and participation for 2023! Part of our expansion plan is to continue our discussion with Special Olympics to include adaptive programming. Rugby prides itself on being an inclusive sport and, thanks to the great work done by Dublin Special Olympics, we can ensure that more children can participate in the weekend.

*** Estimated Attendance**

2500

*** Estimated hotel nights**

300

*** What is the total cost of the project/event?**

30000

*** Do you expect your expenses to increase or decrease next year?**

We expect expenses to grow for the first 3 years but then expect more offsets from sponsorship and fundraising.

*** How much do you expect your event to increase or decrease in cost?**

10000

*** Amount requested from the City of Dublin**

2500

*** Specifically, how will the Hotel/Motel Bed Tax Grant be used? (Must provide an itemized list with estimated costs. Example: Police Services - \$600)**

USA Rugby event sanctioning fee - \$500
Athletic Trainer services - \$4000
Welcome party catering - \$2500
Hotel accommodations for event staff - \$2500

*** What other sources of financial support are committed or are being sought for the project?**

Major League Rugby will offset the cost of broadcasting to be able to live stream the event on their network. Event sponsor packages will be available to highlight those partners and further offset Rugby Ohio expenses. National program scouts will be on hand, as well as collegiate program coaches. These partners may pay to advertise/participate.

*** If your event requires City services or use of a City park/facility, have you contacted Community Events to check availability?**

Yes

*** What City services (Police, Streets & Utilities, Parks & Open Space, etc.) are required to implement the project/event?**

We will need some trash collection at the end of each day and access to the water spigot at the building for water cooler/gatorade refills. If our crowds get to the point where we need police presence, we will add that in.

To highlight Dublin on the most Irish of days. The tented event will take place after the Dublin parade. It will include musical acts, food and beverage. The event is purposed to attract the Dublin community and visitors from the central Ohio region to Bridge Park for a premium Dublin experience.

2019 was a successful event for our first St Patrick's day in Dublin. Our event was canceled three days before St Patrick's day 2020 because of COVID. 2021 was all held indoors with restrictions and our 2022 event was ruined because of bad weather that canceled the parade. I would imagine that there is huge appetite for a big Paddy's day week this coming year. Police-\$500. Fire-\$300

*** What other sources of financial support are committed or are being sought for the project?**

We have very limited scope for investment into our event. Money will be invested by ourselves.
