ONGOING PROJECTS

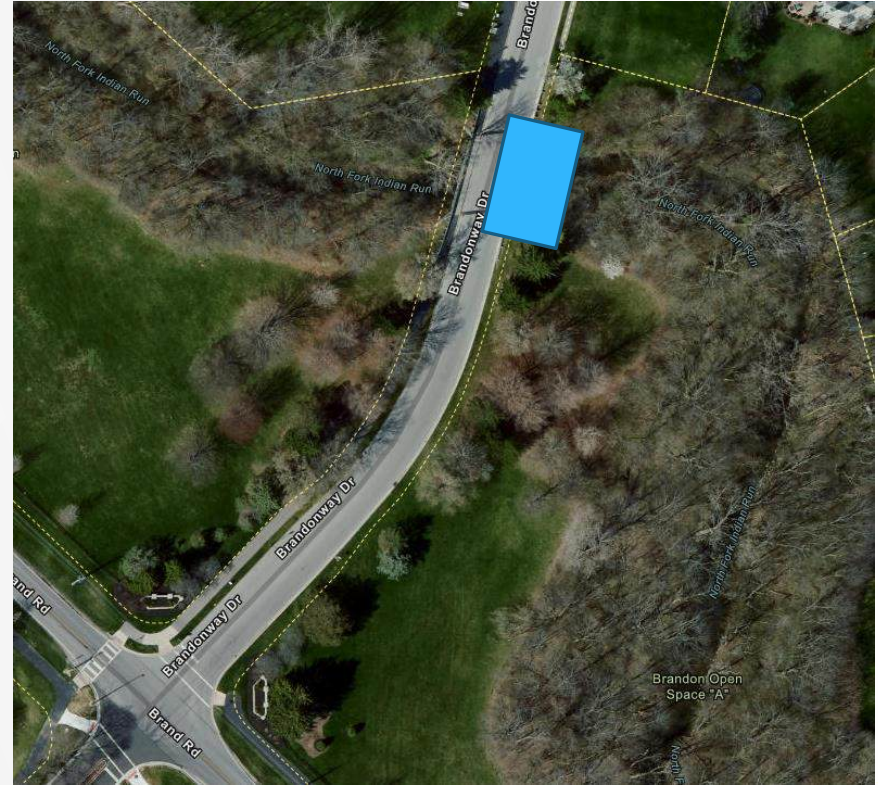

U.S. 33/S.R. 161/Post Road Interchange

- Improvements to the U.S. 33/S.R. 161/Post Road Interchange Project
- Ramp realignment, bridge replacement & widening, signal upgrades, roadway widening, aesthetics, etc.
- Substantial completion: Spring 2025

Vehicular Bridge Maintenance: Brandonway Drive over North Fork Indian Run

- Replacement of one bridge north of Brand Road on Brandonway Drive
- Construction completed November 2024

Bright Road Improvements

- Widening of Bright Road & Sawmill Parkway
- Signal & sidewalk/path improvements
- Completion in 2025
 - Work will mostly be on Sawmill Road

Perimeter Commerce District

Shier Rings TechFlex District

Metro Office District

Emerald Corporate District

Bridge Street District

2025 PROJECTS

Blazer Research District

Street Maintenance Program 2025

- Annual program to maintain roadways within the City.
- Work includes; pavement repairs, resurfacing and replacement of curb and gutter and ADA Ramps as needed.
- Construction April through October 2025

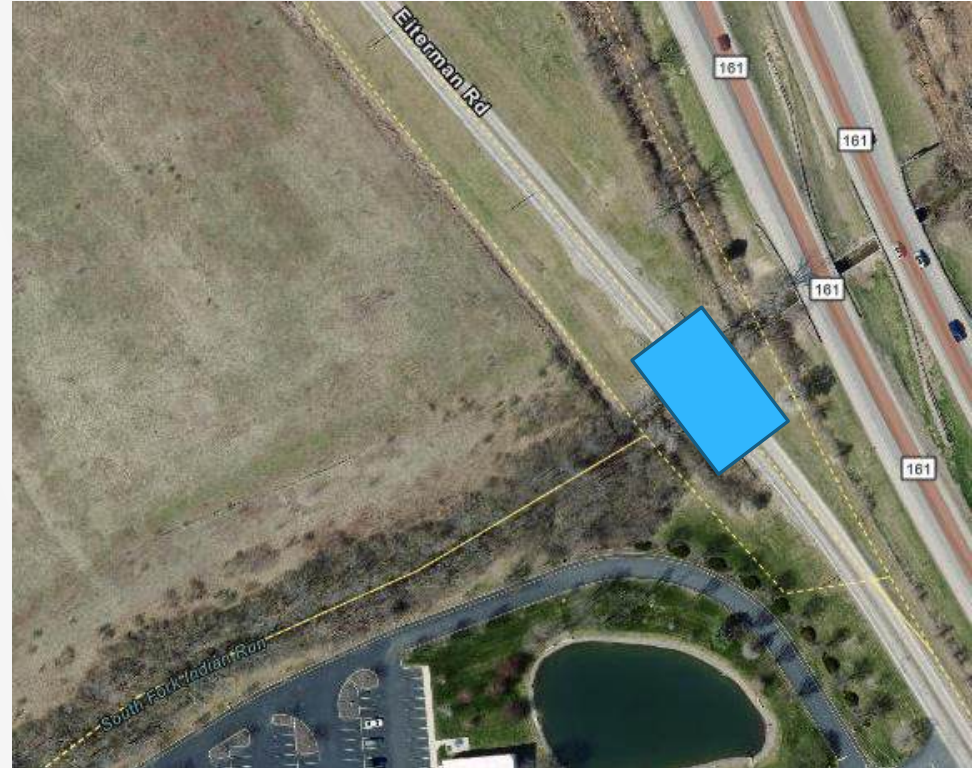

Eiterman Road Relocation

- Relocation of Eiterman Road between Post Road and South Fork Indian Run
- Vacate portions of existing right of way
- Proposed work includes new roadway, intersections, street parking, paths, sidewalks, water, sanitary and storm improvements.
- Detailed design is underway

Eiterman Road Culvert Over South Fork Indian Run

- Franklin County Engineer's Office project, in coordination with Dublin
- Replace culvert under Eiterman Road near Nestle due to structure condition
- Widen culvert for future road width/alignment
- FCEO construction in 2025
- Eiterman Road will be full closed July-October 2025

Avery & Rings/Cara Road Intersection Improvements

- Construction of a roundabout at the intersection of Avery Road & Rings/Cara Roads.
- Improvements also include 2,000 feet of waterline, 800 feet of sanitary sewer and improvements to Cara Court
- Construction in 2025/2026

South High Street Utility Burial – Phase 2

- Conversion of aerial utilities on South High Street from Bridge Street to Short Street to underground utilities
- Includes reconstruction of Blacksmith Lane
- Design & acquisitions are underway
- Construction planned for 2025 dependent on acquisitions

Riverside Drive West Shared Use Path

- Construction of 800 feet of Shared-Use Path on the west side of Riverside Drive from Emerald Parkway to the Dublin Arts Council
- Includes the Installation of a 130-foot pedestrian bridge

Avery Muirfield and U.S. 33 Westbound Ramps/Dublin Methodist Lane Signal Improvements

- Signal improvements at the intersection
- Turning radius improvements on the northeast corner of Avery Muirfield and U.S. 33
- Signal/detection upgrades on the full intersection, including detectors

Mobility Infrastructure Improvements Program 2023

- Two locations:
- Hyland-Croy Road shared use path north of Corazon Drive
 - Safety-related path realignment
- 6400 block of Sawmill Road
 - Finish sidewalk connections on the east side of Sawmill Road

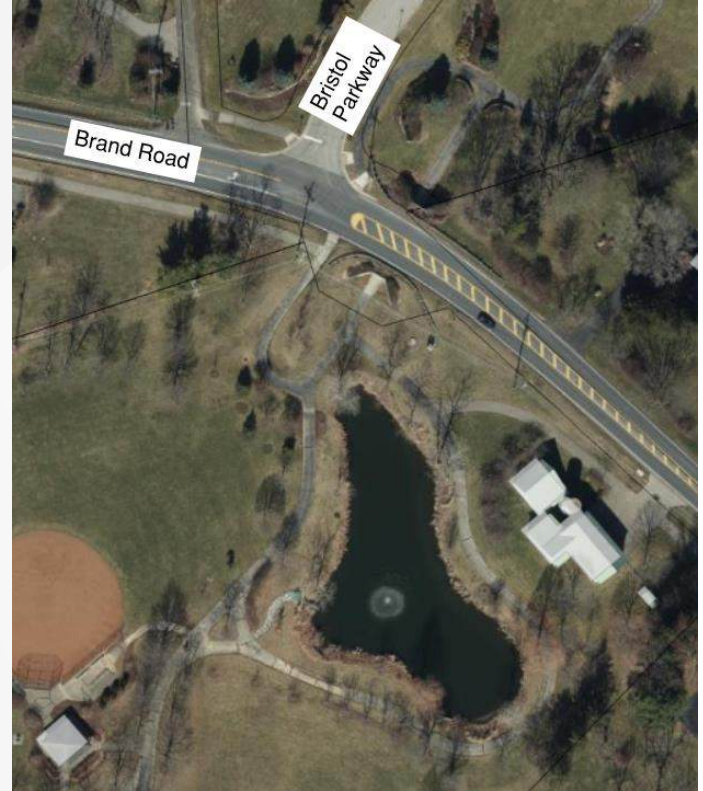

Pedestrian Tunnel Maintenance

- Headwall replacements at the pedestrian tunnel under Memorial Drive southwest of Berkshire Court
- Maintenance work at several other tunnels

Earlington Park Drainage Basin Improvements

- Raises embankment on north end of basin to increase storage volume
- Re-grades around basin
- Increases storm pipe outlet from basin from 24-inch to 36-inch pipe
- Reconstructs pedestrian trail
- Improvements will increase safety by decreasing the frequency that the Brand Road pedestrian tunnel floods.

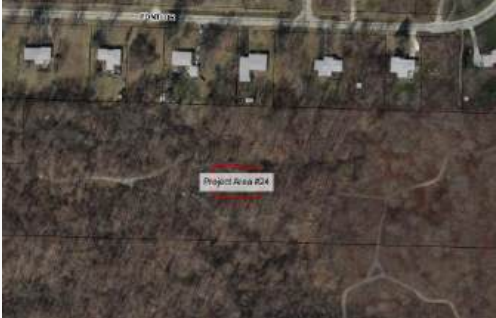

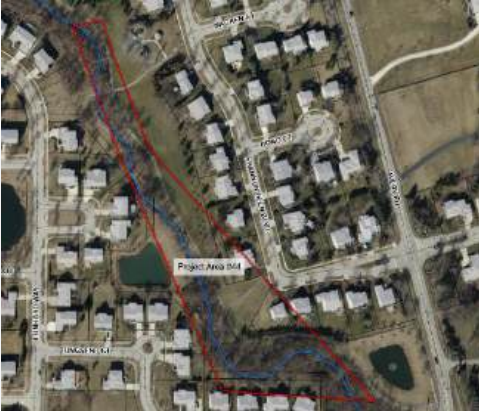

Waterways Maintenance Program

- Maintenance of waterways, open channels and streams located in city-owned areas or areas where the City has maintenance responsibility.
- Addresses areas of erosion and provides for bank stabilization.
- Project Areas 3, 13, 18, 22, 24, 25, 27, 28, and 44
- Project Areas 25, 27, and 28: Located along Tonti Creek, south of Wyandotte Woods Boulevard, west of Lanham Court.

Waterways Maintenance Program (Cont.)

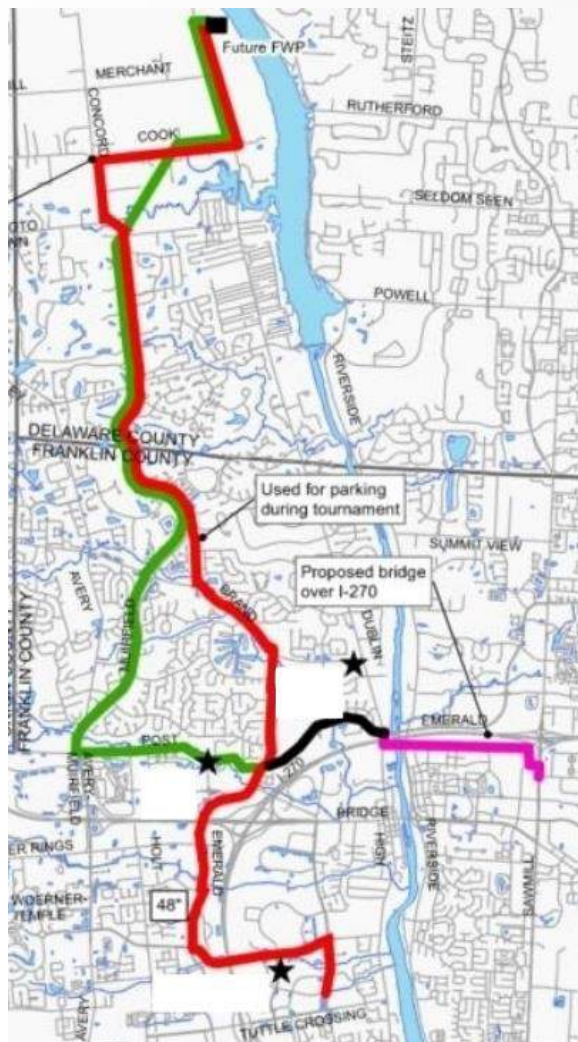

A woman with glasses and a dark blazer is pointing at a large digital display. The display shows architectural drawings and a 3D rendering of a building. The background is a modern office with large windows and a ceiling light fixture.

BEYOND 2025 PROJECTS

City of Columbus Home Road Water Treatment Plant & Transmission Mains

- Construction of a fourth water treatment plant at the southeast corner of Home Road and Dublin Road (outside City of Dublin corporation limits)
- Construction of two 48-inch water transmission mains connecting the water treatment plant to the Rings Road water tower
- Preferred alignments have been selected and design is underway
- Final Design of the Transmission Mains: 2026
- Advertisement for First Transmission Main: 2026
- Advertisement for Second Transmission Main: 2028

City Council Goals

Become the most connected community in the U.S.

Fiber to Every Home Project. Plan for the initial construction and customer installation, achieving 25% deployment in 2024.

Develop Dublin's "Destination of Choice" Next-Generation Community Events Vision

Develop and implement a local and regional community events program and management roadmap. Leverage Dublin parks and facilities to create a connected, comprehensive and fiscally sustainable vision that drives vitality, engagement and entertainment.

Realize the Metro Center Revitalization Vision

Reposition the Metro Center legacy office park by implementing the vision, goals and land use recommendations outlined in the Dublin Corporate Area Plan within the Envision Dublin Community Plan. Develop a design and implementation framework that creates a distinctive identity, encourages dynamic reinvestment provides a vibrant mix of uses in a walkable environment and promotes sustainable design principles. Identify opportunities for public and private partnerships for catalytic projects that transform the Metro Center area.

Implement the Parks and Recreation Master Plan

Begin implementation of the Parks and Recreation Master Plan with a focus on cultivating an environment that embodies both recreation and economic vibrancy.

An aerial photograph of a cityscape, heavily overlaid with a green tint. A river flows through the center, with a bridge crossing it. The city buildings are visible on the right side, and a dense forest of trees covers the left and bottom portions of the image. The word "PROGRESS" is written in large, white, bold, sans-serif capital letters across the middle of the river.

Construction Process

The screenshot shows the Altafiber website's construction page for Dublin. At the top, there is a navigation menu with links for Internet, TV, Phone, Offers, Support, and About Us. Below the navigation is a search bar and a 'Check Availability' section with input fields for 'Your Street Address', 'Apt / Unit', and 'Email', followed by a 'GO' button. The main content area features a large blue banner with the heading 'Fiber Internet is coming to Dublin'. Below the heading, there is a paragraph: 'Pardon our dust while we are upgrading the Dublin area with fiber-optic technology. If you received a notification on your door, our crews will be working in your neighborhood within the next few weeks. Work hours are from 7 a.m. to 9 p.m., Monday through Saturday. Crews will typically be on your property for just a day or two.' This is followed by another paragraph: 'For questions or concerns related to construction, please call 614-859-6723. Do you have a sprinkler system or invisible dog fence? Please let us know by clicking [here](#)!' A 'View our FAQs' button is located below the text. At the bottom of the page, there is a 'Construction Timeline' section with seven icons and corresponding labels: 'Construction Notification', 'Preparation and Utilities Marked', 'Start of Construction', 'Placing and Splicing Fiber', 'Restoration', 'Construction Complete', and 'Service Available'.

DEAR DUBLIN RESIDENT

The City of Dublin is implementing an exciting initiative to provide access to reliable, ultra-fast fiber for all residents. This project will ensure that every premises in the city has access to multi-gig fiber, which helps meet the growing broadband demands of our community and supports Dublin's goal of being the most connected city in the nation.

City Council has approved an agreement with altafiber, the provider that was selected following a "Request for Proposal" (RFP) process.

Construction on the new network began in spring 2024 and is expected to be completed over three years. **Fiber installation will begin in your neighborhood soon.**

A door hanger will be delivered to your residence before construction begins in your neighborhood. Look for the notification from altafiber.

NEXT STEPS

- During the process, you should expect utility markings, boring and potholing, fiber placing and splicing, restoration and completion. Please visit altafiber.com/dublin-build to learn more about what to expect during the construction process.
- altafiber is required to call in utility locates before beginning underground construction. However, utility markings are not foolproof. Accidental utility line cuts do happen, which could include brief service disruptions. In this case, affected residents would be notified by a representative in the field. The City will share information about sustained outages via Nextdoor.com. **Should you smell natural gas at any time, please leave the premises and call 911.**
- altafiber will operate the fiber network and will share details on product packages and rates toward the end of construction in your neighborhood. Residents have the choice of whether or not to utilize the fiber and will be able to select the package that best suits their needs.

The City has conducted various community surveys to determine residents' experiences with their internet service. The results showed a strong desire for improved access to higher internet speeds, lower service costs and better customer service. Dublin used this feedback to proactively address these vital connection needs.

WHAT YOU NEED TO KNOW

The City and altafiber are committed to communicating with residents every step of the way.

Work hours are 7 a.m. to 9 p.m. Monday through Saturday. Should you have questions about construction, please contact altafiber directly at 614.859.6723. (Press "1" for construction.)

Learn more about this project, find answers to frequently asked questions, sign up for updates and notify the team about an underground dog fence or irrigation system at altafiber.com/dublin-build.

Thank you for your patience as we work to provide this vital utility to all City of Dublin residents!

Sincerely,

Megan O'Callaghan
City Manager
City of Dublin

Project Updates

Dublin and altafiber Partnering to Provide Complete Citywide Broadband Access

Dublin's Fiber to Every Home project is underway! [altafiber](#) crews began construction in April 2024, and the project will be completed over the next three years. The network will be constructed in several phases, beginning at the [Expedient](#) data center on Innovation Drive. As of September 13, residents in the first phase have access and may [request service!](#)

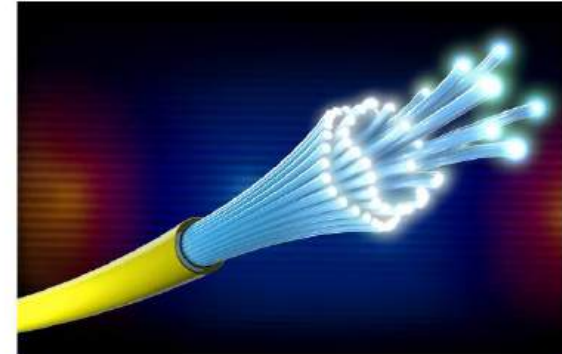

Residents will receive mailers and doorhangers from altafiber ahead of construction.

If you received a notification on your door, that means crews will be in your neighborhood in the next few weeks. Work hours are 7 a.m. to 9 p.m. Monday through Saturday. Should you have questions about construction, please contact altafiber directly at 614.859.6723. (Press "1" for construction concerns).

Please visit the [Dublin-altafiber landing page](#) to learn more about what to expect during the construction process.

Work Status:

- The [altafiber status map](#) includes details about current and upcoming project locations.
- Crews will be working to install fiber optic network lines in neighborhoods that surround these intersections:
 - Emerald Parkway and McDevitt Drive
 - Dublin Road and Brand Road

 Be the First to Know When Fiber is Available

Quick takes for residents:

- Dublin City Council has approved an agreement with altafiber to install a citywide fiber to the home network.
- Construction is expected to begin in spring 2024 and be completed in three years.
- Visit the [altafiber pre-construction page](#) for FAQs; to sign up for updates, and to notify altafiber about your invisible dog fence or irrigation system.
- Product packages and rates will be determined by altafiber.

Pardon the interruption

We will make every effort to install this world-class amenity with minimal inconvenience to the residents, but underground utilities present some challenges.

In the event of a traffic impact or utility cut (electric, gas, cable):

- Crews in the field (direct notification)
- Email to HOA President
- Nextdoor posts

City of Dublin Deputy Director of Communications & Marketing Aisling ... • 29 Jul • Edited

A permit company struck a gas line in the area of 7310 Coventry Woods Drive. Washington Township Fire Department is onsite and Columbia Gas is onsite and repairs will be completed tonight.

We will update this post as more information becomes available.

Rund

Would you like to see more events?

Why do you think events are important? Rank from 1 to 7

What kind of events do you think are missing from the programming schedule?

Events for teens

Jazz festival

Food truck festival
More concerts

Roller skating

Arts Festival

Food festival

Actual Christmas event
not just Santa

Well covered

What kind of events do you think are missing from the programming schedule?

More for seniors

More outdoor concerts

More concert

Arts festival

Dog events

Holiday market

Concert Theater

Symphony and
professional musical
events

What kind of events do you think are missing from the programming schedule?

Food festival

More festivals

Some more aimed at seniors.

Holiday Event

Nature engagement events

Can you bring back the open bar at memorial tourney house?

Art festival

Interfaith events and multicultural International sorting like cricket Cultural concerts

What kind of events do you think are missing from the programming schedule?

Local vendor events

Projecting lights onto buildings and clouds with laser projectors

Ted talk series

More and regular outdoor fitness events . Pick up adult kickball or wiffle ball - more concerts - better music at 4th of July

Better location for drone show.

Gardening expo

A winter market like a German market

Organize bus and airline tours to regional and international destinations.

What kind of events do you think are missing from the programming schedule?

No change, thanks

What would you like to see change related to where events take place in Dublin?

Love where they take place

No change

More indoors sporting arenas
Performing arts areas

Holbrook park

More at Scioto Park

East of scioto river

Historic Dublin more than
bridge street

Tear down Bogie

What would you like to see change related to where events take place in Dublin?

Always like to see things
in Coffman Park!

I like bridge park and bunny
fountain park for dance and
yoga classes

Concert venue space
More venues for weddings,
reunions and the like

Bridge Park is centrally
located with great
parking

Coffman is great

More in west Dublin (after
construction is done)

Keep at Coffman park

Adding another dog swim
night, maybe use both
pools?

What would you like to see change related to where events take place in Dublin?

Ballantrae Park

More at Coffman Park.
Perfect, ideal location.

Bridge Park & Historic
Dublin

Metro center

Wherever there is parking

Out door theaters - bring
the Abby Theater
outdoors.

Bridge park is crowded
and driving toughj

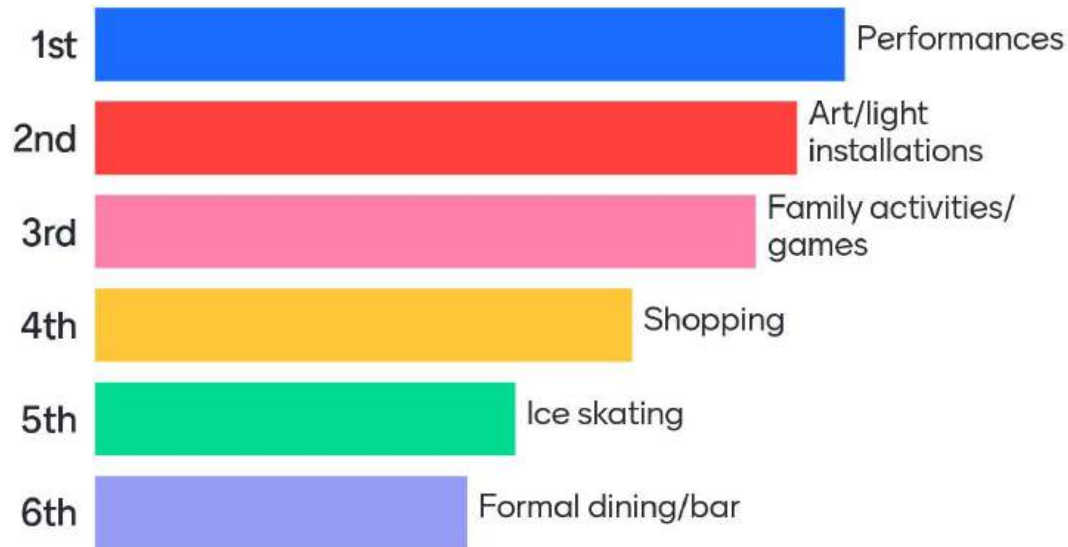

Need a larger indoor
venue - Bridge Park

Have you attended events in other cities that you think Dublin should consider doing here?

25 responses

If there is a holiday market/Christkindlmarkt in Dublin, prioritize what activities you would like to see included.
