## AMENDING CHAPTER 35 OF THE CODIFIED ORDINANCES AND OTHER APPLICABLE SECTIONS TO REVISE THE SCHEDULE OF FEES AND SERVICE CHARGES FOR CITY OF DUBLIN SERVICES

**WHEREAS**, the City of Dublin, Ohio has conducted an analysis of its services, the full costs of providing those services, the beneficiaries of those services, and the revenues produced by those paying fees and charges for the services; and

**WHEREAS**, based on this analysis, cost analysis worksheets have been prepared; and

**WHEREAS**, the specific fees to be charged for City-provided services must be adopted by the City Council.

**NOW, THEREFORE, BE IT ORDAINED** by the Council of the City of Dublin, State of Ohio, 7 of the elected members concurring:

**Section 1.** Chapter 35 of the Codified Ordinance of Dublin, Ohio is hereby amended to read as follows:

### Chapter 35 FEE AND SERVICE CHARGE REVENUE/COST COMPARISON SYSTEM AND FEES

#### Section 35.80 "Full Costs" Defined

For the purpose of this subchapter, the following definition shall apply unless the context clearly indicates or requires a different meaning. "Full Costs" includes the following elements:

- (1) All applicable direct costs including, but not limited to salaries, wages, overtime, employee fringe benefits, services and supplies, maintenance and operating expenses, contracted services, special supplies, and any other direct expense incurred.
- (2) All applicable indirect costs including, but not restricted to, building maintenance and operations, equipment maintenance and operations, communications expenses, computer costs, printing and reproduction, vehicle expenses, insurance, debt service, and like expenses when distributed on an accounted and documented rational pro-ration system.
- (3) Fixed asset recovery expenses, consisting of depreciation of fixed assets, divided by the approximate life expectancy of the fixed asset.
- (4) General overhead, expressed as a percentage, distributing and charging the expenses of the City Council, including the Clerk of Council, Department of Law, City Manager, Accounting and Auditing, Taxation, Procurement, Information Technology, Economic Development, Human Resources and City promotional programs, and all other staff and support service provided to the entire City organization. Overhead shall be prorated between tax-financed services and fee-financed services on the basis of said percentage so that each tax-financed service and fee-financed service shall proportionately defray such overhead costs.
- (5) Departmental overhead, expressed as a percentage, distributing and charging the cost of each department head and his or her supporting expenses as identified in subsections 1, 2, 3, and 6 of this Section.
- (6) Debt service costs, including the payment of interest, and trustee fees and administrative expenses of all applicable bond, certificate, or securities issues or loans of whatever nature or kind.
- (7) The "full costs," in most instances, will be rounded to the nearest five or ten dollars, with the actual fee established by the ordinance establishing a schedule of fees and

charges for City services.

Section 35.81 Findings and Intent

(a) It is the intent of the City Council to ascertain and recover the specified percentages of full costs from fees, charges, and regulatory license fees levied in providing the regulation, products, or services set forth in this Chapter.

(b) The fee and service charge revenue/cost comparison system set forth in this Chapter provides a mechanism for ensuring that fees adopted by the City for services rendered do not exceed the reasonable estimated cost for providing the services, unless otherwise noted.

(c) It is the intent of the City Council to achieve a more equitable and fair mix for financing services set forth in this Chapter in order to reduce or eliminate subsidizing these services with general tax revenue; thereby, allowing those general tax revenues to be used for general services, including infrastructure maintenance and replacement.

Section 35.82 Delegation of Authority and Direction to the City Manager

(a) The City Manager is hereby delegated the authority and directed to provide documents to the City Council to implement its policy to adjust fees and charges to recover the percentage of full costs as established in this Chapter.

(b) "Full costs" shall be as defined in Section 35.80. In adjusting fees and charges, the City Manager shall act in an administrative and ministerial capacity and shall consider only the standards and criteria established by this Chapter and the applicable State laws.

Section 35.83 Schedule of Fees and Service Charges

(a) The City Manager, Director of Finance, and each City department head, under the direction of the City Manager, shall review annually the fees and service charges listed in Appendix A- Schedule of Fees and Service Charges, and provide an adjusted fee or charge schedule to the City Council for its consideration so as to recover the listed percentage of full costs necessary to provide the listed regulation, product or service as modified by the notes following the list of services. These fees, unless otherwise specified, are for City of Dublin services and are in addition to any charges made by any other governmental agencies.

(b) The services as listed in this Section shall be as defined in the document entitled "Cost Study for the City of Dublin, Ohio" as produced by the City of Dublin.

(c) All fees and charges set pursuant to this Chapter and Section shall take effect as specified in this Ordinance.

(d) The City Manager may vary the review schedule listed in the Section if, in the judgment of the City Manager and a directly affected and requesting department head, a gross inequity would be perpetrated by not revising a fee or charge prior to the next rate review. Any such special rate review shall be reported to the City Council at its next succeeding meeting where the City Council may revise the fee or charge by Ordinance.

(e) If fees are not collected at the time that the service is provided, the City has the right to pursue collection of any of the fees listed in this Ordinance, including certification to the County Auditor, remittance to a collection service, or any other appropriate pursuit for payment. When additional fees need to be levied and collected for City-provided services in the amount of \$10 or less, or when a refund is due in the amount of \$10 or less, a refund or additional charge need not be made.

(f) Should it become necessary to establish a new service fee or charge during the year, the City Manager may set the fee administratively. Any such fees set by the City Manager shall be reported to the City Council at its next succeeding meeting where the City Council may revise the fee or charge by Ordinance. The new service will then be included and analyzed in the next rate review.

Irrespective of the percentage of recovery and the "notes" in Section 35.83 - Appendix A, the City Council reserves the right to waive any fee in order to encourage development projects that enhance the City's tax base as outlined in the City's Economic Development Strategy. The City Manager may recommend further waivers or fee adjustments, based on hardship, to be accepted or rejected by City Council at its next regularly scheduled meeting.

**Re:** An Ordinance Amending Chapter 35 of the Codified Ordinances to Revise the Fee and Service Charge Revenue/Cost Comparison System and Establishing a Schedule of Fees and Service Charges for City of Dublin Services

## Background

The proposed Ordinance revises the Schedule of Fees and Service Charges for the City of Dublin. This Ordinance, with its proposed fee schedule, is the annual update to Chapter 35 of the City's Codified Ordinances which revises the current "City's Schedule of Fees and Service Charges for City of Dublin Services." Proposed changes for 2024 are highlighted in yellow in Appendix A. Each City Work Unit had the opportunity to review the proposed fee modifications in the Ordinance and provide their input.

The goal of the annual review of service fees is to provide information regarding the actual cost to provide the City's services. With that information, City Council may choose to increase, reduce or modify the proposed fees in consideration of the established target cost recoveries. As you will recall, beginning with the 2014 fee schedule, a plan was established and approved to forgo the comprehensive annual Cost of Services Study review every other year and instead apply an inflationary measure. To determine fees for 2023, a comprehensive Cost of Services Study review was conducted. For the 2024 cost study, an inflationary measure of 4.25% was applied to the per-unit cost to determine fees for 2023.

A few notable fee changes are discussed below. Please see Appendix A of the Ordinance for all proposed fee changes.

## Legacy Bench Fee

This fee is proposed to increase from \$2,070 to \$2,500 rather than relying on the 4.25% inflationary adjustment. The cost of the bench has increased to \$1,921.80 (including shipping). This paired with necessary concrete pad and staff installation puts total costs at approximately \$2,500.

## Recreation Annual and Pool Memberships

The following table displays the cost recovery for Recreation Program from 2017 to 2022:

<b>Year</b>	<b>Cost Recovery</b>
2017	56.99%
2018	56.50%
2019	55.28%
2020	23.98%
2021	45.63%
2022	51.84%

This table shows that the Recreation Program has recovered from the impact of COVID on its operations and subsequently its ability to recover costs.

To meet the program's cost recovery targets, Council adopted a significant increase in annual membership fees in 2018 after not increasing these fees in several years. It was determined at that time that staff would bring more modest increases forward more frequently so that membership fees would not need to have significant increases. A plan was established to bring forward a 5% increase every other year so that membership fees would generally follow inflation. These 5% increases occurred in Ordinance 45-20 and Ordinance 56-22. Based on this direction, there would generally be no recommended change in annual membership or pool season passes in 2023. However, inflation has changed significantly since 2018 and the prior plan may not provide sufficient revenue to avoid large future increases. As discussed in the September Finance Committee meeting, staff are recommending the 4.25% inflationary figure previously utilized for all City services be applied to annual memberships and pool season passes in order to account for increasing costs. Recreation and pool programming are facing increasing costs as costs associated with part-time wages and utilities continue to increase.

#### Other Wages (part-time)

In order to attract additional staff in an increasingly competitive market, the City created a bonus program last year for staff meeting certain criteria. For 2023, the bonus program was significantly scaled back, and wage increases for part-time staff were implemented as the market for this type of labor had significantly shifted post-COVID. Fortunately, these wage modifications were successful in attracting sufficient staff to run full summer camps and programming. However, the success in hiring sufficient staff has resulted in the expected increase in expenditures associated with employment as the Recreation program is now sufficiently staffed at a higher wage.

#### Utility Cost Increases

In June 2023, the City entered into a 12-month contract with IGS to generate and supply the City 100% green electricity at a cost of \$0.0597 per kilowatt hour (kWh). The City's previous brown energy contract with AEP Energy was executed in June 2019 and was a 35-month contract at a cost of \$0.03974 kWh. The 50% increase in electricity generation was caused by two factors. First, the energy market has shifted significantly post-COVID, and utility rates have seen significant increases since the City's 2019 contract in both brown and green energy. Second, the City recently adopted a Sustainability Framework and therefore when selecting an energy option a green energy option advancing the City's compliance with this Framework was selected. This selection is estimated to increase the cost by approximately 5%. While electricity generation is just one component of an electricity bill (the other being transmission) and other utilities such as water, sewer and natural gas have not seen as significant increases as electric power generation, this increase will have an impact on the remaining 2023 monthly utility costs and future months.

**Abbey Theater Facility Rental Fees**

The 2023 fee structure had a half day rate, which was more often used to determine an hourly rate when billing groups. We have simplified the rates to be an hourly rate and changed from a 2-hr. minimum to a 3-hr. minimum.

Items below indicate a change from previous rates and structure. There is no longer a fee proposed for “rehearsal house lights only;” with advanced technology in the control booth, a technician is now required during every rental.

Customer	Standard Package: Hourly Rate (minimum 3 hrs.)	Premium Package: Hourly Rate (minimum 3 hrs.)
Standard Rate	<del>\$605</del> (prev. \$121/hr.) \$127	\$172
Corporate Resident	<del>\$520</del> (prev. \$104/hr.) \$109	\$154
Not For Profit (Dublin)(A)	<del>\$490</del> (prev. \$98/hr.) \$103	\$148
Non-Profit Performing Arts Groups (501c 3)	<del>\$320</del> (prev. \$64/hr.) \$67	\$112
Dublin Arts Council (DAC)	*	*

(A)– Primary address located within the City of Dublin.

\*Fees will be waived for rental groups falling under the umbrella organization of the DAC. DAC will be charged a fully burdened hourly rate for the Theater Technician’s time upon request of that service. The Theater Technician rate is charged at \$45 per hour/per technician.

\*\*Fees listed as part of the Standard package includes the use of the stage, theatrical lighting, one projector, choral microphones, handheld microphones, one theater technician and use of dressing rooms. Videography services and additional technicians charged at \$45/hr.

\*\*\*Fees listed as part of the Premium package include the standard package plus lapel/wireless microphones, up to two additional projectors and two theater technicians. Videography services and additional technicians (beyond two) will be charged at \$45/hr.

The fee increase for the Standard Package represents an increase of 5% from 2023 rates. Fees listed as part of the Premium package include lapel/wireless microphones, use of up to two additional projectors and a total of two theater technicians. The fee difference between the Standard Package and Premium Package is \$45/hr (the cost of a second technician), and includes additional technology. Most 2023 groups will fall under the Premium Package rate as most request or require a second technician.

### Mayor’s Court Computer Fund

This fee is proposed to increase from \$8 to \$10. This is the statutory maximum allowable under ORC 1901.261. This increase is due to increasing costs and declining revenues associated with the information technology necessary to operate the Mayor’s Court.

Year	Revenue	Expenditures
2017	24,364	16,323
2018	21,097	18,832
2019	18,016	4,021
2020	14,795	11,600
2021	17,746	10,275
2022	10,358	3,828
2023 YTD	9,164	29,648

The maintenance contract for the software was \$26,048 in 2023. This contract was moved to the information technology budget from 2019 through 2022 in an effort to consolidate expenditures related to information technology to that Division. However, because this activity has a dedicated funding source associated with it by the Ohio Revised Code, these expenditures are most properly accounted for in this Fund and the budget was returned in 2023.

### New Fees

Several new fees have been added to the 2023 Fee Ordinance:

- Senior Veteran’s Dublin Community Recreation Center (DCRC) Admission Rate: Following the recommendation of the Veteran’s Committee, City Council approved the addition of a Senior Veteran’s admission rate at \$5 discount from the Senior rate for the DCRC. This recommendation was approved by Council at the June 26<sup>th</sup> City Council meeting.
- Franklin County Tobacco License Fee: There is currently a fee established in the City’s code for tobacco products and alternative nicotine devices license administration of \$150. Moving the fee to the Fee Ordinance would then alleviate the need for duplicative mentions of such fees and would establish a fee consistent with Franklin County and the ORC Section 5743.
- Columbus Water and Sewer Agreement Annexation Fee: The new service agreement includes the expanded Dublin Expansion Area to align with the Revenue Sharing Area as established by the Economic Development Agreement (EDA) and establish conditions and requirements for the provision of water and sanitary sewer services to this expanded area. The term of the new agreement is fifty (50) years. As part of these terms, Dublin will pay \$1,000/acre to Columbus for each acre annexed to the City of Dublin. This new fee would transfer this potential cost burden of annexation to those parties who express a desire to annex into the City.
- Mobile Water Refill Station: A water refill station was purchased as a sustainable hydration option for City events as part of the 2022-2026 Capital improvements Program. This service will provide entities access to rent this water refill situation following a daily fee schedule.

### Recommendation

Staff recommends approval of the Ordinance at the second reading/public hearing. Fees would become effective on January 1, 2024.
