

Dana McDaniel embodies public service in all aspects of his life – during his 34-year career with the City of Dublin, as a retired Brigadier General in the Ohio Army National Guard, as an Iraq war veteran, as a proud graduate of The Ohio State University John Glenn College of Public Affairs and Miami University, in raising

his family in Dublin and building a home in the Historic District. Each day, Dana sets an example of what it means to be a leader and to give back to his community.

In recognition of his public service commitment to the City of Dublin, on this 29th day of September 2022, Dublin City Council is naming Citizen U in honor of Dana McDaniel who has given so much of his life and professional career to the City of Dublin. From this day forward, it shall be known as Dana L. McDaniel Citizen University, or simply “McDaniel Citizen U.”
