

Mr. Russell Hunter
Executive Vice President of Development
Crawford Hoying
6640 Riverside Drive
Suite 500
Dublin, Ohio 43017

Dear Mr. Hunter:

On behalf of the Franklin Park Conservatory, I'd like to extend our support for the proposed .39-acre topiary park to be located on the northwest corner of Dale Drive and Tuller Ridge Drive being developed by Crawford Hoying. We feel this to-be-determined collection of topiaries, representational of select local fauna, will create a unique and exciting experience for Bridge Park residents and visitors.

Dating back to 1852, The Franklin Park Conservatory has gained a reputation for horticultural excellence through the display of rare and unusual plants. We've had several world-class exhibitions over the years, including our topiary exhibit, that brings plants to life through the representation of a variety of different animals.

Given our extensive experience with topiary exhibits, we understand the flexibility required for this public work of art and are eager to continue conversations to discuss concepts for a collection of topiaries that will best represent the character of Bridge Park. Once the designs have been finalized, our talented team of horticulture and exhibition staff will work with you to build the topiaries to provide Bridge Park patrons with a larger-than-life topiary exhibit that will transform native species of plants into a cultural exhibit.

We appreciate Crawford Hoying's commitment in giving recognition to the Franklin Park Conservatory through on-site displays and events at Bridge Park. As a result of these efforts, we feel this will help us further expand upon our community impact by creating another opportunity in Central Ohio to share the beauty of our natural world. Thanks again and we look forward to working with you.

Sincerely,

A handwritten signature in black ink, appearing to read "Bruce A Harkey".
