Dear ARB Members:

We are submitting an additional request for permission to add signage to the current sign at 63 South High Street. The additional sign will hang below the current sign and will display "Collections for Women." This will be made of the exact same material and colors as the original. The sign will be made of western red cedar and will have white font (SW 7005, Pure White) with a navy blue (SW 6244, Naval) background.

The size of the sign will be 3'x 6" with .5" raised lettering. It will be 2" thick. The sign will be double-sided. It will hang directly below.

Thank you for reviewing and considering our requests.
