**VERTICAL DATUM**

The Vertical Datum is based on the elevation established by the Franklin County Engineering Department, at monument FRANK 73, being 801.706 feet in elevation. The elevation was transferred from said Franklin County Engineering Department monuments using static GPS procedures (03Geoid) and differential leveling to the site. Monument N45, being 826.994 feet in elevation, and monument A5, being 850.413 feet in elevation were used as vertical checks. The said monuments being source bench marks with elevations that are based on the North American Vertical Datum of 1988.
