

# CONSULTANT SERVICES BULLETIN WINTER 2023

## ADDENDUM NO. 1

for the Consultant Services Bulletin

Statement of Qualifications Due Date: November 30, 2023

**TO PROSPECTIVE CONSULTANTS: The following changes shall be made part of the request for this Bulletin.**

### CLARIFICATION

PAGE 1: Email Subject: SOQ – Consultant Services Bulletin Summer Winter 2023

### REQUEST FOR INFORMATION

1. *Transportation & Mobility Project 1 – Signature Trail Study: Question 1. Do you expect significant public outreach in this project, and do you expect an Engineer or a Landscape Architect to lead?*

- Per the bulletin, the Consultant will host an in-person public meeting to solicit public feedback relating to the trail's design components and character. The consultant will also develop questions for an online survey to solicit public feedback relating to the trail's design components and character. Both the public meeting and survey should be formatted to include photos, images and other visual examples of possible design components.
- The Consultant should propose the amount of public engagement to support their vision of the project understanding.
- An Engineer or Landscape Architect could take the lead the project.

2. *Transportation & Mobility Project 3 - I-270 Crossing between Tuller Road and Emerald Parkway – Detailed Design: Question 1. Is the Bridge Alternatives and Location Study available for the project?*

- The study is available at this link: [Reference Material](#)

### INFORMATION MEETING

3. A recording of the November 9, 2023 information meeting presenting the process and projects included in this Bulletin and the attendance list are available on our website:
