<b>Porch:</b>	Shed roof extending across façade, partially enclosed	<b>Chimney:</b>	1, Exterior, off ridge near northeast corner of north elevation	<b>Windows:</b>	3-over-1 Wood sashes

**Description:** This one-and-one-half-story Craftsman-style house has a rectilinear footprint, resting on a concrete block foundation. The side-gable roof is sheathed in standing seam metal, and pierced by a shed dormer on the façade slope. A shed roof porch spans the width of the façade. The southern third of the porch is enclosed, and the northern two-thirds is open, with battered posts supporting the roof. The front door is centered on the façade within the porch. Windows are three-over-one wood sashes flanked by fixed shutters. West of the house is a detached garage with a gable roof, wood-siding, and hinged doors over the vehicular bays.

**Setting:** The building is located on the west side of Riverview St in the old village core of Dublin. It is one in a row of late-nineteenth/early twentieth century residences. A stone retaining wall extends along the streetside.

**Condition:** Good

<b>Integrity:</b>	Location:	Y	Design:	Y	Setting:	Y	Materials:	Y
	Workmanship:	Y	Feeling:	Y	Association:	Y		

**Integrity Notes:** The building has excellent integrity.

**Historical Significance:** The building is within the boundaries of the City of Dublin's local Historic Dublin district. The property is also recommended contributing to the recommended Dublin High Street Historic District, boundary increase, which is more inclusive of historic resources in the original village.

# RECORD OF PROCEEDINGS

Held

September 26, 2022

Page 7 of 14

- **N. Riverview Advisory Committee Recommendation**

Ms. Blake provided a brief overview of the properties and the Advisory Committee Members. She stated that the following were goals of the Request for Proposals (RFP):

- Preserve historic nature and mass of North Riverview Street;
- Rehabilitate/renovate/redevelop the Properties, which have fallen into disrepair, so they can contribute to the beauty of Historic Dublin;
- Enhance the neighborhood while respecting the historic character of early Dublin and the Properties themselves;
- Encourage uses that create visitor interest, experiential vibrancy and pedestrian engagement;
- Demolition would require Architectural Review Board (ARB) approval;
- Provide the vision, experience and financial commitment to renovate the Properties in a timely manner;
- Preserve Dublin's signature historic stone walls on each applicable property; and
- Document historic details and cultural resources prior to any demolition or removal.

There were two proposals received. One RFP was received from Corinthian Fine Homes and one from Community Space Development, LLC dba COhatch ("CSD").

- Corinthian Fine Homes' proposal shows nine new single-family homes. They would also renovate and donate 62 N. Riverview Street property back to the City as a park structure or museum. North Riverview Street would be for pedestrian use only.
- Community Space Development LLC COhatch proposal creates "Riverview Village" as a walkable arts and commerce district with renovation of the existing buildings, plus addition of seven new buildings and parking areas. This concept focused on restoring each historic building, adding additional structures along N. Blacksmith Lane and N. Riverview Street, and creating a pedestrian path along N. Riverview Street. This would be a vibrant, walkable, one-of-a-kind destination that would be pedestrian only.

Minutes of

Dublin City Council

Meeting

BARRETT BROTHERS - DAYTON, OHIO

Form 6101

Held

September 26, 2022

Page 8 of 14

Ms. Blake provided a rendering depicting three buildings that would be used for office/commercial in CSD's proposal on property designated as parkland in the Parks and Recreation Master Plan.

The Committee met and reviewed the proposals against the selection criteria. The Committee recommended to Council to select Community Space Development, LLC's proposal for further consideration and to direct staff to further evaluate and negotiate the proposal through the development process. Staff will update Council on the progress of any negotiations in furtherance of a potential Economic Development Agreement as needed. The Committee sought Council's feedback on the inclusion of a portion of designated parkland for office/commercial uses, potential subsidy of maker spaces for financial viability and the vision for the three southernmost properties.

There were no public comments.

Mr. Reiner asked about the return on investment regarding these proposals. Ms. Blake stated that the public improvements needed are not fully known at this point, so calculating the return on investment would be difficult. Mr. Keeler pointed out that the deal breaker is the office building on the parkland. If that is not allowed, the developer cannot make this proposal work. Mr. Keeler reiterated that this would be a destination for residents and visitors.

Mr. Reiner stated that the RFP goals could be accomplished by private people who buy and restore the homes. He stated this would return some money to the City. He suggested auctioning off the homes and still adhering to the RFP goals.

Vice Mayor De Rosa stated that there was a return on investment in the documents. She asked if someone could speak to that. Mr. Stiffler stated that he was not involved in the calculation.

Matt Davis, COhatch was present to speak about the project proposal. He stated that he was trying very hard to not tear down the historic structures. The office building would be COhatch's building expansion. He stated that he was trying to build a vibrant eco-system that would be walkable. The houses that were left could be restored. He stated the overall return on investment would be income tax not property tax.

Ms. Alutto asked about the revenue from leases. Mr. Davis responded affirmatively and then continued his explanation about how just restoring the homes would not bring vibrancy.

Ms. Alutto was in favor of continuing the discussion and considering the parkland use.

Ms. Amorose Groomes stated that it is important to have the conversation. She stated that steps have been taken to try to spur development, but it has not occurred. Are we going to just keep going with public/private partnerships or will we reach a point where these are self-sustaining?

Vice Mayor De Rosa stated that the village concept is very intriguing. She was asking about density and maintaining the village feel. Ms. Kramb stated that this is too preliminary. It has not even been vetted through ARB with massing and design standards.

Ms. Amorose Groomes stated she would be willing to entertain development on the east side.

Mayor Fox stated that this concept could be a central focus of a historic niche with maker spaces and restaurants. She is okay with continuing the discussion about using the parkland. It must be done thoughtfully.

Mayor Fox moved to approve the recommendations of the Advisory Committee and select Community Space Development LLC's proposal for further consideration and to direct staff to further evaluate and negotiate the proposal through the development process.

Ms. Alutto seconded.
