Alternate Residential Garage Door - Overhead Door Co Courtyard

Overhead Door Co. Courtyard Overlay garage doors are proposed in-lieu of C.H.I. Carriage House at the residential garages.

The approved product is an insulated steel door with a wood overlay. The proposed alternate is a steel door with composite overlay. The Owner and General Contractor have requested this substitution due to concerns with the maintenance of real wood as well as lead times & scheduling. The proposed alternate has a similar overlay pattern to the approved as shown below & dimensional overlays and texture to mimic the approved product..

Courtyard COLLECTION®

Insulated steel construction, fashioned to resemble the elegant wood designs of traditional carriage house doors.

The Genuine. The Original.

1 - U-factor is independently tested and verified per ANSI/DAGMA 105 using solid doors and specific product sizes.

STEEL OVERLAY CARRIAGE HOUSE

PERSONALIZING OPTIONS

Not all options shown are available with every style. We offer a variety of personalizing options to help your home stand out in your neighborhood. After choosing your door's style and color, add glass, window designs, or hardware to dramatically change the overall look of your door and add to your home's appeal.
