

Project Description/Narrative:

Twins Auto of Dublin

5035 Post Road Dublin, OH 43017

Install new single-sided LED halo-lit monument sign at entrance off Post Rd. This entrance is used for more than one business, so Twins needs to let their customers know which side of the drive they are turning once they reach the entrance. The sign is consistent with other signs in the area & the design is simple/sleek with only 3 neutral colors. We believe the halo-lit illumination gives the sign a professional look during the night hours.
