

Office of the City Manager Activities, Projects & Interactions

August 2024

August 2024

Letter from the City Manager

As summer draws to a close, I want to take a moment to reflect on a successful August filled with celebrations, milestones and important developments for our city.

First and foremost, a huge thank you to everyone who played a part in this year's Dublin Irish Festival! Whether you were an organizer, volunteer, performer, vendor or one of the many attendees, your contributions helped make this event a success once again. It was truly wonderful to see so many people enjoying this signature Dublin event, especially Ireland's Ambassador to the United States Geraldine Byrne Nason.

After the Festival, we hosted our first Better Together team meeting at the Coffman Park Amphitheater. This gathering for all City employees provided an opportunity to come together, celebrate milestones, reinforce our positive work culture and recognize the many achievements of our staff. It was a reminder of what makes Dublin special - the collaboration and shared commitment to moving our city forward.

On the development front, we advanced the 243-acre purchase of land in our West Innovation District, a significant step in our ongoing efforts to foster innovation, recreation and economic growth in Dublin. We are preparing for the closing of this strategic real estate acquisition and have formed a steering committee.

In the West Innovation District, we also marked a special milestone this month - the 10-year anniversary of the Ohio University Dublin Campus. Over the past

decade, this campus has become a cornerstone of education and healthcare innovation in our city, offering programs that connect academic excellence with real-world impact. We're proud to have Ohio University as a partner in our community, and we look forward to continued collaboration as they help shape the next generation of leaders and professionals.

Thank you all for your hard work and dedication. Let's continue to build on these successes and make Dublin an even better place to live, work and thrive.

A handwritten signature in black ink that reads "Megan O'Callaghan". The signature is written in a cursive, flowing style.

Megan O'Callaghan
City Manager

2024/2025 City Council Goals

1 Become the Most Connected Community in the U.S.

Status: Construction continues in Phase 1. The permit status map can be [viewed here](#). altafiber has mailed two general information pieces and is distributing door hangers. They also began direct marketing activities in July. Yard signs and a City of Dublin flyer have also been added as communication methods. The website has had 7,800+ project page views, 2,500+ residents have signed up for updates and now receive update newsletters, and a total of 1,538 residents have notified altafiber of having a dog fence and/or sprinkler system. This information will help altafiber coordinate how they enter a resident's yard when laying fiber in order to minimize impact on the resident. The first release of doors will occur on Sept. 13, 2024. This means they will offer internet services to the first 3,000 potential customers. A fiber splicing event will take place 1-3 p.m., Sept. 14 in Coffman Park Pavilion. This public event will be centered around a live fiber splicing demonstration, conducted by altafiber's expert technicians. This demonstration will illustrate the advanced technology behind fiber optics and the crucial role it plays in modern telecommunications.

2 Realize the Metro Center Revitalization Vision

Status: Staff and the consultant continue to refine the preferred scenario based on Council's feedback July 1 and outline the sequencing needed for implementation. City staff members continue to engage with stakeholders in the area within and around Metro Center. The next anticipated review of information, including potential land acquisition discussion, is scheduled for the Sep. 30 City Council Work Session.

3 Implement the Parks and Recreation Master Plan

Status: City Council provided input on the 2025-2029 Capital Improvements Program (CIP) at the June 24 and Aug. 19 Council work sessions. The CIP includes funding for multiple larger-scale projects identified in the Parks and Recreation Master Plan, including the implementation of the DCRC Refresh, an update to the Riverside Crossing Park Master Plan and Amberleigh Park kayak launch renovations. At the July 1 City Council meeting, Council approved an historic strategic land acquisition of approximately 243 acres in the West Innovation District, which includes Carter Farms, Shepherd Excavating and SportsOhio. This land can be leveraged for several opportunities related to economic development, transportation enhancements and recreational expansions. Staff members continue working with the property owner to complete all tasks necessary for closing on the property. A steering committee is being formed to help guide the next steps to ensure optimal performance and sustainable operation of the sports complex.

4 Develop Dublin's "Destination of Choice" Next-Generation Community Events Vision

Status: Yard & Co. consultants began their "Stage 1: Explore" phase by visiting Dublin to attend the Dublin Irish Festival to meet and shadow Staff, conduct an engagement station at the Dublin Market and interview key stakeholders such as Dublin Chamber of Commerce, Dublin Arts Council and Visit Dublin. Yard & Co. will return in September to interview Council Members and additional stakeholders, including Crawford Hoying and the Historic Dublin Business Association. Town Square began the research necessary to provide a recommendation regarding the ownership and operating structures of a potential holiday market. A site visit is scheduled for Oct. 1 and 2 and will include interviews with key stakeholders, including partner organizations and Council Members. Both projects are expected to be complete in Q1 2025. The Summer Fun Series continued through August with more Games on the Green and Workout Wednesday classes. Workout Wednesdays will continue through Sept. 25.

Key Project Updates

PROJECT	STATUS
Dublin Parks Accessibility Plan	Altura Solutions completed the park facility assessments in late June. An online survey has been shared with local organizations such as Adaptive Sports Connection, Dublin Special Olympics and Dublin Miracle League. A virtual public engagement session will be held Sept. 25. The plan will include an assessment report and a transition plan to remove any identified barriers.
Bright Road Corridor Improvements and the Emerald Parkway/ Mount Carmel Roundabout	Construction began May 6 on both projects. Emerald Parkway roundabout construction has shifted traffic to the west and construction of the eastern half of the roundabout is nearing completion. Hardscape features are being installed. Bright Road construction is underway. Reconstruction of the southern half of the roadway and installation of underground utilities is ongoing. Bright Road eastbound traffic will be detoured until early September. Completion of the roundabout is planned for fall 2024 with the completion of the Bright Road Corridor following in fall 2025.
COhatch Headquarters	Applications for the preliminary development plan and rezoning considerations for the project site have been filed by COhatch and the City, respectively. Both are scheduled to be heard by the Architectural Review Board during its Sept. 25 meeting. The rezoning will require additional consideration by the Planning and Zoning Commission and a final determination by City Council, which is expected to take place in November 2024. The roadway network and streetscape design concepts are nearing completion, and coordination with area infrastructure improvements is ongoing.
Community Gateway Signs	Concepts were revised based on the feedback received by the Community Development Committee. Consultants are working on creating a mock-up of the aesthetic elements of the gateway sign and a complete fabrication of the entryway sign. The mock ups are expected to be ready this fall. Once available, staff members will bring the designs to City Council in Q4 2024.
Community Health Needs Assessment	Third-round working group meetings are being held and/or scheduled to address the four priority health needs as determined by the Advisory Committee and the CHNA report. These four working groups are focusing on: 1. Healthcare Navigation, 2. Transportation, 3. Youth Behavioral Health and Substance Abuse, and 4. Community Connections. The goal of the third-round working group meetings are to determine tasks and actions to address the prioritized objectives discussed. A final report is expected to be presented to City Council in Q4 2024.
Envision Dublin Community Plan Update	The Envision Dublin Community Plan update was adopted by City Council July 1 and became effective Aug. 1. Staff and the consultant team are conducting a final review of the document for publishing. The Community Plan website was updated with an executive summary and digital document version.
EV Infrastructure Comprehensive Plan	Staff members are developing a comprehensive plan for electric vehicle charging infrastructure based on EV adoption rates, industry best practices and data from the City. The 90% report was submitted to the City and is under review. The final report is expected to be presented to City Council for review and adoption at the Oct. 7 meeting.

Key Project Updates (Continued)

PROJECT	STATUS
Dublin Community Recreation Center Refresh	MSA Design continues to work with Staff on phasing recommendations and sequencing work in preparation for bid package development. The Phase 1 bid package will be posted in the fall with bid acceptance planned for early November and work will begin in January 2025. The Phase 2 bid package will be bid in January 2025.
City of Columbus Fourth Water Plant - Transmission Main	A public meeting was held at the Dublin Community Recreation Center June 18. Dublin staff members will meet with City of Columbus to coordinate the project with other CIP initiatives. Design of the first transmission main will begin this summer with construction planned to start in 2026 and end in 2028. Construction of the second transmission main is expected to start in 2027 and end in 2030.
Curbside Management	Upcti cameras were installed on Longshore and North High streets in August for occupancy; duration; violations; vehicle and mode types; and sound levels data. Fybr pucks were also installed on North High Street near the West Plaza for occupancy, duration and double-parking information. Based on early recommendations in the draft plan, Longshore Street signs will be updated to include more active loading areas to reduce double-parking and improve pedestrian flows. The project completion is scheduled for Q3 2024, followed by a presentation to City Council.
Dublin Sustainability Plan	City Council reviewed the plan at the June 3 meeting. The consultant and staff members met to address comments from Council. The consultant provided a draft of an executive summary document for Council and the public. Staff members and the consultant team continue to work through the executive summary and final draft of the Sustainability Plan. The plan is expected to be reviewed by City Council for adoption in Q3 2024.
Post Road Interchange Construction	Construction is underway on the Post Road pavement under U.S. 33 and the U.S. 33 bridges over Post Road. The traffic signal at the Post Road and Hyland-Croy Road intersection was activated June 11. The new alignment of the U.S. 33 eastbound ramp to Post Road/S.R. 161 eastbound is open. Traffic will permanently use the Eiterman Road roundabout to access Post Road/S.R. 161 eastbound. Post Road/S.R. 161 is reduced to one lane in both directions underneath U.S. 33 through June 2025. Traffic on U.S. 33 is shifted while construction of the bridge takes place. All traffic movements will be available by the end of 2024. The project is anticipated to be completed by October 2025.
Riverside Crossing Park Master Plan	Based on feedback from City Council at the May 6 meeting, renderings were updated and shown to community members June 27 at a public open house. A Tell Dublin survey was launched that evening. Staff met with residents from the Bridge Park West condominiums July 25 at the request of the residents to provide clarification to the draft plan and answer questions. Input from this meeting will be included with all information gathered for the master planning process. A second public input session was held in Riverside Crossing Park Aug. 29. Staff members are reviewing the results of the more than 600 Tell Dublin survey responses and public meetings, incorporating feedback into the next round of renderings. Updates to the plan based on this feedback will be presented to City Council in Q4 2024.
The Emerald Connector	Demolition of the structure at 4130 Tuller Road was completed in June. The consultant team submitted a grant application for ODOT TRAC funding and an application for MORPC attributable funds and is coordinating with ODOT and the City of Columbus. The consultant is preparing the 30% design submission for September. A public engagement meeting is anticipated for Sept. 12. City Council received an update and reviewed aesthetic treatment options at the Aug. 12 meeting. Public comments for the TRAC application were collected through Aug. 16.

Economic Development

Highlights

Business Retention & Expansion

According to the Q2 2024 Trends Report by Colliers, Dublin continues to be a leader in the Columbus market in leasing activity. One of the trends that supports this is tenant migration. Tracking tenants' movement within the Greater Columbus Region shows Dublin is consistently in the top three submarkets for activity. In the second quarter of 2024, Dublin recorded the most new leases signed and the most renewals and expansions, surpassing neighboring submarkets such as Polaris, Westerville and Worthington. Dublin's commercial real estate market stands out for its strategic location within the thriving Columbus metropolitan area, attracting businesses seeking accessibility and growth opportunities. Its diverse mix of industries, robust economy and supportive business environment contribute to its sustained success in the commercial real estate sector.

Existing and prospective businesses should [request a meeting with our Economic Development Team](#) to learn more about the City's world-class amenities and concierge services.

The Dublin CIC Board met Aug. 1 to approve minutes, award a \$25,000 Commercial Facade Improvement Program Grant to 81 W. Bridge Street for restoration work related to windows and a lamp post, and approve the Strategic Plan created by Montrose Group LLC. Board Member and Economic Development Director Jeremiah Gracia presented the approved Dublin CIC strategic plan to Dublin City Council Aug. 12 for their awareness. The Dublin CIC's next meeting is scheduled for Oct. 21, where recommendations will be brought forward to execute action items related to the strategic plan.

JobsOhio/One Columbus Leads

The Economic Development team continues to manage and cultivate new business development relationships. Economic Development Director Jeremiah Gracia attended the Center for Automotive Research Management Briefing Seminars in Traverse City, Mich., alongside One Columbus and Marysville/Union County. The City of Dublin continues to build relationships with leaders in the automotive industry. The partners focused on business attraction efforts and highlighting testing opportunities in The Beta District.

Economic Development

The Beta District

Traditional and social media engagement was strong in August following the appointment of Doug McCollough as The Beta District's first-ever executive director. The district's LinkedIn page gained 100 followers after the announcement, which led to a 16.8% increase from the previous month. Marketing activities continued, including billboards, digital advertising and media outreach. There have been nine leads so far in 2024.

An advisory board is being formed, which will include various partners, including from the local business community. Planning continued for the second annual Mobility in Color event, which is scheduled for Sept. 5 from 8 a.m. - 4 p.m. at Brick House Blue HQ (6605 Longshore St., Suite 240).

The Beta District was a featured topic at the Business Impact Breakfast with the Dublin, Union County and Logan County Chambers of Commerce. The event was held at the state-of-the-art Automotive & Mobility Innovation Center along the 33 Smart Mobility Corridor.

The Beta District leadership team, joined by State Representative Tracy Richardson, attended the Aug. 22 Business Impact Breakfast. Pictured left to right are Marysville City Manager Terry Emery, Rep. Richardson, Union County Administrator Bill Narducci and Dublin City Manager Megan O'Callaghan.

Economic Development team members Luke Fleming, Grant Daylor, Jenna Goehring and Kirby Dearth attended Univar's Employee Appreciation/100-year anniversary celebration.

- Aug. 23: Fallback Group HQ Open House
- Aug. 28: CIO Tomorrow Summit
- August 29: Tour of Intel construction site

Community Development

Boards & Commissions Activity

Boards & Commissions Activity

The Planning and Zoning Commission heard three cases in August. One of those cases, Irish Village, is a proposed mixed-use development consisting of +/-30,000 square feet of commercial space, 125-150 residential units and associated site improvements. The combined 11.86-acre site is zoned R-1, restricted suburban residential district and TF, technology flex district, and is located southwest of the intersection of Woerner Temple and Avery roads. The site has a recommended future land use of mixed-use neighborhood, which is intended to provide neighborhood services located near existing and future residential developments, and proposes uses such as office, personal services and commercial, as well as secondary residential uses.

The Architectural Review Board heard six cases in August. Vernacular is a small clothing boutique in Historic Dublin and is proposing the installation of a rear wall sign and a front-projecting sign, as well as associated exterior modifications such as stairway railing. The 0.02-acre site is zoned HD-HC, historic district core, and is located northwest of the intersection of South High Street and Spring Hill Lane. The site has a recommended future land use of mixed-use center, which is intended to provide a vibrant multi-use district organized around open space, with live-work opportunities, supporting services and various amenities.

The Board of Zoning Appeals heard two cases in August.

The Administrative Review Team did not meet in August

[Find a list of the August caseload and upcoming cases for all Boards and Commissions here.](#)

Regional Items of Interest

The Logan-Union- Champaign Regional Planning Commission met Aug. 8. Senior Planner Tammy Noble attended the Zoning and Subdivision Committee and the Executive Committee. There were three cases on the agenda, including one rezoning for Jerome Township, one rezoning for Richland Township and discussion of model text language for adult-use cannabis. The Jerome Township rezoning was the case with the closest proximity to Dublin, which rezoned 33.178 acres from commerce district to low-density residential which is a “downzoning.” The rezoning is located on the south side of U.S. 42 and Currier Road and proposes the construction of single-family residential structures. The two cases were approved by both reviewing bodies and the model text language was discussed with more formal adoption expected in upcoming meetings.

The Delaware Regional Planning Commission heard seven cases at the June 27 meeting. The item most significant to the City of Dublin is a final plat for Liberty Trails at the northeast corner of Clark-Shaw and Liberty roads. It will be 17 residential lots on 30.1 acres and was approved on consent.

[For more detailed information on regional items of interest, follow this link.](#)

Compliance & Enforcement

Code Enforcement

Code Enforcement staff members continue to work with planning technicians to get certificate of zoning plan approval (CZPA) clearance for sheds, patios, fences and driveways. The team has observed that miscommunication occurs between residents and contractors. Contractors may indicate that a permit has been secured or that none is needed for the work proposed. Staff members make their best effort to communicate clarifying information to the resident before the work has begun or is completed. Information regarding the administrative permit process and when a permit is needed [may be found here](#) or by calling the Community Planning & Development Department at 614.410.4600.

Zoning & Code Compliance

Daily Zoning Inspections

In July, the department performed 46 daily zoning inspections. Daily inspections ensure compliance with zoning codes for completed construction projects including pool installations, solar panels, decks, new homes, and commercial new builds and additions.

Inspections included minor exterior alterations to the facades of 6768 Perimeter Loop and 6780 Coffman Road.

Routine Landscape Inspections

Ten landscape inspections were performed in July. Landscape inspections identify missing, dead or dying plant material and other zoning code violations. Inspections this month focused on commercial properties near Perimeter and Avery-Muirfield drives.

Certificate of Zoning Plan Approval (CZPA)

Sixteen CZPA inspections were performed in July to confirm compliance with approved CZPA permits.

Building Standards

Commercial and Residential Plan Review

Total plan review numbers were 69, which is typical for July. May was the highest month in the last 12-month period with 134 plan reviews. Overall plan review numbers are expected to increase during the summer months. An average of 78 plan reviews were completed per month over the last year.

New Building Permits Issued

Building permits issued (that required plan review) totaled 47 permits in July. Numbers can fluctuate +/- 10% each month. The monthly average, over the last 12-month period, was 43 new building permits issued per month, which is slightly above average.

Certificate of Occupancy

Three Certificates of Occupancy (C of O) were issued this month.

- The Country Club at Muirfield Village west veranda, 8715 Muirfield Drive
- Higher Ground Education – Avery, 5675 Avery Road
- Dublin Scioto Athletic Building, 4000 Hard Road

Inspections

In July, the Building Standards team completed 702 inspections. Over the last 12-month period, the average number of inspections per month was 606. The number of inspections in July 2024 was 10% higher than July 2023. Data indicates there is an upward trend in the number of inspections completed year over year. In 2023, the division completed 7,000 building inspections.

Transportation & Mobility

Highlights

Speed Management Implementation

- The first pilot location of tactical urbanism was installed in August at Avery and Jacana roads. Features of this location include white edge lines outlining solid color blocks and sloth icons at the entry/exits to the crosswalks with the Slow Down Dublin icon near the intersection.
- New driver feedback signs were installed on independent posts at Muirfield and Sells Mill drives for Scottish Corners Elementary’s school zone. These new signs replace the previous sign assemblies co-located on the overhead mast arms with school flashers. Motorists now have multiple reminders of their speed and school zone speed limit.
- Initial noise level and traffic data collection in the Hard Road area was collected in August. Data will be collected three more times over different seasons for the study, with anticipated completion in 2025.

Citywide Crash Data

(vehicles and all vulnerable road users)

	Frequency	High Severity	Bike/Ped
2024 Year-to-Date	328	12	3
June	53	3	1

Serious Injury Crashes:

- A westbound vehicle on Post Road hit a vehicle stopped at a red light at Post Road and Kilgour Place/OCLC causing a serious injury.
- A southbound motorcycle on Riverside Drive ran off the road, hit a curb and struck a traffic sign pole resulting in a serious injury.
- A southbound driver on I-270 near milepost 16.2 left the road, hit a fence, trees and ditch embankment, resulting in a fatal injury due to medical complications while driving.

LinkUS

COTA held a media event in late July announcing the first Draft Transit Supportive Infrastructure Five-year Capital Improvements Program. Eighty-three projects are included across the Central Ohio region with two in Dublin: Blazer Parkway shared use path and transit stop improvements; Dale Drive shared use path; Dublin Road shared use path; and Shier Rings Road shared use path. The 30-day public comment period closed Aug. 23. Two virtual open houses were held Aug. 14 and 15 to share the plan with the public.

Installation of Fybr sensors was completed on North High St. Staff members are working on programming and calibration before they become operational.

[Speed Management Dashboard](#) | [Dublin Connector Dashboard](#) | [August Mobility Report](#)

Public Service

Highlights

Streets

- Staff members performed set-up, event staffing and tear-down event operations for the Dublin Irish Festival.
- Concrete sidewalk ramp replacement was completed on Rushwood Drive and Dunnwood Court.
- Concrete curb repairs were completed on Avery Road.
- Asphalt mill and fill work was finished on Wellington Court, Windsor Drive and Baronscourt Way.
- Staff assisted Asset Management & Quality Assurance with contractual root grinding work on the shared use paths.
- Honeysuckle was cut back to address line-of-sight concerns on Riverside Drive south of S.R. 161.
- Damaged deck boards and rails were replaced on the Tartan West and Riviera bike path bridges.

Parks

- Staff members performed set-up, event staffing and tear-down operations for the Dublin Irish Festival.
- Irrigation repairs were completed to the I-270/U.S. 33 interchange in preparation for the renovation work.
- Repair work was completed on the Ballantrae pond recirculating pump.
- Staff members continue to perform bike path trimming citywide.

Sustainability

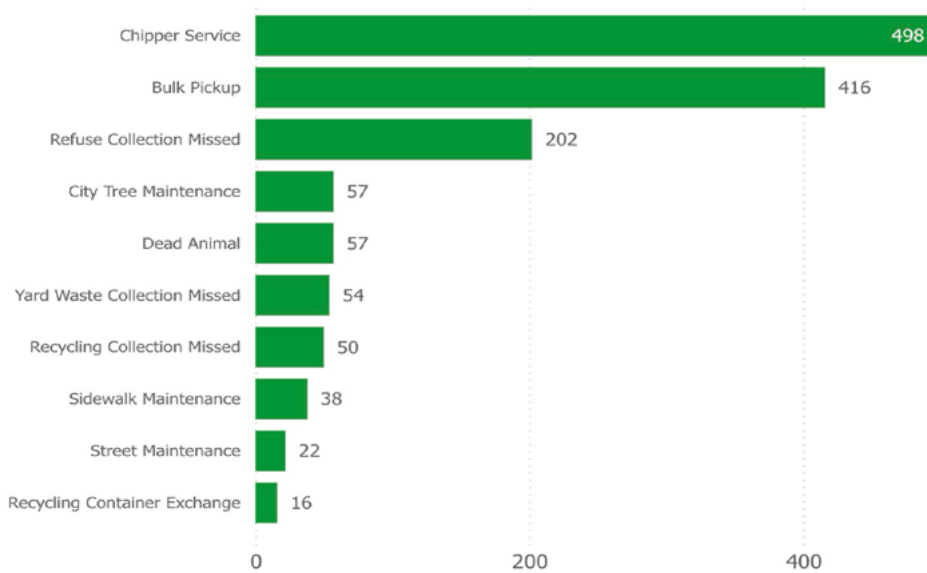

- Styrofoam collection boxes: To date, 5,868 pounds of Styrofoam have been diverted from the landfill.
- GoZero Composting: 33.917 tons of compost have been collected so far in 2024.
- Across the City's 21 electric vehicle charging stations, 44,751 gallons of gas have been saved to date in 2024. This equates to a greenhouse gas savings of 269,577 kilograms
- Management Analyst Emily Goliver was asked to serve on a subcommittee to review the Regional Sustainability Agenda by the Mid-Ohio Regional Planning Commission. The first subcommittee meeting was held in August.
- The next Document Destruction Day is scheduled to take place Nov. 2 at the Service Center.

Horticulture & Forestry

- Forty planted table decorations were prepared for the Emerald Club at the Dublin Irish Festival. Succulents from the planters were repurposed and used in conjunction with the City's internal wellness campaign. Nine other planted decorations were prepared and displayed on the Festival grounds.
- Staff members prepared 14 planters for Transportation & Mobility for the Tactical Urbanism pilot project.
- Street tree pruning continues on Earlington Parkway.
- Cherry tree removals and stump grinding took place on Golden Place in preparation for fall replacements.

Asset Management & Quality Assurance

GoDublin

July saw 1,587 requests submitted for the month – an increase from 1,380 last month. Of those requests, 990 (62%) were initiated through the GoDublin app. By comparison, there were 1,578 requests in July 2023.

The top 10 requests generally account for 80% of all requests per month.

To view the condition assessment for each of the City's assets, visit <https://infrastructure-dublinohio.hub.arcgis.com>. All of Dublin's assets are currently meeting or exceeding the established goals.

Inspections/Maintenance Work

- Inspections for pavement striping and marking inventory are ongoing.
- The 2024 pavement preventive maintenance program was updated and began in late August.
- Staff members are preparing to bid the sidewalk shaving program, which is planned to commence in early fall.
- The bike path root-grinding pilot program has successfully concluded. Staff members are pleased with the outcome and continue to receive compliments from residents.

Court Services - Highlights

- Received 361 traffic cases, nine operating a vehicle under the influence (OVI) cases and two criminal/code enforcement cases.
- Received six juvenile criminal diversion cases, three juvenile traffic diversion cases and 41 adult traffic diversion cases.
- Collected \$57,880.25 in fines and court costs.
- Collected \$344.25 in restitution for victims of crime.
- Diversion participants completed 38 hours of community service work.

Parks & Recreation

Highlights

DCRC Memberships: 7,687

DCRC Annual Shutdown

The DCRC closed for annual maintenance, cleaning and repairs Aug. 24 and will reopen Sept. 3. This 10-day window gives Staff and contractual vendors full access to clean ductwork and exhaust fans, complete high dusting building-wide, replace air handler units, install new underwater lights, and clean windows, carpets and drains, to name a few projects.

Healthy Brochure

The fall 2024 Healthy programs and activities guide was released Aug. 6. Registration for Dublin and school district residents took place Aug. 13 and, for non-residents, it began Aug. 20. Classes begin after Labor Day.

Dublin Rec App

Dublin Rec app downloads total 3,392 since launching May 22. Top clicks are membership scan-ins, group fitness schedules, indoor pool schedules and outdoor pool information. The app is also being used to communicate any changes in operations or hours.

Outdoor Pools

Season Passes Sold: 6,585

Modified Pool Hours

Pool operations were consolidated to the Dublin Community Pool North as Dublin City Schools went back into session. The Dublin Community Pool South closed Aug. 14. All pass-holders were given access to the North Pool for the remainder of the season. Back-to-school hours are also in place and different from peak season to ensure efficient operations and staff. The North Pool and Ballantrae Spray Park will close for the season Sept. 2.

Pooch Pond

To celebrate the end of a successful pool season, dogs enjoyed a dip in the Dublin Community Pool South Aug. 15. The popular event was well-attended by residents and their four-legged friends.

	Camps		Non-camp Programs	
	Enrollments	Revenue	Enrollments	Revenue
2021	1,476	\$415,546	3,839	\$151,817
2022	1,362	\$504,891	3,923	\$189,719
2023	1,709	\$800,000	3,706	\$186,686
2024	1,966	\$1,035,634	3,515*	\$199,183

Notes: Enrollments will continue to grow through Aug. 31 as it includes drop-in senior programming that has not yet taken place

Numbers reflect programs taking place June 1-Aug. 31 and do not include drop-in fitness programs.

Programs

Staff wrapped up a strong summer with camp enrollments returning to pre-pandemic levels, more specialty camps than ever before, the introduction of several esports camps and a wide variety of trips for adults and seniors. The Dublin Community Senior Citizens visited the Rock & Roll Hall of Fame Aug. 8 for the last trip of the season.

The team now prepares for fall offerings with highlights including two new adaptive fitness programs; expansion of esports and STEM programming; adult game nights; a Murder Mystery Dinner; and much more.

Abbey Theater of Dublin

After wrapping up a busy August that included numerous shows and set rotations in July and August the Abbey Theater was honored to host the Central Ohio Theatre RoundTable Annual Celebration and receive the Community Partner Award. The award recognizes businesses, companies or individuals who provide creative and innovative support to one or more arts organizations. The Abbey Theater was honored for its ongoing commitment to supporting artists and arts organizations in Dublin helping to make it a prime destination for artistic expression.

Police & Safety

Highlights

Critical Incidents & Major Crimes

- After officers responded to a July 15 disturbance at Sonesta, police charged a man with three counts of aggravated menacing, assault and domestic violence. Among those incidents, the man pointed a firearm at hotel employees.
- Aug. 9, a Dublin man was charged with strangulation and violating a protection order after he strangled a woman in his home on Terrazza South Court.
- Aug. 19, officers responded to Wyandot Elementary on a swatting threat, which is a false alarm meant to draw a large emergency response to a certain address.

Police Reports & Crime Trends

- Officers continue to investigate an Aug. 2 series of vehicle break-ins at three locations in which 70 vehicles were damaged and two firearms were stolen. Four suspects appeared to have been searching for firearms in the vehicles based on theft reports from owners.
- Officer Luke Sinclair arrested a suspect in a stolen vehicle Aug. 4. The man was charged with breaking and entering offenses at multiple businesses on Sawmill Road.
- Community Impact Unit officers continue to investigate stolen vehicles recovered in the Campden Lakes and Wedgewood Glen areas.

Safety Messaging

- Shared Dublin Irish Festival (DIF) safety messages, including the bag policy and reminders to download the Festival app for safety notifications
- Shared Safe Ride code for discounted Lyft rides going to and from the Festival
- Communicated severe weather delays during the Festival via DIF website, app and social media
- Posted back-to-school safety tips, such as school zone safety reminders.
- Continued to share theft prevention and Slow Down Dublin messages

Misc.

- Five new police officers were sworn into the agency Aug. 15 and immediately began the Columbus Division of Police Academy.
- Office Jeremy Miller started as the new school resource officer at Karrer Middle School.

Statistics	2022 YTD	2023 YTD	2024 YTD

Community Outreach & Engagement

- Police hosted National Night Out at the Dublin Justice Center with more than 100 people attending this family-friendly event featuring food, games and interactive stations.
- The Chief's Advisory Committee (CAC) reelected Chair W. Dwayne Maynard and Vice Chair Kimberly Hollie.
- Human Resources Business Partner Jillian Fair met with the CAC members to discuss the police recruitment process.
- Officers participated in the Hindu ceremony of Raksha Bandhan, led by Dublin residents, to thank first responders and public servants for their work.
- Chief Justin Páez attended the India Festival at the Ohio Expo Center Aug. 22, held in partnership with the hosting group, the Federation of Indian Associations.

Police Responses to Issues of Community Concern

Speed Management

- Speed enforcement campaign conducted
 - Aug. 14 multi-agency daytime speed operation on I-270 resulted in a total of 71 stops and 50 citations across three agencies: Dublin Police, Hilliard Division of Police and Franklin County Sheriff's Office.
- Met with Dublin City Schools (DCS) before the 2024-25 school year to discuss public safety communication processes when both Dublin Police and DCS are involved in an incident.
- Special Event Security
 - Officers provided security for the Dublin Irish Festival 5K and the three-day Festival.

Human Resources

Highlights

Better Together Meeting

Aug. 13 marked Team Dublin's first Better Together meeting. Staff were invited to the Coffman Park Amphitheater and enjoyed breakfast from Katie's Pancakes, complete with pancakes, sausage, juice and coffee. At the meeting, Staff had an opportunity to hear about City updates including Envision Dublin and the SportsOhio property purchase, and celebrate the team with recognition of new hires, promotions, retirements and service awards.

Renew You Wellness Campaign

Every Tuesday in August, Staff are invited to take part in 20-minute restorative yoga sessions at various City buildings. Additionally, Staff were encouraged to grab a co-worker and take a Snack Smart break Aug. 1. Healthy snacks were provided in each City building.

Outreach & Engagement

Highlights

Dublin Irish Festival Volunteerism

A total of 1,250 volunteers gave 8,900 service hours to make the Dublin Irish Festival a success in more than 55 areas of the event. In all, volunteers represented 11 states, 98 zip codes and ranged in age from 8 to 91. More than 99% of volunteers said they will return in 2025 based on their experience this year. Survey comments included the following:

- “It is such a privilege to be part of this event.”
- “Feel like Dublin does a wonderful job with the volunteer program!”
- “I was overwhelmed, in the best way, by the amount they care and make sure the volunteers have everything they need.”
- “I loved how easy it was to make friends with the other volunteers!”

Cemetery Preservation Team

This adult volunteer team continues to clean, restore and mark headstones for professional restoration every other Saturday at the Dublin Cemetery. To date, the green area below has been completed, while the blue area is in process. The team plans to focus on the red area this fall and next spring. There are more than 4,100 headstones/markers in the cemetery.

Heritage Interpreters

Heritage Interpreters hosted four open houses at Ferris-Wright Park, which attracts visitors from Dublin and those traveling in the area. In September, interpreters will begin their monthly fall open houses.

Corporate Service

T-Cetra conducted a Keep Dublin Green clean-up Aug. 17 at M.L. Red Trabue Nature Preserve.

Dublin Market at Bridge Park

The City had a booth during two Saturdays in August, where Asset Management and the Solid Waste teams educated residents about making GoDublin requests, and on composting and recycling efforts.

Annual Mike Utt Scioto River Clean Up

Fifty volunteers gathered Aug. 17 to learn about healthy waterways and the environmental impact of the Scioto River before collecting debris from the river and its banks. Community volunteers and members of the Dublin AM Rotary gathered at Scioto Park and split into access groups at Amberleigh, Donegal Cliffs, Kiwanis Riverway and Dublin Spring parks. They collected 380 pounds of trash and recyclables from the river.

Communications & Marketing

Highlights

August's Communication Strategy

- The City of Dublin's communication goals include increasing meaningful engagement with all Dublin audiences; supporting the City's Strategic Framework, including the Culture Playbook; and educating the public about new initiatives and ongoing services.
- August's strategic topics included featuring the Dublin Irish Festival; sharing community cultural events; continuing to promote the new Dublin Summer Fun Series; and emphasizing the Slow Down Dublin initiative as part of back-to-school messaging
- Reviewing the result from [July's overall communications metrics](#) and [City Council's communications efforts](#).
- Review the complete [Contact City data here](#).

Sustainable Dublin Communications

- Shared the City's economic development and Dublin Chamber of Commerce's business appreciation event.
- Continued to promote Dublin's economic vitality through the "Why Dublin" series that features a different Dublin business each week.
- Shared ways to help keep our waterways clean for National Water Quality Month.
- Announced the names of the two new autonomous, electric lawn mowers.

Connected Dublin Communications

- Announced Brandon Brown as the City of Dublin's chief innovation and technology officer and Jim Connolly as the City's IT director.
- Promoted the Dublin Connector and shared a rider's perspective.
- Created a unique short-form video to share how to rent an electric Bird scooter.
- Shared an update on the Envision Dublin plan.
- Hosted a City Hall Selfie Day challenge on X (formerly Twitter) with other Central Ohio municipalities.
- Worked with NBC4 on a story about how the Dublin Police use technology and multilingual staff to overcome language barriers.

September Lookahead

- Promote the Fiber to Every Home splicing event.
- Continue the Slow Down Dublin campaign during Safe Driving Awareness Month.
- Share communications and information about Halloween Spooktacular.

Internal Branding

Design concepts were finalized and are being developed for final approval, production and installation. The concepts will cohesively bring Dublin's brand to life in all City buildings and support the City of Dublin Culture Playbook. Final design is under way and implementation is expected to begin in Q4.

Resilient Dublin Communications

- The Communications & Marketing Team hosted the first Better Together internal event at the Coffman Park amphitheater to celebrate the City's Exceptional Team accomplishments and share updates on what the future holds.
- Continued to share Dublin Irish Festival messages leading up to the event including a video series titled "Irish Fest Flashbacks," that featured interviews with Festival-goers in 2023 about their favorite memories of the Irish Festival.
- Led the City's and Dublin Irish Festival's communications response to the weather delay during Friday and Saturday of the Festival.
- Celebrated Dublin's diverse culture through August events, including Pakistan and Indian independence days as well as the Summer Japan Fest.
- Supported regional communications, in partnership with area law enforcement, on an I-270 speed enforcement campaign.
- Continued promoting Slow Down Dublin with a video reminding drivers to watch their speed in school zones.
- Worked with NBC4 on a story about the new tactical urbanism installs as part of the City's speed management program.

Link Ahead Podcast

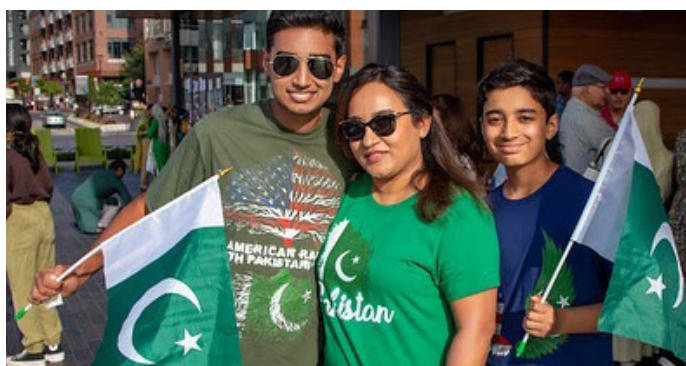

- 31,818 listens (an increase of 3,544 listens since the July report).
- August topics included a conversation with OSU Women's Basketball Coach Kevin McGuff and an insightful discussion with Director of Community Planning and Development Jenny Rauch, who shared the highlights of the Envision Dublin Community Plan Update.
- Upcoming topics and guests include Megan O'Callaghan and Samantha Shepherd, who will discuss the City's recent acquisition of 250 acres in Dublin's West Innovation District.

Professional Development

Public Information Officer Rebecca Myers attended the annual National Information Officer Association conference in Clearwater, Florida, which focused on how effective crisis communication builds community trust.

Community Events

Highlights

Dublin Irish Festival

The 37th Annual Dublin Irish Festival took place in August and despite having to suspend operations on both Friday and Saturday due to lightning, there were 77,000 people in attendance. Geraldine Byrne Nason, Ireland's ambassador to the United States, the first ambassador to visit the Festival, helped dedicate the event prior to Friday's suspension. Gaelic Storm brought country star Zac Brown to the Festival as a surprise guest on Friday night.

Permitted Events

There were 19 permitted events in August, including more cultural events in Riverside Crossing Park.

- Tier 1 events: 4; Tier 2 events: 15
- The Dublin Irish Festival 5K kicked off the month of permitted events with sold-out races of 1,000 5K runners and 150 Kids Dash participants in Historic Dublin.
- Pakistan Independence Day, Indian Independence Day, JASCO Japanese Summer Fest and the Arbaeen Walk highlighted the diverse community spirit in Dublin.
- The North Market Bridge Park Wine Fest took place Aug.16-17 and brought in over 1,000 visitors during the two-day event.
- Speeding to Read and the Book Bash at the Bridge had another successful fundraiser in Bridge Park during their event Aug. 24. Hundreds of guests gathered in the streets to view luxury cars and listen to a concert.

Legislative

Update

Legislative Timeline

Both the Ohio House and Senate have recessed for the summer with plans to return in November after the general election takes place. While the House has not released their official schedule for the remainder of the General Assembly, the Senate is scheduled to return Nov. 13 to kick off the lame-duck session.

House Bill 491 – Requires Political Subdivisions to Participate in Ohio Checkbook Program

State Representative Tom Young (R-Dayton) and State Representative Bob Peterson (R-Sabina) introduced legislation that would mandate participation from cities and other political subdivisions in the Ohio Checkbook program. The bill has had two hearings in the House State & Local Government Committee. There has not been any proponent testimony, but the Ohio Rural Water Association provided opponent testimony June 11.

Spearheaded by former State Treasurer Josh Mandel nearly 10 years ago, the program aims to increase government financial transparency. Currently, participation from cities and other political subdivisions is voluntary. According to the bill sponsors' testimony, about 26% of Ohio's local governments have previously submitted expenditure data for publication on the website. Representative Peterson said that he views the legislation as a step toward improving relationships between Ohioans and the local governments that serve them.

House Bill 573 – Increases the Local Government Fund

State Representative Phil Robinson (D-Cuyahoga Co.) and Representative Juanita Brent (D-Cleveland) introduced House Bill 573, which would increase the percentage of state tax revenue allocated to the Local Government Fund from 1.7% to 3.68% beginning July 1, 2026. The bill has been referred to the House Finance Committee but has not received a hearing yet.

Pending Housing-Related Legislation

Senate Bill 244

Senate Bill 244 (Michele Reynolds, Hearcel Craig) has had two hearings in the Senate Ways & Means Committee. During the first hearing, the bill sponsors explained that the bill gives authority to cities and other political subdivisions to create and implement property tax relief programs (i.e., Residential Stability Zones) to not only help current homeowners in sustaining their homes, but also to “foster community resilience and cohesion.”

On June 26, more than 16 individuals and groups provided proponent testimony before the Senate Ways & Means Committee. Proponents included the Franklin County Auditor, Ohio Municipal League, Cleveland City Council, Greater Ohio Policy Center and the MetroHealth System, among others.

Senate Bill 245

Senate Bill 245 (Reynolds, Craig), the Consumer Protection Bill, has had three hearings in the Select Committee on Housing where the bill sponsors and proponents of the bill have explained how the bill takes a comprehensive approach to ensure equitable treatment and due process for renters facing eviction and increase transparency and accountability in Ohio's real estate transactions and agreements. Proponents of the bill include the Ohio Realtors, Coalition on Homelessness and Housing in Ohio, Ohio Poverty Law Center and others.

The Ohio Real Estate Investors Association (OREIA) is currently the only group that has provided opponent testimony. OREIA Director of Government Affairs Dan Acton wrote in his opponent testimony: “OREIA appreciates the ongoing efforts of the sponsors and the committee to address the many housing issues facing Ohioans today . . . However, OREIA has significant concerns with the bill's provisions eliminating the privacy and security protections afforded by legal LLC structures, and the potential unintended consequences of expanding eviction stays and record sealings. OREIA believes it is imperative that these issues be addressed before moving forward with the legislation.”

Senate Bill 246

Senate Bill 246 (Reynolds, Craig) has been referred to the Senate General Government Committee but has not been scheduled for a hearing yet.

Issues 2 Updates – Recreational Marijuana

Legalized recreational marijuana sales in the state of Ohio officially began Aug. 6. The Division of Cannabis Control (DCC) announced that 98 dispensaries were awarded dual-use certificates of operation, allowing them to sell marijuana intended for both medical and recreational purposes. The deadline for sales to begin was originally set for Sept. 7, but the DCC Superintendent, James Canepa, attributed the early start to the “foundation laid through the state's existing Medical Marijuana Control Program.” Within five days of sales beginning, more than \$11 million in sales took place.
