APPENDIX MAY 17, 2024

Location Key Points

- **Ohio University Heritage College of Osteopathic Medicine, Dublin**
 - Located directly to the East from proposed Development
 - Approximately 100 total acres of land controlled by the University
 - The Dublin Framework plan is a “vision” plan intended to offer a comprehensive view for how the campus may evolve over time and is intended to guide future development.
 - One of the key principles for the Development of the Dublin campus is to “Enable the development of a mixed-use environment that supports a vibrant knowledge community”
 - Dublin Ohio Passenger Rail
 - Located under ¾ of a mile from proposed Development
 - Proposed state-of-the-art, multi-modal passenger rail station located on an approximately 100-acre
- **THE 33 Smart Mobility Corridor**
 - Located under 1/3 of a mile from proposed Development
 - More than \$105M of private/public investments
 - The 33 Smart Mobility Corridor is a prime location for the testing of connected vehicle technology.
 - 35-miles of freeway traveled by 56,000+ vehicles per day, that tests in all four weather seasons, and has 16 connected vehicle intersections in Dublin, including a multi-lane roundabout
- **Recreational Attractions**
 - Located directly to the South of the proposed Development
 - Sports Ohio is over 110-acre sports facility including Midwest Gymnastics, Soccer First, a driving range, fun park with batting cages, go-karts, miniature golf and a par-three golf course
 - The Chiller is 77,000 sq ft facility with two NHL size regulation ice rinks and Soccer First has two indoor soccer fields
- **Timing for Public Works Improvements**
 - Campus Drive from Rt. 161 to University Boulevard – 2025 -2030 (2 lane divided roadway with a planned 100’-112’ ROW)
 - University Boulevard from Campus Drive to Eiterman Road – 2025-2030 (4 lane divided roadway with a planned 100’-110’ ROW)
 - Cosgray Road from Route 161 to Churchman Road – 2035-2040 (4 lane divided roadway with a planned 102’ ROW)

The Future of Mixed-Use Developments

- Mixed Use & Lifestyle Centers continue to be the future with limited vacancies, with the need now being greater than ever, According to CoStar, retail construction starts have been falling over the past year with only 11.9 million square feet of projects that started in the U.S. during the first quarter represented the lowest level since 2005.
 - Our project proposes a total of approximately 2 million square feet
- Based on a Real Estate Intelligence that Colliers National ran on local lifestyle centers in Columbus and how they are performing, it found Bridge Park had approx. 3.4 million annual yearly visits in 2023 (3rd to only Easton Town Center & Polaris Towne Center)

Dublin Market Key Points

- Columbus is in the bottom half of apartment vacancies in the US with only 5.4% of apartments being vacant
- Dublin's Multifamily average occupancy rate is at 94.8% which is the one of highest occupancy in Columbus with a market average of 94.9%.
- Dublin Submarket has a total office vacancy of 26.92% however the Dublin Medical office has only a vacancy of 12.91%.
