

City of Dublin  
Planned Unit Development (PUD)  
Request to amend Final Development Plan  
VISTA COMMUNITY CHURCH  
5626 FRANTZ ROAD

Root Document: The root document for this request for amendment is “Vista Community Church – Planned Unit Development District (PUD)” dated August 29, 2022. (Exhibit A) As detailed in this document, the property at 5626 Frantz Road was rezoned “to add religious uses as a permitted use on the Property while continuing to apply the MUR-4 development standards and requirements in accordance with City Code.” The City of Dublin Mixed Use Regional (MUR) Districts code is included in Exhibit B.

Basis: The basis for this document is a document titled “Planning and Zoning Commission (PZC) – PUD Text Amendment Checklist” (Exhibit C).

- I. Meet with Staff prior to submitting documents for tailored feedback and guidance, information on project timing and due dates, and items that need clarification.

**Response:** *Ron Roman (applicant) met with City Planners Tammy Noble and Taylor Mullinax on April 3, 2025, and May 13, 2025. It should be noted that during these meetings, Vista Community Church discussed several different ideas to enhance the use of our property (e.g. Park-N-Ride, solar arrays, electric vehicle charging stations, bridge crossing Cramer Ditch). We have decided to focus solely on proposing the addition of outdoor pickleball courts. Additionally, after emailing a draft submittal to Tammy and Taylor on July 28, 2025, Taylor responded on July 29, 2025 with a list of items that were missing and that would need to be included in our formal submittal. (Included in Exhibit H)*

- II. Electronic Submittal

**Response:** *It is understood that all documents shall be submitted digitally into the Documents folder on ProjectDox/Citizens’ Access Portal.*

- III. Project Narrative

- ☐ Explain the existing language and proposed change.

**Response:** *Existing language (as included in Vista Community Church – Planned Unit Development District (PUD)*

*II. PERMITTED USES: The following uses shall be permitted in this Zoning District:*

VISTA COMMUNITY CHURCH  
5626 FRANTZ ROAD

- A. *Those uses which are permitted in the MUR-4 District pursuant to Section 153.046 of the City Code.*
- B. *Religious or public assembly and related accessory uses. Accessory Uses are limited to uses permitted in MUR-4 or as religious or public assembly.*

***Proposed change***

***II. PERMITTED USES: The following uses shall be permitted in this Zoning District:***

- A. *Those uses which are permitted in the MUR-4 District pursuant to Section 153.046 of the City Code.*
- B. *Religious or public assembly and related accessory uses. Accessory Uses are limited to uses permitted in MUR-4 or as religious or public assembly.*

***C. Fenced-in pickleball enclosure located in the parking lot.***

- ☐ State how the proposed language relates to the existing character of the neighborhood, to the Dublin Community Plan, the Zoning Code, the original intent of the PUD, and any other applicable guidelines and standards.

***Response:*** *Section 153.046(C)(4)(d) of the City Code allows for exercise and fitness uses however it states that “exercise and fitness uses shall be located completely within a building and shall not be visible from an adjacent residential zoning district or use.”*

*The erection of a building to house pickleball courts is cost-prohibitive and not desirable. Most pickleball and tennis courts within the city are outdoor facilities, enclosed on all sides by chain link fencing. This is what is being proposed.*

*Regarding the character of the neighborhood, the addition of a pickleball enclosure will have little to no impact. The proposed location is in our east parking lot, displacing less than 10% of our parking spaces. There is no line of sight to this location from any of the surrounding homes. In fact, our entire property is not visible from any of the surrounding homes. Our neighbors consist primarily of small businesses.*

City of Dublin

VISTA COMMUNITY CHURCH  
5626 FRANTZ ROAD

*Regarding the original intent of the PUD, our property is currently zoned MUR-4 which allows exercise and fitness uses. Pickleball courts offer excellent exercise and fitness opportunities. For this reason, they are being developed extensively throughout Central Ohio and the City of Dublin.*

*Regarding other applicable guidelines and standards, we propose to erect a single, chain link enclosure housing multiple pickleball courts. This enclosure would be very similar to the "Dublin Coffman 8 Pickleball Courts" which were built and maintained by the City of Dublin. We intend to collaborate with the City to ensure that we meet all applicable guidelines and standards.*

*Please see Exhibit H, Additional Supporting Information, for additional details regarding our proposal.*

- ☐ Explain how the proposed language is appropriate regarding the intended land use.

*The intended land use is for surface lot parking. The proposed language intends to convert fewer than 10% of the approximately 500 parking spaces to an exercise and fitness use.*

VISTA COMMUNITY CHURCH  
PLANNED UNIT DEVELOPMENT DISTRICT (PUD) dated August 29, 2022

**VISTA COMMUNITY CHURCH  
PLANNED UNIT DEVELOPMENT DISTRICT (PUD)**

**AUGUST 29, 2022**

**I. INTRODUCTION:** The Vista Community Church Planned Unit Development District (the “Zoning District”) consists of 6.533+/- acres located at 5626 Frantz Road. The applicant, Vista Community Church, is in contract to purchase the subject property from its current owner. Prior to the approval of this text, the subject property is zoned MUR-4 under Dublin’s Codified Ordinances (“City Code”). The intent of this rezoning is to add religious uses as a permitted use on the Property while continuing to apply the MUR-4 development standards and requirements in accordance with City Code. Existing improvements on the Property include, among others, a building containing +/-43,384 square feet of gross floor area and related improvements such as a paved parking lot and landscaped areas. No changes to the improved condition of the property are being proposed, other than a future dedication of additional parkland to the City for the expansion of Lewellyn Farms Park, the installation and operation of signage to identify the use of the building as a church, and the possible restriping and relocation of parking spaces to accommodate the parkland dedication.<sup>1</sup>

**II. PERMITTED USES:** The following uses shall be permitted in this Zoning District:

- A. Those uses which are permitted in the MUR-4 District pursuant to Section 153.046 of the City Code.
- B. Religious or public assembly and related accessory uses. Accessory Uses are limited to uses permitted in MUR-4 or as a religious or public assembly.

**III. DEVELOPMENT STANDARDS:** The development standards and requirements that shall be applicable to this Zoning District are those which apply to the MUR-4 District under City Code Sections 153.045 through 153.047, inclusive, and other relevant provisions of the City Code. Regulations in this Zoning District shall be administered as if it were in the MUR-4 District, also applying other rights, commitments, and obligations as provided in this text.

**IV. EXISTING BUILDINGS AND USES; OTHER PROCEDURES:** The rights, requirements, and procedures relating to expansions or modifications to existing improvements and/or the construction of new improvements in this Zoning District shall be governed by those which apply to the MUR-4 District under Sections 153.045 through 153.047, inclusive. The approved preliminary development plan and final development plan for this Zoning District shall be deemed to include all as-built development plans that are on file with the City for the subject property prior to the filing of the preliminary development plan application to which this zoning text applies.

---

<sup>1</sup> The City of Dublin declined the parkland dedication and associated site improvements. Refer to the October 10, 2024, PZC staff report for more information.

V. **NEW PARKLAND.** Lewellyn Farms Park is an existing public park located to the southeast of and adjacent to this Zoning District. The applicant desires to (and shall) dedicate to the City of Dublin, at no charge, at least 0.75 acres of real property located in the southeastern portion of the Zoning District that is adjacent to Lewellyn Farms Park. This obligation will be contingent upon the applicant having acquired ownership of the property that is the subject of this zoning text. In other words, the requirement to make the parkland dedication contemplated in this section is intended to apply only in the event that the subject property is operated or is anticipated to be operated in whole or in part with religious uses. Within four (4) calendar months following the applicant's purchase of the property within this Zoning District, it shall file an amended final development plan with the City for review and approval of the Planning Commission, which application shall identify the dimensions and specific configuration of the parkland to be dedicated to the City and adjustments and modifications to the existing paved parking lot that will result from the conversion of the of relevant portion of the property to parkland. Within three (3) calendar months following the legally effective approval of this amended final development plan, the applicant shall transfer ownership of the parkland to the City as approved thereby.<sup>2</sup>

VI. **SIGNAGE.** Signage in this Zoning District shall be presented to the Planning Commission for review as part of an amended final development plan. Signage shall be required to conform with the applicable requirements of the City Code unless otherwise approved by the Planning Commission.

MIXED USE REGIONAL DISTRICTS

## MIXED USE REGIONAL (MUR) DISTRICTS

### § 153.045 PURPOSE AND INTENT.

(A) *Purpose.* The Mixed Use Regional Districts are intended to implement the vision set forth in the Dublin Corporate Area Plan, which promotes a vision of a walkable, mixed use district that is comprised of high quality employment facilities, integrated with or adjacent to complementary retail and commercial uses as well as supporting residential and recreational uses, and pedestrian amenities. The Mixed Use Regional District standards are intended to ensure development is compatible with the surrounding character and uses.

(B) *Applicability.* Any development proposed to occur on land designated as Mixed Use Regional (MUR)-1, MUR-2, MUR-3, and MUR-4 shall be required to meet the requirements of the MUR Districts as specified herein.

(C) *Conflicts.* If the regulations within this section conflict in any manner with the City of Dublin Codified Ordinances, the provisions of the districts shall prevail. All matters not covered by the districts and their requirements shall be regulated by the requirements and standards contained in Chapter 153 of the Codified Ordinances.

(D) *Relationship to Design Guidelines.* In addition to the regulations contained within this section, new development within the MUR Zoning Districts shall comply with the Mixed Use Regional (MUR) Design Guidelines. The guidelines supplement the regulations contained within the Code and will guide the Planning and Zoning Commission in determining requests for approvals. While the Guidelines are not zoning regulations, they are critical to interpreting the intent of these regulations and should be used in unison with them. The Guidelines provide additional detail and explanation of the regulations and provide important guidance in applying the regulations. Applicants should consult the Design Guidelines prior to filing an application, and throughout the approval process.

(E) *Intent.* The titles of each zoning district reflect the general location of each district within the overall mixed use regional area as depicted in the Dublin Corporate Area Plan. The following further describes the intent of each of the Mixed Use Regional (MUR) Districts.

(1) MUR-1: Metro/Blazer District.

(2) MUR-2: Tuttle/Rings District.

(3) MUR-3: Emerald District.

(4) MUR-4: Llewellyn Farms Office District. The Llewellyn Farms Office District is different in character from the other MUR districts due to its proximity to existing residential neighborhoods. The permitted uses and development standards are sensitive to this and intend to provide a cohesive transition between residential and non-residential development focusing on lower density and intensity to ensure compatibility with the existing residential character.

(Ord. 86-21, passed 12-6-21)

### § 153.046 USES.

(A) *Intent.* This section establishes the desired uses for land and buildings in each of the MUR Districts. This is achieved through the variety of permitted, conditional, accessory, and temporary uses allowed in each district. In some cases, building location requirements and size limitations to establish the desired development character apply.

(B) *General provisions.*

(1) Permitted and conditional uses in each of the MUR Districts, shown in Table 1, may be restricted by location, size, period of operation, or other use-specific standards as designated herein.

(2) *Explanation of terms.*

(a) Listed uses are defined in §153.002: Definitions.

(b) A "P" in a cell indicates a use that is permitted by right in that zoning district, subject to compliance with any use specific standards referenced in Table 1 and the applicable provisions herein.

(c) A "C" in a cell indicates a use that is allowed in that zoning district only upon approval of a conditional use as described in § 153.236 and compliance with any use specific standards referenced in Table 1 and the applicable provisions herein.

(d) An "S" in a cell indicates a use that is allowed in that zoning district only if limited in size, subject to compliance with any use specific standards referenced in Table 1 and the applicable provisions herein.

(e) A "T" in a cell indicates a use that is allowed in that zoning district for a limited period of time pursuant to a permit from the city, subject to compliance with any use specific standards referenced in Table 1 and the applicable provisions herein.

(f) A blank cell indicates that the use is prohibited in that district.

(3) *Use specific standards.* Additional standards may apply to either permitted or conditional uses in the MUR Districts. These additional standards are cross-referenced in the last column of Table 1.

**VISTA COMMUNITY CHURCH  
PLANNED UNIT DEVELOPMENT DISTRICT (PUD)**

**AUGUST 29, 2022**

**I. INTRODUCTION:** The Vista Community Church Planned Unit Development District (the “Zoning District”) consists of 6.533+/- acres located at 5626 Frantz Road. The applicant, Vista Community Church, is in contract to purchase the subject property from its current owner. Prior to the approval of this text, the subject property is zoned MUR-4 under Dublin’s Codified Ordinances (“City Code”). The intent of this rezoning is to add religious uses as a permitted use on the Property while continuing to apply the MUR-4 development standards and requirements in accordance with City Code. Existing improvements on the Property include, among others, a building containing +/-43,384 square feet of gross floor area and related improvements such as a paved parking lot and landscaped areas. No changes to the improved condition of the property are being proposed, other than a future dedication of additional parkland to the City for the expansion of Lewellyn Farms Park, the installation and operation of signage to identify the use of the building as a church, and the possible restriping and relocation of parking spaces to accommodate the parkland dedication.<sup>1</sup>

**II. PERMITTED USES:** The following uses shall be permitted in this Zoning District:

- A. Those uses which are permitted in the MUR-4 District pursuant to Section 153.046 of the City Code.
- B. Religious or public assembly and related accessory uses. Accessory Uses are limited to uses permitted in MUR-4 or as a religious or public assembly.
- C. **Fenced-in pickle ball enclosure located in the parking lot.**

**III. DEVELOPMENT STANDARDS:** The development standards and requirements that shall be applicable to this Zoning District are those which apply to the MUR-4 District under City Code Sections 153.045 through 153.047, inclusive, and other relevant provisions of the City Code. Regulations in this Zoning District shall be administered as if it were in the MUR-4 District, also applying other rights, commitments, and obligations as provided in this text.

**IV. EXISTING BUILDINGS AND USES; OTHER PROCEDURES:** The rights, requirements, and procedures relating to expansions or modifications to existing improvements and/or the construction of new improvements in this Zoning District shall be governed by those which apply to the MUR-4 District under Sections 153.045 through 153.047, inclusive. Vista Community Church (hereafter VCC) would like to add two (2) or three (3), side-by-side pickleball courts to the eastern-most portion of our parking lot. The courts will be regulation size with margin between the courts. The courts would be enclosed on all four (4) sides by an eight (8) foot brown or black chain link fence with a gate at each end. Each gate will include a 12-inch by 18-inch aluminum sign stating the rules for using the courts.

The courts would be permanently marked with permanent nets and smaller (lower) fences separating each court. The plans do not include any additional landscaping or benches.

The Dublin Coffman 8 Pickleball Courts served as a model for the pickleball courts for which we are proposing. Please see aerial photograph on the following pages.

The single pickleball court at The Courtyards on Riverside is another good example of what VCC is hoping to emulate. A photo of this court is included.

VCC currently has about 471 parking spaces supporting our building. We typically use no more than ¼ of these spaces, primarily on Sunday mornings. The proposed enclosure would eliminate 33 spaces or about 7% of the available spaces. Please see the photos on the following pages.

The materials of the court are shown in this exhibit. We intend to collaborate with Total Tennis, Inc. to erect the courts/enclosure. The courts would have a gravel base, two (2) layers of asphalt, two (2) coats of acrylic resurfacer, and two (2) coats of color coating. Finally, the courts will be painted blue with a green background. Please see their brochure on the following pages.

The courts would be used by members of VCC, for exercise and fitness, most likely from dawn to dusk, all seven (7) days of the week. Since there are no houses adjacent to our property, complaints from our neighbors (small businesses) are not anticipated, especially since the property to our south (Llewellyn Farms Park) already includes basketball and tennis courts.

Hi Ron,

Thank you for providing the attached plans for the proposed fenced-in pickleball court.

The submittal is off to a great start, but there are a couple of things missing:

- Staff will need details on the proposed materials of the court including pavement/paint, fencing
- A fence elevation will be needed noting the height, other dimensions, and style of the fence
- Parking details should be captured (existing and proposed parking number, noting the amount of spaces to be removed) on a site plan. We will need more information than what is included in the narrative
- If landscaping is proposed (stated in the additional information of the narrative), a landscape plan will be needed showing those details
- If benches are proposed, we will need to know the bench specifications, where they will be located, and how many there are

A formal planning application (Amended Final Development Plan with a text modification) is required. Once you have gathered the above items, please submit this application with your plans. I am copying Planning Technician, Anthony Gilmore, to assist you with the application process.

Lastly, I am leaving the City of Dublin to pursue another opportunity. I am copying Tammy Noble and recommend you coordinate with her to see who your new case planner will be.

It has been a pleasure working with you Ron, take care and good luck on the project!

Kind regards,

Good morning!

Can you please review the attachment and let me know if it would accomplish our goal of being permitted to erect a fenced-in pickleball enclosure in our parking lot (without a building)?

We are not pursuing any other options (i.e. solar arrays, charging station, a bridge, etc.) right now.

Thank you very much,

Ron

Would like to  
install "permanent"  
courts here.

These courts are simply  
"painted" on and are  
unusable.

## HARD COURT-ASPHALT CONSTRUCTION

# OUR COURT CONSTRUCTION PROCESS

FROM PLANNING TO PLAY—HERE'S HOW WE BUILD A COURT THAT LASTS.

## Planning & Design

- **Site selection:** Choose a flat, well-draining location.
- **Permits and Regulations:** We handle all necessary permits and ensure compliance.
- **Court Design:** We plan ideal dimensions, layout, and north-south orientation for minimized sun glare.

Pre-excavation

# OUR COURT CONSTRUCTION PROCESS

FROM PLANNING TO PLAY—HERE'S HOW WE BUILD A COURT THAT LASTS.

## Site Preparation

- **Clear the Area:** Removal of vegetation, debris, and topsoil.
- **Excavation:** Dig to the required depth with precision leveling.
- **Drainage Installation:** Perforated pipes and gravel trenches may be used to prevent water buildup.

Excavation down to a solid dirt foundation.

## Fencing and Net Post Installation

- **Fence Posts:** Securely installed around the perimeter.
- **Net Post Footers:** Set in the correct final location.
- **Fence Mesh:** Installed taut and secure.

## Asphalt Layering

- **Base Course:** First layer of asphalt (1.5") is compacted for structure.
- **Surface Course:** Second 1.5" asphalt layer provides a smooth finish.

*We use premium asphalt mixes to prevent issues with coatings later.*

- **Fence Installation:** Fence mesh is replaced with permanent fence.

## Surfacing

- **Curing:** Asphalt cures for at least 14 days for optimal performance.
- **Acrylic Resurfacer:** Two coats seal and level the surface.
- **Color Coating:** Two+ textured color coats for aesthetics and grip.
