Meeting Minutes: The Llewellyn Farm Civic Association (LFCA) representatives were prompt, pleasant, and encouraging. They offered their enthusiastic support for the proposed pickleball enclosure. It was agreed that two (2) pickleball courts would be ideal. They added that lighting would make the enclosure more usable. When discussing the noise, the group agreed that the houses were far enough removed from the proposed site so as not to pose a concern. It was also agreed that operating hours would be set to preclude early morning and/or late-night play.
