	2	Mobility Focused Traffic Count Program	AMT	DGL			

The City is issuing an abbreviated Consultant Services Bulletin due to the limited number of upcoming projects and the strong pool of Statements of Qualifications received within the past 12 months.

Firms that have been short-listed for a project and are interested in pursuing the opportunity should confirm their interest and follow the instructions outlined in the Bulletin. Questions regarding a specific project may be directed to the project manager identified in the Bulletin.

The City anticipates issuing a full Consultant Services Bulletin for the Winter 2026 round, including the typical solicitation process and number of projects.
