City of Dublin Planning
5200 Emerald Parkway
Dublin, OH 43017

Planning Division,

Throughout the design of the adjacent project by Indus and Daimler, we have been in discussions about the impacts of the construction of the Mooney Road extension to Tuller. We are aware that this extension will more formally connect the driveway on our South to Mooney as a part of this work. Further, we discussed with Indus and Daimler that our interest is to not have the north parking lot connect to Mooney as what we have today works for our operational needs.

Please accept this letter as approval from our property / ownership to proceed with the development plan as submitted that only has the southern vehicular connection and not the northern connection.

Regards,

Raj Patel

Chief Executive Officer

CC: Indus Hotels, Daimler.
