What is Taxable Income?

Dublin imposes a tax only on the portion of the allocated net profits from business or professional activities conducted within its boundaries. Net operating loss carryforwards and carrybacks are not permitted. In addition, the following applies:

A. **In the case of RESIDENT and NONRESIDENT ASSOCIATIONS** {PARTNERSHIPS, LIMITED PARTNERSHIPS, AND LIMITED LIABILITY CORPORATIONS (LLCs) treated as partnerships for Federal income tax purposes}:

Dublin requires that the partnership (or LLC) pay all tax due on behalf of all affected partners. Guaranteed payments to partners must be included in net profits.

B. **In the case of CORPORATIONS** {including S-CORPORATIONS and LIMITED LIABILITY COMPANIES (LLCs) treated as corporations for Federal income tax purposes} AND FIDUCIARIES (ESTATES AND TRUSTS, including GRANTOR TRUSTS): Dublin requires that the corporation or fiduciary pay all tax due on their taxable income. Sub-Chapter S Corporations are taxed as regular C Corporations for city tax purposes, and must adjust their income accordingly.

Consolidated Returns (Corporations Only)

An affiliated group of corporations may file a consolidated income tax return if that affiliated group for the same tax reporting period filed a consolidated return for federal income tax purposes. The city return is required to be completed based on the common parent federal income tax return of the affiliated group as filed with the Internal Revenue Service. "Affiliated Group of Corporations" means an affiliated group as defined in section 1504 of the Internal Revenue Code. "Consolidated Federal Income Tax Return" means a consolidated return for federal income tax purposes pursuant to section 1501 of the Internal Revenue Code.

What to Attach to Your Return.

Calculate adjusted net income (Line 3) and carry result: 1) to Part A, Page 1; 2) to adjusted net income column of Schedule Y if allocation of net profits is required;

Schedule Y – Required Calculation of Net Profit for Multi-City Allocation

Provide a completed DBR-38, Schedule Y, to properly allocate your city taxable income. In order to promote uniformity and consistency in the calculation of net profits, it is the City of Dublin's policy to strictly interpret the changes in Ohio Revised Code §718.02. Commencing with tax year 2004, the use of Separate Accounting in the calculation of Net Profits is no longer an available option.

Column A, Line a- List the average original cost of all real and tangible personal property owned or used by the taxpayer that was situated within the city limits. Include on each line the annual rental on rented and leased real property situated within the city limits multiplied by 8.

Column A, Line b- Divide Column A, Line a by the amount of Line 3. If the amount of Line 3 is zero, enter "n/a" on this line.

Column B, Line a- List the gross receipts from sales made or services performed within the city limits.

Column B, Line b- Divide Column B, Line a by the amount of Line 4. If the amount of Line 4 is zero, enter "n/a" on this line.

Column C, Line a- List the wages, salaries and other compensation paid to W-2 employees for services performed within the city limits except compensation exempt from municipal taxation under Dublin Tax Ordinance §38.03(K)(17).

Column C, Line b- Divide Column C, Line a by the amount of Line 5. If the amount of Line 5 is zero, enter "n/a" on this line.

Column D- Divide the sum of line b for Columns A-C by the number of factors used.

Example 1: Line 5 shows no wages companywide. If Line b for Dublin shows 30%, 60%, and N/A for Columns A-C respectively, you would divide 90% (30% + 60%) by 2 (since only two columns had numbers).

Example 2: Line 5 reports wages companywide. None of those wages are earned in Dublin. Thus, if Line b for Dublin shows 30%, 60%, and 0% for columns A-C respectively, you would divide 90% (30% + 60% + 0%) by 3 (since all three columns had numbers... even though Column C's number was zero).

Column E- Multiply the amount shown on Schedule X, Line 3 by the percentage shown in Column D. If the amount is zero or less, enter zero on line on Form W-1120, Page 1, Part A, Column C. If Column D is more than zero, enter the amount on the line on Form DBR-38, Page 1, Part A, Column C.

Schedule E – Partnership K-1 Income (or Loss)

Use this section to determine the income or loss resulting from investments in partnerships. **Please note that due to changes mandated by the state legislature in House Bill 5, the offsetting of local partnership income with local partnership losses is no longer allowed for corporations, associations (partnerships, joint ventures, etc.), and fiduciaries.**

Column 4 - Enter total income/loss incurred by each activity listed in Column 1.

Instructions for Filing Form DBR-38

Declaration of Estimated Tax and Quarterly Payment Vouchers

All business enterprises shall file a declaration setting forth the estimated annual income, together with an estimate of the amount of tax due thereon. The taxpayer's annual estimated tax liability shall be divided by four (4) to determine the amount of tax which should be paid quarterly on an estimated basis.

Filing and Paying

The declaration (form DBD-1) should be filed by the 15th day of the fourth month of your tax year. For calendar year taxpayers, this would be April 15th. The first quarter payment should be submitted with the declaration.

No extensions of time to file or pay will be granted. The second, third and fourth payments are due the 15th day of the sixth, ninth and twelfth month of your tax year. For calendar year taxpayers, the payments are due on the 15th of June, September and December. Each estimated tax payment must show a credit carryforward and/or be accompanied by a payment of at least one-fourth (1/4) of the total estimated tax shown on your declaration.

City of Dublin

Make payable to: CITY OF DUBLIN

Calculation of Estimate

To be considered as filed in good faith and not subject to penalty and interest charges, your timely estimated tax payments must not be less than **90%** of the total tax liability shown in Column E on your final return. We will also consider timely estimated tax payments equal to your previous year's tax liability as filed in good faith, and thus not subject to penalty and interest. Failure to make timely estimated tax payments will result in penalty and interest assessments. A penalty of 15% and interest (rates may vary annually) will be assessed on all estimated tax payments which are underpaid and/or not timely received.
