Re: Resolution 65-18 - Authorizing the City Manager to enter into a Service Agreement with Washington Township for Snow and Ice Removal Services for the Amlin Alleys

Background

Prior to the 2015 winter season, Washington Township ("Township") transitioned to a contracted services based model for services on township roadways, and entered into a three year agreement (one year plus option for two additional years) with the City of Dublin ("Dublin") to provide snow and ice control at the following locations referred to as the "Amlin Alleys."

That agreement has now expired and Dublin and Washington Township staffs have collaborated on a new service agreement whereby Dublin will continue to perform snow and ice removal services on these 0.5 lane miles of alleys. In accordance with the terms of the agreement, Dublin will provide all personnel, equipment, fuel, and materials necessary to perform the appropriate snow and ice removal services. The alleys are classified as Priority 3 streets and will be serviced at the same time, and in the same manner, as Dublin's own Priority 3 streets. Priority 3 streets include residential streets, courts, cul-de-sacs and alleys and are serviced once Priority 1 and Priority 2 streets are cleared.

Dublin will invoice the cost of work performed on these roadways, including labor, equipment, and materials. The term of the contract will be from November 15, 2018 to April 30, 2019 with an option to extend the contract for a maximum of two years, in one-year increments.

Recommendation

Staff recommends approval of Resolution 65-18, authorizing the City Manager to enter into a service agreement with Washington Township for snow and ice removal services for the Amlin Alleys.
