Vantalash LLC-Conditional use (section 153.236)

To whom it may concern,

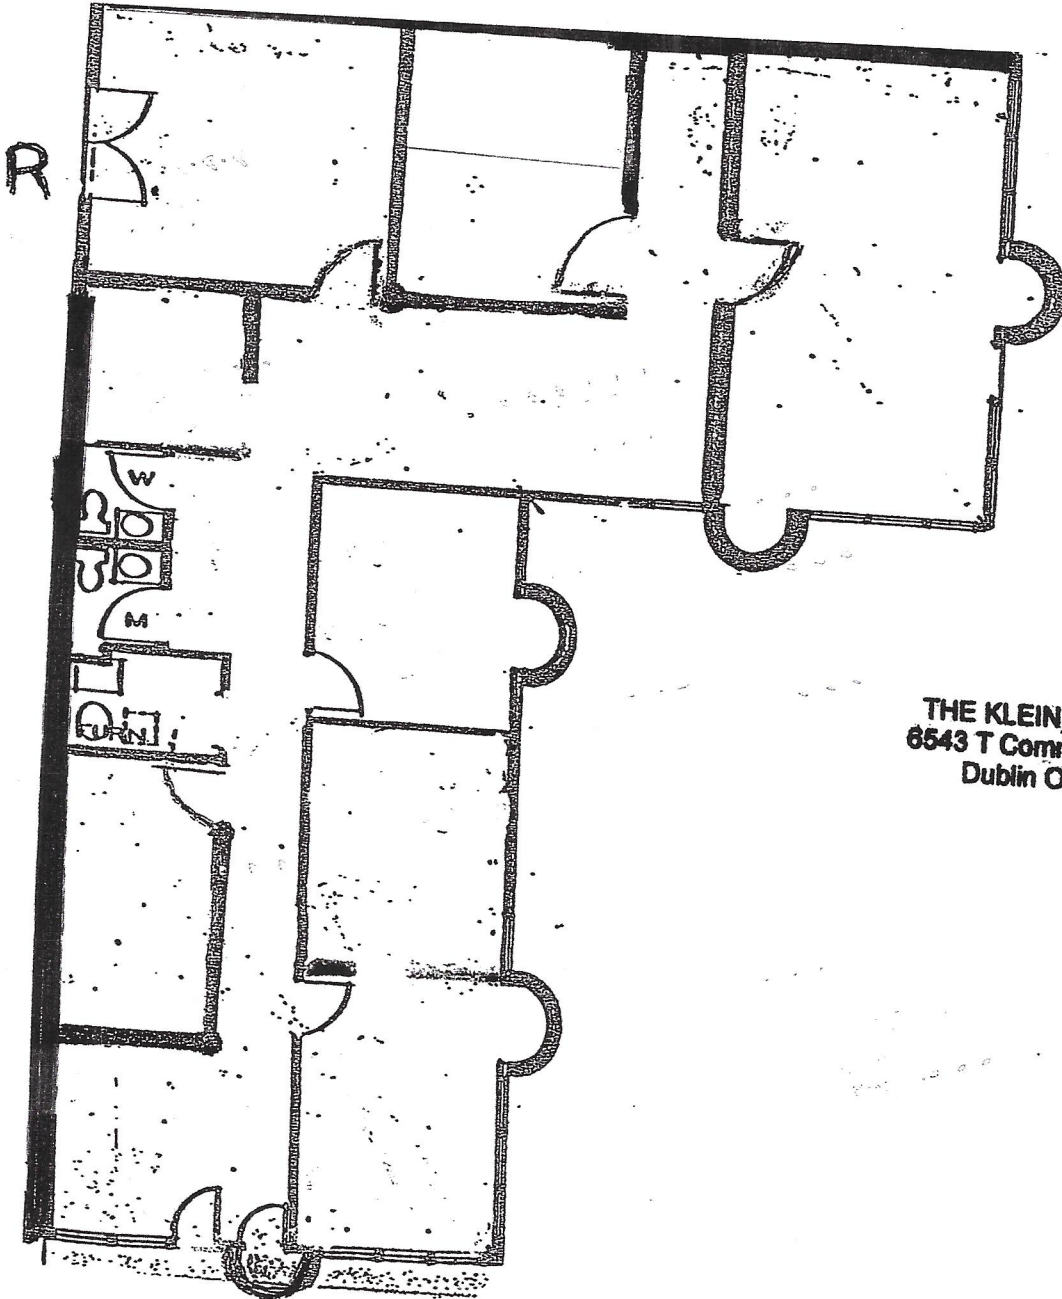

Here is an explanation of our operations at Vantalash LLC

- Hours of operation: Monday through Friday some Saturdays within 10am-7pm "by Appointment ONLY". We do not take any walk-in business. Each independent contractor works their own hours sometimes shorter days.
- Number of staff members: No staff members/employees. Only 5 licensed independent contractors.
- Estimated clients per day: 4-8 daily.
- Estimated number of parking spaces to be used by independent contractors/Clients: 4 parking spaces.
- How our business fits in with surrounding tenants on this property: We are a professional business our clients sleep thru most of their appointments, we are quiet & respectful of other businesses around us. One of our closest neighbors that we continuously have referred business to is a Salon spa located on Wall Street bye Perimeter road which offers hair services. We specialize in Eyelash Extensions, the only two services we offer is eyelash extension application and lash lift. We do not need running water to perform any of our services, therefore a office style building fits best for our business. The kind of materials we use for application is as thick as a natural eyelash. The amount of trash we dispose of is very minimal, we do not dispose of any chemicals in the city's drains. The service that we offer is very specific we have clients that drive to us from other city's who love coming to Dublin because of how developed it's becoming and the number of restaurants and experience that are being added to the city.

Please inform us if there's any additional questions or concerns. Please contact me via email or phone at your earliest convenience. Thank you

Sincerely,
Karen & Isai Gallardo
