

BETHEL - SAWMILL

TRANSMISSION LINE REBUILD PROJECT

An AEP Company

BOUNDLESS ENERGY™

AEP Ohio representatives plan power grid upgrades in northwest Columbus and the Dublin area. The project involves rebuilding approximately 5 miles of 138-kilovolt transmission line.

WHAT

The project involves:

- Rebuilding approximately 5 miles of power line
- Replacing existing towers with steel poles
- Receiving approval from the Ohio Power Siting Board (OPSB)

WHY

The improvements:

- Support economic development
- Improve electric reliability

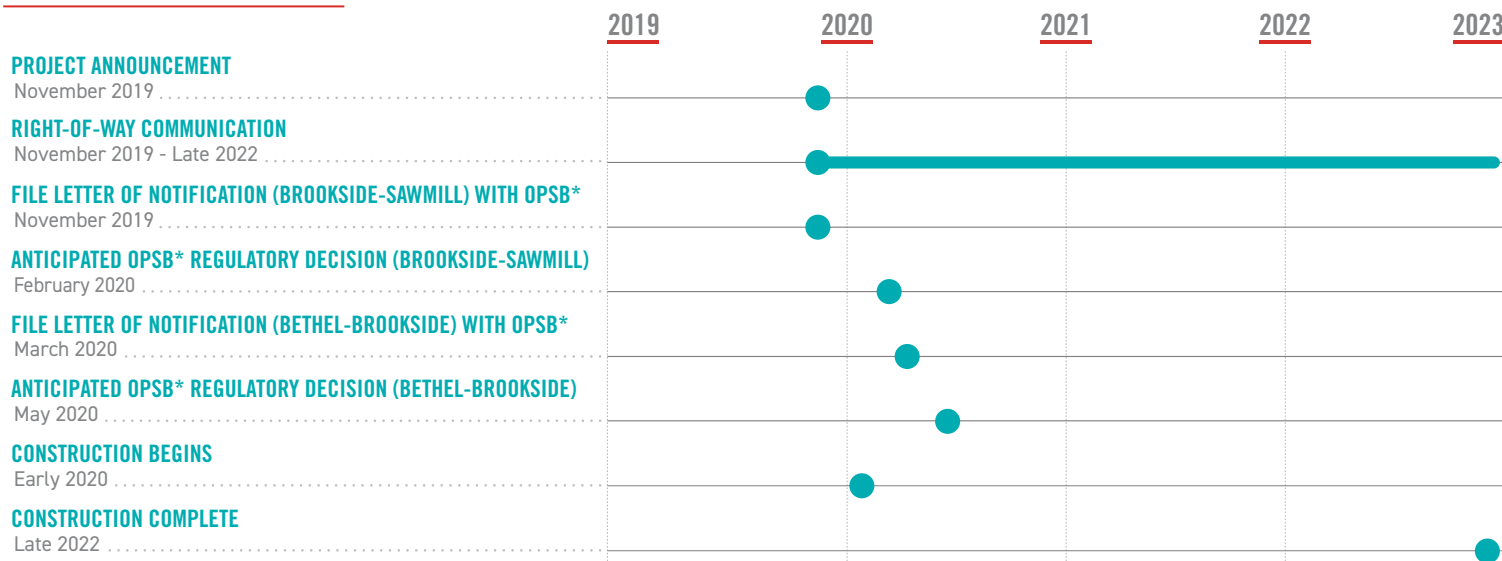

WHERE

The project area includes:

- Perry Township, Franklin County
- City of Dublin

PROJECT SCHEDULE

*Ohio Power Siting Board (OPSB)

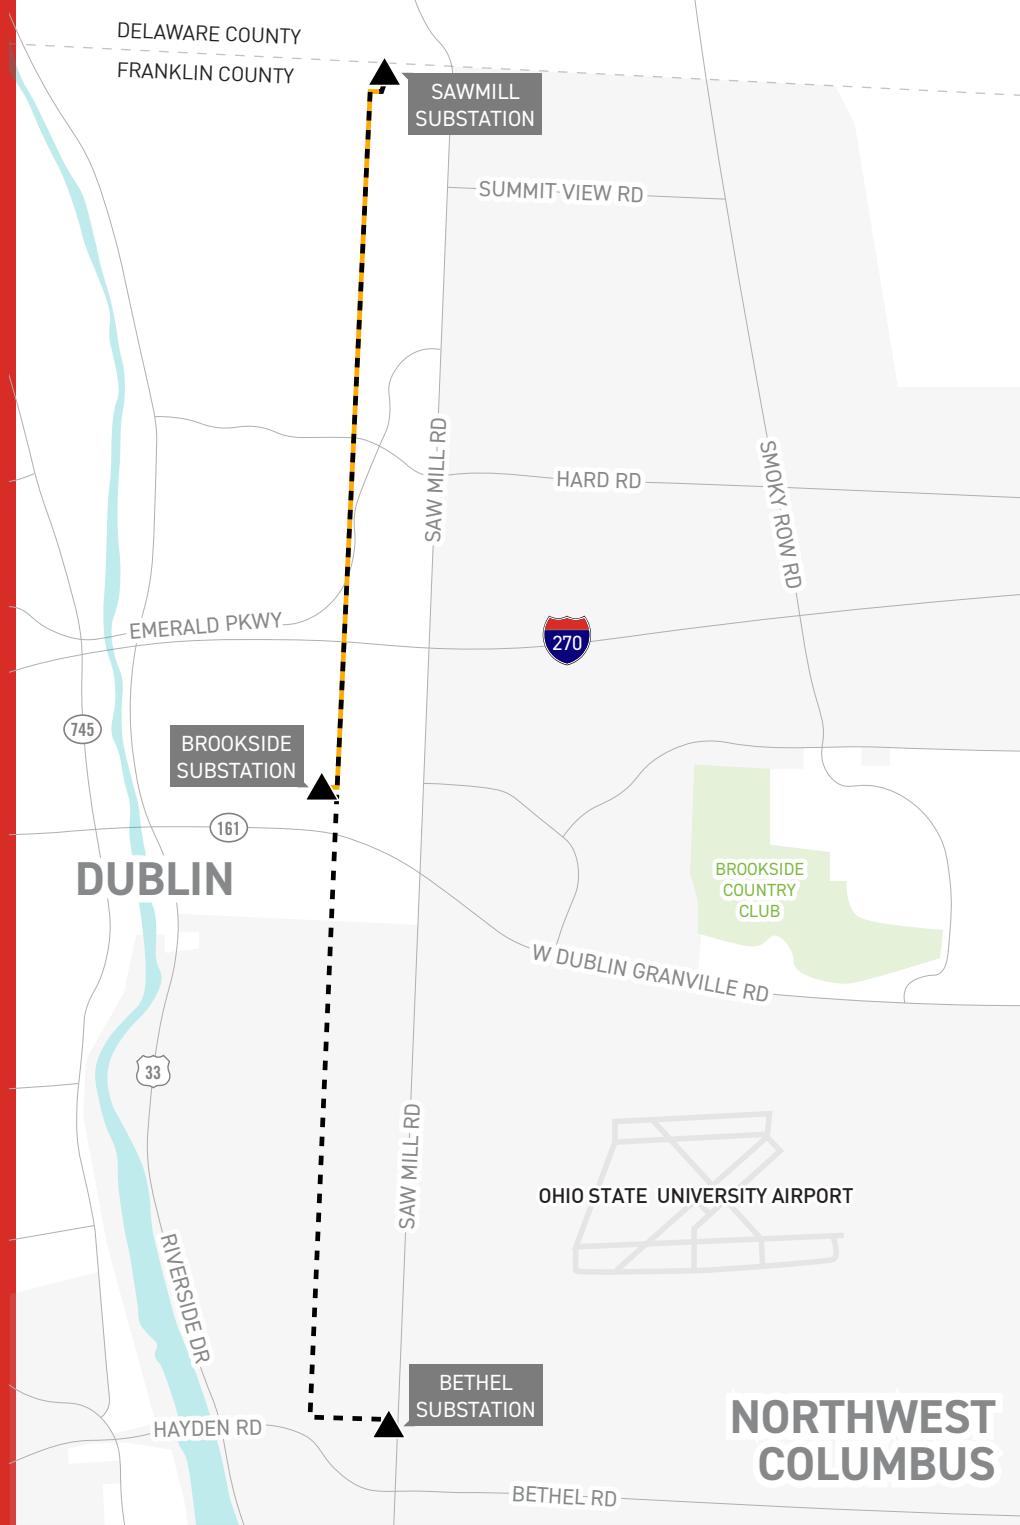

*Timeline is preliminary and subject to change

TYPICAL STRUCTURES

The proposed project involves using steel poles.

Structure Height: **Approximately 90 feet**
Right-of-Way Width: **Approximately 50 feet**

*Exact structure, height and right-of-way requirements may vary
