RE: Tartan Ridge Walkways

Dear Ms. Martin:

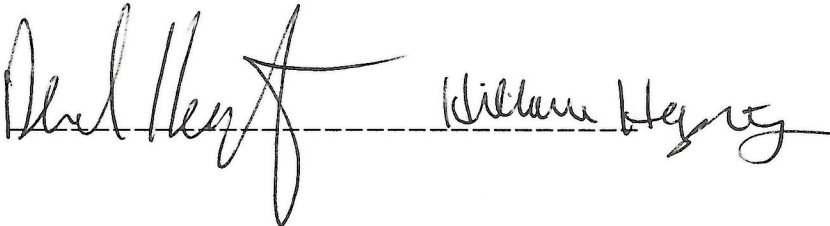

I am writing this letter on behalf of the Fincham, Hegarty, and Zwick families. Let this letter serve as a consolidated request to request revisions to the Tartan Ridge development standards and Final Development Plan to permit us to maintain our bluestone walkways in the neighborhood of Tartan Ridge. According to the architectural requirements, the use of bluestone or brick is encouraged on stoops. We would ask that this be extended to walkways as well as brick is currently the only permitted walkway material within Tartan Ridge. The choice to use bluestone on all three of our walkways was done in effort to complement the aesthetic of our homes and the neighborhood while allowing for additional diversity along the street. We have obtained support from the Tartan Ridge Community Association Board of Directors in the form of a letter, submitted in conjunction with this letter to the City. Please let us know if we can provide you with any additional information to facilitate the approval of this request.

Sincerely,

Brandy & Bryce Fincham
