COVID-19

The City of Dublin and the Parks & Recreation Department puts the health and safety of its employees and the community as its highest priority. We are committed to continuing to improve our participants' quality of life by providing recreational opportunities in a clean and safe environment. We have developed creative ways to engage our participants while at home or while social distancing as part of our effort to provide safe programming for everyone.

You will find that our Fall Programs & Activities Guide focuses on programs we are able to safely offer under the guidelines issued by Franklin County Public Health and the State of Ohio. We encourage you to check back often as changes may occur and this document will be updated.

When you see this symbol  , please note that restrictions are in place.

Several operational modifications have been made to areas within the Dublin Community Recreation Center to manage capacity numbers, allow for physical distancing and time to clean and sanitize the facility in between groups. For the most up-to-date information on accessing the DCRC, please visit our website at DublinOhioUSA.gov/recreation-services.

We thank you in advance for your patience as we continue to monitor and assess our ever-changing situation related to COVID-19.

REGISTERING ONLINE

Current Customers

If you are a current or past member or have taken DCRC classes in the past 4 years, you are in our database and can register at DublinOhioUSA.gov/RecreationServices/Online-Registration. Please enter your User ID (usually a 10-digit telephone number with no spaces or punctuation) and case-sensitive password (the household's primary member's last name). A Visa, MasterCard, Discover or American Express is required for payment and class confirmation.

New Customers/Dublin City Schools program participants

You're one step away from online registration. If you have never been a member or taken a DCRC class, the Welcome Desk staff is pleased to enter you into our system. Simply stop by during DCRC operating hours and bring a current utility bill, or valid Ohio driver's license for proof of residency.

ACTIVITIES & PRESENTATIONS

! When the World Health Organization declared COVID-19 a pandemic, a new reality took hold. The City of Dublin puts the health and safety of its community above all else and continues to work with local and state officials to monitor this ever changing situation. Older adults, 65 years and older, and persons with pre-existing medical conditions or compromised immune systems are at a higher risk for COVID-19. This includes people who have heart disease, lung disease, cancer, high blood pressure or diabetes.

In an effort to provide safe programming for DCSC members, we are developing creative ways to engage our participants while at home or while social distancing. Social distancing doesn't have to mean social isolation. Stay connected...

Boxed Lunch Wednesdays

A summer favorite, Boxed Lunch Wednesday returns this fall on the third Wednesday of each month. Drive up/pick up a goodie bag and a box lunch at no charge. DCRC FITNESS AND WELLNESS OPPORTUNITIES

The DCRC has a class or service to help you start a fitness program, update your current program or provide one-on-one training. Many of our fitness attendants have completed or are pursuing degrees in the health and exercise industry.

Please note, the DCRC fitness floor is not equipped as a powerlifting or CrossFit facility.

FITNESS ORIENTATIONS

A fitness attendant provides individuals or groups with general information about fitness floor policies and how to use the exercise equipment. Fitness orientations are dependent on staff availability and are free to DCRC pass holders. All Orientations are currently being conducted with the appropriate physical distancing and masks are required. Appointments are made by scheduling with a fitness attendant at the DCRC or by calling 614.410.4550. If you are interested in developing a personalized fitness program, you may be interested in engaging with a personal trainer.

SENIOR ADULT FITNESS ORIENTATIONS

Regular exercise is important for the physical and mental health of everyone, including older adults. Exercising regularly can produce long-term health benefits, improve the health of older adults living with disease or disability, and help maintain independence. A Senior Fitness Orientation will provide individuals or small groups an introduction to the fitness floor, an opportunity to learn specific recommendations and benefits of exercise for older adults, and a chance to become familiar with various forms of exercise to improve cardiovascular fitness, strength, and flexibility. All Senior Adult Orientations are currently being conducted with the appropriate physical distancing and masks are required. Senior Fitness Orientations are dependent on staff availability and are free to DCRC pass holders. Appointments are made by scheduling with a fitness attendant at the DCRC or by calling 614.410.4550.

FITNESS TESTING

“IN-BODY” ASSESSMENT

Take part in the latest cutting edge in body composition assessment! Our brand new In-Body Assessment Equipment goes beyond weight to measure how much lean mass you have in each body segment. Additionally, it measures total body water and fluid distribution.

Body composition (percent fat and lean) reflects the results of both physical activity and nutritional practices. Body weight alone can be very misleading. The scale cannot tell the difference between a pound of fat and a pound of muscle. Over time, people tend to gain fat and lose muscle without an obvious change in their weight. Even though we need a certain amount of fat in our bodies to ensure good health, excess body fat has been found to increase the risk of diseases such as cancer, diabetes and heart disease. On the other hand, too little body fat can also pose a number of health risks, especially for women. Only by accurately measuring body composition do you learn the amount of fat and lean tissue that makes up your weight, enabling sensible decisions regarding nutrition and exercise programs. It's the best way to get the “whole picture” of what's really going on in your body.

All In-Body Assessments are currently being conducted with the appropriate physical distancing and masks are required.

MYZONE FITNESS ACTIVITY TRACKER

The DCRC has partnered with MYZONE to provide our patrons with the most accurate heart rate and activity tracking system.

With the free MYZONE App you can view a live feed of your workout intensity, calories burned, receive workout summary reports, monitor your progress and much more!

How does it work?

- Users wear a comfortable MYZONE activity belt (chest strap) to monitor all physical activity in real time. The use of a chest strap vs. wrist strap such as Fitbit allows for 99.4% accuracy to an EKG machine.
- MYZONE monitors your heart rate, calories and amount of time exercising with a focus on rewarding effort rather than fitness
- Automatically upload stored belt information quickly and easily by using the MYZONE App using Bluetooth technology.
- Track exercise inside or outside the facility: MYZONE stores up to 16 hours of activity

How to get MYZONE:

1. Order your MZ-3 belt
 - Go to myzone.org
 - Use the club code **DCRECUS001-EMS** to receive a special price of \$69.99.
2. Once the belt is received, download the App
 - Go to the APP store or Google Play store
 - Search for MYZONE
 - Register your MYZONE belt using the facility code **DCRECUS001**

Swim 300 yards continuously, using these strokes in the following order: 100 yards front crawl, using rhythmic breathing and a stabilizing, propellant kick. 100 yards breaststroke using a pull, breathe, kick sequence. 100 yards front crawl and/or breaststroke (the last 100 hundred yards may be a combination of front crawl and breast stroke). 3. Starting in the water, swim 20 yards using front crawl or breaststroke, surface-dive to a depth of 7-10 feet, retrieve a 10-pound object, and return to the starting point with the object and exit the water without using a ladder or steps. Note: When returning to the starting point, each participant must be able to hold the 10-pound object with both hands, placing it on his or her chest, and keeping his or her face above water. Once a participant passes the prerequisite test, no refunds or transfers will be processed.

Members and guests must go to the Check-In Desk and provide an annual pass, resident card or pay the daily pass rate for admittance. Children ages 9 and under must be accompanied by an individual at least 16 years of age with valid ID. 8. Children ages 5-7 must be within sight of their attending supervisor at all times. Children ages 8-9 must have a supervisor in the facility at all times. Children ages 10 years and over may enter the facility without a supervisor. A supervisor is defined as an individual at least 16 years or older.

Pool area only - Supervisors must keep children ages 4 and under within arm's reach; there must be at least one supervisor for every two children in this age group. For children ages 5-9, there must be one supervisor for every five children and they must be in the pool area (on deck or in the pool).
9. Youths under age 12 are not permitted in the fitness area at any time. We reserve the right to ask for proof of age. Youths ages 12 to 15 are permitted in the fitness area if directly spotted by an adult or if they have passed the Junior Fitness Card Program. Youths must be 13 years old to be on the

track or in the track stretching area. Youths 8 to 12 years old are allowed in the track areas if directly supervised by an adult or if they have passed the Junior Track Card program and present their card to a fitness attendant. The minimum age for participation in group fitness classes is 12 years and 18 years for Spinning® classes.

10. Please note, the DCRC fitness floor is not equipped as a powerlifting or CrossFit facility.
11. Changes in recreation schedules may occur without notice. Staff post schedule changes with as much advance notice as possible. Current pool, group fitness and open gym schedules are available at the Welcome Desk and online.
12. Recreation Services is not responsible for lost or stolen articles. It is strongly recommended that possessions be secured in a locker during your visit to the DCRC.

 - One week's suspension from use of the facilities upon the first incident;
 - Thirty days suspension from use of the facilities upon the second incident;
 - One year suspension from use of the facilities upon a third violation;
 - Permanent suspension from use of the facilities upon any subsequent incident.

The following activities, although not an exhaustive list, are examples of behaviors that will result in disciplinary action and police reports when applicable:

- Fighting
- Stealing
- Property damage
- Disorderly conduct
- Criminal damage
- Verbal abuse of staff and/or patrons
- Not following posted policies and rules

The City reserves the right to forgo any of the disciplinary steps set forth herein and impose additional penalties based upon the severity of the incident.

ID POLICY

Our number one priority is to provide a safe and friendly environment to everyone that visits our facilities or takes part in/ participates/joins our programs. All patrons (including spectators) passing the check-in desk must present a photo ID to enter the facility. The City of Dublin reserves the right to refuse entry to anyone registered as a sexual offender (Resolution 6-13).

ORGANIZED GROUP/PERSONAL USE POLICY

Dublin Recreation Services reserves the right to define the use of all programming and public spaces within the Dublin Community Recreation Center. We do this to protect the integrity of memberships, ensure sustainability for our programs, and provide opportunity for use of the facility by all users. The DCRC is a highly subsidized community amenity, therefore allowing usage that results in private monetary gain for an individual is in conflict with this philosophy.

All organized groups desiring to utilize City of Dublin recreation spaces or facilities are required to secure formal meeting room or activity space via the reservations process. Failure to do so could result in the loss of use of the desired area or facility.

Non-City sponsored private lessons, personal services, team practices or any other activities deemed to be **paid instruction**, whether paid with money or traded services, are prohibited in the Dublin Community Recreation Center. (For Parks Usage policies and guidelines, please contact Community Events at 410.4545 or visit <http://dublinohiousa.gov/events/event-guidebook-event-application/>)

Private, **unpaid** instruction between individual members or daily pass patrons is permitted provided all facility rules and activity area schedules are followed and the reasonable use by other patrons is not impaired. Should a conflict arise concerning this type of use, a manager on duty will discuss it with the parties involved to give direction and implement a resolution.

The Dublin Community Recreation Center and the City of Dublin are not liable for non-City sponsored instruction provided pursuant to this policy and members do so at their own risk.

City of Dublin employees or contractors in active or furloughed status are prohibited from offering *non-de minimis paid* or unpaid instruction apart from their regularly paid job duties. The reason for this is that performing these functions exposes employees and contractors to additional risk of violating Ohio Ethics Laws, additional liability risk and causes potential issues with worker's compensation determinations.

De minimis instruction is defined to be the occasional, non-regular, and temporally brief assistance designed to enhance the use of City of Dublin facilities and services by members and patrons (e.g. briefly assisting a patron on how to use a piece of equipment, etc.)

City of Dublin employees or contractors in inactive or separated status are permitted to offer *non-de minimis*, unpaid instruction provided that they:

1. Notify their supervisor prior to starting such work and
2. Sign the acknowledgement waiver associated with this instruction
3. Cease unpaid instruction when they resume active status

Employees are responsible for being aware of all personnel policies related to this use and direct any questions to their supervisor.

FOR THE SAFETY OF YOUR CHILDREN

Program participants, please note that children under the age of 10 must be escorted to and from their program/activity by an adult 18 years or older. Parents are expected to bring children to the program on time, and pick them up promptly at the conclusion. For programs that take place behind the check-in desk, please be prepared to let staff know the program you or your children are attending and have your ID ready.

REGISTRATION POLICIES

- Register promptly to ensure your position in the program. We reserve the right to cancel classes due to insufficient enrollment seven days before the start of the program.
- Registrations are accepted until a class is full. Waitlists are available for popular classes.
- Recreation Services staff attempt to contact you if a class is canceled.
- Participants registering for age- or grade-specific programs must be the minimum age or grade listed by the first day of the program, unless otherwise stated.
- Program dates, times, locations and instructors are subject to change.

FINANCIAL ASSISTANCE

A financial assistance program is available to assist residents of the community in temporary hardship or special times of need. For information and an application, visit <http://tinyurl.com/hng8fjh>

SIBLING POLICY

Due to the structure of the child/parent programs, only children who are the appropriate age for the class will be permitted to register and attend the program. No younger or older siblings are allowed in the classroom to sit and watch or be left unattended in the lobby.

PARENT POLICY

With your child's best interest in mind and to provide the best learning environment, we ask that all parents refrain from entering the teaching area during classes. This eliminates any interruptions between the instructor and participants. We feel it is beneficial for the children to have time alone to interact with their peers. Parents are invited to attend the last day of classes to view their child's progress. To provide a safe environment, students must be able to follow directions and not be disruptive.

PHOTOGRAPH POLICY

Photographs are occasionally taken of DCRC programs and class participants. These photographs are used to promote Recreation Services programming in future editions of the Programs and Activities Brochure and a variety of other City of Dublin publications. If you prefer that you or your child not be photographed, please notify the photographer.

RESIDENT, SCHOOL DISTRICT AND NON-RESIDENT FEES

Dublin City Council recognizes that the facilities and programs offered by Recreation Services should provide beneficial pricing and priority to the residents of the City. City Council's current financial policy is to keep fees for residents participating in recreation classes and other recreational amenities at a moderate level. These financial policies have been implemented to benefit residents and to encourage a healthy community. School District Residents and Non-Residents do not receive the tax-subsidized pricing received by the residents of the City of Dublin.

Fees for recreation center annual passes, seasonal passes and program registrations are determined by where people live. You are considered a City Resident if you reside within the City of Dublin corporate limits. School District Residents reside in the Dublin School District, but not within the City of Dublin corporate limits. Anyone not fitting into one of these two categories is considered a Non-Resident. Your mailing address or school district is not always an accurate indication of your City of Dublin residency status. You may research your residency status on the State of Ohio's website at http://tax.ohio.gov/divisions/employer_withholding/index.stm under "The Finder."

CR = City Resident **SDR** = School District Resident
NR = Non-Resident

More than 100 events per year choose Dublin as their host city. The Community Event Permit Process is designed to ensure a safe and successful event for organizers as well as participants, guests and residents. If you are planning an event on Dublin public property or inviting guests to an event that may affect public property, traffic or residents within or surrounding the City of Dublin, a Community Event Permit is required. The application must be submitted at least 90 days prior to the event. Call 614.410.4545 or visit DublinOhioUSA.gov/events for more information.

ART IN THE PARKS

Looking for a family-friendly and physically distant activity this fall? Riverboxes artists will create new artwork inspired by the hobbies of geocaching and letterboxing. A challenge booklet, found in ArtBoxes placed throughout the community, will serve as a guide and interactive journal. Booklets will include clues to the Riverbox locations, along with prompts for creative engagement and resources from community partners. Can you find them all? For more information, visit DublinArts.org.

HELPING YOUR TREES TAKE ROOT

The Arbor Day Foundation recently named the City of Dublin a Tree City of the World! So our Forestry team knows a thing or two about getting your trees off on the right “root,” and fall is also a great time for planting. Follow these helpful tips to keep your trees looking great all year.

- **Do your research:** Did you know there are more than 60,000 species of trees?! You’ll want to pick the right tree based on your soil composition, sunlight exposure and the location in your yard. Keep in mind that trees have a mature height and spread that you’ll need to take into account.
- **Know what’s below:** Before you dig, be sure to call 811. Your local utilities will mark their lines, so you can dig safely.
- **Plant at the right depth:** Make sure the root flare is not planted too deep. Aim for at or just above the ground level.
- **Ward off drought:** Add 2 to 3 inches of organic wood mulch around the tree. Take the mulch coverage all the way out to the tree’s outer circumference, also known as the dripline.
- **Stay hydrated:** After planting your new tree, be sure to give it a deep watering. Then continue to water throughout the hot and dry seasons.
- **Continue follow-up care:** Once your tree is established and starts to mature, work with a certified arborist to keep your tree in tip-top shape!

DUBLIN CARES

Kindness and care are abundant in our community thanks to our nonprofit partners who make a difference every day. Our most vulnerable residents and families, and those who find themselves in the unfamiliar territory of needing help, are strengthened by the following programs and organizations:

SYNTERO OFFERS VIRTUAL SUPPORT FOR COMMUNITY MEMBERS DURING UNCERTAIN TIMES

As an essential business, Syntero has proactively addressed the growing mental health needs of community members. The behavioral health agency continues to support the community through Telehealth video conferencing and phone services — case management, crisis prevention counseling, psychiatry, student support, LGBTQ+ support, substance use disorder and older adult services — and has also expanded and developed the following programs and services.

Holistic Wellness Group

Due to the COVID-19 pandemic and the ever-changing social and political climates, many of our minds are constantly racing as we strive to find stability while adjusting and readjusting to new ways of socializing, working and learning. Syntero's Holistic Wellness support group fosters hope and resiliency while building positive coping mechanisms in the midst of our changing social, work and living environments. This free group is offered for adults 18 years and older.

Support for Older Adults

In addition to virtual one-on-one appointments for older adults and caregivers, Syntero provides virtual educational programming and support sessions for older adults, such as "Coping with COVID-19," through Forever Dublin. Forever Dublin is a partnership between the City of Dublin and Syntero aimed at providing resources for residents to make Dublin their forever home. Forever Dublin is a product of the City of Dublin's Aging in Place Plan, a strategic priority of City Council. Syntero also helps support the City of Dublin's Box Lunch Wednesdays program, in which older adults safely receive free lunch from their vehicles while feeling socially connected. Please visit ForeverDublin.com for upcoming events.

First Responder Support Service

Syntero is grateful for the heroic service of the first responders in our community. We also recognize the potential toll that service can have on mental wellness. Help is available through Syntero's Telehealth support, which provides health care professionals and law enforcement officers with six sessions with a clinician via telephonic or video conferencing services at no cost. Sessions help first responders proactively manage stress reactions through collaborative identification of strengths and resources and develop strategies and techniques to manage complex stressors impacting themselves and their teams.

Increased Education

Syntero has developed educational videos and podcasts for adults, older adults, youth and families with helpful tips and compiled a list of resources that address COVID-19, anti-racism and racial trauma and healing, which are available at Syntero.org/resources. To access videos and podcasts, please visit the Syntero Facebook page at [Facebook.com/SynteroOhio](https://www.facebook.com/SynteroOhio).

Please call the Syntero Intake Department at 614.889.5722 ext. 133 to learn more about these groups, or to discuss our telephonic care and video conferencing service options.

Nextdoor

Nextdoor is a social networking service specifically designed for neighborhoods. More than 25 neighborhoods made up of 4,000 households use it to connect with City representatives and neighbors. You can get to know one another, exchange advice and recommendations, as well as share relevant information.

STEP UP, DUBLIN

As we all turn to technology to keep us connected, we find ourselves hunched over our computers, tablets and phones for hours. Whether you're working from home at a makeshift desk, finally tackling your library of e-books, or catching up with family and friends through yet another video call, the following stretches will help remind you to take a break, loosen up any stiff muscles and make time for yourself.

Before proceeding with the following series of movements or any exercise program, we recommend you contact your doctor. Begin by starting in a comfortable standing position with your feet shoulder-width apart and taking five deep breaths in and out. Remember to continue breathing slowly and gently throughout these movements.

1 Shoulder Rolls

Move your shoulders up, back and down for 5-10 rotations and then reverse the motion.

2 Chin-to-Chest Stretch

Drop your chin down to your chest and then slowly bring your head back to the starting position. Repeat slowly 5-10 times or until you feel your neck muscles relax.

3 Side-Neck Stretch

Gently turn your head to look over your right shoulder. Bring your head slowly back to the center. Repeat movement 5-10 times on the right and then switch to the left side and repeat 5-10 times.

4 Standing Chest Stretch

Stand with your feet hip-width apart, toes pointing forward and arms by your sides. Clasp your hands together behind your back and interlace your fingers (hold a towel to modify this position). Roll your shoulders back and lift your chest up. Hold position for 10-30 seconds. Repeat movement 5-10 times.

5 Overhead Shoulder Stretch

Stand with your feet shoulder-width apart. Interlace your fingers. Take a deep breath in and raise your arms above your head until you feel a stretch. Take a deep breath in and out and then come back to neutral.

6 Standing Torso Twist

Stand with your feet shoulder width apart and a slight bend in your knees. Keep your feet planted down and rotate at your trunk to the right and then back to the front. Repeat 5-10 times in the same direction. Perform the movement with a rotation to the left.

7 Table Pose

Stand up tall and put your hands on your legs. Slide your hands down just above the knees. Flatten your back and take a deep breath in. Exhale your breath as you walk your hands back up your legs into a standing position.

8 Mountain Pose

Stand tall with your top of your head lifting up. Feet pressing toward the ground with a long spine. Take a deep breath in and exhale. Notice the increased strength you feel!

DON'T LOSE IT.

Lock your vehicle.

FIRE SAFETY INSIDE AND OUT

Cooking

Have a fire extinguisher handy in case of a grease fire. If the fire is small, cover it with a lid or a larger pan and turn the burner off.

Don't leave food cooking overnight or while you are away in another room. Turn pot handles on the stovetop toward the center of the stove so they are not easily bumped.

Always use cooking equipment that has been tested and approved by a recognized testing laboratory such as Underwriters Laboratories (UL).

Candles

Keep candles at least 12 inches away from anything that can catch fire.

Burn candles on a heat-resistant surface in a stable, non-flammable container, that can catch any melted wax, and is not subject to cracking or breaking when heated (tempered).

Keep wicks trimmed to ¼ inch. Extinguish candles before you leave the room or go to bed.

Don't allow youth or teens to have candles in their bedrooms. Forty percent of candle fires start in the bedroom.

Fire Pits

Make sure the size of your fire does not exceed 3 feet wide and 2 feet high.

Keep your outdoor burning container at least 15 feet away from any structure or combustible surface.

Use paper or wood to kindle your fire—never gasoline!

Dispose of ashes only after you are sure they are completely cold. Pour water over them to be certain.
