

# INSPIRED BY NATURE. DESIGNED TO LAST.

The exteriors of our clad windows and doors are fully encased in low maintenance, heavy-duty, extruded aluminum that's at least twice as thick as roll-form cladding.

What's more, our finishing process leads the industry in durability and environmental safety. Non-hazardous AAMA 2604 and 2605 powder-coatings have the color retention, surface hardness and scratch resistance necessary to withstand even the harshest conditions.

As for colors? Nobody gives you more choices than Sierra Pacific. 75 colors and some sensational textures allow you to add warmth, a splash of cheerfulness or a new statement to your designs. We'll also custom match any color you choose.

See your local representative for actual cladding samples. Printing limits our ability to show colors precisely.

## COLOR STAY™ COLLECTION
