

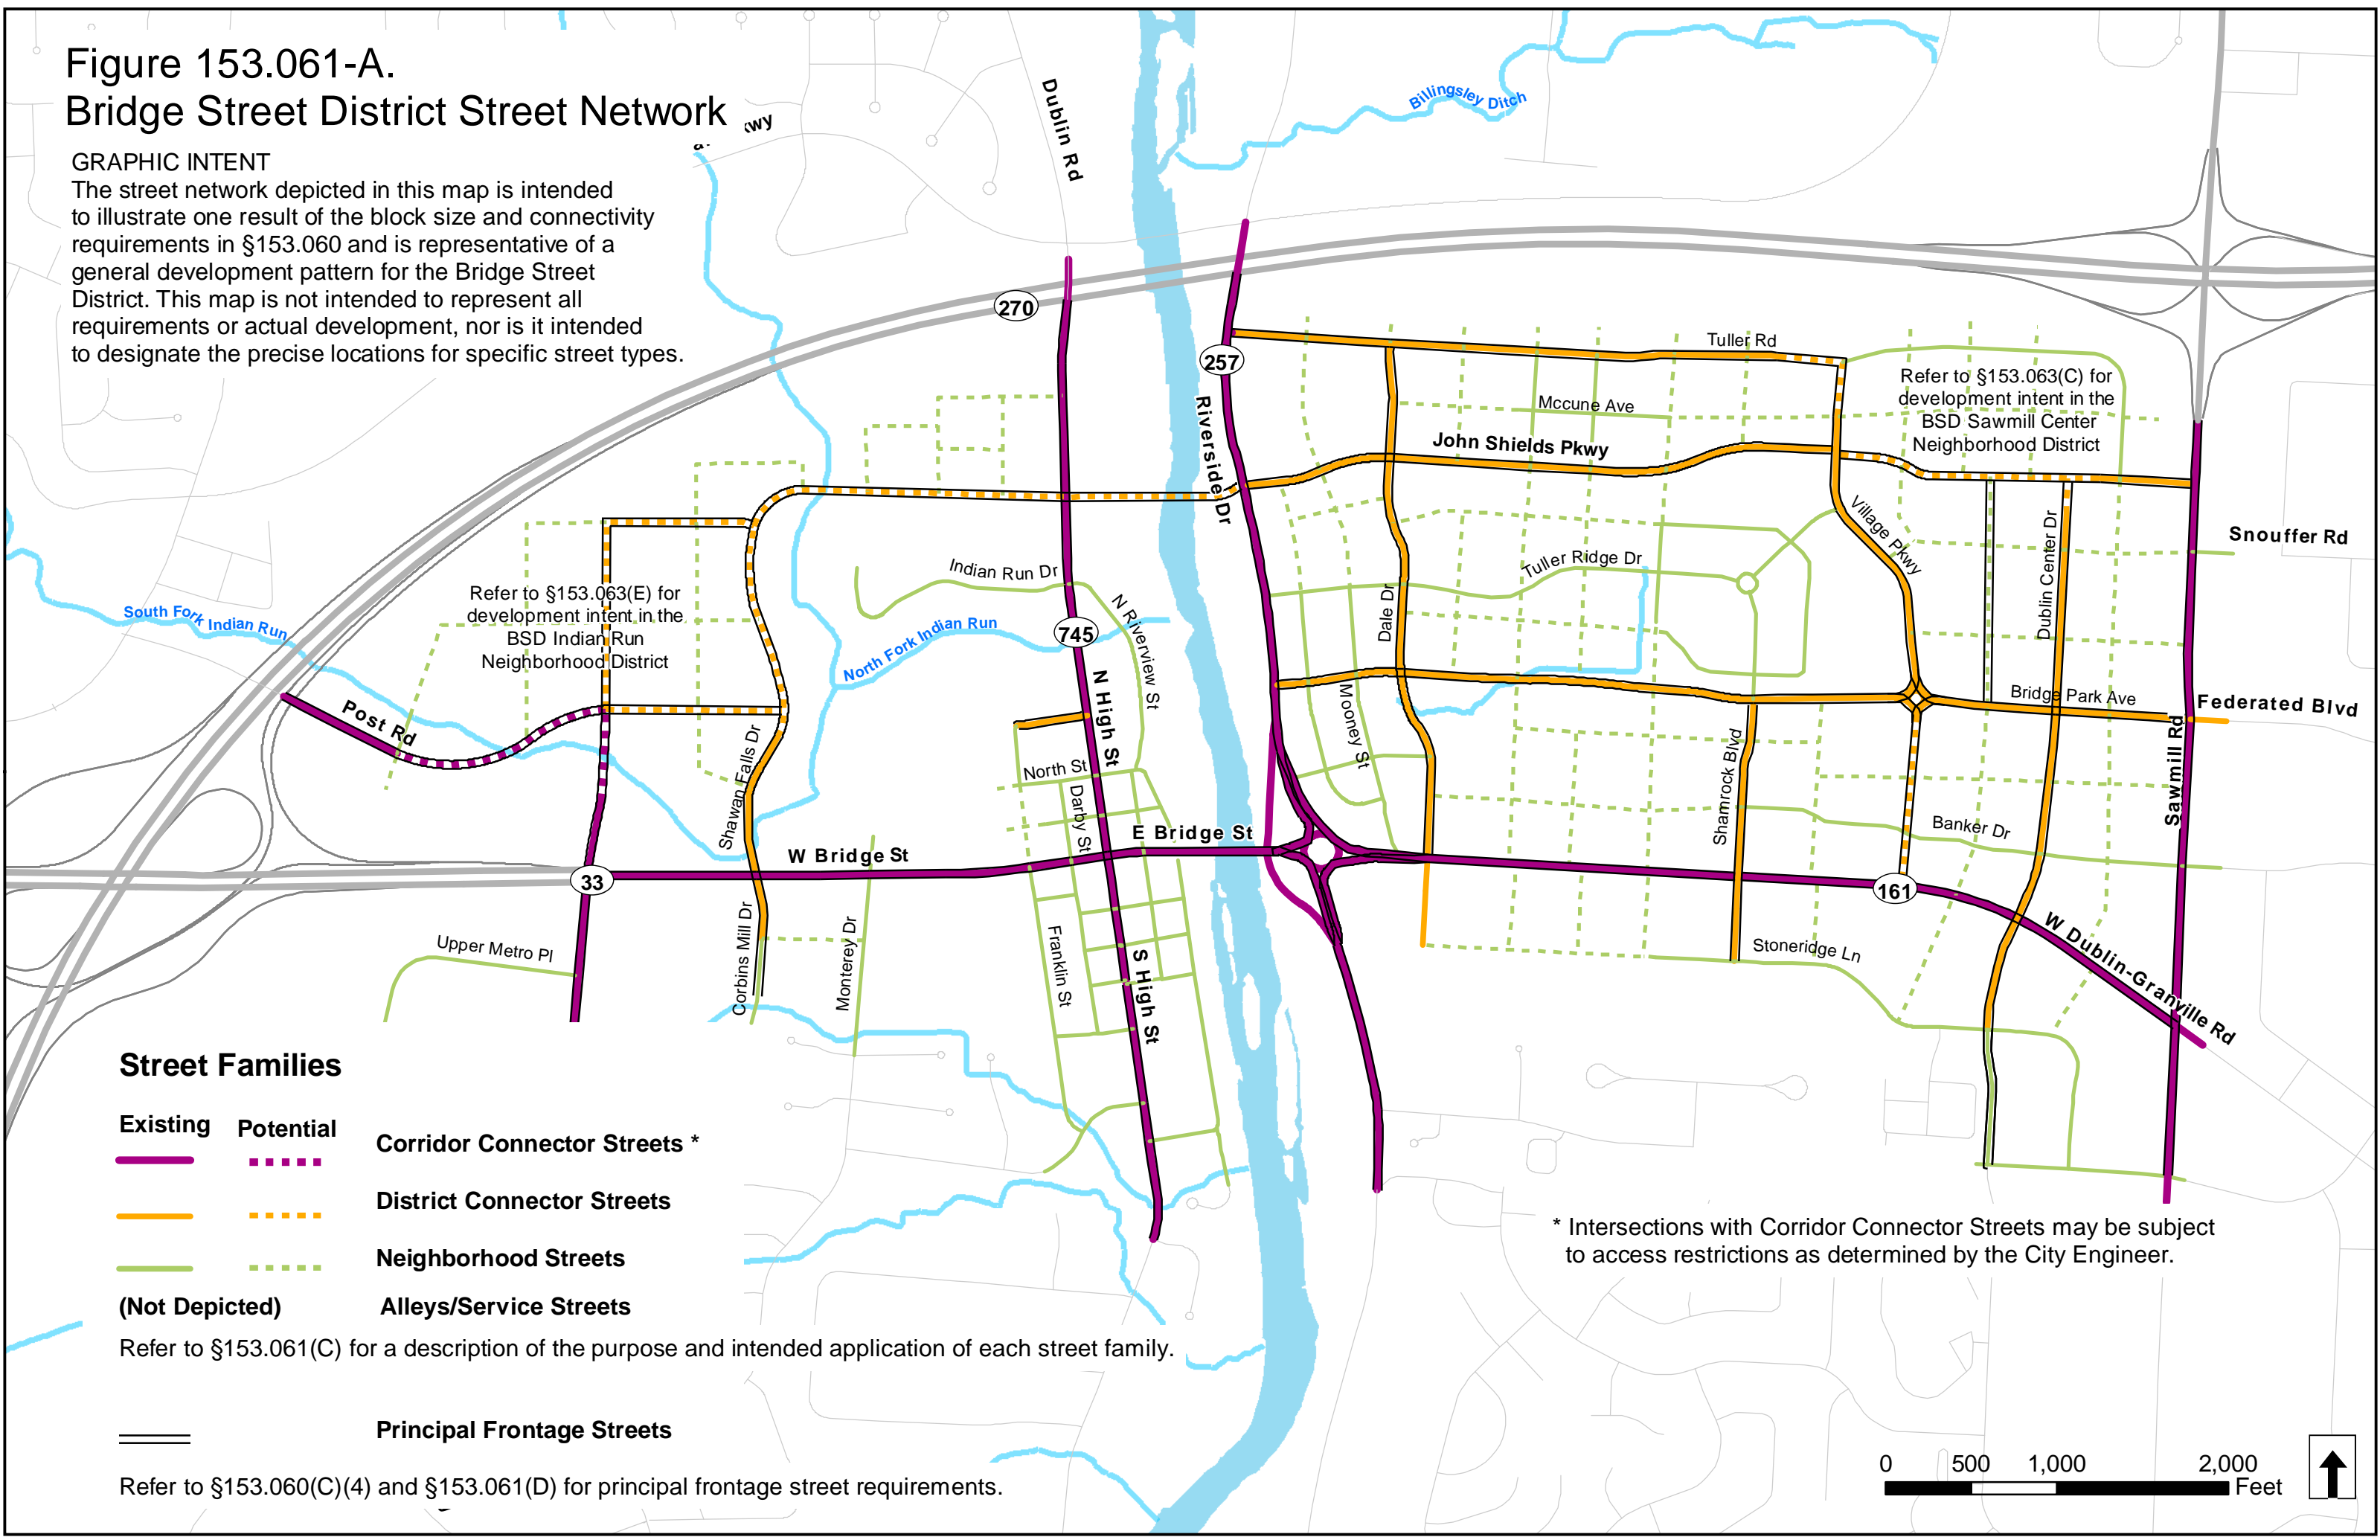

Figure 153.061-A. Bridge Street District Street Network

GRAPHIC INTENT

The street network depicted in this map is intended to illustrate one result of the block size and connectivity requirements in §153.060 and is representative of a general development pattern for the Bridge Street District. This map is not intended to represent all requirements or actual development, nor is it intended to designate the precise locations for specific street types.

Street Families

Existing Potential
