

AMBERLEIGH PARK PLAYGROUND IMPROVEMENTS

Each year, the City of Dublin identifies park playgrounds that are due for an update. We are asking for feedback on the renovated playground's design. Residents are encouraged to review the park renderings and provide their input online by **Friday, April 8th**. This wondrously abstract Smart Play® Tree Tops® playstructure gives kids the sense of exploring a forest canopy branch by branch. But beyond the normal ups and downs of traditional tree-climbing, here kids can also navigate their way across wiggly bridges, crawl through the O-Zone® 3-ring climber, roar down two different slides, plus so much more. Such a great range of interconnected activities at multiple levels will spark hours of imaginative and energetic play, all protected by plenty of built-in shade.
